Disclaimer

The online calendar is the official publication of regulations, policies, programs, requirements and course descriptions for the 2008-2009 academic year produced annually by Capilano College. Students at Capilano College are responsible for knowing and complying with all requirements as stated in the calendar.

Letter from Capilano's president, Dr. Greg Lee

Dear Community Members,

You’ve heard the Premier’s announcement about Capilano College becoming Capilano University. Following this exciting announcement, legislation was introduced to enable the creation of Capilano University and four other special purpose, teaching universities.

At the time of this publication, we are awaiting the completion of the new regulations and the formal, official designation of Capilano University. Sometime after the official designation, we will be unveiling our new logo and university crest. We are also busy identifying all the places where changes need to be made—from signs to email, from stationery to websites—and developing an implementation schedule.

In the meantime, it is business as usual at Capilano. We are continuing to offer students the same excellent instruction from the adult basic education level to baccalaureate degree level. We are developing new degrees to offer our students even more opportunities, while at the same time continuing to provide students the option of exiting with a certificate or diploma. We continue to maintain agreements with other universities and colleges for students who wish to transfer.

We are looking forward to an exciting year. Thanks to all of you who helped make Capilano University a reality.

Sincerely,

Greg Lee President

Changes to Curricula, Regulations, and Services

Capilano College reserves the right to make such changes in the Capilano calendar as necessary, including the cancellation or adjustment of programs or courses and changes in fee structure or other regulations or services, without liability for any resulting loss or damage.

Although every effort is made to ensure accuracy at the time of publication, the statements in the calendar do not constitute an irrevocable contract between the student and Capilano.

Admission and Readmission

BECOMING A CAPILANO STUDENT

1. **Read the Calendar for more information on your area of interest:**
   The table of contents and index will be helpful in finding particular subjects in the Calendar. Contact the Advising Centre at 604.984.4990 to see if there is an information night being held for the program you are interested in — information sheets are also available.

   Check the Admission Requirements for your program of interest as listed in this publication.

2. **Submit an Application for Admission/Readmission:**
   **New Students.** All first time applicants must apply for admission. Apply online via the Post-Secondary Application Service of British Columbia. (PASBC)

   **Returning Students.** Returning Capilano College students who do not attend classes for a Fall or Spring term must apply for readmission. Students who wish to change programs must also apply for readmission. Apply online via the Post-Secondary Application Service of British Columbia. (PASBC)

   There are two ways to apply:

   a. **Apply online** via the Post-Secondary Application Service of British Columbia (PASBC).

      • **Submit application fee.** You may choose to pay this fee online when you submit the online application, or you can pay in-person or by mail (by following the instructions at the end of the online application). Application fees vary as per the information outlined below:

      • A $25 application fee is required for new or returning students (an additional $25 is assessed for all first-time applicants whose academic records originate outside B.C. The fee is waived if documents originate from a secondary school located in Canada).

      • A $100 application fee for new international students (document evaluation fee is included).

      • The $25 application fee for returning students may not be charged for program changes that are considered to be a continuation in the same discipline (i.e. Business Diploma change to Business Degree). If you have any questions, please contact admissions@capilanou.ca

      • **Document Submission.** Official high school and post-secondary transcripts (if not previously submitted). Official transcripts may be delivered in-person to the Capilano College Registrar’s Office or Mail to:

         Registrar’s Office, Capilano College
         2055 Purcell Way
         North Vancouver, BC V7J 3H5
b. **Apply in person or by mail.** Print an Application for Admission/Readmission available online at [www.capcollege.bc.ca/admission/application](http://www.capcollege.bc.ca/admission/application). Application forms are also available at the reception area at all Capilano College campuses.

- **Submit application fee.** Include your application fee along with your Application for Admission/Readmission form by mail or in-person. Application fees vary as per the information outlined below:
  - A $25 application fee is required for new or returning students (an additional $25 is assessed for all first-time applicants whose academic records originate outside B.C. The fee is waived if documents originate from a secondary school located in Canada).
  - A $100 application fee for new international students (document evaluation fee is included).
  - The $25 application fee for returning students may not be charged for program changes that are considered to be a continuation in the same discipline (i.e. Business Diploma change to Business Degree). If you have any questions, please contact [admissions@capilanou.ca](mailto:admissions@capilanou.ca)

- **Document Submission.** Official high school and post-secondary transcripts (if not previously submitted). Official transcripts may be delivered in-person to the Capilano College Registrar’s Office or Mail to:
  
  Registrar’s Office, Capilano College  
  2055 Purcell Way  
  North Vancouver, BC  V7J 3H5

3. **Register:**
   - **University Transfer and School of Business Students:** Complete information on how and when to register, as well as a timetable of all the courses to be offered in the coming term will be available online at [www.capcollege.bc.ca/current](http://www.capcollege.bc.ca/current). This information will be available prior to the commencement of registration.
   - **Career/Vocational Students:** If you have been accepted into a specific Career/Vocational program, consult the department for your timetable and registration procedures.

4. **Pay your tuition:**
   - Fees are under review and subject to change without notice. The most current fee information is available online at [www.capcollege.bc.ca/admission/fees](http://www.capcollege.bc.ca/admission/fees).

5. **Medical Insurance:**
   - Students are not covered by Workers’ Compensation while attending Capilano College. Students are responsible for acquiring their own Medical Services Plan (MSP) and accident insurance coverage.
   - International students must have adequate medical coverage while studying at Capilano College. Medical insurance for the first 90 days in British Columbia is available at a cost of $140 CAD. After the first 90 days students must subscribe to the government-operated Medical Services Plan of British Columbia. This Plan costs approximately $54 CAD per month (single person rate). Contact the International Student Centre for information 604.983.7544.

**APPLICATION DATES**

**University Transfer and School of Business Programs**

Applications with all required documentation and the application fee must be submitted by the Document deadline in order to be considered complete.

Complete applications with all required documentation submitted by the document deadline will be assigned Registration Time Tickets based on admission/readmission grade point averages.

Applications and/or required documentation submitted after the Document deadline will be assigned Registration Time Tickets, but they may not be assigned according to admission/readmission grade point averages.

**Career/Vocational Programs**

Applications with all required documentation and the application fee must be submitted by the program deadline in order to be considered complete. Please consult the program section of this calendar for specific program application deadlines.

**ADMISSION REQUIREMENTS**

**English Language Requirement**

English is the language of instruction at Capilano College. Therefore, all students must meet the English Language Requirement. All students must have a level of English sufficient to write assignments, understand class lectures, and take part in class discussions. If English is not your first language, or you have received your education in another language you will be required to provide proof of English Language Proficiency in one of the following ways:

**Ways to Meet the English Language Requirement**

**English Language Assessment Tests**

- TOEFL - 83 (internet-based score), 220 (computer-based score), 560 (paper-based score) (Test of English as a Foreign Language) **Contact:**[www.ets.org/toefl](http://www.ets.org/toefl)
- ELA - 145 (English Language Assessment Test) **Contact:** Vancouver Community College, King Edward Campus, 1155 East Broadway
- IELTS - 6.5 overall, and no one score less than 6 (International English Language Testing System) **Contact:**[www.ielts.org](http://www.ielts.org) or ielts@sfu.ca
- CAEL – 70 (Canadian Academic English Language Assessment Test) **Contact:**[www.cael.ca](http://www.cael.ca)

**Other Ways to Meet the English Language Requirement**

- 6 credits of post-secondary English that transfers to Capilano College
- English 12 with a final mark (including provincial exam) of C+ grade or higher and two years of high school in Canada
- Advanced Placement English Language/Composition or English Literature /Composition with a minimum mark of 4
- International Baccalaureate English Language A Higher Level with a minimum mark of 5
- Language Proficiency Index Level 4 with an essay score of 26
- 4 years of full time study in English in Canada at a high school or post secondary institution
Students who do not qualify under one of the above measures may submit a Request for a Waiver of the English Language Requirement form to the attention of Admissions in the Registrar’s Office.

If the College then decides you need additional instruction in English you will be asked to take an English examination suitable to the program area in which you wish to enrol.

**English as a Second Language (ESL) Program**

*For students applying only for ESL:* ESL Placement Test, **contact:** ESL Department, Capilano College, 604.986.1911, ext. 4971 for testing appointment.

**Provincial High School Examinations (all programs)**

British Columbia Secondary School students applying to Capilano College will not require optional provincial examination results for admission to the College. However, students must have written provincial exams in any subject where it is mandatory to meet the BC Graduation Program requirements.

**Admission Requirements for College Preparatory Programs**

Please see the specific program description in the College Calendar for admission requirements.

**Admission Requirements for Career/Vocational and Limited Enrolment Programs**

Please see the specific program description in the College Calendar for admission requirements.

Other Qualifications for Meeting Admission Requirements

- British Columbia Adult Dogwood Graduation Diploma, or
- General Education Diploma (GED), or
- Mature or Discretionary Student Status
Concurrent Admission
Secondary students with superior academic records may apply for limited admission which will allow enrolment in one or two university transfer courses while still attending secondary school.

The application must be co-signed by the applicant’s parent or legal guardian and must be accompanied by a letter of recommendation from the school principal or designate, and an official copy of the secondary school academic record. Enquiries should be directed to the Registrar’s Office.

Mature Student and Discretionary Admission Status
Applicants who are 20 years of age or older and lack the minimum program admission requirements may apply as mature students. Written requests for admission as a mature student will be considered by the Admissions Office in consultation with either the program coordinator, or for University Transfer programs, with an academic advisor or program coordinator. Applicants should provide written details of other qualifications or experiences and an academic transcript of education completed. An interview may be required with an academic advisor for University Transfer program applicants or with a program coordinator for other programs.

Home Schooled Students
Home schooled applicants must provide proof that they have met secondary school graduation requirements. Provincial examination results will be required for all subjects where a provincial examination is offered.

Visiting Students
A student wishing to take a course at Capilano College to transfer back to their home post secondary institution may do so by applying to the college as a visiting student and submitting a letter of permission from their home institution to Capilano College. The Letter of Permission must indicate the course the student is permitted to take at the College and how it will transfer back to the home institution. The Letter of Permission must also specify the term in which the course may be taken. Official transcripts will be requested of Visiting Students depending on the course taken at the College. Permission to register as a Visiting Student must be approved on a term by term basis.

Transfer Students
Students who have successfully completed 12 or more credits in an academic program at a recognized college or university will be granted admission to the University Transfer program based on the work completed. Transfer students will be assigned their registration priority based on their most recent term GPA from the transfer institution.

TRANSFER CREDIT
All public B.C. colleges accept each other’s credit upon transfer if applicable to a program at the admitting college and if there is suitable equivalency.

Transfer credit may be granted for courses completed at other post-secondary institutions. Students seeking transfer credit must complete the Request for Transfer Credit form, attach official transcripts, if not already submitted, or note that transcripts will be sent from another institution, and submit all to the Registrar’s Office. For courses completed at out-of-province institutions, detailed course outlines must also be submitted.

All approved transfer credit is noted on the permanent student record. While the credit awarded does not affect the grade point average, the credit will be included in the total number of credits completed and may be used to complete certificate or diploma requirements if applicable.
Limit of Transfer Credits

For diplomas, associate degrees, certificates, and citations, 50 per cent of the credit required must be completed at Capilano College. This may vary for some programs, and there may be additional course or time restrictions. See specific programs for more information.

For the associate degrees, at least 30 of the 60 credits must be completed at Capilano College within five years preceding the awarding of the degree. (See Associate Degree information).

For bachelor degrees, 25 per cent of the credit required must be completed at Capilano College. There may be additional course or time restrictions. Please see specific programs for more information.

Approved transfer credit is relevant at Capilano College only.

Advanced Placement (AP) Transfer Credit

Applicants who have passed an Advanced Placement Examination, administered by the College Entrance Examination board, with a minimum mark of 4 will receive credit as noted below:

Note
Transfer credit granted for International Baccalaureate courses will apply to certificates or diplomas at Capilano College. Students should be aware that other colleges and universities may not accept these courses for transfer credit.

Prior Learning Assessment
Prior Learning Assessment (PLA) is a process whereby students may receive college credits for learning acquired in formal and informal situations. This process called Prior Learning Assessment (PLA) is of immense benefit to mature students who have work and life experiences that equate to courses offered at the College. For example, if you have on-the-job work experience in computers you may be able to receive credits offered in one or more office or business administration courses. You will need to prove that you have acquired the knowledge, skills and values required in the formal course you are requesting credit for. This is done by providing evidence of what you have learned. This might include any one or combination of the following: a work site visit, documentation, interview and oral presentation, portfolio. For more information
about whether the PLA option is available in the program for which you are applying, please contact the program coordinator.

The regular tuition fee for the course will be required for Prior Learning Assessment. Prior Learning Assessment granted will be recorded on the permanent student record and will appear on the student's official college transcript.

**Registration**

**RIGHT TO REGISTER**

A current Capilano student who has not maintained satisfactory standing in a program in any term may be denied permission to register in that program in a subsequent term. Individual programs may require a GPA higher than that stated in the Probation Policy to continue enrolment.

**Failure to Pay Fees and Charges.** Students who fail to pay fees by the established deadlines, have unpaid library fines or other college charges, have not repaid emergency loans or in any other manner have not discharged all financial obligations to the College, will not be issued transcripts or permitted to enrol or re-enrol. They will also not be able to take advantage of some college services.

**INSTRUCTIONAL YEAR**

The instructional year is comprised of three terms:

**Fall:** September through December

**Spring:** January through April

**Summer:**

- Session #1: May through June
- Session #2: July through August
- Full Term: May through August

**Note**

A limited number of courses are offered during the Summer term.

**MATH PLACEMENT TEST (MPT)**

The Mathematics and Statistics Department offers placement tests as alternative admission instruments for students who lack the prerequisites for the entry level courses listed in the Prerequisite Table for Entry Courses in the Math and Statistics section. For each placement test there is a study guide which provides suggested review material and lists the scheduled test dates. With the exception of the placement test for admission into MATH 091 students are not allowed to rewrite the same level of placement test within a twelve month period. The waiting period to rewrite the placement test for entry into MATH 091 is one month or longer. For more information please contact the Advising Centre or the Pure and Applied Sciences Division, or visit the Mathematics and Statistics Department website at www.capcollege.bc.ca/programs/math

Students wanting to enrol in an entry level course must write a placement test if they do not satisfy the prerequisite requirements for the course.
Students with prerequisites that are more than twelve months old are strongly advised to write the MPT and to follow its placement recommendation.

**Note**

Students must pay for the MPT through the Cashiers’ Office prior to writing the test. A fee of $10 is charged to write the MPT.

**ENGLISH DIAGNOSTIC TEST (EDT)**

Students who wish to enrol in English courses must submit the results of the Capilano College English Diagnostic Test (EDT) or the Language Proficiency Index Test.

Students with any one of the following are exempt from this requirement:

1. a final grade of A or higher in English 12 or English Literature 12
2. a final grade of 4 or higher in an Advanced Placement course in English Composition or English Literature
3. a final grade of 6 or higher in the International Baccalaureate English A Standard Level, or 5 or higher in the International Baccalaureate English A Higher Level
4. a final grade of A in BENG 052
5. a final grade of C- or higher in an English transfer course from another college or university
6. a degree from an English-speaking university

**Note**

Successful completion of any ESL course does not qualify a student to directly enter ENGL 010 or ENGL 100.

**Note**

Based on the EDT, students are placed in ESL, ENGL 010, ENGL 100, or any English course.

**Note**

Based on the LPI, students will be placed as follows:

<table>
<thead>
<tr>
<th>Level</th>

</tr>
</tbody>
</table>

Students who wish to enrol in any university transfer English course who do not qualify for an exemption must submit the results of the Capilano College English Diagnostic Test (EDT) or the Language Proficiency Index Test (LPI) prior to registration. EDT schedules are available online at [www.capcollege.bc.ca/programs/english/diagnostic](http://www.capcollege.bc.ca/programs/english/diagnostic) or in the timetable.

**Note**

Students must pay for the EDT through the Cashiers’ Office, North Vancouver campus. Students may also pay for Sunshine Coast or Squamish sittings of the EDT through those campuses. A fee of $35 is charged for this exam. Photo ID is required to write the EDT. No dictionaries or electronic devices are allowed in the exam.

Procedure for Summer Term

Same process as above (Add/Drop Period and Withdrawal Period) with the following restrictions:

- For Summer courses seven or eight weeks in length:
  1. The Add/Drop Period is the first to the fifth day of the session.
  2. The Withdrawal Period ends on the 15th day of the session.
- For Summer courses 12 to 15 weeks in length the regular Add/Drop/Refund/Withdrawal policies apply.

Procedure for Condensed Courses/Terms

Deadline will be prorated to the duration of the intensive courses. Please contact the Registrar's Office for add, drop and withdrawal dates.

Adding, Dropping or Changing Courses Before Classes Commence

Course Change Procedure

Students may drop or add courses or change sections following their initial registration until the first day of classes. If you registered for your courses via the Student/Faculty Login, you may continue to use this service to drop or add courses or change sections until classes commence. If you registered for Career, Vocational, or Foundation courses via paper Registration form, you must submit a Course Change form to the Registrar’s Office in order to add or drop a course or change sections.

Prior to the commencement of classes faculty signatures are only required for changes to Career, Vocational, and Foundation courses that are submitted via paper Registration form. Career, Vocational, and Foundation students who registered online can continue to use this service to make changes prior to the commencement of classes.
Course drops will not be printed on the Official Transcript of Academic Record, but will be maintained in the permanent student record for accounting and statistical purposes.

Add/Drop Period

Full-Term Courses:

- for regular, full-term courses in Fall and Spring term: 1st through 10th day.
- for Summer courses 12-15 weeks in length: 1st through 10th day.
- for Summer courses seven or eight weeks in length: 1st through 5th day of the session.

All Other Courses: Please contact the Registrar's Office for add and drop dates for courses with start and end dates that differ from the full-term start and end dates.

Add/Drop/Audit Procedure

Add/Change Sections/Audit: To add a course, change sections, change from credit to audit or audit to credit you must obtain permission from the instructor and submit a Course Change form to the Registrar's Office. The instructor's signature is required on all Course Change forms. Instructors will indicate a deadline for submission of the Course Change form in the 'must be submitted by' date field in order to allow other students to gain entry to the class during this period.

Drop: If you registered for your courses online via the Student/Faculty Login you may continue to use this service during the Add/Drop period to drop a course. If you registered for Career, Vocational, or Foundation courses via paper Registration form, you must submit a Course Change form to the Registrar's Office in order to drop a course. The instructor's signature is required on all Course Change forms.

Course drops will not be printed on the Official Transcript of Academic Record during this period; however, a record for drops will be maintained on the permanent student record for accounting and statistical purposes.

Note

Failure to attend classes does not constitute a course drop. Students who do not formally drop a course(s) will be assessed tuition fees, refunds will not be made, and a grade of Fail (F) will be noted on the Official Transcript of Academic Record. Requests for late adds or late drops will not be granted simply because the student was unaware of, or neglected to comply with, the College policies and procedures.

Audit Status: Only during the Add/Drop Period will you be permitted to register as an audit student, providing space is available and you have the instructor's approval. In order to change from credit to audit or audit to credit during the Add/Drop Period you must submit a Course Change form to the Registrar's Office. The instructor's signature and the 'must be submitted by' date are required on all Course Change forms. You may not change from credit to audit or audit to credit online via the Student/Faculty Login. Audit registrants pay regular tuition and all other assessed student fees.

Audit students do not sit examinations, submit work, papers, lab reports, etc., however attendance at lectures, labs and seminars is required. For those students who do not meet the attendance requirement, their permanent student record and transcript will be annotated with the comment 'Audit Denied'. Audit status is not calculated in your GPA, does not have credit and cannot be used toward the completion of a credential.

Withdrawal Period

Full-Term Courses:
• for regular, full-term courses in Fall and Spring term: 11th through 30th day
• for Summer courses 12-15 weeks in length: 11th through 30th day
• for Summer courses seven or eight weeks in length: 6th through 15th day of the session

All Other Courses: Please contact the Registrar’s Office for add and drop dates for courses with start and end dates that differ from the full-term start and end dates.

Withdrawal Procedure

You may withdraw from courses during the withdrawal period. If you wish to withdraw from all courses in which you are enrolled, you are strongly encouraged to contact a counsellor or advisor before withdrawing.

If you registered for your courses via the Student/Faculty Login you may continue to use this service to withdraw from courses.

If you registered for Career, Vocational, or Foundation courses via paper Registration form, you must submit a Course Change form to the Registrar’s Office in order to withdraw from a course. The instructor’s signature is required on all Course Change forms.

A withdrawal ("W") will be noted on the Official Transcript of Academic Record.

Post Withdrawal Period

Course withdrawals or complete withdrawals are not permitted except for the reasons listed below:

1. The student record is incorrect as the result of an error by the College.
2. The student transfers to a lower level of the same course by instructor request. A completed Course Change form is required for this request. In this instance, only the final course of enrolment will print on the Official Transcript of Academic Record. A record of the change will also be maintained on the student’s permanent record.
3. Extenuating circumstances, usually for medical reasons. Official documentation is required to substantiate all claims of such circumstances and should be submitted to the Registrar’s Office.

Withdrawal for Medical Reasons Procedure

1. Students who wish to apply for special status under (3) above must submit the Request for Course Withdrawal for Medical Reasons form with a letter explaining the circumstances leading to the withdrawal to the Registrar. This form must be supplemented with official documentation such as a typed letter from a physician, an official copy of an accident report, or official documentation of a family emergency, death certificate, and so forth.
2. If, in the opinion of the Registrar, the request does not fall under (3) above, or the documentation is insufficient to support the request, the request will be denied.
3. If the request is granted, the permanent student record will be annotated as Withdrawal for Extenuating Circumstances (WE).
4. Withdrawal for medical reasons will not be granted for lack of academic performance on the part of the student.

Withdrawal for Extenuating Circumstances Procedure

1. Students who wish to apply for a withdrawal for extenuating circumstances must submit a letter explaining the circumstances leading to withdrawal to the Registrar with official documentation.
2. If, in the opinion of the Registrar, the request does not fall under (3) above, or the documentation is insufficient to support the request, the request will be denied.

3. If the request is granted, the student will be assigned a Withdrawal for Extenuating Circumstances (WE) status for each course in which the extenuating withdrawal is granted.

4. Withdrawal for extenuating circumstances will not be granted for lack of academic performance on the part of the student.

Incomplete Grade "I"

1. If the student believes an exceptional circumstance exists which prevents him/her from completing the course during the regular time frame, the student may petition the course instructor for an incomplete ("I") grade.

2. An incomplete ("I") grade may be given where, in the judgement of the instructor, the student should have reasonable expectation of passing the course, but has not completed the required work.

3. An incomplete is assigned only when the instructor and student have arranged for the work to be completed by a specified date within four months of the end of term. If the student does not complete the work by the specified date, the instructor will automatically assign a predetermined grade reflecting the work not completed.

4. If the student completes the work by the specified time, the instructor will assign the final grade.

5. If this incomplete procedure cannot be applied in the opinion of the instructor, the instructor is directed to contact the Registrar directly for resolution of the issue.

COURSE OVERLOAD

1. Registration in more than five academic courses or more than the full requirements specified for a career program constitutes a course overload.

2. Students may choose to register for a course overload (up to a total of 21 credits) as long as they have discussed their need or wish for an overload with a counsellor or advisor and the Course Change form bears the counsellor's or advisor's signature. Science students, however, are automatically allowed to register for more than 16 credits, as long as the total credits do not exceed 21 credits and registration does not result in more than five courses.

3. Students may not register for a course overload until classes commence.

COURSE CHALLENGE

Admitted students may request a course challenge whereby an examination for achievement may be awarded for a very specific and limited selection of courses at the institution. Certain courses may not be challenged.

Students interested in this procedure should contact their instructor.

The regular tuition fee must be paid for a challenged course. A course challenged successfully will be recorded on the permanent student record.

Note

Credit for courses challenged successfully will apply to credentials earned at Capilano College. Students should be aware that other colleges and universities may not grant credit or transfer credit for credit received by course challenge.
Graduation

Convocation ceremonies are held in the Summer and Fall terms. Credentials are issued only at these two ceremonies. Students completing all coursework before the ceremonies may have their permanent student records and transcripts annotated as "Program Requisites Complete". The date that the credential is awarded will then be placed on the permanent student record and the transcript at the date of the appropriate graduation.

Students who believe they will complete their program of study by the end of their current term of enrolment must submit an Application for Graduation form to the Registrar's Office, together with the program evaluation fee (see Fee Schedule) no later than the deadline listed in the Academic Schedule at the beginning of this calendar.

Students should be advised that for degree completion at Capilano College, 25% of course work must be completed at this institution. In some cases, the 25% requirement may include specific courses or time restrictions. Please see specific programs in this document for details.

In the case of all other credentials (associate degrees, diplomas, advanced diplomas, certificates, advanced certificates, citations and statement of completions) 50% of all course work must be completed at Capilano College. In some cases, the 50% requirement may include specific courses or time restrictions. Please see specific programs in this document for details.

APPLYING TO DO GRADUATE WORK OR PROFESSIONAL STUDIES AFTER COMPLETION OF A DEGREE

Universities in Canada and abroad are autonomous institutions and set their own admission criteria. Applicants are generally considered for admission based on their individual merits according to the admission standards set by the institution, faculty or program. As affirmed by the Council of Ontario Universities (December 7, 2006) "Applicants to provincially assisted universities in Ontario are considered for admission on an individual basis in a process whereby the appropriate range of academic and other relevant evidence is weighed." Students who are interested in further studies after completing degree programs are advised to consult the College’s advising service and the institutions to which they are applying about the detailed requirements for admission.

Governance and Administration

CAPILANO COLLEGE BOARD

The Capilano College Board, established in conformity with the College and Institute Act, consists of 15 members, including eight appointed by the Minister of Advanced Education, two elected from the student body, and one member elected from each of staff and faculty. The President of Capilano College and the Chair of the College’s Education Council are non-voting members.

The Board is responsible for governing the College, and in that capacity determines the policy by which the College operates and reviews the performance of the College and its component parts. Traditionally, the Board meets monthly to fulfill its statutory responsibilities and to conduct its general business.

REGISTRAR'S OFFICE

The Registrar's Office is responsible for student admission, registration and graduation, as well as the administration of College policies pertaining to those areas. The Office evaluates academic standing, assesses and records transfer credit from other institutions, and facilitates the articulation process for faculty and students. The Registrar's Office maintains all permanent student records and prepares information
regarding course offerings and exam timetables. The Office responds to requests for course outlines, official transcripts, casual room bookings, and letters and forms. The Registrar’s Office takes a lead role in the production of the College calendar.

DISABILITY SERVICES

General Information
Intake services for students with disabilities are provided in the Office of Disability Services (Birch 284 & Birch 272). Admitted students will be referred for classroom accommodations, assessments, learning support services and technology and services support when appropriate.

Contact must be made up to four months prior to classes beginning. This will ensure that equipment and accommodation needs can be arranged in a timely fashion. Following admission and receipt of current documentation, a variety of services may be made available for students:

- Accommodation planning
- College orientation
- Registration assistance
- Instructor notifications
- Exam accommodations
- Classroom accommodations
- Alternate format texts (CILS)
- Interpreting services
- Assessment services
- Assistance in accessing equipment and services throughout the Canada Study Grant (CSG)

Faculty are available Monday through Thursday. For more information about Disability Services call Sandra Cooper at 604.983.7526 for an appointment.

FIRST NATIONS STUDENT SERVICES
The First Nations Student advisor provides direct services to First Nations students in a variety of ways: assistance with course selection and registration, information concerning Capilano resources, advisor for special programs, liaison with First Nations Band education officers and college instructors, consultation regarding personal and educational matters.

The advisor also acts as a resource to the student-based First Nations Issues Committee. First Nation's student services offers assistance to First Nations students attending Capilano College in North Vancouver, Sechelt and Squamish. As well as providing the service mentioned above, the team acts as a resource to the student-based First Nations Committee, and liaises with the First Nations Advisory, an external group which meets quarterly.

Facilities available
The students lounge in Birch building, room 160, is always available for student use. It houses a refrigerator, a microwave oven, and a phone is available free of charge for local calls. The lounge is equipped with computers and printers. The First Nations Issues Committee meets once a week to address student issues and First Nations students are encouraged to attend the meetings regularly.

Events
Throughout the year there are different events held on campus, including the annual potluck feast, hosted by Capilano College First Nations students and the Capilano Student Union, New Student Orientation, First Nations awareness days, and campus tours for new and prospective students. There are many events throughout year. Watch for announcements on campus.

Collections

Students have access to a book collection of over 100,000 volumes, periodical and newspaper collections of 600 current titles, and collections of DVD's, videos, online databases, maps, and government documents. Reference workstation computers provide access to the library web page, INNOPAC online catalogue, online periodical indexes, and full-text databases, the World Wide Web, and other online information resources.

Research Assistance and Instruction

Students receive a library orientation and basic research methods class during the first year of English and Psychology courses. Other courses often include a class in the use of library materials specific to the subject area. Individual research assistance is available from the Reference Librarian on duty. Guides to resources and services are available electronically through the library web page.

Circulation Services

Students are required to present current Capilano College ID to borrow library materials. For loan periods and other policies see “Borrowing Guidelines” on the Library’s website at www.capcollege.bc.ca/services/learning-support/library

Note

Fines are charged on all overdue library materials. Hourly and daily charges vary depending on whether the item is on reserve, recalled, or on regular loan. Please note the due date on each item borrowed and return materials on time. Failure to return materials and pay all fines will result in transcripts being withheld and registration denied.

Audio-Visual Services

Faculty and students can book ahead and borrow a variety of audio visual equipment including laptop computers, data projectors, digital cameras, cassette recorders, CD & DVD players, etc. There are also bookable computer workstations for slide and document scanning, digital camera image downloading, creating or altering digital images, and some desktop publishing, as well as a copystand camera and photography studio setup. Other services available include colour printing and photocopying (print or acetate), and lamination. Training in equipment use is available by appointment, and emergency assistance is provided on weekdays from 8:30 - 3:00.

This department also houses the video, DVD, CD and LP record collections that are listed in the library catalogue. Videos and DVD’s may be booked ahead of time. With enough notice, titles not in our collection can be requested from other educational institutions for classroom use.

Appointments and sign-in are required for some services.

Computer Learning Centre

The Computer Learning Centre provides a self-serve microcomputer lab. Services provided by the lab supervisor include an introduction to word processing, solutions to hardware and software problems, and provision of general information about computing resources at the College. The Centre is located on the main floor of the Library and assistance by the lab supervisor is available during posted hours.

Squamish and Sunshine Coast Campuses

The primary library collection is housed at the main Capilano College Library in North Vancouver. Limited library resources are available at the Sunshine Coast and Squamish campuses. Sunshine Coast and
Squamish students have full access to the main Library collection through the online library catalogue and inter-campus lending, as well as full-text periodicals and other databases and Web resources.

MATHEMATICS LEARNING CENTRE

Students studying mathematics at Capilano benefit from one of the most comprehensive learning centres in the province. The Mathematics Learning Centre (MLC) is located in the Birch building, room 289. During scheduled hours students may obtain individual assistance from the instructor on duty. The MLC also contains an extensive collection of learning materials including software, videos, and reference texts.

WRITING CENTRE

All students registered at the College are welcome to visit the Writing Centre (FR402) for individual help with their writing assignments or writing difficulties. The Centre is not a proofreading service but aims to help students of all levels develop as writers.

In addition to help from instructors, the Centre also offers a wide variety of free handouts; a website (www.capcollege.bc.ca/services/learning-support/writing-centre) with links to writing resources and an "Ask an Instructor" online service; a Web-based search of the extensive reference book collection; a computer lab with 19 PCs, a laser printer, and an appealing and quiet workspace.

The Writing Centre is staffed by faculty members from the English, ESL and ABE Departments. Hours of operation are posted outside the door of the Centre and on the Writing Centre website at www.capcollege.bc.ca/services/learning-support/writing-centre.

Financial Support

STUDENT EMPLOYMENT SERVICES

Student Employment Centre

The Student Employment Centre provides employment preparation services to support students with their important search for a job to help with tuition while attending school; co-op positions, practicums, internships and of course, the first job as a new graduate. Students may access services in two ways: short drop-in sessions or Employability Coaching appointments. For more information, please see www.capcollege.bc.ca/services/career/student-employment

Services include:

- high traffic electronic job board
- access to potential employer lists
- drop-in review of résumé/cover letters
- drop-in interview suggestions
- student computers, printer, and fax dedicated to job search exploration only
- resource for employment-related questions

FINANCIAL AID AND AWARDS

Services Provided by the Financial Aid and Awards Office

- Information on sources of educational funding
- Information on student loans administered by StudentAid BC:
• applications, assessments, reassessments and appeals
• maintaining eligibility and interest free status
• repayment and debt management programs
• Information on the student assistance programs of other provinces
• Individual confidential financial counselling
• Workshops and information sessions on financing an education and budgeting
• Emergency aid (includes emergency loans and emergency bursaries). Limited funding is available.

Note

Government loan/grant programs are intended to assist students who do not have the resources available to pay for their education. Students and, in some cases family, may be required to contribute. The amount of money a student will receive may not cover the entire costs associated with post-secondary education. It is expected that students create a financial plan and budget their funds for each educational year. Students are expected to have arranged finances prior to registration.

Programs Administered by the Financial Aid and Awards Office

• Adult Basic Education Student Assistance Program (ABESAP)
• Canada Study Grants for High-Need Part-Time Students (CSG-HNPT)
• Internal scholarships, bursaries and awards
• U.S. Federal Aid (FFEL)

Scholarships, Bursaries and Awards

A variety of awards which recognize achievement, and/or other qualifications are available. A detailed listing of these awards is contained in the free booklet: Financial Aid and Awards – A Student Guide or on the College Financial Aid and Awards website at www.capcollege.bc.ca/financial-aid.

Alternative Learning Formats

DISTANCE EDUCATION
Capilano offers a variety of courses by distance education and online. For more information, see www.capcollege.bc.ca/programs/online-programs.

Some interactive courses or course components are also delivered online. For more information, see www.capcollege.bc.ca/current/moodle.

CO-OPERATIVE EDUCATION
Co-operative education integrates a period of classroom learning with periods of work experience to enable students to apply their knowledge and skills. Students alternate periods of full-time study with periods of paid and unpaid employment in business, industry, government and non-profit organizations. The goal is to develop high calibre graduates, better able to assume productive jobs.

Employers may use co-op students to assist in building a work force that meets the short-term needs of their organization. Students can undertake special projects and provide relief for permanent staff who may be undertaking other tasks. In the longer term, employers have a cost effective means of evaluating potential future employees.

The co-op experience provides students with a superior, well-rounded education enriched by the practical application of their skills. They obtain valuable "hands-on" experience and are able to evaluate their career choices.

The College receives immediate feedback on the quality and relevance of the program areas and on the quality of the students. Co-op education also helps the College develop contacts with the business community in general.

The following are co-operative education programs at Capilano:

- McRae Institute of International Management
- Tourism Management
- Arts and Entertainment Management
Practicum and Short-term Work Experiences

Several programs include a practicum or a short period of work placement as part of their program requirements. Students gain relevant experience in their area of interest through the practical application of the knowledge and skills learned in the classroom. For more information, see www.capcollege.bc.ca/programs/cooperative.

Personal Support Services

COUNSELLING

General Information

The counsellors at Capilano are professionals trained to provide a variety of counselling services designed to promote and support students’ academic success, identification and achievement of appropriate career goals, and personal growth.

At present, the Counselling Department offers the following services to Capilano students:

Educational Counselling is available to help students plan their college education according to their interests, aptitudes and career goals.

Students are advised to consult with a counsellor when experiencing academic difficulties. Students must see a counsellor when considering filing a formal grade appeal.

Career Counselling offers help to students who are having trouble deciding on a career, who perhaps feel unsure, confused, or lacking motivation. Counselling and assessment can help students make realistic career plans based on their interests, abilities and values.

Personal Counselling is available to help students who are experiencing personal difficulties which affect their ability to succeed in college. Counsellors can help students to clarify issues, overcome obstacles and find effective ways of dealing with their problems. Counsellors can also refer students to community agencies for further assistance.

Workshops and Outreach Programs designed to help students succeed are offered throughout the term in such areas as career exploration, goal-setting, test anxiety, procrastination, stress management, self-esteem, assertion training and anger management.

CSS 100, College Success - Academic and Personal Success, is a three credit, full term course co-taught by a counsellor and the learning specialist.

Counselling is confidential. No information gathered in counselling sessions is released unless authorized by the student or required by law.

Peer Support Centre

The Peer Support Centre (PSC) is made up of a group of students who volunteer their time to assist other Capilano students. Volunteers act as buddies to new and international students to help facilitate their transition to Capilano and to Canadian culture. They also lead conversation groups for ESL students and may assist ESL students in classroom settings. The PSC is also involved in activities such as orientation, campus tours and outreach events. The volunteers are trained and supervised by the Counselling department, and financial
support for the PSC is provided by both Capilano and the Capilano Students’ Union. Students who are interested in becoming volunteers can contact the Counselling Department at 604.984.1744.

CHILD CARE

Capilano College offers full-time child care for infants, toddlers and three to five year olds at the Child Care Centre on the North Vancouver campus. Some part-time spaces are also available. Child care spaces are first offered to children of Capilano College students, then children of employees. Children of community members may be admitted if space is available. The Centre provides a balance of activities that help children to progress in their social, emotional, physical and cognitive development. Through collaboration with parents the Center is able to develop a quality child care community that respects and values the uniqueness and contribution of all children and families.
Groups are small and program activities are planned so that children can successfully meet challenges and learn positive ways of interacting with one another. Clear and reasonable limits are set to ensure the safety of each child, the protection of personal rights and protection of property. The daily program includes a regular schedule of indoor and outdoor play, bathroom routines, snack and lunch, rest time and group times.

Because the Centre is located on the beautiful North Vancouver campus of Capilano College, occasional group walks are planned. In addition, the Center benefits from the services and facilities of the college including availability of campus health services, campus security, emergency preparedness, and facilities maintenance.

The Centre works closely with the Early Childhood Care and Education department. Students in the Early Childhood Care and Education (ECCE) program at the college are learning to be teachers in child care and other pre-school centres. Because practical experience is an essential part of their education, ECCE students observe and participate in Centre activities to learn how classroom techniques apply to a quality child care program. A limited number of students participate as student assistants for an extended period, working with the staff to provide a program children will enjoy. All student activities are carefully supervised by the staff of the Centre and ECCE instructors, and the needs of the children are always given first consideration.

The Centre is open weekdays except statutory holidays.

Provincial Child Care subsidies are available through Ministry of Human Resources.

Applications for childcare are available at the Child Care Centre.

CONFLICT RESOLUTION ADVISOR

N. KEE
BA, LLB (U of T)

The primary work of the Conflict Resolution Advisor is to assist campus members to confidentially and informally resolve disputes, including difficult interpersonal situations and harassment issues. This work can include discussing effective responses, facilitating communication between the concerned individuals through coaching, mediation or chairing group meetings, or helping complainants initiate a formal complaint under the College Sexual Harassment Policy (see Policies and Procedures in this Calendar).

The advisor also offers presentations and workshops at all campuses on many topics, including harassment, communication skills, conflict resolution, human rights, bullying, dating violence, and assertiveness training. The advisor and her resource library are available to all student researchers with questions about harassment, conflict resolution and related topics.

See www.capcollege.bc.ca/services/personal/conflict for details on this service, links, resources and FAQs.

SPORTS MEDICINE CLINIC

The North Shore Sports Medicine Clinic is open to students, faculty, and staff of Capilano College as well as members of the public. Located on the North Vancouver campus in the Birch building, the clinic is open all year to see patients with sports injuries, pre- and post-surgical needs, pain, or rehabilitation requirements following motor vehicle accidents or work-place injuries.

No referral is needed to see a physiotherapist or massage therapist. Appointments can normally be arranged within 24 hours by calling the receptionist. The clinic is open Monday to Friday, 7 a.m. to 7 p.m.

A fee is charged, and a receipt is provided for each treatment. Gift certificates are available for treatments or to purchase exercise supplies available at the clinic.

A complete list of therapies and services is available from the clinic.

SECURITY

Capilano College is concerned with the safety and security of students, faculty, staff and visitors on campus.

Security at the North Vancouver campus is provided by uniformed officers. These officers are available to escort any member of the College community. Advance notice is appreciated, but not required. Campus security may be reached at 604.984.1763.

A security awareness orientation is provided to every class at the beginning of each term. Faculty, particularly those teaching evening classes, promote and actively encourage the buddy system. Students are advised to walk with a friend or, if possible, travel in groups to parked cars or to other locations, or get a ride to their vehicle if they are parked some distance away from others.

Career Planning Information

CAREER RESOURCE CENTRE

The Counselling department assists students considering career options by providing information and reference materials on a wide variety of occupations. The Career Resource Centre, shared with the Student Employment Centre, houses a collection of vocational materials and has four computers that allow students
to find career and occupational information on the Internet. Information on the use of "Career Cruising", an Internet-based career exploration program, is available as well as copies of past and current course outlines for Capilano classes for reference in choosing courses and instructors.

Campus Activities

ATHLETICS AND RECREATION

Athletics
Capilano College is a full member of the British Columbia Colleges' Athletic Association, which is the governing body for all intercollegiate athletics in the province. Provincial championships are determined annually, with winners advancing to national finals. This affords our College's highly skilled student athletes an opportunity to meet with and compete against the best college athletes in Canada.

Intercollegiately, Capilano Blues teams compete in soccer, basketball, volleyball, and badminton both for men and women. Each year, our many exceptional athletes, working with the experienced Blues coaching staff and managers, have combined to produce both provincial and national championship teams. Capilano College is proud of the accomplishments of its student athletes and of its growing reputation for athletic excellence. For athletes seeking information about their sport status, call the Manager, Athletics and Recreation, Joe Iacobellis at 604.983.7533.

Campus Recreation
The department offers an expanding intramural program, utilizing the College's Sportsplex facility and the Weight Training Centre, together with recreation and fitness programs, which are available during the day and evenings in the fall and spring terms. Some examples of the scheduled activities are: basketball, indoor soccer, yoga, badminton, table tennis, dodge ball, dance, karate, weight training, clubs and many more.

The Sportsplex is located in the south east corner of the south campus parking lot across from Birch building.

Sportsplex and Fitness Centre
The Sportsplex is one of the finest sport and recreation facilities in the province. It houses intramural programs, athletics, gymnasium-based programs, extension courses in sports and recreation, as well as general activity drop-in programs for those requiring scheduling flexibility. Each of these programs offers a variety of activities which will satisfy the recreational needs of the student body.
Facilities include a 14,500 sq. ft. gymnasium with seating capacity for 1,600, suitable for basketball, volleyball, badminton, indoor soccer, wrestling, martial arts and many other activities; a 2,400 sq. ft. aerobics gym; weight and fitness centre; dressing rooms and sauna. A wide range of services including towel service, locker rentals, first aid, laundry service and equipment loans are available.

STUDENTS’ UNION

The Capilano Students’ Union (CSU) is a democratic autonomous organization dedicated to advancing the interests of students by working to achieve a system of post-secondary education which is accessible to all. Membership in the Student Union commences at registration and includes both part-time and full-time students. The Union works to protect the rights of students and to advocate wherever decision making affects the quality of life for students at Capilano College. For example, the Union appoints student representatives to college committees to ensure that student perspectives are a part of the College’s decision making processes. The Union also organizes social, political and cultural events and provides a variety of low-cost services to members. Capilano students are also members of the Canadian Federation of Students (CFS), an alliance of 500,000 students across Canada. Through the Canadian Federation of Students, the Union works to advance post-secondary education policies in areas such as tuition fees and student financial assistance.

The CSU's Executive Committee coordinates the campaigns, services, and activities of the union. Elections for all vacant or expiring positions on the board are held in the first five weeks of Fall and Spring terms. Students interested in getting involved with their students' union are invited to drop by the office in the Maple building for an orientation. Students who wish to be involved in campus community can join committees, participate in planning campaigns and events or relax and socialize in the student lounge.

Several valuable services are provided by the union. The CSU Used Book Sale allows students to buy and sell used textbooks and save significantly on their textbook expenses. Students are encouraged to get their free copy of the Capilano Students' Union Handbook and Day Planner, which serves as a guide to the many resources the CSU has to offer. Further information may also be obtained by visiting the CSU's website at www.csu.bc.ca

Campus Publications

THE CAPILANO REVIEW

*The Capilano Review* is a venturesome tri-annual magazine of the arts, publishing innovative poetry, fiction, visual art, and drama from Canada and beyond. Since its inception in 1972 in the Capilano College Humanities Division, the magazine has won eight National Magazine Awards, three Western Magazine Awards, and one Journey Prize Award. *The Capilano Review* is published by the Capilano Press Society; it receives support funding from the Canada Council and Capilano College. Subscriptions are $25 for one year (three issues) or $45 for two years. The student rate for one year is $15. The Capilano Press Society welcomes donations to its Friends of TCR Program and to its endowment fund (tax deductible through The Capilano College Foundation).
STUDENT NEWSPAPER

The student newspaper at Capilano College is the Capilano Courier, published every other week. The Courier is run by an independent staff of students, autonomous from the student society and College administration.

Since the Courier is written, organized, and laid out on campus, there is always a need for help. Students are encouraged to take part in news and feature writing, reporting, editing, layout, photography, artwork, desktop publishing, graphic design and advertising.

The Courier welcomes input from the entire College community. Classified ads (which are free to students, staff, and faculty), letters, and other contributions can be submitted to their offices in room 122, Maple building.

General Campus Services

BOOKSTORE

Located in the southwest corner of the Birch building, the Bookstore offers new and used texts, stationery, clothing, software and sundry items.

A current textbook list is available online. Go to: www.capcollege.bc.ca/services/community/bookstore then go to the Bookstore List link. In addition, information on the Bookstore’s hours of operation, services and sales and promotions can be found here.
The Bookstore also pays cash for used textbooks several times per year. The website will have the times and dates for upcoming buy backs, as well as information on how much you may get for your book.

The Bookstore accepts cash, Visa, MasterCard, Interac and cheques with proper ID.

**CAPCARD CENTRE (STUDENT PHOTO IDENTIFICATION)**

The CapCard Centre produces the official student photo identification card of Capilano College. All new or returning students need to obtain a *CapCard* after completing the registration process.

The *CapCard* is your official ID card and library card, allowing you to borrow material and access online databases. Once you have obtained your card, please go in person to the Library to activate your barcode. Your card can also be used for photocopying and laser printing (see Adding Value to the *CapCard*).

The *CapCard* is required to be presented at the Registrar's Office when requesting any services, i.e. transcripts, changes, etc.

Please note that sunglasses and/or hats (baseball caps, toques, etc.) may **NOT** be worn in photos.

**Facts You Should Know**

**How to Obtain Your CapCard**

- **Option 1 - Pay First**
  
  Attend the Cashiers' Office and pay the card fee of $10.00. Then bring your receipt (proof of payment) to the CapCard Centre to receive your card.

- **Option 2 - Pay Later**
  
  Attend the CapCard Centre for the entire transaction. The card fee of $10.00 will be added to your student account, which will need to be paid at the Cashier's office before the end of the current term.

With either option, you are required to present your student number and one piece of government issued Photo ID (Driver's Licence, Passport, or Canadian Citizenship) to obtain your CapCard. **NO EXCEPTIONS.**

The CapCard will be issued immediately and all cards must be signed upon receipt.

**Sunshine Coast and Squamish Campuses**

If you are taking courses at either of these campuses, please attend the appropriate campus for details on obtaining your photo ID. You may also attend the North Vancouver campus to acquire your card.

**Adding Value to the CapCard**

Value may be added to the *CapCard* for photocopying and laser printing at one of two Cash Card Managers (CCMs): one is located outside and one inside the main doors of the Library.

The CCMs accept loonies, toonies, and $5, $10, and $20 bills. They do **NOT** accept MasterCard, Visa, or any other credit cards.

The Cash Card Managers do **NOT** give change. *Use exact change only.* For your convenience, there is a money change machine just outside the Library's main doors.
Lost or Stolen Cards
Report lost or stolen cards to the Registrar's Office and check to see if your card has been turned in. Also check with the Library for lost cards. If you do need to replace your card, follow the process outlined above. There is a $10 replacement fee.

Damaged Cards
Cards that are damaged or have “error messages” should be taken directly to the CapCard Centre for possible repair or replacement.

Expiry
1 year

Refunds
There are no refunds of any value added to your CapCard or ServicesCard. (The Services Card is a generic copy card obtained from the CCMs at a cost of $1.00.) If your card is lost or stolen, just like cash, the value on the card is lost. Please consider putting a reasonable amount on your card.

Hours of Service
Monday to Friday: 8:30am – 4:30pm

Note
Extended hours may be offered during peak periods and will be posted at that time.

GENERAL ADMISSION REQUIREMENTS

All international applicants must:

• Be 18 years of age or older on arrival
• Have the minimum grade point average of 2.0 on a 4-point scale
• Have completed the equivalent of secondary school graduation (Grade 12) in British Columbia
• Meet the admission requirements as specified for the intended program of study
• Have a valid Study Permit from the Government of Canada

ADMISSION REQUIREMENTS FOR SPECIFIC PROGRAM AREAS

To Apply for the English Language Program (ESL)

In addition to the above general admission requirements, applicants must:

• Have some prior studies in English.

To Apply for University Transfer and Degree Programs

In addition to the above general admission requirements, applicants must:

• If required, have successfully completed any necessary prerequisite courses appropriate to the chosen field of study.
• Demonstrate the required English language proficiency by presenting official TOEFL 83 (internet based score) or 220 (computer based score) or 560 (paper based score) or IELTS 6.5 overall and no one score less than 6.0; or ELA 145; or CAEL 70.

To Apply for Career and Technology and Vocational Programs

In addition to the above general admission requirements, the applicants must:

• Have permission from the coordinator of the program.
• Demonstrate the required English language proficiency by presenting official TOEFL 83 (internet based score) or 220 (computer based score) or 560 (paper based score) or IELTS 6.5 overall and no one score less than 6.0; or ELA 145; or CAEL 70.
APPLICATION PROCESS

To apply to Capilano College, international students should follow these steps:

• Complete an Application for Admission form. (Students may apply online through PASBC, or the Application for Admission form can be printed from the Capilano website.)
• Enclose a $100 CAD (non-refundable) Application Processing fee.
• Send official transcripts or certified copies of the original (stamped and signed by your school) for all secondary and post-secondary institutions attended. These documents must be in the original language of instruction and translated into English by a recognized translator. If you are graduating from secondary school, a mid-term report of grades is acceptable until final graduation grades are submitted. Please note: Official transcripts show a list of subjects and the grades received in each. If graduation is not shown on the official transcript, please provide official proof of graduation as well. Official transcripts are required for all programs.
• If applying for the academic or career programs, arrange to have an original copy of your TOEFL results sent to Capilano College (Capilano College code is 0505).
• Submit a tuition deposit of $5,000 CAD.

After receiving all required information, and if all admission criteria are met, Capilano College will send the student an admission letter indicating the conditions of the admission. If the College requires further information to evaluate the student’s file, a letter will be mailed informing the student of the outstanding documentation required.

INTERNATIONAL STUDENT FEES

Please see the Fees and Fee Payment section of the Capilano website.

International students are required to be enrolled in a full-time program of study, which includes 9-15 credits per term (3-5 courses). Exceptions will be made for students who are in the final term of their program and require fewer courses for completion.

If an international student's status changes to that of a landed immigrant status on/after the first day of classes in a term, the change in tuition fees will occur the following term. Students are asked to provide documentation of the status change.

Capilano College reserves the right to change fees and policies without notice.

MEDICAL INSURANCE

All students must have adequate medical coverage while studying at Capilano College. Medical insurance for the first 90 days in British Columbia is available at a cost of $140 CAD. After the first 90 days students must subscribe to the government-operated Medical Services Plan of British Columbia, which costs $54 CAD per month.

SATISFACTORY ACADEMIC ACHIEVEMENT

All students who enter Capilano College are expected to maintain acceptable standards of academic performance. Students should refer to the section in this Calendar which explains Capilano College’s guidelines for acceptable performance. Should an international student begin to fall below the acceptable performance standards, he/she will receive prior warning and should meet with academic advising services. If the student continues to be unable to maintain acceptable standards of academic performance, he/she shall be placed on probation and may, if the situation persists, be required to withdraw from the program.
INTERNATIONAL STUDENT SUPPORT

Capilano strives to ensure that all international students are well received and have a positive and successful educational experience. Capilano provides special support to international students.

“In order for students to be prepared to work in a multi-cultural environment, it is essential to have knowledge of other cultures and to have human relation skills within those cultures. This preparation will provide students with a more complex knowledge of the world and help them to see, understand and envisage cause and effect relationships in a world where boundaries are disappearing and all aspects of human civilization are interrelated and interconnected. Because the College and the society in which it operates are multicultural and multinational, Capilano College will continue and expand its activities in international education.”

(Article 16 of Capilano College’s Mission and Values and Strategic Directions)

International education prepares students to work in a multi-cultural and multi-national environment. A more sophisticated college graduate will be needed to understand and live successfully within a more complex world. To this end, the goals for international education may be grouped under the following major headings:

- Developing Canadian and global perspectives
- Developing intercultural competence
- Demonstrating coping and resiliency skills
- Acquiring basic skills in an additional language or languages
- Developing the ability to recognize and deconstruct our egocentrism
- Developing the capacity to accept and learn from ambiguity

Preparatory Programs

General Information

Many students who enter Capilano require preparatory courses to meet entry level requirements for a particular college program, or to upgrade their academic skills from basic literacy to the Provincial Level (regular or adult Dogwood Certificate).

Students who have been out of school for a number of years and want to resume their education often find that the Adult Basic Education program best meets their needs. Most courses in the program are self-paced and may be taken on a part-time basis. Full-time students attend classes in which they work up to five hours a day in the classroom with College instructors. In addition, some courses require independent study outside of class. The level of courses in the Adult Basic Education program ranges from Basic Literacy to Provincial (Grade 12) level. Many of the upper-level courses, taken alone or as part of a larger program of studies, will meet entry requirements for university transfer and career/vocational programs.

The preparatory courses which are offered by a number of departments at the College are designed to upgrade students who lack course prerequisites for university transfer and career/vocational programs. Many of these courses are taught in two-hour classes that meet twice a week for an academic term (15 weeks). In addition, considerable independent study is required outside of the formal instruction period.

Either the Adult Basic Education program or the preparatory courses offered in the University Transfer departments may satisfy the student's upgrading needs. Students should refer to the Adult Basic Education section of the Calendar or contact the program coordinator. For information on other preparatory courses consult the Advising Centre at 604.984.4990 (Birch building, room 238).

For more information, please see www.capcollege.bc.ca/programs/preparatory

Adult Basic Education

GENERAL INFORMATION

The Adult Basic Education (ABE) Program offers courses that are tuition-free for all students except International students. Please note that all other College fees apply (admission/readmission and 'Incidental Fees').

The Adult Basic Education (ABE) program enables students to upgrade their knowledge of English, mathematics, biology, chemistry, earth sciences, physics, geography, history, social studies and computers. Students may select from one to five subjects, depending upon their educational and occupational goals. Students can pursue any of the following goals:

• preparation for employment
• personal desire to upgrade or refresh mastery of a subject
• secondary school qualifications demanded by employers
• vocational training (including apprenticeships)
• career training
• technical training
• academic studies (including college and university programs)

The program operates year-round, offering instruction in two-hour classes. Both self-paced and term-paced classes are offered. Placement in courses is based on pre-registration assessment of academic background.

Many students benefit by enrolling in ABE courses while registered in university transfer or career/vocational programs at the College.

Students who need more than four months to complete a course may re-register if they are attending and progress is satisfactory. Students who finish a course before the end of the term may immediately register for the next higher course in the given subject. High enrolment may necessitate limiting students to a maximum of three classes in a subject area.

For more information, please see www.capcollege.bc.ca/programs/adult-basic-ed

ADMISSION REQUIREMENTS

Students should be at least 18 years old and preferably out of the public school system for a minimum of one year. Exceptions will only be made with departmental approval. Students should apply at least three months prior to anticipated date of entry. Some students may be referred to the English as a Second Language Department as certain language restrictions do apply.

HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Registrar's Office Capilano College, Birch building, room 230
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Note

Offerings and procedures at the Sunshine Coast campus and Squamish campus are slightly different. Contact the local ABE coordinator.

REGISTRATION

All students must attend a personal interview and assessment before registration in order to determine the course(s) or program which best meets their educational goals. Students may not be accepted into the program if, after assessment and interview, it is determined that their learning needs will not be met by the program.

Regular attendance and satisfactory progress are conditions for re-registration in ABE courses. Students may be directed to other programs if their attendance and performance in ABE does not match their stated educational goals.
Note

Offerings and procedures at the Sunshine Coast campus and Squamish campus are slightly different. Contact the local ABE coordinator.

ABE CERTIFICATES & DIPLOMA

To be eligible for a diploma or a certificate, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano College.
2. Achieved a cumulative grade point average of 2.00 or higher.

The B.C. Adult Dogwood Graduation Diploma, issued by the Ministry of Education, Skills and Training, provides an alternate route for adults to achieve a Grade 12 standing to post-secondary institutions in B.C.

Intermediate & Advanced Certificates are issued by Capilano College and provide prerequisites for career and vocational programs throughout the province.

Fundamental level instruction provides basic reading and writing skills and number skills.

ABE certificates/diploma also satisfies most employers’ high school requirements. Certain high school courses may qualify as transfer credit toward ABE certificates.

The program also offers instruction for students preparing for the General Education Development (Grade 12 equivalency) tests.

Advanced and Provincial level ABE courses may be used for transfer credit towards a B.C. Regular or Adult Dogwood Certificate.

The ABE program offers courses at four levels as outlined in figure 1 below.

Adult Special Education

GENERAL INFORMATION
The Adult Special Education programs offers two full time, tuition-free programs. Please note that all other College fees apply (admission/readmission and incidental fees).

Each program combines classroom activities with practical work experience opportunities for students with barriers to employment. The classroom component includes courses geared towards helping the student gain the knowledge, skills and attitude needed to be an employee.

These courses include occupational health and safety preparation, essential skills, employability strategies, communication and interpersonal skills. Some of the methods used are: discussion, hands-on practical skill assessment and development, oral presentation, interview techniques, group work, case studies and field trips.

The work experience component provides practical training opportunities in a variety of work settings. Employers have the workplace and the employee management expertise that allow students to grow and improve their knowledge of worksite skills, behaviours and expectations.

College supervisors understand each student's unique strengths and limitations and have knowledge of potential strategies to make workplace accommodations. Both the employer and the college contribute essential support and insight that can make a positive difference in each student's growth.

ALTERNATIVE CAREER TRAINING PROGRAM (ACTP)

General Information

The Alternative Career Training program is an employment exploration program with a unique focus and approach. The program is based on a developmental perspective and is committed to working with young adults with special learning needs. Students are encouraged to accept the responsibilities of independent living as young adults, as well as the demands of competitive entry-level employment, and will have the opportunity to address social or emotional issues which may pose barriers to employment. The ACT program combines in-class instruction with practical work experience, emphasizing the development or maintenance of skills which may be used in employment situations. Students meet with faculty to discuss an individual work experience plan which will be monitored throughout the year.

For more information, please see www.capcollege.bc.ca/programs/adult-special-ed/alternative

Student Profile

Students who will find the ACT program beneficial are those with learning disabilities, developmental delays, and/or individuals who have physical disabilities that still allow them to meet employment requirements.

Students who will obtain the most benefit from the ACT program are those who have reached a moderate level of independence (i.e., self-care management; social skills, they travel independently locally; they have had some work or volunteer experience; they can articulate several areas of interest or a willingness to try various work sites).

Admission Requirements

• Interview

Admission/Application Notes

The ACT Foundations program is in session for eight months (two terms). Classes are offered for nine weeks, with community work/volunteer practicums offered for an additional six weeks in the fall term. During
the spring term, classes will be held for seven weeks with an additional eight weeks of work/volunteer practicums. Entry is by referral and interview. Students will combine their in-class work with self-selected volunteer or employment training sites based upon aptitude, attitude, ability and interest.

Each candidate is interviewed by the program faculty, and a maximum of 14 students will be admitted. Students may be accepted for a second year by faculty permission.

An information meeting is held in early March followed by appointments for interviews which take place in April and early May. Letters to the successful candidates will be sent by May 30.

PRE-OCCUPATIONAL SKILLS TRAINING PROGRAM (POST)

General Information

The Pre-Occupational Skills Training program provides both technical knowledge and personal and practical skills training through a combination of classroom theory and on-the-job experience. For work experience, we have teamed up with a number of leading retail and service-related businesses offering on-the-job experience and customer service training. Class instruction emphasizes the development and maintenance of skills which may be used in employment situations with an emphasis on customer service. Students will
meet with faculty to discuss an individual plan to set personal goals that will be monitored throughout the program.

For more information, please see [www.capcollege.bc.ca/programs/adult-special-ed/skills](http://www.capcollege.bc.ca/programs/adult-special-ed/skills)

**Student Profile**

Students who will find the POST program beneficial are those with disability issues which may include learning disabilities, physical disabilities and barriers to employment that still allow them to meet employment requirements.

**Admission Requirements**

- Interview

**Admission/Application Notes**

The POST program is a combination of classroom instruction and practical application in the community. Practical applications take place in industry work sites throughout the program's duration and constitute 50% of the program.

Entry is by referral and interview. Candidates are interviewed by the program faculty, and a maximum of 12 students will be admitted.

Interviews take place between May and September each year.

Career Access Centre

GENERAL INFORMATION

The Career Access Centre (CAC) is a learning and resource centre for students who need extra support (financial and educational) to access the college services and preparatory programs. The CAC program provides continuous intake tutoring and support for both full and part-time learners to begin their upgrading in a self-paced setting with English, math, computer, transition planning, and student success strategies. For those students who are parents of young children, the Family Focus program may be available. Through the CAC, students can bridge into a preparatory program of their choice as efficiently as possible and receive continued support as they move through their college program.

The Sunshine Coast and Squamish campuses offer programs tailored to their particular needs. For information, contact the campus directly.

For more information, please see www.capcollege.bc.ca/programs/career

REGISTRATION

Students are referred to the Project Manager before registration to establish an educational plan and confirm eligibility for the program. For more information, contact 604.986.1911, local 3430.

GENERAL INFORMATION

The object of the program is to improve the participation and success rates of students who are planning to attend post-secondary institutions. The program helps students to gain confidence at college by developing college life-skills while gaining academic qualifications.

Typical students in the program include those who want to:

- try school again after at least one year away;
- refresh their skills and improve their GPA before entering a college, career or university transfer program;
- upgrade high school courses in a supportive learning environment;
- develop skills for participating in computer-based/online courses, but would like to be introduced to this technology with the help of a teacher in the classroom;
- explore career and education choices before selecting a further program of study.
Students may start the program in either September or January. The program is full-time (classroom activities Monday through Thursday, 10:30 - 3:30 plus online activities) for 15 weeks. Students should begin the application process at least two months prior to the start of classes.

The program makes extensive use of computers. In addition to two computer courses, the English, Math and Career Planning courses use computers for portions of the course content. Learners do not need strong computer skills to enter the program, just the desire to improve their skills using computers.

There is a computer lab dedicated to the program, and there is one computer for each student. These are instructor-led classes supported by web-assisted technology. Attendance and participation are keys to student success. The maximum class size is 20 students.

For more information, please see www.capcollege.bc.ca/programs/ccpp

PROGRAM OBJECTIVES

Students will gain confidence working in a post-secondary setting, and acquire life and academic skills useful for pursuing their career goals, which may include:

• career and vocational programs at a college or technical institute;
• university or university transfer programs at a university/college;
• skills to become a successful online student;
• entrepreneurial programs at post-secondary institutions;
• further academic upgrading to pursue a chosen course of study.

At the completion of the program, students will have created their own personal educational plan to guide and assist them in reaching their educational and career goals.

PROGRAM CONTENT

Required Courses (Course Credits)

At least one level in each of the following subjects:

• BCMP - Computer Studies
• BENG - English
• BMTH - Basic / Business Mathematics
• EDCP - Education and Career Planning

The above courses have multiple levels. Students are placed in a level best suited to their abilities. All courses in the program are articulated with Adult Basic Education, and may be used towards The B.C. Adult Dogwood Graduation Diploma.

Typical Schedule

The students' schedule will be similar to the following:

ADMISSION REQUIREMENTS

- Grade 10 or permission of the department.
- Must have completed some ESL course work. Level and grade requirement to be determined by Department.
- Interview
- 18 years age and out of high school for a year or department approval. Students must contact the program coordinator to schedule an interview and an English, math and computer assessment. A program application is also required.

HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Registrar's Office Capilano College, Birch building, room 230

V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Admission/Application Notes

Please contact the program coordinator.

REGISTRATION

Students are given an assessment interview before registering in the program. The assessment and interview are to help place the student at their correct levels for the various courses.

ATTENDANCE

Regular attendance is essential to ensure student success. Regular attendance, participation and satisfactory progress in all subject areas are requirements for continued enrolment in the program. Students may be directed to other programs if their attendance and progress does not meet either the program's stated goals, or the students' stated educational goals. The program coordinator will provide, if requested, attendance and progress reports to education coordinators in order to give both the student and the funding agent ongoing feedback.

CITATION REQUIREMENTS

In order to receive a citation from the College and Career Preparation (Web-Assisted) program, students must successfully complete one course from each of the four areas of study (Education and Career Planning, Mathematics, Computers, English).

Community Capacity Building Program

GENERAL INFORMATION

Designed in collaboration with community organizations and funders, the Community Capacity Building program is ideal for those who volunteer with community organizations and who are considering a part-time or full-time career in this work.

This citation program consists of two 3-credit courses and will provide students with a background in the concepts of community development and the practical skills required in entry-level community positions, such as:

- peer volunteer coordinator,
- outreach worker,
- recreational activity coordinator,
- wellness worker,
- support group facilitator, or
- community research assistant.

Classes are offered in community settings and emphasize interaction, reflection, and practical experience under the guidance of instructors who have many years of experience in community work.

REGISTRATION

Students are referred to the Project Manager before registration to establish an educational plan and confirm eligibility for the program. For more information, contact 604.986.1911, local 3430.

English as a Second Language

GENERAL INFORMATION

The English as a Second Language (ESL) department offers permanent residents and international students a variety of Intermediate, Advanced and College Preparatory English courses to help them improve their competency in English for work, daily life, and post-secondary study. Courses cover reading, writing, grammar, speaking and listening skills.

ESL courses are offered part-time and full-time.

For more information, please see www.capcollege.bc.ca/programs/esl

Programs

The four month terms begin January, May and September. There are two different programs:

Full-Time Intensive Program

The full-time intensive program is designed for students who wish to improve their English skills rapidly and who wish to pursue academic studies. These courses consist of integrated language skills: reading, writing, speaking, listening, grammar, pronunciation and vocabulary. Please note that ESLF 040, 050 and 060 are each the equivalent of five courses. ESLF 070 is the equivalent of four courses. ESLF 080 is the equivalent
of two courses. Maximum class size is 18 - 20 students. International students should register to study in the full-time intensive program to obtain the utmost benefit from their experience at Capilano College.

Depending on the results of the English Placement Test, students may enter at one of five full-time levels:

<table>
<thead>
<tr>

</tbody>
</table>

At the College Academic English Preparation levels, students may be allowed to take a combination of ESL and University/School of Business courses at the same time, depending on the results from ESLF 060 and ESLF 070 or external tests such as ELA, TOEFL, IELTS or CAEL.

**Part-Time Program**

International students may enrol in part-time courses at a variety of levels depending on their English Placement test results. Each course consists of four hours of instruction per week.

**College Academic English Preparation**

At Capilano College, students can begin their academic studies while completing their ESL studies.

- When students complete ESLF 060 with a B+, they are permitted to register in ESLF 070 plus 1 (one) University Transfer (UT) / School of Business course.
- When they complete ESLF 070 with a B+, they are permitted to register in ESLF 080 plus 2 (two) University Transfer (UT) / School of Business courses.
- When they complete ESLF 080 with a B+, they may enrol in a full-time UT / School of Business program.

**Note**

No other test (e.g. TOEFL) score is needed for students who follow this route to UT / School of Business.
PLACEMENT TESTING OF ESL STUDENTS

English as a Second Language (ESL) students must arrange to take ONE of these English assessment tests to ensure placement at the appropriate ESL level:

1. The Capilano College English Placement Test. The ESL Department will contact you about testing dates and times.
2. The English Language Assessment test (ELA), which is available only in Vancouver. A letter allowing you to take this test is available from the International Student Centre at Capilano College, or the Registrar's Office.

For full entry into University transfer/School of Business courses, students must provide proof of English proficiency if English is not their first language. Students must do ONE of the following:

1. Achieve a grade of B+ in ESLF 080, OR
2. Take an external language test. Students require:
   • A TOEFL* score of 560 (220 computer-based; 83 Internet-based), or
   • An IELTS score of 6.5 overall with no score less than 6, or
   • A CAEL score of 70, or
   • An English Language Assessment test (ELA) score of 145. The ELA is available only in Vancouver. A letter allowing you to take this test is available from the International Student Centre at Capilano College, or the Registrar's Office.

* Capilano College TOEFL code=0505

ADMISSION REQUIREMENTS

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• The following is required: a valid English Language Assessment (ELA) test score of a minimum of 60 OR the ESL Placement Test (EPT).

HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Pre-University Transfer Level Courses

For students who do not have some of the course prerequisites for University Transfer or Career programs, the College offers the following pre-university transfer level courses. Students interested in registering for the following pre-university transfer level courses must apply and be admitted to the University Transfer program.

- CHEM 030 Introduction to Chemistry
- ENGL 010 Language Skills
- MATH 091 Introductory Algebra
- MATH 096 Intermediate Algebra with Functions

Note
Credits for pre-university level courses will not be considered for student loans.

Residential Building Maintenance Worker Program

GENERAL INFORMATION
The Residential Building Maintenance Worker (RBWM) certificate is an apprenticeship program designed to lead students to a Industry Training Authority (ITA) Certificate of Qualification. Using safe work practices, students will receive training in the maintenance, installation, inspection, testing and troubleshooting of nine related trades, including minor carpentry, drywall, electrical, floor laying, painting, plumbing, heat/ventilation, refrigeration and roofing.

Students will achieve three levels of in-school training and assistance in securing appropriate work-based training. They will also develop the technical skills for success in the RBWM trade and will be in demand by employers in a variety of sectors including seniors housing, private homes, First Nations housing, resorts, bed and breakfasts (B&B’s), commercial buildings, cooperative housing and social housing. Some graduates may also pursue self-employment opportunities.
ADMISSION REQUIREMENTS

• Recommended: Grade 10 or equivalent
• English 10 and Math 10
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
• Interview with Sunshine Coast Initiatives Department Coordinator or designate

Speech Assisted Reading, Writing and Math (SARAW and SAM)

GENERAL INFORMATION

The SARAW program, offered by the Foundations for Independent Living Department, offers literacy upgrading to students who have physical disabilities, limited or no speech and may rely on the use of technological communication devices such as Canon communicators, Blissymbolic boards etc. Speech Assisted Reading and Writing (SARAW) offers an unprecedented range of opportunities to explore and address the literacy needs of this unique group of learners. SARAW classes at Capilano College (North Vancouver and Sunshine Coast campuses) enable students to upgrade their literacy level using computers with assistive, voice synthesized technology. SAM classes enable students to upgrade their basic numeracy skills using the same assistive, voice synthesized technology. Students set goals for each term which are evaluated on an ongoing basis.

Some examples of goals set by students are:

1. to learn to read personal correspondence independently
2. to improve the reading and understanding of employment related print material
3. to achieve high school equivalency.

These goals are personal in nature and represent the individual’s own needs for literacy achievement. The accumulation of individual achievements may lead to formal higher education such as that offered by an Adult Basic Education program. The classes are held over two semesters (Fall and Spring), offering students self-paced instruction in various time slots. Students must attend a minimum of 20 hours per week. Graduates have accomplished this through various combinations of:

1. in-lab instruction at the College
2. in-residence instruction
3. in-residence tutorials
4. independent in-residence time
5. independent lab time at the College.

Students registered in the class will have a SARAW computer station installed in their residence. SARAW can also be installed into a student’s existing computer, provided it is a compatible system. This system will be on loan from Capilano College to the students for the length of their registration in the class. Students are expected to act in a mature, independent manner regarding decision making, transportation and completion of assignments. Transportation arrangements are the responsibility of the student. Personal Care Support is also the responsibility of the student, but financial support may be available through the College.

For more information, please see www.capcollege.bc.ca/programs/speech
ADMISSION REQUIREMENTS

Students interested in enrolling in SARAW classes must first arrange an interview with the department. They should be able to demonstrate a firm knowledge of the alphabet and the sounds related to each letter. They should also be able to articulate a goal for literacy upgrading. Students will be asked to produce a short writing sample to identify strengths and weaknesses in reading and writing. Numeracy levels can also be assessed during the interview process.

Sunshine Coast Trades Entry

GENERAL INFORMATION

The program is designed to provide participants with the necessary core knowledge and skills that will enable them to obtain employment in various trades positions and/or to further their studies in specific trades training programs. Curriculum content has been designed to reflect the importance of learning both academic and applied skills required for success in trades occupations. An introduction to residential carpentry, plumbing, electrical, welding and the tools commonly used in these trades are core components of the program. Skills such as reading technical drawings, safe work practices and math for the trades are also integrated through the courses. This program is ideally suited for persons wishing to pursue a specific career in trades via further education and apprenticeship.

For more information, please see www.capcollege.bc.ca/programs/sunshine/trades-entry

General Information

University transfer courses at Capilano provide students with a variety of options. Students can select a full program of study equivalent to the first two years of university (see note on Course Selection and Advising), and can enrol on a full-time or part-time basis. University transfer courses are of interest both to students who plan to transfer to a university and to students who do not intend to continue to upper-level studies.

For those students who need extra help in basic skills, Capilano offers preparatory courses and academic support services (see Writing Centre, the Learning Specialist and the Math Learning Centre in the Services section of this Calendar).

Students interested in special fields of study such as British Columbia Studies, Canadian Studies, Creative Writing, CultureNet (Culture and Technology), English, First Nations Studies, Women's Studies, or Global Stewardship can select from innovative courses or programs in these areas (as offered from year to year).

Academic instruction at Capilano is both disciplinary and interdisciplinary and is of a high intellectual calibre. Capilano carefully reviews the content and the delivery methods of its university transfer courses to ensure that those courses are current and that they continue to meet university standards.

Students in university transfer courses should expect to work on their courses at least two to three hours outside of class for every hour of class time.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts, other written materials, the instructor’s spoken words, and they must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or to an advisor prior to registering for a course.

Capilano offers a library collection and full media and reference services to complement the courses of study.

Capilano offers a range of courses in various disciplines which are grouped in four divisions (see below). For a list of Arts and Sciences courses, please see the Classification of Subjects for Associate Degree section of this Calendar.

**Classification of Subjects for Associate Degrees**

Only those Capilano College courses with university transfer credit at the University of British Columbia, Simon Fraser University, the University of Victoria, or the University of Northern British Columbia will count towards the Associate Degree.

For the purpose of the above requirements, Capilano College courses are categorized as follows:

**ARTS**

- **Humanities**: Art History, Chinese, English, French, German, History, Japanese, Linguistics, Music, Philosophy, Spanish, Studio Art, Theatre, Women's Studies (100, 104, 106, 130)
- **Social Sciences**: Anthropology, Criminology, Economics, Geography (Human) (100, 101, 102, 106, 108, 200, 201, 202, 205), Political Studies, Psychology, Sociology, Women's Studies (100, 102, 108, 110, 113, 115, 122, 124, 126, 140, 150, 220)

**SCIENCES**

**Note**

Some courses in the subjects listed above may not carry transfer credit and/or satisfy major requirements at a particular university. Please consult the B.C. Transfer Guide, university calendars, or the Advising Centre.
TRANSFER

Full information on transfer of specific courses is available from the Registrar's Office, Advising, or in the pertinent instructional division.

The BC Transfer Guide is available online at www.bctransferguide.ca. Students are urged to consult the online transfer guide when establishing their programs of study.

Transfer to Other Institutions

The Arts and Science Divisions maintain transferability of their courses with other post-secondary institutions. Capilano’s representatives meet regularly with those of other institutions to ensure that Capilano’s first and second year courses are fully transferable as university courses.

Transfer from Other Institutions

There is agreement among all public B.C. colleges to accept each other's credits upon transfer, if applicable to a program given in the admitting college, and given suitable equivalency. Capilano College reserves the right to review individual course credit.

Transfer credits are granted to students on admission for acceptable work done at other institutions; the transfer credits reduce the total number of credits which are required at Capilano College for a certificate, diploma, or Associate Degree. Students wishing transfer credit should present suitable documentation to the Registrar's Office for adjudication by the appropriate faculty. All approved transfer credits are noted on the student’s permanent student record.

University Transfer Course Descriptions

Full descriptions of all university transfer courses can be found in the alphabetical listings in the course description section of this calendar. Students are urged to carefully read the general discipline information included in each section. Students are responsible for being familiar with the special information needed to select university transfer courses.

COURSE SELECTION AND ADVISING

Advising and Counselling departments can assist students in selecting the best program of studies. The final responsibility for course selection, however, rests with students. All university transfer students are advised to see an advisor or a counsellor to plan their courses of study.

REQUIREMENTS

English Entrance Requirements

Students who wish to enrol in English courses must write a placement test BEFORE REGISTERING IN ANY ENGLISH COURSE if they do not satisfy the prerequisite requirements.

See the Registration section of this calendar for information about the English Diagnostic Test (EDT).

Math Entrance Requirements

Students wanting to enrol in MATH 091, 096, 101, 105, 107, 108, 116, 124 or 190 must write a placement test if they do not satisfy the prerequisite requirements for these courses.
Please refer to the Mathematics section of the calendar for the direct entry and placement test requirements for each of these courses.

See the Registration section of this calendar for information about the Math Placement Test (MPT).

**Lab/Course Relationship**

Many courses require that students complete a lab and/or tutorial. Students should ensure that they are aware of lab/tutorial requirements and the timetable for these components. Students should note that it is necessary to pass both labs and lectures to receive credit for the course.

The cost of the lab is included in the tuition fee, except for lab manuals and some field trip costs.

**REGISTRATION PRIORITY**

Registration priority will be determined by the student's previous term GPA or, if entering from high school, the high school GPA or, if transferring from a post-secondary institution, the last term's GPA.

**Interdisciplinary Studies**

**WOMEN’S STUDIES PROGRAM**

A Women's Studies program, consisting of a variety of university transfer credit, college credit and credit-free courses, has been developed at Capilano College. These courses are taught from a perspective and with a methodology developed within Women's Studies.

In addition to the Women's Studies program courses, there are career and university transfer courses in other disciplines of special interest to women.

**BRITISH COLUMBIA STUDIES PROGRAM**

The specialization of British Columbia Studies with the Associate of Arts degree provides students with an understanding of British Columbia from a wide variety of analytical viewpoints. Students will have the opportunity to examine the province from the perspectives of art history, cultures and society, environment and geography, history and politics, and linguistics and literature. BC Studies also has a strong First Nations component. For more information, see the BC Studies section in this calendar.

**CANADIAN STUDIES SPECIALTY**

Students who wish to concentrate their studies on Canadian content courses can choose courses from the list below. All courses (except some Labour Studies courses) hold full transfer credit and transfer into the Canadian Studies program at SFU. To qualify for a Canadian Studies Specialty, complete a Capilano College diploma with at least 24 credits from the following list. Choose these credits from courses in at least three different departments. Of the 24 credits you choose, at least six must be numbered 200 or above. For a Canadian Studies Specialty to be applied to a General Studies Diploma, an English or Communications course is required.

Courses which can be taken towards a Canadian Studies specialty are listed below. Please check the timetable each term for course offerings.

- ANTH 204, 205, 206, 208
• BIOL 105, 204, 205
• ENGL 203
• FREN 270, 271
• GEOG 106, 108
• GEOL 111
• HIST 110, 111, 205, 208, 209
• POL 104, 202, 204, 208
• SOC 200, 201

Course descriptions appear under the appropriate discipline.

Apply to the Registrar's Office to have the Canadian Studies Specialty added to your diploma at the time of graduation.

WRITING ACROSS THE CURRICULUM

English courses are occasionally paired with other courses such as Philosophy or Theatre. Instruction in the two courses will be coordinated with the writing assignments in the English course growing out of the content of the other course. Students will receive the full three credits for both courses and will benefit from having two of their subjects connected with each other. Students who enrol in one part of the pair must also enrol in the other part of the pair. Consult the online timetable to see if any sections are paired this year.

PURE AND APPLIED SCIENCES

The following options are available from a wide range of options in the Faculty of Pure and Applied Sciences.

i. Non-Science Students

Students planning to continue studies at a university are advised to consider the following courses to fulfil their science requirement. It should be noted that transfer credit for a number of these courses is limited to non-science students. Students should refer to individual discipline areas in this calendar.

• ASTR 106, 107
• BIOL 104, 105, 112, 113
• CHEM 101, 130
• COMP 101, 106, 107, 165
• GEOG 112, 114
• GEOL 110, 111
• MATH 101, 102, 105, 107, 108, 109, 190
• PHYS 104

Please check the prerequisites given in the individual course descriptions.

Note

BIOL 104 and CHEM 030 may fulfil biology and chemistry entrance requirements for the Nursing program at BCIT. BIOL 104/113 also are equivalent to first year human anatomy and physiology in many nursing programs. (See the online B.C. Transfer Guide at www.bctransferguide.ca)

ii. Science Students

Capilano College's Faculty of Pure and Applied Sciences offers first and second year university transfer programs in biology, chemistry, computing science*, mathematics & statistics, and physics*, and first
year university transfer programs in engineering, geology and kinesiology. In addition, the Faculty of Pure and Applied Sciences offers science transfer requirements in the following: pre-medicine, pre-veterinary, pre-dentistry, oceanography, forestry, agriculture, pharmacy, home economics, rehabilitation medicine, and dental hygiene.

**Note**

* Second-year courses in computing science and physics are only offered based on demand.

iii. **Engineering**

   a. **First Year Engineering Transfer Program**

      Modelled after UBC’s, Capilano College offers a comprehensive first year university transfer program in engineering. Students who successfully complete this program are eligible to apply for transfer into second year engineering at either UBC, SFU or UVic.

   b. **Engineering Transition Program**

      This two-year program was developed to give mature students an opportunity to obtain an applied science degree, and subsequently, to become professional engineers. However, the program will also cater to recent high school student graduates who aspire to become engineers but lack the prerequisites for entry into a traditional engineering transfer program. Satisfactory completion of this program will guarantee Capilano College students a clean transfer to second year engineering at UBC, and once there will ensure them a reduced second year workload.

iv. **Kinesiology Program**

    Capilano College offers a first year university transfer program in kinesiology designed for students planning to transfer to the Kinesiology Program at SFU for their second year. For additional information, consult the Kinesiology program section of this Calendar.

**POST-BACCALAUREATE DIPLOMA PROGRAMS**

i. **Environmental Science and Management Programs (not offered 2008-2009)**

    Capilano College has offered post-baccalaureate programs in environmental science and management for students who have already completed a degree in science or engineering and who are interested in further practical studies in environmental fields. For more information, refer to the Environmental Science programs in this calendar.

ii. **McRae Institute of International Management (not offered 2008-2009)**

    The McRae Institute of International Management is a centre of excellence preparing global leaders to excel in business, non-profit and government sectors. Students accepted into the McRae International Management Graduate Program choose to major in either the Asia Pacific Region or the Latin America Region. For additional information, refer to the McRae Institute in the Post-Graduate section of this Calendar.
Anthropology

GENERAL INFORMATION

Anthropology is the study of humankind, offering views on the human condition from evolutionary and comparative perspectives. By developing an understanding and appreciation of cultural and biological diversity, courses in anthropology should be beneficial to all students. Students who have career aspirations as anthropologists may find work in teaching, research, or museum studies. They may also work as consultants to governments, corporations, and native groups.

Major branches of anthropology are social anthropology, archaeology, and biological anthropology. Students intending to take third and fourth year courses in any of these branches at UBC should take ANTH 121, 123, 124 and 200. Students intending on taking second, third and fourth year courses in archaeology or biological anthropology at SFU should take ANTH 123 and 124, and those intending on taking third and fourth year courses in social anthropology at SFU should take ANTH 121.

For more information, please see www.capcollege.bc.ca/programs/anthropology

UNIVERSITY TRANSFER CREDIT

Anthropology courses at Capilano transfer to SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

CONCENTRATION IN ART HISTORY

To qualify for an art history concentration, students must complete an Associate of Arts Degree, including all six courses from List A below, and at least two courses from List B.

List A (Choose all).  AHIS 100, AHIS 101, AHIS 106, AHIS 107, AHIS 210, AHIS 211

List B (Choose two).  AHIS 104, AHIS 105, AHIS 109, AHIS 215, AHIS 220, AHIS 221, AHIS 231, AHIS 232

The role played by images and objects in constructions and perceptions of reality are both powerful and profound. This art history concentration within the Associate of Arts degree will provide students with a broad knowledge of art history and will cultivate a critical visual awareness with which to view the art and visual culture of both past and present.

Because the nature of art history is interdisciplinary, it draws not only from aesthetics and history, but also from religion, philosophy, politics, museum and culture studies, media and film studies, feminism and women's studies, and discourses on technology, thus giving students an understanding of the interconnectedness of cultural expressions that will be of value whether they enter the work force or continue on in academic studies.

The course requirements for this concentration include two first year chronological surveys, one that emphasizes the western European perspective and the other the art of the Americas, Africa, India, China, and Japan. This is in addition to the second year offering of a critical approach to the study of art in Europe and North America from the Enlightenment to the 21st century. Electives range in the first year from courses in the Introduction to Visual Culture to Women and Art, and in the second year, from the History of Textiles to Italian Renaissance Art and the Art of Technology.

Apply to the Registrar's Office to have the concentration in art history added to your Associate of Arts Degree at the time of graduation.

### Astronomy

### GENERAL INFORMATION

Astronomy is the branch of physics that studies celestial bodies and the universe as a whole. Two first-year university-level courses are offered, ASTR106 (without lab) and ASTR 107 (with lab). These are particularly suitable for meeting the Science and Lab Science requirements of various programs.

For more information, please see [www.capcollege.bc.ca/prog/programs/physics](http://www.capcollege.bc.ca/prog/programs/physics)

### UNIVERSITY TRANSFER CREDIT

Both courses are transferable to BC universities. Please refer to the online BC Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for detailed information.

British Columbia Studies

GENERAL INFORMATION

The Associate of Arts degree - British Columbia Studies concentration provides students with an understanding of British Columbia from a wide variety of analytical viewpoints. Students will have the opportunity to examine the province from the perspectives of art history, cultures and society, environments and geography, history and politics, and linguistics and literature. There is also a strong First Nations component.

This concentration is designed to stand alone as an Associate of Arts degree, or to facilitate transfer to four-year bachelor programs at other post-secondary institutions.

Some universities grant full transfer credit (60 credits) and may grant priority admission for associate degree holders.

Completing an Associate degree in Arts or Science guarantees 60 university transfer credits towards a Bachelor of Arts or Science degree at B.C. universities - if you select your courses wisely, this is the equivalent of completing your first two years of study.

Successful completion of the Associate of Arts degree with a B.C. Studies concentration offers students the potential to pursue further post-secondary education in the field of Canadian studies.
This Associate of Arts degree is also useful to students interested in pursuing elementary teacher education as it includes courses in Canadian history, Canadian geography, English, mathematics and laboratory science.

For more information, please see [www.capcollege.bc.ca/programs/bc-studies](http://www.capcollege.bc.ca/programs/bc-studies)

### Biology

### GENERAL INFORMATION

Capilano College Biology Department offers courses to meet a variety of educational needs. The BIOL 104/105 and 104/113 sequences meet the laboratory science requirements for Arts students as well as general interest biology courses. BIOL 104/113 also are equivalent to first year human anatomy and physiology in many Human Health Science programs. (See online B.C. Transfer Guide at www.bctransferguide.ca.)

Students planning a major in biology or another life science, such as botany, cell biology, ecology, genetics, marine biology, microbiology, physiology, oceanography or zoology, should enrol in BIOL 106/107 or 110, and BIOL 111.
Students lacking a C+ in Biology 12 (or BBIO 042) or Biology 104 and/or Chemistry 11 should enrol in BIOL 106/107 rather than BIOL 110.

A complete selection of second year courses is available which meet the credit transfer requirements of all B.C. universities. Some of these courses may be included in the requirements for pre-professional programs, and for specific life science programs. Students who intend to enter professions such as agriculture, dentistry, medicine and pharmacy should consult the institutions offering the programs to determine the specific biology and other courses they require *. Not all second year courses are offered each year*. Students may also earn an Associate of Science Degree with a concentration in biology. For more information, see Associate Degrees in Arts and Sciences: General Information.

All biology courses except BIOL 200 and BIOL 206 require weekly laboratory periods and/or field trips. Lab manuals for those courses requiring them must be purchased. Some courses have field trips which have extra costs associated with them. Some courses may have material costs associated with them.

For more information, please see www.capcollege.bc.ca/programs/biology

*For course offerings in the Fall 2008; Spring 2009; Fall 2009, Spring 2010 refer to above website.

**UNIVERSITY TRANSFER CREDIT**

All biology courses transfer to B.C. universities. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

- CHEM 110/111
- PHYS 114/115 or 110/111 or 104/114
- MATH 116 and 126
- English (six credits)

Second Year

A complete selection of second year courses which are transferable to all B.C. universities is available. Consult the Biology Department for the specific requirements to transfer into third year at the university of your choice.

Chemistry

GENERAL INFORMATION

All chemistry courses include weekly three-hour laboratory periods unless otherwise stated. The cost of the labs is included in the course tuition fee except for lab manuals and safety glasses. Students in second year labs must also have their own lab coats. Students are required to attend their first lab session or risk losing their seat in the course. Students may also earn an Associate of Science Degree with a specialization in chemistry. For more information, see Associate Degrees in Arts and Sciences: General Information or http://courses.capcollege.bc.ca/chem

UNIVERSITY TRANSFER CREDIT

Most chemistry courses carry transfer credit to B.C. universities. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.
ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

UNIVERSITY TRANSFER PROGRAM IN CHEMISTRY

First Year

• CHEM 110/111
• PHYS 110/111 or 114/115
• MATH 116 and 126
• English (six credits)
• Elective (six credits)

Second Year

• CHEM 200/201
• Two of: CHEM 204, CHEM 205 or CHEM 206
• MATH 200 and 230
• Electives

Note

Students planning to pursue a major or honours program in chemistry should consult a faculty member as requirements differ with individual universities.

Chinese

GENERAL INFORMATION

All university transfer courses in Mandarin Chinese consist weekly of four hours of instruction plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (involving approximately 45 minutes).

Students with a competence in the language beyond the level of the course in which they are registered will be required to withdraw. For example, native speakers of Mandarin and/or other Chinese dialects and those who have taken Mandarin courses in high school are not allowed in the first year courses. Students with some knowledge of Chinese must consult with the instructor for placement. University rules governing such students differ within departments, but the Languages department has correspondence dealing with matters relevant to credit transfer and point of entry. In order to avoid misunderstanding, students are invited to discuss these problems with the department prior to enrolment.

Students who are not sure of their language level must consult the instructor.

For more information, please see www.capcollege.bc.ca/programs/languages/chinese

UNIVERSITY TRANSFER CREDIT

All Chinese courses at Capilano College transfer to post-secondary institutions in British Columbia. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Commerce

GENERAL INFORMATION
Capilano offers a two-year transfer package to UBC consisting of Year 1 and Year 2 as follows:

Year 1

Admission Requirements for University Transfer Programs
British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

Admission/Application Notes
Students do not need to apply to the Commerce department to enter the first year. Students interested in entering the Commerce program in Year 2 must ensure that the following courses are taken in Year 1:

a. ECON 111 and 112;
b. ENGL 100 (minimum grade of C);
c. MATH 108
d. Electives: six university transfer courses (18 credits);

• Students are encouraged to take an additional English course (103, 104, 105 or 106) as one of the electives mentioned below.

• the prerequisite to MATH 108 is the Math Placement Test (MPT) OR completion in the past year of Math 12 with a B grade or better, or MATH 105, MATH 107 or BMTH 054 with at least a C- grade.

• Students not ready for MATH 108 will take MATH 107, followed by MATH 108. Students not ready for MATH 107 should see an advisor at the College’s Advising Centre to plan a preparatory year.

• Certain majors at UBC recommend MATH 109 as one of the electives mentioned above.

• Math 107 does not transfer to UBC so cannot be used as an elective.

Note
MATH 116 may be substituted for MATH 108, but is oriented more toward science than business;

• Students should NOT take MATH 101 or 102, or any business courses as electives mentioned above.
Year 2

Upon completion of Year 1, students must apply for admission to the Commerce program by completing a Commerce Program Application which can be obtained online or from the Faculty of Social Sciences and applying for admission/re-admission to the College. There are 35 seats available in Year 2 and preference is given to students with the best Year 1 records who want to take the entire Year 2 program with the intention of transferring to UBC. Applications to the Commerce program should be made immediately in late spring once the Year 1 courses are complete and grades received. Students who wait until late summer may find that all spaces have been filled.

In the fall term students admitted to Year 2 take:

COMM 290, COMM 292, COMM 293, ECON 207 and one university transfer elective.

A fall term Grade Point Average (GPA) of 2.67 with no grade below C- must be achieved to continue into the spring term, when the following courses are taken:

COMM 291, COMM 294, COMM 298, COMM 392 and one university transfer elective.

For further information contact the Commerce Convener in Social Sciences at 604.984.4953, or see www.capcollege.bc.ca/programs/commerce

COMMERCE (COMM) COURSES

| COMM 290 | Quantitative Methods for Business |
| COMM 291 | Applications of Statistics in Business |
| COMM 292 | Principles of Organizational Behaviour |
| COMM 293 | Financial Accounting |
| COMM 294 | Managerial Accounting |
| COMM 298 | Introduction to Finance |
| COMM 392 | Labour Relations |

TRANSFER TO UNIVERSITY OF BRITISH COLUMBIA

In recent years UBC admitted into Year 3 all students who completed Capilano College’s Year 2 program (in one year) with a GPA in Year 2 of at least 3.2 or higher.

TRANSFER TO SIMON FRASER UNIVERSITY OR UNIVERSITY OF VICTORIA

Some courses in the UBC transfer package do not transfer to SFU or UVic. Students wishing to transfer to either of these institutions are, therefore, strongly urged to consult an advisor in the Advising Centre to determine an alternative course of action.

Computing Science

GENERAL INFORMATION

The Computing Science Department offers computing science courses at the first-year and second-year university level. Students may obtain a Diploma in Computing Science or an Associate of Science Degree with a concentration in Computing Science. Students enrolled in these courses have excellent access to the College’s computing facilities. Students planning to major in computing science will take COMP 121/126/202 to satisfy the first year computing science course requirements. Non-computing science majors seeking an introduction to computers and programming normally take COMP 101, COMP 106, COMP 107, or COMP 165.

Computing courses are continuously being updated. Please contact the Computing Science Department for current course offerings and transfer status, or see www.capcollege.bc.ca/programs/computing-science

University Transfer Credit

Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Restricted Sections

From time to time the Computing Science Department may find it necessary to restrict enrolment in certain courses due to limited resources and/or high demand for its courses. The criteria for enrolment in these courses may be more stringent than the prerequisites listed in this Calendar, and enrolment may be restricted to students who have not already attempted the course or an equivalent course. Under such circumstances the enrolment criteria will be made known prior to the registration period.

Prerequisites

The Computing Science Department requires at least a C- grade in a prerequisite before allowing a student to proceed with a subsequent course. Students should note that while a C- is the minimum required to proceed, a better grade is recommended to ensure the best chance of success in the subsequent course and a satisfactory GPA for transfer to a university.

Students will not be allowed to retake a prerequisite once they have completed a subsequent course with a C- grade or better.
COMPUTING SCIENCE (COMP) COURSES

COMP 101 Computers and their Application
COMP 106 Programming with Robots
COMP 107 Animated 3D Game Programming
COMP 120 Computer Science for Engineers
COMP 121 Fundamentals of Programming
COMP 126 Principles of Software Design
COMP 134 Programming in Java
COMP 165 Introduction to Multimedia and the Internet
COMP 202 Foundations of Computer Science
COMP 210 Data Structures and Abstraction
COMP 211 Computer Design and Architecture I
COMP 212 Computer Design and Architecture II
COMP 213 Introduction to Software Engineering

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

ASSOCIATE OF SCIENCE DEGREE - COMPUTING SCIENCE CONCENTRATION

Second year Computing Science courses not offered in 2008/2009. Students who intend to transfer to a university for a BSc Computing Science must ensure that their Science, Arts and General Electives are chosen according to the requirements of the university's degree program. Students are strongly encouraged to take a course in technical writing, CMNS 250. Please see Classification of Subjects for Associate Degrees in the College Calendar for clarification of Arts, Humanities, Social Science and Science electives.

**DIPLOMA IN COMPUTING SCIENCE**

Capilano College offers formal recognition for the completion of a certain set of courses in Computing Science. The Diploma in Computing Science provides both part-time and full-time students an opportunity to obtain an understanding of the fundamentals of computers and programming, enabling students to secure many of today’s computing career opportunities.

### Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- A minimum grade point average of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses.
English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

Diploma in the Computing Science Program

Second year Computing Science courses not offered in 2008/2009. Students who intend to transfer to a university for a BSc Computing Science must ensure that their Science, Arts and General Electives are chosen according to the requirements of the university's degree program. Students are strongly encouraged to take a course in technical writing, CMNS 250. Please see Classification of Subjects for Associate Degrees in the College Calendar for clarification of Arts, Humanities, Social Science and Science electives.

Please Note

- The remaining credits must be made up of courses that transfer to at least one of the following universities: UBC, SFU, UVic, UNBC.
- Those with equivalent electives or experience may have the CMNS 250 requirement waived.
- Students will not be allowed to take a prerequisite course for credit towards the diploma once they have completed a subsequent course with a C- or better grade.
- Students transferring credits from another institution may not accumulate transfer credits for any second year courses in Computing Science towards the diploma.
- Computing courses that are older than three years may not be used for credits towards the diploma.

Criminology

GENERAL INFORMATION
Criminology is the study of all aspects of crime from an interdisciplinary and integrative approach. The goal of criminology is to reveal the complexities of criminal behaviour and society's reaction to crime. Criminology also offers both theoretical and practical knowledge of the Canadian criminal justice system.

CRIM 101 transfers to SFU, UBC, UVic and UNBC. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

For more information, please see www.capcollege.bc.ca/programs/criminology

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS
British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

Creative Writing

ASSOCIATE OF ARTS DEGREE - CREATIVE WRITING
Creative writing involves the study and production of literary and non-literary texts through focused experimentation with language. Proceeding from the idea that good writing is produced at the intersection
of expansive reading, informed critical thinking, and participation in a vibrant writing community, the Associate of Arts degree in Creative Writing combines instruction and practice in both creative and critical writing, hosts a literary readings series, supports a student magazine (*The Liar*), and provides internships, scholarships, bursaries, and awards.

Students in the first year of the concentration work in several genres (poetry, fiction, drama, screenwriting, mixed-genre, and new media). At the second-year level, students are expected to focus on poetry, fiction and/or children's literature. Students at all levels are encouraged to develop their work to the point where it would become acceptable for publication.

While the Associate of Arts degree in Creative Writing is designed to stand on its own, students who complete the program will obtain first and second-year transfer credit in both English and Creative Writing, allowing them to major or minor in either subject should they decide to transfer to university.

For more information, please see [www.capcollege.bc.ca/programs/creative-writing](http://www.capcollege.bc.ca/programs/creative-writing)

CulultureNet

GENERAL INFORMATION

CultureNet is a two-year multidisciplinary program designed for students interested in examining contemporary culture with a particular interest in how people interact with technology.

The rapid introduction of new technologies is making us rethink how we communicate and share knowledge. What impact does this have on society? How is it reshaping our economies, citizenship, politics, communication, language, education, arts and culture?

These questions are explored through a series of courses in anthropology, art history, communications, computing science, English, geography, philosophy, psychology and sociology.

Through a series of courses each term, students explore contemporary and historical issues related to the production and distribution of culture, including film, music, and new media, information and knowledge through hands-on workshops and guest lecturers, such as David Repa - FreeGeek coordinator - and Michael Tippett - founder of NowPublic.

Program Overview

- two-year interdisciplinary program in the Arts and Social Sciences
- integrated course work in Anthropology, Art History, Communications, Computing Science, English, Geography, Philosophy, Psychology and Sociology
- thematic focus: culture and technology/contemporary culture
- small discussion-based classes
- complete first two-years of an undergraduate degree

The program is delivered by faculty and guest lecturers active in the arts, culture industries, education, information technology, and new media. Students will participate in current debates on the relationship between culture and technology while exploring future career and/or study options.

For more information, please see www.capcollege.bc.ca/programs/culturenet.

**Economics**

**GENERAL INFORMATION**

Economics is the social science concerned with the allocation of scarce resources and the production, distribution and consumption of goods and services.

ECON 100 is an introductory course which raises and explores the kinds of issues that economists deal with. It therefore serves both as a survey course for those students planning to major in other areas of the social sciences and as an introduction to the discipline for those who are undecided about their future plans.

Students who plan to major in economics must complete ECON 111 and 112 before proceeding to second year courses at the College or the universities. Students who plan to major in economics at SFU are also advised to complete their second year economics requirements from ECON 210, 211, 212, 250, 252, 255,
290 or 291. ECON 250 and 252 are designed both for students majoring in economics and for other second year social science students who need economic history courses to complement their studies, e.g. political studies. Students who plan to enter the Commerce program must take ECON 111 and 112 in their first year.

For more information, please see www.capcollege.bc.ca/programs/economics

UNIVERSITY TRANSFER CREDIT

Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for transferability to other B.C. institutions.

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

GENERAL INFORMATION

Capilano College is recognized provincially for producing high-quality engineering transfer students. The engineering transfer programs at Capilano are multidisciplinary, integrating the areas of chemistry, computing science, mathematics and physics through lectures, tutorial workshops, laboratories and hands-on projects. Seminars featuring invited speakers from other academic institutions, as well as from industry, are also used to complement the learning environment. Specifically Capilano College offers two engineering transfer programs: (i) the First-Year Engineering Program and (ii) the Engineering Transition Program. Since both programs are university transferable, the subsequent completion of the Bachelor's degree at the receiving institution generally requires only three additional years of study.

For more information, please see www.capcollege.bc.ca/programs/engineering

FEES AND EXPENSES

Please see the Fees and Fee Payment section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see Financial Aid and Awards.

ENGINEERING (APPLIED SCIENCE) (APSC) COURSES

- **APSC 120** Introduction to Engineering
- **APSC 160** Engineering Design

FIRST YEAR ENGINEERING PROGRAM

The First-Year Engineering Program at Capilano College, which is modelled after the one at the University of British Columbia, provides students with a comprehensive first-year university transfer program in engineering. The program is aimed at strong academic high school graduates and highly motivated post secondary science transfer students.

University Transfer

University of British Columbia (UBC)

Students who complete the First-Year Engineering Program are guaranteed admission to second-year engineering at UBC provided they have obtained a cumulative grade point average of at least 2.5 (approximately 67% average). Students who transfer into the program from a science stream must complete all of the courses in the first-year core program to be considered engineering transfer students when they go to UBC. Please consult the UBC Calendar or the UBC website for more detailed information.
Simon Fraser University (SFU)

Students who complete the First-Year Engineering Program with a cumulative grade point average of at least 2.7 (approximately 70% average) will be eligible for admission to second-year engineering at SFU. Please consult the SFU Calendar or the SFU website for more detailed information.

University of Victoria (UVic)

Students who complete the First-Year Engineering Program with a cumulative grade point average of 3.0 (approximately 75% average) or better will be eligible for admission to second-year engineering at UVic. Please consult the UVic Calendar or the UVic website for more detailed information.

Admission/Application Notes

General

To apply for admission to the First-Year Engineering Program, students must complete the College's Application for Admission form with Engineering as their program of choice. This can be done in person or online. This form, together with official transcripts and other pertinent documents should be received by the Registrar's Office before the end of April. With the exception of current Capilano College students, entry to the program is limited to the fall term (see Admission in the Spring Term for more information). It is important to note that to be eligible for the First-Year Engineering Program the general admission requirements for the College must be satisfied (Please see the Admission section of the Capilano College Calendar). Enrollment is limited to 35 students, and students are selected on the basis of their academic record. Students who apply to the program after April risk having their applications denied due to a lack of available space.

Qualified candidates are notified of their acceptance into the First-Year Engineering Program by mail. Acceptance begins in May, and continues through June. If you have not heard directly from us by July 1st, it indicates that your application has been reviewed and you have been placed on a waiting list. Depending on the number of applicants who accept or decline, additional offers will be made in August. Students must reply to the acceptance letter by a deadline, submitting a non-refundable deposit, to ensure a seat in the program.

Note

Students may be required to achieve an acceptable grade in a diagnostic test before enrolling in some courses in the First-Year Engineering Program (e.g. Language Proficiency Index (LPI) Test or English Diagnostic Test (EDT) for ENGL 100, Math Placement Test (MPT) for MATH 116). Please see the relevant sections of the Capilano College Calendar or the appropriate department website for details. Prospective students are encouraged to take these tests early to avoid delays in acceptance and/or registration.

Admission from Secondary School

Please see the admission requirements below. In addition, high school students are encouraged to graduate with Calculus 12 and at least one tech course if they intend to study engineering.

Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- A minimum grade of B in Math 12, Chemistry 12 and Physics 12 and a minimum grade of C- in English 12.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560.
computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

**Admission from First Year Science**

Students may apply for admission to the First-year Engineering Program after completion of some or all of first-year science. A minimum 2.5 GPA in courses, which transfer as part of the program, is required to be eligible. First-year science transfer students would typically take a mix of first-year engineering and second-year science courses.

**Admission as Mature Student**

Students who have been out of school for a number of years and those who wish to begin their studies towards an engineering degree are encouraged to apply for the Engineering Transition Program (see the relevant section of the Engineering website or the Capilano College Calendar).

**Admission in the Spring Term**

A limited number of places in the First-Year Engineering Program are available for the spring term. These places are reserved for Capilano College students who have successfully completed MATH 116, PHYS 114, CHEM 110 and COMP 120, usually in the previous fall term, with a minimum GPA of 2.5 as calculated from these courses. With the completion of the engineering courses it is possible for the spring entrant to complete the First-Year Engineering Program before the following fall term.

**Advancement in the First-Year Engineering Program**

Any student whose Fall term GPA is below 1.8 in the core courses of the First-Year Engineering program, or who has failed to achieve the necessary prerequisite for Math 126 by the end of the Fall term will normally be required to withdraw from the First-Year Engineering program.

**Scholarships**

A number of scholarships administered by the College are available to engineering students. These include, but are not limited to, the following: Capilano Excellence Scholarships, Capilano Achievement Awards, the Eliza Kuttner Memorial Award, Jack Edson Scholarship, and the Dr. Fiorenza Albert-Howard Scholarship. For further information concerning these awards, please contact the [Financial Aid Office](#).

ENGINEERING TRANSITION PROGRAM

The primary objective of the Engineering Transition Program is to give mature students an opportunity to obtain an applied science degree, and subsequently, to become professional engineers. However, the program will also cater to recent high school graduates who aspire to become engineers but lack the prerequisites for entry into a traditional engineering transfer program.

University Transfer

University of British Columbia (UBC)

The Engineering Transition Program was constructed for transfer to UBC. Completion of this two-year academic program with a cumulative grade point average of 2.7 or better (approximately 70% average) will not only guarantee Capilano College students a clean transfer to second year engineering at UBC, but once there, will also ensure them a reduced second year workload. Please consult the UBC Calendar or the UBC website for more detailed information.

Simon Fraser University (SFU)

Students who complete the Engineering Transition Program may be eligible for admission to second-year engineering at SFU. Please consult the SFU Calendar or the SFU website for more detailed information.

University of Victoria (UVic)

Students who complete the Engineering Transition Program may be eligible for admission to second-year engineering at UVic. Please consult the UVic Calendar or the UVic website for more detailed information.

Admission/Application Notes

General

To apply for admission to the Engineering Transition Program, students must complete the College's Application for Admission form with Engineering Transition as their program of choice. This can be done in person or online. This form, together with official transcripts and other pertinent documents should be received by the Registrar's Office before the end of April. Entry to the program is limited to the fall term. Please note that to be eligible for the Engineering Transition Program the general admission requirements for the College must be satisfied. Please see the Admission section of the Capilano College Calendar for additional information. Enrolment is limited to 35 students, and students are selected on the basis of their academic merits and any relevant work experience. Students who apply to the program after April risk having their applications denied due to a lack of available spaces.

Qualified candidates are notified of their acceptance into the Engineering Transition Program by mail. Acceptance begins in May, and continues through June. If you have not heard directly from us by July 1st, it indicates that your application has been reviewed and you have been placed on a waiting list. Depending on the number of applicants who accept or decline, additional offers will be made in August. Students must reply to the acceptance letter by a deadline, submitting a non-refundable deposit, to ensure a seat in the program.
Note

Students may be required to achieve an acceptable grade in a diagnostic test before enrolling in some courses in the Engineering Transition Program (e.g., Language Proficiency Index (LPI) Test or English Diagnostic Test (EDT) for ENGL 100, Math Placement Test (MPT) for MATH 105 or MATH 116). Please see the relevant sections of the Capilano College Calendar or the appropriate department website for details. Prospective students are encouraged to take these tests early to avoid delays in acceptance and/or registration.

Admission as a Mature Student

Students who have been out of school for at least two years and who wish to begin their studies towards an engineering degree are strongly encouraged to apply. It is expected that mature students successfully admitted into the Engineering Transition Program will have an aptitude for math and science.

Admission from Secondary School

To be eligible to enter the Engineering Transition Program from secondary school (directly or one year removed) students must have B.C. Grade 12 graduation (or equivalent) with a minimum GPA of 2.0 calculated on English 12, Math 12, and two other academic Grade 12 courses. Preference will be given to students who possess strong math skills (Math 12 grade of B or better) and good grades in Chemistry 11 and Physics 11. High school students are also encouraged to graduate with at least one tech course if they intend to study engineering.

Advancement in the Engineering Transition Program

Any student whose most recent term GPA is below 1.8 in the core courses of the Engineering Transition program, or who has failed to achieve the necessary prerequisite for Math 116 by the end of the Fall term of their first year or who has failed to achieve the necessary prerequisite for Math 126 by the end of the Fall term of the second year, will normally be required to withdraw from the Engineering Transition Program.

English

GENERAL INFORMATION

English Studies at Capilano College provide a valuable introduction to the many diverse literatures, languages and cultures that constitute our world. The wide selection of courses and resources available reflect the variety of programs and professional degrees that English as a creditable discipline can facilitate. Presenting students with the principles and techniques of university-level writing and reading, English study remains fundamental to an array of opportunities and professional goals including freelance writing, teaching, publishing, law, art, social work, and business, among many others.

For more information, please see www.capcollege.bc.ca/prog/ams/english

UNIVERSITY TRANSFER CREDIT

All English courses (except for ENGL 010) transfer to British Columbia universities. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

For first-year English transfer credit to the universities, students must take two courses of:

ENGL 100, 103, 104, 105, 106, or 107.

For second-year English transfer credit to the universities, English majors should take English 200/201; all other second year students can take any two second-year level English courses.

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

ASSOCIATE OF ARTS DEGREE - ENGLISH CONCENTRATION

The Associate of Arts Degree with a Concentration in English offers small, discussion-oriented classes where students have the opportunity to think critically about English literature written in traditional and experimental modes, in a wide variety of genres and in the context of contemporary issues. Their reading could include Chuck Palahniuk’s Fight Club, Mary Shelley’s Frankenstein, George Bowering’s Changing on the Fly, Kathy Acker’s My Mother: Demonology, Michael Ondaatje’s The English Patient, and much more. The concentration is designed to stand alone as a two-year Associate of Arts degree or to facilitate transfer to an minor or major in English at a British Columbia university.

ENGLISH AS A SECOND LANGUAGE

See listing in the Preparatory Programs section.

WRITING CENTRE

All students registered at the College may come to the Writing Centre for advice on work in progress or help with writing problems. The Centre is not a proofreading service, but aims to help students develop their writing ability.

The Centre also offers resources for writing: quiet space, a collection of reference books, handout sheets and exercises, and computers with word processing, outlining, and editing programs.

The Writing Centre is located in Fir building, room 402. It is staffed by faculty members from the English, ESL, and ABE departments. Hours of operation are posted.

Environmental Science

GENERAL INFORMATION

The Environmental Science programs are designed to provide students with knowledge and experience in the professional application of their science background to real-world environmental problems. One of its central features is a “project orientation” carrying out real-world projects in their classes, wherever possible, which permit them to link factual material from lectures with results from their own research, all delivered to their instructors, outside experts, and colleagues in formal “professional” presentations. The programs also help students develop professional skills applicable to a wide range of environmental careers.

APPLIED ENVIRONMENTAL SCIENCE POST GRADUATE CERTIFICATE PROGRAM (NOT OFFERED 2008-2009)

French

GENERAL INFORMATION

All courses in French, except French 215, consist weekly of four hours of instruction plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (involving approximately 45 minutes). Students with a competence in the language beyond the level of the course in which they are registered will be required to withdraw. Students with an enhanced speaking ability should register in FREN 180 or 181 or in FREN 270 or 271. Students who are not sure of their language level should contact an instructor. There are no course challenges permitted in French.

Geography

GENERAL INFORMATION

Geography courses are offered for students who are interested in pursuing a career in geography as well as for those students desiring both Arts and Science electives, or for those who wish to have a better understanding of cultural and physical landscapes. The study of geography opens the doors for men and women in a wide variety of fields including: teaching, urban planning, forestry, resource management, tourism, recreation, economic consulting, mining, fisheries, geographic information systems, meteorology, and map making. The focus of geography is on the environment in which we live. These courses in geography will give you a whole new perspective on the world.

For more information, please see www.capcollege.bc.ca/prog

UNIVERSITY TRANSFER CREDIT

Most geography courses at Capilano transfer to SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Geology

GENERAL INFORMATION

Geology courses are designed for students planning a university degree program in the geological sciences or in the arts, humanities or social sciences. GEOL 110 and 111 are especially appropriate for students in need of a laboratory science. They provide an understanding of the origin, structure, composition and history of the earth.

Courses include weekly laboratory investigations and several local field trips. Lab tuition fees are included in the course fee; however, students must purchase a lab manual and testing kit, and share some field trip costs.

For more information, please see www.capcollege.bc.ca/programs/geology

UNIVERSITY TRANSFER CREDIT

Geology courses at Capilano transfer to SFU, UBC, UNBC and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Global Stewardship

GENERAL INFORMATION

The two-year Global Stewardship program was designed for young people who are interested in pursuing careers in the not-for-profit sector either in Canada or internationally. Students will study world politics, geography, economics, history, languages and literature as a means to understand the global forces at play today. They will also take management courses, and partake in seminars delivered by leaders in the not-for-profit sector in order to hone their leadership, teamwork, communication, budgeting and time management skills. They will also gain hands-on service learning experience volunteering at non-governmental organizations locally or overseas. Graduates will receive an Associate of Arts degree, which is transferable to any university in B.C.

For more information, please see www.capcollege.bc.ca/programs/global-stewardship

Career Opportunities

According to the Voluntary Sector Human Resources Council, nearly 900,000 Canadians work for pay in the voluntary sector, about the same number that work in the construction, mining, and oil and gas industries combined. The number of people working internationally for non-governmental organizations is unknown, but they most certainly number in the millions. Graduates of the Global Stewardship Program enter this network of not-for-profit employees early in their academic career. Those who want to pursue such a career will most certainly go on to complete their bachelor's degree, and possibly a masters in the future. Other graduates of the Global Stewardship Program are pursuing careers in education and international law. Graduates of the Global Stewardship Program are eligible for the paid internship positions supported by CIDA.

ADMISSION REQUIREMENTS

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• A minimum grade point average of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
• Interview
• Letter of intent and letter of recommendation.

HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

History

GENERAL INFORMATION

History teaches an understanding of the past that helps people cope with the present and suggests possibilities for the future. Critical thinking and analysis form the core of this discipline and are essential skills in a rapidly changing society.

Students planning to major in history should take at least four history courses at the College. These can be ANY four courses. An intended major should also have a broad sampling of courses in social sciences and humanities. Students planning to major in history at SFU should take six history courses in the first two years. For UBC the requirement is four history courses. Students planning to take honours should acquire a reading knowledge of an appropriate non-English language.

Students who intend to become teachers may need some Canadian history. If you plan to teach history in British Columbia at the secondary level, you must complete your BA with a major in History according to the requirements of the university you attend. If you plan to teach at the elementary level, the requirements also vary by institution. The education program at SFU requires that you have completed 3 credits in Canadian
history. UBC requires 3 credits in either Canadian history of Canadian geography, plus a further 6 credits in Canadian studies, which may include Canadian history. UVic asks for 6 credits of Canadian history.

For more information, please see www.capcollege.bc.ca/programs/history

UNIVERSITY TRANSFER CREDIT

History courses at Capilano (including WMST 220) transfer to SFU, UBC, UNBC and UVic and count as Humanities credit for the Associate Degree. Please refer to the online B.C. Transfer Guide at www.bcctransferguide.ca for further information.

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

HISTORY (HIST) COURSES

- **HIST 100** History of the Ancient World
- **HIST 102** Europe from the Reformation to the French Revolution
- **HIST 103** Europe in the 19th and 20th Centuries
- **HIST 108** Issues and Themes in U.S. History: 1607-1877
- **HIST 109** Issues and Themes in U.S. History: 1865-Present
- **HIST 110** Canada Before Confederation
- **HIST 111** Canada Since Confederation
- **HIST 115** Introduction to Latin America
- **HIST 205** British Columbia History
- **HIST 207** Europe in the Middle Ages and Renaissance
- **HIST 208** Canadian-American Relations
- **HIST 209** History of the First Nations of Canada
- **HIST 210** Introduction to Japanese History, 1550-1950
- **HIST 225** History of the Second World War
- **HIST 230** World History Since 1500
- **HIST 235** World Civilizations from 1945 to Present

INTERDISCIPLINARY STUDIES

In addition to the courses listed above, there are career and/or university transfer courses in other disciplines of interest:

- **WMST 220** Women and the Past: A Historical Survey

FACULTY

- **R. CAMPBELL** BA (California), MA (UBC), PhD (SFU)
- **D. DUBORD** BA (U of A), MA (UVic)
- **H. JONES** BA (Hons), MA (UBC)
- **N. LUCAS** BA, MA (Sask.)
Human Kinetics

GENERAL INFORMATION

Capilano College offers a two-year Human Kinetics diploma program designed for students planning to transfer to the University of British Columbia for completion of a degree in human kinetics.

This program offers two streams of study. The Exercise Science stream is designed for students interested in developing a body of knowledge primarily in the biological and physical sciences and applying this knowledge to the study of human movement. This will prepare students for specific study in exercise physiology, biomechanics, psycho-motor control, exercise psychology and exercise management.

The Physical Education stream provides a multi-disciplinary program for students interested in becoming physical education teachers, private instructors or pursuing a career in coaching. Varied employment may also be found in recreation centres, seniors' centres, sports clubs, sport associations and sport administration.

For more information, please see www.capcollege.bc.ca/programs/human-kinetics

UNIVERSITY TRANSFER CREDIT

The Capilano College Human Kinetics diploma program is modeled after the degree program offered by the University of British Columbia. Graduates of our program can apply to UBC for entry into third year studies in the Kinesiology and Health Science, Physical and Health Education, or Human Kinetics Interdisciplinary stream.

Several of the courses offered in the Capilano College Human Kinetics program may be transferable to comparable programs of study offered at Simon Fraser University and the University of Victoria. Please refer to the online B.C. Transfer guide at www.bctransferguide.ca for further information.

ADMISSION REQUIREMENTS

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• A minimum grade point average of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment
(ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

- Two letters of reference and a letter of interest giving reasons why the applicant is interested in the study of Human Kinetics and a brief description of career goals. Please specify the Human Kinetics stream of study: Exercise Science or Physical Education.

**ADMISSION/APPLICATION NOTES**

Applications to the program will only be considered for students seeking full-time (minimum 12 credits of study per term) status. Interested students must complete the College’s application for admission form identifying Human Kinetics as their choice of study. A letter of interest giving the reasons why the applicant is interested in the study of Human Kinetics, the chosen stream of study (Exercise Science or Physical Education), a brief description of career goals must accompany the College application form, and two personal letters of reference to be completed by professionals.

The Human Kinetics program is limited to 40 students and it is strongly recommended that students apply to Capilano College before the end of March.

Students selected for the program will be notified by mail.

**Note**

1. Exercise Science students are required to complete 12 credits of first year science courses in three of the following areas: biology, chemistry, math and physics.
2. Students planning to enter the Faculty of Education at UBC should meet with an advisor to plan an appropriate course of study and choose those elective credits which comply with the requirements of the Faculty of Education.

Japanese

GENERAL INFORMATION

All courses in Japanese consist weekly of four hours of instruction plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (taking approximately 45 minutes).

In order to provide for the most appropriate student placement, students with Japanese 9, 10 or Beginners 11 credit should register in JAPN 100; students with Japanese 11 credit should register in JAPN 101, not JAPN 100. Students with Japanese 12 credit with a minimum C grade should register in JAPN 200.

Students who have studied Japanese elsewhere cannot register in JAPN 100. Students with competence in the language beyond the level of the course in which they are registered will be required to withdraw.

The instructor is available for consultation regarding placements. Students who are not sure of their language level should contact kmito@capilanou.ca prior to registration. For more information, please see www.capcollege.bc.ca/prog/programs/languages/japanese

UNIVERSITY TRANSFER CREDIT

All Japanese courses are transferable to post-secondary institutions in British Columbia. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

GENERAL INFORMATION
The Capilano College Department of Kinesiology offers first-year university courses in kinesiology, designed for students planning on transferring to Simon Fraser University for second year for completion of a major or a degree in the subject.

For more information, please see www.capcollege.bc.ca/programs/kinesiology

UNIVERSITY TRANSFER CREDIT
Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Transfers to the University of British Columbia Human Kinetics program
Capilano College kinesiology courses transfer to the UBC Department of Human Kinetics, which offers three streams: (1) Kinesiology and Health Science, (2) Physical and Health Education, and (3) Interdisciplinary Studies in Human Kinetics.

Transfers to the University of Victoria
The University of Victoria Faculty of Education, School of Physical Education, also accepts transfer of kinesiology courses from Capilano College.

Transfers to Simon Fraser University Kinesiology Program
The Kinesiology program at SFU offers three different areas of concentration: (1) Active Health and Rehabilitation Kinesiology, (2) Health and Physiological Sciences, and (3) Human Factors/Ergonomics.

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS
British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

KINESIOLOGY (KIN) COURSES

KIN 142 Introduction to Kinesiology
KIN 143 Exercise Management
**Latin American Studies**

**GENERAL INFORMATION**

The Associate of Arts degree - Latin American Studies concentration provides students with an understanding of Latin America from a wide variety of analytical viewpoints. Students will have the opportunity to examine the province from the perspectives of art history, cultures and society, environments and geography, history and politics, and linguistics and literature.

This concentration is designed to stand alone as an Associate of Arts degree, or to facilitate transfer to four-year bachelor programs at other post-secondary institutions.

Some universities grant full transfer credit (60 credits) and may grant priority admission for associate degree holders.

Completing an Associate degree in Arts or Science guarantees 60 university transfer credits towards a Bachelor of Arts or Science degree at B.C. universities - if you select your courses wisely, this is the equivalent of completing your first two years of study.

This Associate of Arts degree is also useful to students interested in pursuing elementary teacher education as it includes courses in Latin American history, Latin American geography, mathematics and laboratory science.
ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

Linguistics

GENERAL INFORMATION

The Linguistics department offers a range of first-year courses including an introduction to grammatical description and practical phonetics. Second-year courses are offered with First Nations Studies and provide an introduction to the First Nations languages of BC and a course on the distribution of indigenous languages around the world. Students interested in language learning or teaching, speech pathology or cognitive science will find linguistics courses a great start. There are no prerequisites for Linguistics courses, however Linguistics 100 & 102 are recommended for second year courses.

For more information, please see www.capcollege.bc.ca/programs/linguistics

UNIVERSITY TRANSFER CREDIT

LING 100, and 101 transfer to British Columbia universities. LING 102 transfers to SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

Mathematics and Statistics

GENERAL INFORMATION
The Mathematics and Statistics department offers first and second-year university level courses in mathematics and statistics as well as preparatory courses. Students may also earn an Associate of Science Degree with a concentration in mathematics. For more information, see Associate Degrees in Arts and Sciences: General Information or the website www.capcollege.bc.ca/programs/math

ENTRY COURSES
For the prerequisite requirements for each of the following entry courses check the Mathematics Placement Test (MPT) section and the individual course listing.

1. **Preparatory**
   MATH 091 is a one credit course designed for students who need to refresh basic algebra. It serves as a prerequisite for MATH 096 (Intermediate Algebra with Functions), MATH 101 (Introduction to Statistics), and MATH 190 (Mathematics for Elementary School Teachers). MATH 096 is a two credit course that continues the development of algebra and introduces the concept of a function. It is possible to complete both MATH 091 and 096 in a single term. The combined MATH 091/096 is equivalent to Principles of Math 11.

2. **Precalculus**
   MATH 107 is a precalculus course specifically designed for students planning to pursue a business or commerce program, whereas MATH 105 focuses more on scientific applications.

   Although each of MATH 105 and 107 is recognized by post secondary institutions as a Principles of Math 12 equivalent, it is common for students even with Principles of Math 12 completion to take one of these precalculus courses in preparation for calculus. Both 105 and 107 receive individual transfer credit at SFU, UVic and UNBC.

3. **Calculus I**
   MATH 108 is a calculus course designed primarily for students planning to pursue a business or commerce program, whereas MATH 116 is oriented to the sciences. As enrolment permits, separate engineering, life science and physical science streams of MATH 116 will be offered with each stream covering the same core content but emphasizing examples relevant to the associated applications area.

4. **Introductory Statistics**
MATH 101 is an introductory statistics course designed primarily for non-science students wanting to fulfil a science elective requirement. MATH 204 is an introductory statistics course designed primarily for science students who have already completed one term of calculus.

5. **Discrete Mathematics**

MATH 124 is a discrete mathematics course for computing science. A strong mathematics background is recommended for students taking this as an entry course.

6. **Mathematics for Elementary Teachers**

MATH 190 is a course designed for future elementary school teachers. This course is intended to transfer to SFU's MATH 190 and to many university colleges' education programs. This course is not normally available for credit to students in science programs.

**MATH PLACEMENT TESTS (MPT)**

The Mathematics and Statistics department offers placement tests as alternative admission instruments for students who lack the prerequisites listed in the Prerequisite Table for entry courses. For each placement test there is a study guide which provides suggested review material and lists the scheduled test dates. With the exception of the placement test for admission into MATH 091 students are not allowed to rewrite the same level of placement test within a twelve month period. The waiting period to rewrite the placement test for entry into MATH 091 is one month or longer. For more information please contact the Advising Centre or the Pure and Applied Sciences Division, or visit the Mathematics and Statistics department website at [www.capcollege.bc.ca/prog/ams/math](http://www.capcollege.bc.ca/prog/ams/math).

Students wanting to enrol in an entry level course listed in the table must write a placement test if they do not satisfy the prerequisite requirements for the course. Students with prerequisites that are more than twelve months old are strongly advised to write the MPT and to follow its placement recommendation.

SPECIFIC PROGRAM REQUIREMENTS

Students should use the following three sections as guidelines for selecting math courses at the first-year level. Due to the specialized needs of some programs at the universities, the Mathematics and Statistics department advises students to consult the university calendars and to seek guidance from a College advisor or math instructor for appropriate course selection.

1. **Science, Forestry, Engineering**
   
   Students planning to pursue science or science related programs are required to take MATH 116 and 126. Engineering students should consult the Engineering section in the Calendar. Students planning to pursue mathematics or statistics at UBC should take in their first year:
   
   - MATH 116 and 126
   - PHYS 114/115
   - CHEM 110/111
   - COMP 121/126
   - ENGL (6 credits)

2. **Arts, Social Science**
   
   To fulfil a one-year science elective requirement non-science students typically take MATH 101/102 or 101/190, although any of the precalculus/calculus combinations also meet this requirement. Students planning to pursue a psychology program at SFU or UBC should take MATH 091/096 if they have not completed Principles of Math 11.

3. **Commerce, Business, Economics**
   
   Students planning to pursue a commerce, business or economics program are required to take MATH 108 (and MATH 107 if the prerequisite requirements for 108 are not met; transfer credit will be given for MATH 107 at SFU, UVic and UNBC). In addition MATH 109 is required for students planning to transfer to economics at UBC.

**Graphing Calculator**

The Mathematics and Statistics department believes that the graphing calculator greatly enhances mathematics instruction and learning. Students enrolling in any course, MATH 096 or higher, are required to have a graphing calculator. Specific recommendations on make and model can be found online at: [www.capcollege.bc.ca/prog/math](http://www.capcollege.bc.ca/prog/math)

**UNIVERSITY TRANSFER CREDIT**

Please refer to the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for transferability to other B.C. institutions.

**THE MATHEMATICS LEARNING CENTRE**

Students studying mathematics at Capilano College benefit from one of the most comprehensive learning centres in the province. The Mathematics Learning Centre (MLC) is located in the Birch building, room 289. During scheduled hours students may obtain individual assistance from the instructor on duty. The MLC also contains an extensive collection of learning materials including software, videos, and reference texts.
ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

The word philosophy comes from the Greek word philo meaning 'love', and sophia meaning 'wisdom.' So philosophy means 'love of wisdom.' Philosophy courses are about the ultimate nature of things, including knowledge, reality, reasoning, the human mind, religious belief, truth, free will, human nature, democracy, as well as ethical issues in biology, medicine, law, politics, and the environment. The Philosophy department at Capilano College offers a wide range of first and second year university transfer courses introducing students to most of these issues.

Philosophy is the activity of creating thoughtful answers to many of our most important questions. Philosophy is excellent preparation for any profession, but the most important reason for studying philosophy is human curiosity about fundamental problems concerning the nature of reality and how we ought to live. As Socrates said, "The unexamined life is not worth living."
UNIVERSITY TRANSFER CREDIT

Philosophy courses offered at Capilano College have university transfer credit in B.C. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

ASSOCIATE OF ARTS DEGREE - APPLIED ETHICS CONCENTRATION

To qualify for an Applied Ethics Concentration, students must complete an Associate of Arts Degree, including all six courses from List A below, and at least two courses from List B.

List A (Choose all). PHIL 101, PHIL 102, PHIL 110, PHIL 207, PHIL 208, PHIL 209.

List B (Choose two). PHIL 117, PHIL 120, PHIL 141, PHIL 150, PHIL 151, PHIL 200, PHIL 201, PHIL 220, PHIL 221, PHIL 222, PHIL 240, PHIL 242.

The concentration in applied ethics within the Associate of Arts degree gives students a credential in a practical sub-discipline of philosophy. Biomedical ethics, environmental ethics, and business ethics form
the core of applied ethics, and all have recently become important interdisciplinary specialities in their own right. Each area is concerned with inquiring into what we ought to do from an “all things considered” point of view. The requirements for this concentration include courses in all three areas, and other philosophy courses such as Introductory Ethics and Critical Thinking. The electives range from political philosophy to studies in human nature, gender relations, criminal justice, the philosophy of religion, the philosophy of culture, and the analysis of ethical issues in literature. They all throw light on the many ethical dimensions of our lives. The Philosophy Department at Capilano College has several talented ethicists and moral philosophers among its faculty.

Apply to the Registrar's Office to have the concentration in applied ethics added to your Associate of Arts degree at the time of graduation.

Physics

GENERAL INFORMATION
Physics involves the study of matter, energy, space and time over a range of scales from sub-atomic to astronomical. All first-year physics courses except PHYS 116 include a weekly two-hour laboratory period. The cost of labs is included in the course tuition fee except for lab manuals. For more information, please see www.capcollege.bc.ca/programs/physics

UNIVERSITY TRANSFER CREDIT
Physics courses at Capilano carry transfer credit to B.C universities. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Students with Physics 12 planning to transfer to UBC should take PHYS 114 or PHYS 114 and 115, depending on their plans. Consult the UBC Calendar for specific program requirements.

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS
British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

Political Studies

GENERAL INFORMATION

Women and men preparing for careers in journalism, law, business management, international banking, market research, arbitration, urban and regional planning, the foreign service, consulting, labour negotiations, international development, and education enrol in political studies courses. So, too, those hoping to bring about change in their own communities in such areas as health, education and the environment, choose politics as their vocation. That's because political studies is concerned with power — what it is and who gets it, how it is used and how it is abused. Along with understanding power and the role it plays locally, nationally, and internationally, political studies students graduate with excellent research skills and effective oral and written communication skills — all very much in demand in the new global economy.

For more information, please see www.capcollege.bc.ca/programs/political-studies

UNIVERSITY TRANSFER CREDIT

All Political Studies courses at Capilano are transferable to SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

ADMISSION REQUIREMENTS FOR UNIVERSITY TRANSFER PROGRAMS

British Columbia Secondary School Graduation (Grade 12) or equivalent with a minimum grade point average (GPA) of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses. Please see the Admission section of this calendar for a complete list of courses.

Psychology

GENERAL INFORMATION

Psychology courses teach students theory and research findings in psychology that can help students understand themselves and others. Students can apply what they learn about parenting, interpersonal skills, problem solving, stress management and emotional intelligence to their lives and their work. Psychology courses also help students think critically about social issues and the claims of pop psychology. Courses in psychology are required for careers in many occupations including teaching, child-care, health care, and business.

As most of our second year courses are offered only once a year, students who wish to major in psychology should be aware of the various first and second year course requirements of SFU, UBC, or other transfer institutions, so they can take the courses they need for entry into third year at the universities.

Talk to any of our faculty about career options, our course offerings, and/or transferability, or see our website for further information: www.capcollege.bc.ca/programs/psychology

UNIVERSITY TRANSFER CREDIT

Psychology courses at Capilano transfer to SFU, UBC, UNBC, and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

ASSOCIATE OF ARTS DEGREE - PSYCHOLOGY CONCENTRATION

The concentration of psychology within the Associate of Arts Degree provides students with fundamental knowledge and a critical understanding of the discipline of psychology. The program outlined is designed to stand alone as a two year degree or to facilitate transfer to four year institutions, such as Simon Fraser University, and completes the first two years of the four year degree program.

Sociology

GENERAL INFORMATION
All courses in sociology are geared to help the student comprehend personal and global events in a relevant and meaningful way. Sociology should thus help students in their endeavour to cope with their increasingly complex society. A major in sociology leads to work in the following areas: social work, teaching, probation work, criminology, industrial sociology, communications, media, government research and related areas. For more information, please see www.capcollege.bc.ca/programs/sociology

UNIVERSITY TRANSFER CREDIT
Sociology courses at Capilano transfer to SFU, UBC, UNBC and UVic. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

Spanish

GENERAL INFORMATION

All courses in Spanish consist of four hours of instruction plus one hour of conversation practice, and assignments in the multimedia lab on a drop-in basis (involving approximately 45 minutes) each week.

SPAN 100 is for students with little or no knowledge of the Spanish language. Students with Spanish 11 credit should register in SPAN 101, and students with Spanish 12 credit should register in SPAN 200.

For beginning students, the sequence of courses is:

- **SPAN 100**
- **SPAN 101**
- **SPAN 200**
- **SPAN 201**

Native speakers of Spanish are not allowed to register in first year courses. If they wish to take a second year course, they must consult with a Spanish instructor prior to registration.

Students who are not sure of their language level should contact an instructor.

For more information, please see [www.capcollege.bc.ca/programs/languages/spanish](http://www.capcollege.bc.ca/programs/languages/spanish)
UNIVERSITY TRANSFER CREDIT

All Spanish courses are transferable to post-secondary institutions in British Columbia. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for further information.

General Information

The world of business is constantly changing, often challenging and always demanding. People with solid business skills are called to every walk of life. They play an integral role, whether they run a small business or a multinational corporation, whether they work in an office of one or a company employing thousands around the globe.

Law offices, professional sports teams, humanitarian organizations and local government – they all need people with a business education. The skills and knowledge you gain at Capilano can be applied to any organization or career, regardless of the path you choose.

Capilano offers a variety of employment-related programs. The programs offered are under constant review to make certain that students are taught the latest techniques and skills. Advisory committees, composed of employers, review and recommend content of all programs.

Admission is limited and applicants are considered on the criteria established for each program area. In general, Grade 12 graduation is required for students applying to two year Diploma Programs, although others may be admitted on the basis of their experience and abilities. Due to the timely nature of these programs, requirements and profiles may change.

Contact the individual program areas for current information.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts and other written materials, and the instructor’s spoken words, and must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or an advisor before registering for a course.

TRANSFER TO AND FROM OTHER INSTITUTIONS

There is agreement among all public B.C. colleges to accept each other’s credits upon transfer, if applicable, to a program given at the admitting college, and given suitable equivalency. Capilano College reserves the right to review individual course credits.
Transfer credits are granted to students for acceptable work done at other institutions. Students wishing transfer credit should present suitable documentation to the Registrar’s office for consideration. Full information on transfer of specific courses is available from the Registrar’s Office, the advisors, and in the program area.

**GRADUATE EMPLOYMENT**

Employment opportunities for graduates are excellent; however, Capilano does not guarantee jobs for its graduates.

**ADMISSION DATES**

Enrolment is limited due to space and equipment limitations. Consequently, those students who contemplate entrance are encouraged to apply early. Applicants may be required to have an interview with the Program Coordinator prior to admission.

Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

**PRACTICUMS**

For some practicums, students may be required to have a Criminal Records Check.

**CO-OPERATIVE EDUCATION**

Some Career programs include a co-op education option. Co-operative education integrates a period of classroom learning with periods of work experience to enable students to apply their knowledge and skills. Students alternate periods of full-time study with periods of paid employment in business, industry, government and non-profit organizations. The goal is to develop high calibre graduates, better able to assume productive jobs. For more information, see [www.capcollege.bc.ca/programs/cooperative](http://www.capcollege.bc.ca/programs/cooperative).

**STUDENT COURSE AND WORK LOAD**

Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while undertaking full-time studies.

**DIPLOMA IN CAREER/VOCATIONAL PROGRAMS**

To be eligible for a Career/Vocational program diploma, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano College;
2. Achieved a cumulative grade point average of 2.00 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a diploma.

**CERTIFICATE IN CAREER/VOCATIONAL PROGRAMS**

To be eligible for a Career/Vocational certificate, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano College.
2. Achieved a cumulative grade point average of 2.00 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a certificate.
DEGREE PROGRAMS

Opportunities for degree completion are available to students who have finished diplomas at Capilano College in the following areas:

- Business Administration (Bachelor of Business Administration)
- Jazz Studies (Bachelor of Music in Jazz Studies)
- Music Therapy (Bachelor of Music Therapy)
- Outdoor Recreation Management (Bachelor of Tourism Management)
- Tourism Management Co-op (Bachelor of Tourism Management)

Accounting Assistant Program

GENERAL INFORMATION

The Accounting Assistant program is a full-time, nine and a half-month program offered from September to June. This program provides students with training in accounting, general office procedures, and computer applications. A two-week work practicum is included in this training program.

Graduates find employment as accounting assistants, accounts receivable or payable clerks, accountants for small and medium-sized firms, or they perform accounting functions in their own businesses. In addition, graduates of this program who are wanting to take more advanced courses leading towards a diploma, degree or a professional accounting designation are encouraged to contact our School of Business as they will receive credit for some courses.

Students who achieve a minimum grade of B in the following courses will receive credit from the School of Business:

- BTEC 252 may substitute for BADM 106
- BTEC 117 and 217 may substitute for BFIN 141
- BTEC 124 or BTEC 125 and 126 may substitute for BCPT 121 and 122.

For more information, please see www.capcollege.bc.ca/programs/accounting-assistant

ADMISSION REQUIREMENTS

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- SLEP (Secondary Level English Proficiency) test for ESL students (college level required).
- Applicants are required to attend an information meeting or make an appointment with a faculty member or program convenor.

ADMISSION/APPLICATION NOTES

While a student might meet the English requirements for the Accounting Assistant program, other departments or programs within the College might require a TOEFL, EDT or LPI.
HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Accounting Support Program

GENERAL INFORMATION

The Accounting Support program is a full-time, six-month program offered from January to June. This program provides training in accounting, general office procedures and computer applications. The Accounting Support program also includes a two-week supervised practicum.

For more information, please see www.capcollege.bc.ca/programs/accounting-support

Career Opportunities

Graduates find employment as accounting assistants, accounts receivable or accounts payable clerks, and accountants for small and medium sized firms, or they perform accounting functions in their own businesses. In addition, graduates of this program who are wanting to take more advanced financial courses, leading towards a diploma, degree, or a professional accounting designation, are encouraged to contact the School of Business as they will receive credit for some courses.

Students who achieve a minimum of B in the following courses will receive credit from the School of Business:

• BTEC 117 and 217 may substitute for BFIN 141
• BTEC 124 or BTEC 125 and 126 may substitute for BCPT 121 and 122

ADMISSION REQUIREMENTS

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• SLEP (Secondary Level English Proficiency) test for ESL students (college level required).
• Applicants are required to attend an information meeting or make an appointment with a faculty member or program convenor.

HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Applied Business Technology Online Programs

GENERAL INFORMATION

The Applied Business Technology Online program at Capilano College is part of BCcampus. BCcampus is a collaboration of post-secondary institutions in British Columbia providing an online central access point to post-secondary online and distance learning courses, programs and resources.

The courses in the Applied Business Technology Online program are designed to provide learners with the knowledge and skills necessary to function effectively in entry-level office support positions, or to assist learners in meeting specific goals required to continue their education in other certificate programs in Applied Business Technology.

There are a total of 20 courses in the Applied Business Technology Online program. Drawing from these 20 courses, additional separate certificate programs have been created - Computer Fundamentals, Accounting Fundamentals, and Administrative Fundamentals, and Administrative Assistant.

All courses are offered online throughout the year from August to June. Most courses start every month; others have several intakes a year. Course descriptions and information regarding the start date for specific
courses can be obtained from the provincial website at: www.bccampus.ca. Click on CourseFinder, then on Applied Business Technology.

For more information, please see www.capcollege.bc.ca/programs/online

Further Information

Courses may be taken on a full- or part-time basis. Call 604.984.4959 for detailed instructions or to arrange a meeting with the program convenor. Information regarding the start date for specific courses can be obtained from the provincial website at: www.bccampus.ca. Click on CourseFinder, then on Applied Business Technology.

Admission/Application Notes

Please note that while a student may meet the English requirements for the Online Fundamentals programs; other departments or programs within the College might require a TOEFL, EDT or CPI.

ADMISSION REQUIREMENTS

GRADUATION REQUIREMENTS

A cumulative GPA of 2.0 is required and all courses in the certificate program must be completed within two years from the commencement of the first course of study.

Curriculum in all courses is common throughout the colleges in the British Columbia public post-secondary system. Individual institutions may also have articulation agreements between the Applied Business Technology Online program and similar courses in other certificate programs in Applied Business Technology. Other avenues for receiving credit for individual courses in the program other than enrolling in a course at an institution include transfer credit and Prior Learning Assessment.

Business Programs - School of Business

GENERAL INFORMATION

The School of Business at Capilano College stresses a balanced combination of classroom learning and hands-on business education. Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community. Class sizes are limited, which allows faculty to maintain direct contact with all their students.

In this section you will find information on the following programs:

- Business Administration Diploma Program
- Business Administration-Advanced Diploma Programs
- Bachelor of Business Administration (BBA) Degree Completion Program
- Evening Certificate Programs
- Retail Marketing Certificate Program (RMCP)
- Ch’nook Programs

We continually review and update our programs according to market needs so that our graduates have the skills employers demand. A review of our programs by our Advisory Board, graduates, students and faculty led us to accentuate our training in problem-solving, written and verbal business presentations, and team work. This gives our graduates an edge in today’s highly competitive job market, and gives them the expertise to succeed in the workplace of the future. Our graduates proceed to occupations such as:

- Accountant
- Advertising Account Manager
- Entrepreneur
- Event Producer
- Financial Analyst
- Financial Planner
- Human Resources Manager
- Labour Relations Officer
- Lending Officer
- Operations Manager
- Production Manager
- Project Manager
- Promotion Manager
- Retail Specialist
- Research Coordinator
- Sales Representative/Sales Manager
- Store Manager/Owner
- Training & Development Officer

In the past, many of our graduates have developed careers with large corporations such as Kellogg's, Hershey's, Chevron, ICBC, BBDO Advertising, The Future Shop, Labatt Breweries, Brights Wines, BC Ferries, and BC Hydro. The entrepreneurial skills gained in the program have also led many graduates to...
administrative jobs in small and medium sized businesses such as Minerva Technologies, Seanix Technology Inc., Western System Controls, and Sierra Consulting.

For more information, please see www.capcollege.bc.ca/programs/business

School of Business Start Dates

A student can commence studies in the School of Business in the fall (September), spring (January), or summer (May) terms. Most students complete the 60-credit Business Administration diploma program in two years.

Registration Priority

Registration priority will be determined by the student's previous term GPA or, if entering from high school, the high school GPA.

Mature Student Status

Applicants who are 20 years of age or older and lack the minimum program admission requirements may apply as mature students. Written requests for admission as a mature student will be considered by the Admissions Office in consultation with an academic advisor or program coordinator. Applicants should provide written details of other qualifications or experiences and an academic transcript of education completed. An interview may be required with an academic advisor or with a program coordinator for other programs.

Mature students with significant business experience have the option of completing the Business Administration diploma in less than two years. This can be achieved by combining an increased term course load, with Prior Learning Assessment, or by attending school for four consecutive terms. A student wishing to complete their diploma in less than two years must consult a business administration faculty advisor for assistance with their program plan.

Articulation Agreements

Secondary Schools

Formalized agreements have been articulated with the Burnaby, Coquitlam, Vancouver, North Vancouver, West Vancouver, and Sunshine Coast school districts whereby:

Students attaining a B or better in Accounting 11 and Financial Accounting 12 can apply for dual credit for Capilano’s BFIN 141 Accounting. Application forms are held by high school counsellors and require high school instructor signatures.

University

A block transfer agreement of 60 credits exists for students who have completed the Business Administration diploma program, with the following universities: Royal Roads University, University of Northern British Columbia, Thompson Rivers University - Open Learning, Athabasca University, and University of Lethbridge. Contact the Business Administration department for further information.

Program Flexibility

Whether you choose part-time or full-time studies in the School of Business, you will be able to accumulate credits toward a certificate, diploma, or degree. We have designed our programs to suit your needs as well as the needs of employers. The flexibility of our programs allows you to start with Capilano College, build
your own educational package today, and continue to learn with us in the future. This “laddering” concept proves your education can be adapted to fit your changing environment and that of industry.

The School of Business at Capilano College offers a variety of programs, from a Bachelor of Business Administration (BBA) degree, Advanced Business or Business Administration diplomas, to numerous certificates. Many courses are transferable from one credential to another, making it easier for students to advance to higher levels.

**Figure 1. School of Business Offerings**

![Diagram of School of Business Offerings]

### Transferability

Students who have already completed degrees or taken other college or university courses may apply to have those credits transferred towards the Capilano College School of Business. To ensure a smooth transition, please provide the Registrar’s Office with transcripts and course outlines when you apply. A student must complete at least:

- 50% of the School of Business requirements at Capilano College to receive a Capilano College business diploma or certificate
- 25% of the School of Business requirements at Capilano College to receive a Capilano College business degree

To receive a Business degree from Capilano College, a student must complete 30 credits of course work at Capilano, including BADM 460, BADM 470, two 400-level Business electives and six upper level Business electives or core courses. In addition, the School of Business requires that students complete 15 additional Capilano College course credits in Business or University Transfer.

### Prior Learning Assessment (PLA)

The School of Business is committed to the recognition of prior learning. Prior Learning Assessment (PLA) recognizes demonstrated learning for credits which have been acquired through life or work experiences. You can obtain PLA credits for selected courses. For further information contact the Capilano College School of Business. There is a fee for PLA assessment equal to the regular course costs.
Study Abroad Programs

The School of Business has developed exchange programs with several universities and colleges around the world, which allows business administration students the opportunity to take part in a unique educational and cultural experience. When you embark on a study abroad adventure, you will:

- Study at a university or college in a foreign country
- Pay Capilano College tuition fees
- Receive transfer credit for courses completed
- Establish lifelong friendships with people from different countries
- Encounter new education and cultural experiences
- Learn a new language
- Visit museums, galleries and historical sites
- Show future employers that you are open to new experiences and opportunities

Professionalism at Capilano

Our graduates have achieved an excellent reputation based on professional performance and positive attitude. Our classes stress the importance of maintaining that reputation. As future leaders and business administrators, students must be prepared to model appropriate professional behaviour while engaged in College and College-related activities. This is the type of behaviour expected from a professional manager or leader.

English Requirement

All Business Administration diploma students must complete the English 100 course, or equivalent, to graduate. To be eligible for English 100 you must have the appropriate prerequisite. See the EDT information in the Registration section in this Calendar. It is preferred that you take the English 100 course in the FIRST TERM or prior to completing your first year as it is a general prerequisite for all second year level courses.

Accounting/Finance Designations

Many of the courses offered in the Diploma and Degree programs are transferable to the Chartered Accountant (CA), Certified General Accountant (CGA), and Certified Management Accountant (CMA) professional programs. Please refer to the online B.C. Transfer Guide at www.bctransferguide.ca for more information.

How to Apply

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Registrar's Office Capilano College, Birch building, room 230
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Fees and Expenses

Please see the Fees and Fee Payment section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see Financial Aid and Awards.
Students should be prepared for extra costs other than textbooks in some courses. These may include calculators, computer software, specialized course-related kits, etc.

**BUSINESS ADMINISTRATION DIPLOMA PROGRAM**

Graduates of the two-year Business Administration diploma program have the skills and knowledge required to be effective managers in a demanding and changing workplace. Our graduates have achieved an excellent reputation based on professional performance and a positive attitude.

Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community. Class sizes are limited, which allows faculty to maintain direct contact with all their students.

The first year of the diploma program provides a solid foundation in general business knowledge with courses in accounting/finance, communications, marketing, and organizational behaviour. The second year offers the opportunity to concentrate in a particular area of specialization. Six of the 10 second-year courses are electives: four business electives and two arts or science electives. Use these electives to concentrate your studies, focus on career goals, or broaden your education.

Business electives must be courses offered by the School of Business at Capilano College (BADM, BCPT, BFIN, BMKT, or IBUS courses). You can use the business electives to commence specialization in any of these management areas:

- Accounting / Finance
- General Management
- Marketing
- Human Resources

Art or science electives must be university transfer courses. Non-university transfer courses will be considered only if prior approval is granted from the Chair of the School of Business.

Flexibility is a key aspect of all our program offerings. You have the option of completing your Business Administration diploma on a full-time or part-time basis, depending upon your needs. As your needs and those of employers change, we are able to respond with customized education packages that enable you to “ladder” into different areas or levels of specialization. This includes the option to obtain an Advanced Diploma specializing in Accounting, General Management, or Marketing or the option to obtain a Bachelor of Business Administration degree at Capilano College.

A full-time course load provides a minimum of 20 instructional hours weekly (typically, one course equals four instructional hours). We suggest that at least 40 hours weekly of outside studies and preparation time will be required.

For more information, please see [www.capcollege.bc.ca/programs/business/diploma](http://www.capcollege.bc.ca/programs/business/diploma)

**Admission Requirements**

- BC Secondary School Graduation (Grade 12) or equivalent or Mature Student status

Students not planning to take Financial Accounting I (BFIN 142) may take Marketing (BMKT 161) in the first year, first term and Accounting (BFIN 141) in the first year, second term. Students planning to concentrate their studies in accounting must take Financial Accounting I (BFIN 142) during their second term of the first year in place of Business Law I (BADM 107). You will then take BADM 107 in the second year as a business elective.

**BUSINESS ADMINISTRATION-ADVANCED DIPLOMA PROGRAMS**

Students can complete a Business Administration Advanced Diploma to establish their area of specialization in Accounting, Marketing, Strategic HR Management, International Business or General Management.

The 90-credit Advanced diploma requires 30 credits in addition to a Business Administration diploma. The additional 30 credits coincide with the Year 3 requirements of the Bachelor of Business Administration Program and consist of three required courses, a choice of three core courses, a choice of three upper level business electives and one English literature course.

**Admission Requirements**

- Business Administration Diploma or equivalent
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment.

Students not planning to take Financial Accounting I (BFIN 142) may take Marketing (BMKT 161) in the first year, first term and Accounting (BFIN 141) in the first year, second term. Students planning to concentrate their studies in accounting must take Financial Accounting I (BFIN 142) during their second term of the first
year in place of Business Law I (BADM 107). You will then take BADM107 in the second year as a business elective. Students transferring more than 60-credits from another institution must complete the following courses at Capilano College: BADM 460 and 470, two 400-Level core Business electives and six Upper Level Business electives (300 and 400-Level) and/or 300-Level core courses.

### Credential

- Bachelor of Business Administration Degree

### EVENING CERTIFICATE PROGRAMS

The courses in these programs will teach the student basic managerial skills that are of practical value in a wide variety of jobs. Classes are conducted by department faculty and industry specialists and offered Monday through Thursday evenings. Evening courses commence in the fall term (September), spring term (January), and summer term (May/June) each year.

You can select from courses that interest you to courses that enhance your career. A variety of 100, 200, and 300 level business administration courses are offered in the evenings during the fall, spring, and summer terms. (Only a limited number of 300 level business courses are available during the summer term.)
Credits from this certificate program can ladder into the business administration diploma and degree programs.

For more information, please see [www.capcollege.bc.ca/programs/business/certificate](http://www.capcollege.bc.ca/programs/business/certificate)

Total Program Credits: 30.00

Credentials

- Certificate in the Business Administration Program (18 credits)
- Certificate in the Business Administration Program - Advanced Program (30 credits)

Note
A student must attain a minimum GPA of 2.00 or better to qualify for these certificates.

RETAIL MARKETING CERTIFICATE PROGRAM (RMCP)

This program offers the student some unique options for those interested in the retail marketing side of business and can be a stand-alone pathway to an exciting career in retail marketing or it can also be used as 30 credits toward the Business Administration diploma program.

Our instructors bring practical, up-to-date business knowledge to the classroom, sharing the expertise that has made them successful in the business community. Class size is limited, which allows faculty to maintain direct contact with all of their students. This program integrates classroom study with related on-the-job experience and skills.

Upon successful completion of the RMCP program, a student could then go on to complete the Business Administration Diploma requirements taking the courses listed in year two of the Business Administration diploma program. Upgrade of Math or English may be required.
Students who ladder into the Business Administration diploma program from the Retail Marketing certificate program will be required to take three additional School of Business electives if continue on to years 3 and 4 of the Bachelor of Business Administration degree program.

For more information, please see www.capcollege.bc.ca/programs/business/retail

Business Fundamentals Program

GENERAL INFORMATION

The Business Fundamentals program is a four-month program that may be taken during the fall or spring term. The Business Fundamentals program has been designed for students who require basic business skills training or who need to upgrade their skills. Many students take this program as a stepping stone to a more advanced program of study in other Applied Business Technology programs (Accounting Assistant, Accounting Support, Legal Administrative Assistant or Medical Assistant) or in the School of Business.

Students who achieve a grade of B in BTEC 115 may be considered to have acquired the minimum math prerequisite for entry into a course of studies in the School of Business.

Students who receive a minimum of B in the following will receive credit from Business Administration:

- BTEC 124 or BTEC 125 and BTEC 126 may substitute for BCPT 121 & 122

For more information, please see www.capcollege.bc.ca/programs/business-fundamentals
ADMISSION REQUIREMENTS

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• SLEP (Secondary Level English Proficiency) test for ESL students (college level required).
• Applicants are required to attend an information meeting or make an appointment with a faculty member or program convenor.

ADMISSION/APPLICATION NOTES

While a student might meet the English requirements for the Business Fundamentals program, other departments or programs within the College might require a TOEFL, EDT or LPI.

HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Communications Programs

GENERAL INFORMATION

The Communications department offers programs in professional communications and in critical communication studies. The department also offers courses in business, technical and professional writing, communication studies, interpersonal communications, and public speaking.

The Communication Studies diploma program transfers to the third year of a bachelor’s degree in communications at Simon Fraser University. Students choose electives from arts, science or business as well as communication courses that transfer to Simon Fraser. Two professional programs in applied communication skills ladder into the Communication Studies diploma: the Professional Communications certificate and the Advanced Professional Communications certificate. As well, the department offers a Magazine Publishing certificate, a unique program designed and taught by industry professionals.

For more information, please see www.capcollege.bc.ca/programs/cmns

Information for Prospective Students

Most courses in the Communications programs are university transfer courses. Students wishing to enrol in Communications programs should apply through the department. Students wishing to enrol in open sections of communications courses must meet general College admission requirements.

Prospective students should write directly to the Communications department after applying for general admission to the College. Please write to: Communications department, Capilano College, 2055 Purcell Way, North Vancouver, BC V7J 3H5, or telephone 604.990.7976. The e-mail address is cmns@capilanou.ca.

COMMUNICATIONS COURSES

Many communications courses carry credit as electives in academic and business programs. The writing practise and experience in presentations help students excel in other courses. As well, the writing assignments often help students obtain jobs both in the summer between academic sessions, and after they graduate.

In addition, we offer many communications courses to equip students with general skills, from basic writing to freelance journalism. Students interested in pursuing one or more credit courses can usually register on-line for a single course, or may contact the department after applying for general admission to the College.

In some cases, courses in Communications programs may be open for general registration after program students have completed registration. However, please note that the department cannot guarantee seats in university transfer courses or other program courses for students not registered in a Communications program.

The Communications department also designs and delivers courses tailored to the needs of various career programs. Among the programs we serve are Business Administration, Outdoor Recreation and Tourism Management, Legal Administrative Assistant, and Early Childhood Care and Education. Students admitted into these programs can register for the required communication courses either on-line or through their program area. By special request, students may be able to register for these even if they are not admitted in a particular program.
University Transfer Courses

Most Communications program courses transfer to one or more British Columbia universities. All courses in the Communication diploma transfer to Simon Fraser, and many professional writing courses are university transferable at the first- or second-year level.

As university transfer status changes over time, students are advised to consult the online B.C. Transfer Guide at www.bctransferguide.ca for the most up-to-date information.

COMMUNICATION STUDIES PROGRAM

General Information

Communication Studies is a new and growing field whose central concern is to examine the role played by communication practices, processes, and media in human societies. Communication studies promotes a critical exploration of connections between the structures of communication (media technologies, industries, and policies) and their impacts on meaning-making, social relationships, cultural practices, power, and the economy.

The Communications Studies Diploma is a two-year, 60-credit program consisting of ten communications courses, all of which transfer to SFU’s Communication BA program, and ten academic electives.

Learning outcomes include the ability to think discerningly about communications issues; the development of critical media literacy; an understanding of key historical and contemporary social and ethical issues in media and communication; and an awareness of the various ways in which communications practices support social life and culture.

For more information, please see www.capcollege.bc.ca/programs/cmns/communications-diploma

ADVANCED PROFESSIONAL COMMUNICATIONS PROGRAM

General Information

The Advanced Professional Communications certificate program can be completed in eight months on a full-time basis. There is also a flexible part-time option for students as classes are offered during the daytime and the evening throughout the academic year. Students learn how to write a wide range of professional business documents, to write and market freelance articles, to plan media strategies for business or non-profit organizations, and to develop and deliver presentations. The program also gives students the chance to study the foundations of communications theory.

Graduates will have entry-level skills for the communication industries or for self-employment, and will also have credit towards further study in the Communication diploma program at Capilano College. Many communications courses also transfer to university, please see the BC Transfer Guide for details.

Legal Administrative Assistant Programs

LEGAL ADMINISTRATIVE ASSISTANT PROGRAM

General Information
This eight-month vocational program covers five main areas of law providing a fundamental understanding of the legal system in B.C. Students are trained in legal terminology and procedural rules. They will review relevant legislation and acquire necessary skills in the formatting and handling of legal documents. Typing, legal office procedures, hands-on computer technology and a two-week legal office work practicum are included in the curriculum.

A Capilano College certificate is granted upon successful completion of the program.

For more information, please see www.capcollege.bc.ca/programs/legal-admin

Career Opportunities
The exacting field of law offers excellent career opportunities for students graduating as legal administrative assistants.

This very specialized program provides intense training in traditional secretarial skills as well as legal procedural courses including: civil litigation, wills and probate, corporate law, conveyancing and mortgaging, family and legal office procedures. Upon completion of the program, students find employment in specialized, as well as general, law offices.

Many graduates of the Legal Administrative Assistant program proceed to the Part-time Paralegal/Legal Assistant Certificate program.

The Paralegal/Legal Assistant Certificate program requires students to have two years work experience as a legal secretary prior to enrolling in the first course. The Legal Administrative Assistant program graduates who have achieved a cumulative B+ average and who have obtained employment in a law firm, government law department or corporate law department are now eligible to enter the Paralegal/Legal Assistant Part-time
program. This allows them to further their education in the evening while earning a salary and gaining valuable experience in the legal support field.

Admission Requirements

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
• Interview
• LGST English Diagnostic Test (31/50 required)
• Applicants must submit a resume and reference letter. 45 wpm keyboarding (touch typing), SLEP (Secondary Level English Proficiency) test for ESL students (college level required).

How to Apply

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Registrar's Office Capilano College, Birch building, room 230

Phone: 604.984.4900
Fax: 604.984.1798

Admission/Application Notes

Interested applicants are invited to call the Applied Business Technology department at 604.984.4959 for an appointment. An evaluation of keyboarding speed and English language proficiency will be conducted at this time.

Students will also have an opportunity to ask further questions and discuss their qualifications and career goals. Test results will be reviewed with the student at this time.

Prior Learning Assessment (PLA)

The Applied Business Technology department is committed to the recognition of prior learning. Prior Learning Assessment (PLA) recognizes demonstrated learning for credits which have been acquired through life or work experiences. For further information contact the program coordinator.

LEGAL ADMINISTRATIVE ASSISTANT ONLINE PROGRAM

General Information

The Legal Administrative Assistant Online Program is part of BCcampus. BCcampus is a collaboration of post-secondary institutions in British Columbia providing an online central access point to post-secondary online and distance learning courses, programs and resources.

The Legal Administrative Assistant Online Program is designed to provide learners with the fundamental skills and knowledge required for entry-level employment in a law office environment.

The program consists of fourteen online courses beginning with Online Learner Success, a 15-hour course which introduces students to Desire2Learn — the delivery platform used for all online courses. In addition, Applied Business Technology Online courses provide an opportunity for prospective learners lacking basic administrative skills and experience an opportunity to acquire minimum entry requirements.

For more information, please see www.capcollege.bc.ca/programs/legal-admin-online

Further Information

Courses may be taken on a full- or part-time basis. Call 604.984.4959 for detailed instructions or to arrange a meeting with the program convenor. Information regarding the start date for specific course can be obtained from the BC Campus website at www.bccampus.ca. Click on CourseFinder, then select Applied Business Technology, Legal Administrative Assistant program.

Career Opportunities

The Legal Administrative Assistant is an essential part of today's law office team. As a Legal Administrative Assistant the graduate of this program will perform a variety of administrative tasks to ensure that the firm functions efficiently. They will prepare documents and correspondence, edit legal paperwork, manage files, and process documents in addition to keeping track of important deadlines and court appearances—all of which help to keep the legal team on schedule.
With online learning becoming a learning option for those who are looking for a change or advancement in their careers the Legal Administrative Assistant Online Program offers students the ability to study in their own home or office, at their own pace, and on their own schedule. The program will prepare graduates for positions in law firms, corporate legal departments, court and government agencies. Students will receive training in administrative support with emphasis on legal terminology and transcription; word processing and formatting legal documents; and, important communication and language skills. Upon graduation, they will be prepared to become members of law office teams dealing in civil, corporate, family or probate law.

Admission Requirements

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

## Graduation Requirements

A cumulative GPA of 2.0 is required and all courses in the program must be completed within two years from the commencement of the first course of study.

Curriculum in all courses is common throughout the colleges in the British Columbia public post-secondary system. Individual institutions may also have articulation agreements between the Legal Administrative Assistant Online Program and similar courses in the other certificate programs in Applied Business Technology. Other avenues for receiving credit for individual courses in the program other than enrolling in a course at an institution include transfer credit and Prior Learning Assessment.

Local Government Administration Program

GENERAL INFORMATION

This program is designed with and for professionals currently employed by municipalities, First Nations governments, regional districts, improvement districts, and supporting agencies in British Columbia.

The purpose of the program is to provide opportunities for participants to gain increased knowledge of the political and organizational realities of local governments in B.C. as well as to critically assess opportunities for change within these systems. It is expected that participants will be more effective managers, leaders and change agents as a result of their involvement in the program.

On completion of the requirements of the program, successful candidates will be eligible to receive a Capilano Certificate in Local Government Administration. The program consists of four required courses (Local Government Administration in BC, Local Government Services in BC, Municipal Finance in BC, and Municipal Law in BC) and one elective course. All courses are in-person seminars, providing opportunities to learn through group exercises, presentations, discussion and direct interaction with experts from the field.

Capilano also offers four “MATI” (Municipal Administration Training Institute) courses in partnership with the Local Government Management Association of BC (LGMA): MATI 2 (Leadership), MATI 3 (Advanced Communications), MATI 4 (People Management) and MATI 5 (Community Planning). These courses can be taken as an elective toward the Certificate in Local Government Administration. Developed with senior practitioners in the field and educators familiar with current issues facing local governments, each course offers participants extensive opportunities for skill building, discussion and interaction with a widely diverse group of leading academic and local government figures.

For more information, please see www.capcollege.bc.ca/programs/local-government

Further Information

On successful completion of the Capilano Certificate in Local Government Administration, students may wish to pursue further qualifications from the provincial Board of Examiners, Thompson Rivers University or University of Victoria.

The four core courses in the Local Government Administration Certificate Program are recognized by the Local Government Management Association of British Columbia (LGMA) and provincial Board of Examiners as being transferable for credit toward the Certificate in Local Government Service Delivery. For more details about the Board of Examiners Certificate Programs and Scholarships, see http://www.cserv.gov.bc.ca/ldg/gov_structure/board_examiners or call 250-387-4085.
The courses taken for the Capilano Certificate in Local Government are also transferable to Thompson River University, Open Learning (TRO-OL) toward the Bachelor of Commerce Degree in Public Sector Management.

Students who have successfully completed the Capilano Certificate in Local Government Administration (with a minimum C+ grade) may apply for block transfer credit to the University of Victoria’s Diploma in Local Government Management. Students will be allowed transfer credit for three unspecified courses.

**ADMISSION REQUIREMENTS**

Magazine Publishing Program

GENERAL INFORMATION

The Capilano College Magazine Publishing Certificate is an intensive full-time 15-week program in magazine publishing. This program begins with seven weeks of courses that prepare students for a directed eight-week internship. Planned and taught by experienced magazine industry personnel, the program adopts a practical approach as students learn editorial and layout skills from editors, writers and art directors.

The primary goal of the program is to help university graduates in general arts, fine arts, business and science programs find employment in magazine publishing. The learning outcomes of the program address magazine format, concept and theme, audience preferences, advertising issues, media ethics, and publisher control. Practical objectives include assignment letters, editing manuscripts, designing layouts, paginating “the book,” and dealing with images, colour, picture searches, layouts and typography.

Across Canada, about 700,000 people are employed in magazine publishing. Opportunities exist in editing, production, circulation, design, sales and marketing for talented, energetic individuals with a strong interest in media and a broad educational background. The Program’s internship course helps students find mentored placements in magazines of their choice for eight-week internships.

ADMISSION REQUIREMENTS

- An undergraduate degree. An Associate Degree from a community college, or a Diploma in Academic Studies (2 years successful post-secondary studies). Candidates with other qualifications may be considered, and should write to the Communications Department, sending in a resume and a letter outlining their education background with specifics, and their work experience.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
- Interview.
- Letter explaining motivation to join program and work in publishing.

HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

**MEDICAL OFFICE ASSISTANT ONLINE PROGRAM**

**General Information**

The Medical Office Assistant Online Program at Capilano College is part of BCcampus. BCcampus is a collaboration of post-secondary institutions in British Columbia providing an online central access point to post-secondary online and distance learning courses, programs and resources.

Medical Office Assistants are in high demand by physicians and other allied health care professionals. The role of the MOA is to support the medical staff as they offer quality care to patients. The complex nature of working in such a demanding position requires excellent communication and office skills.

The Medical Office Assistant Online Program offers specialized training including medical terminology and related anatomy and physiology, office procedures, clinical procedures, medical transcription, bookkeeping and computerized medical billing. Courses in business English, organizational behaviour and databases and spreadsheets will also be included in the program.
The courses in the Medical Office Assistant Online program are currently in the first phase of development. In this phase the following areas will be covered:

- Medical Terminology
- Anatomy and Related Physiology
- Medical Administrative Procedures
- Medical Transcription

In the second phase of development, the following areas will be covered:

- Pharmacology
- Clinical Procedures
- Medical billing

Course descriptions and information regarding the start date for specific courses can be obtained from the Applied Business Technology drop down menu at BCcampus.

A Capilano College certificate is granted upon successful completion of the program.

For more information, please see our frequently asked questions www.capcollege.bc.ca/programs/online/faqs

Career Opportunities

Upon graduation students will have obtained the specialized training required to work in number of medical settings:

- Hospital departments including admitting, diagnostic imaging and various outpatient clinics
- General Practitioner and specialist offices
- Allied Health Professionals such as physiotherapy, chiropractic, massage therapy and naturopathy
- Long term care facilities
- Insurance companies

Admission Requirements

- Grade 12 or equivalent or Mature Student status

McRae Institute of International Management Program

GENERAL INFORMATION

The McRae Institute of International Management is a centre of excellence preparing global leaders to excel in business, non-profit and government sectors. Students accepted into the McRae International Management graduate program choose to focus on either the Asia Pacific Region or the Latin America Region. The two-year program consists of nine months of intensive study on campus, followed by an international co-op in regions, including but not limited to Asia, Latin America or Canada.

Recognized for innovation and excellence, the McRae International Management Graduate Program combines a mix of linguistic, social science and applied management course work. Class sizes are kept small, ensuring a highly personalized approach to learning. McRae offers a rigorous and interactive learning environment where students work in cross-cultural teams on international and intercultural management projects and develop strong planning and organizational skills.

After completing the academic year of the program, students will have acquired an understanding of the cultural, economic, and political environments of either the Asia Pacific region or the Latin American region as well as the following core competencies: leadership, change facilitation and adaptation, critical thinking, organizational skills, collaboration, and communication. The second year of the program consists of an international co-op, online course work and a professional development conference.

North American Business and Culture Program

GENERAL INFORMATION

The North American Business and Culture certificate program is designed for ESL students who want to develop an understanding of North American business practices and culture, while strengthening their business computing and communication skills.

Students will gain an understanding of how business operates in the context of North American historical, geographical, political, and legal systems. In addition, they will develop an awareness of intercultural issues and North American culture by exploring popular culture as it relates to the business world.

Upon completion of this four-month foundation program, students will be better prepared to contribute effectively, and benefit from business, tourism, communications, and other professional career programs at Capilano College, or to enter the North American workforce.

For more information, please see [www.capcollege.bc.ca/programs/north-american-business](http://www.capcollege.bc.ca/programs/north-american-business)

**Paralegal/Legal Assistant Programs - Institute of Paralegal Studies**

### GENERAL INFORMATION

To meet the needs of the legal community the Paralegal program was designed to provide substantive, procedural and skills-based education for paralegals. The first diploma and certificate programs were developed in 1976 at which time the curriculum and course content were sanctioned by the BC Law Society and mirrored the American Bar Association requirements for Paralegal Education. The Capilano College Institute of Paralegal Studies continues to be a member of the American Association for Paralegal Education.
There are two Paralegal/Legal assistant programs offered at Capilano College:

1. The diploma program is a two-year, full-time program designed for people without current legal experience.

2. The part-time certificate program is designed for people who are presently working in a law office and who have at least two years legal secretarial or legal administrative assistant experience; or one year legal administrative education plus relevant life/work experience; or laddering from a recognized legal administrative assistant program with a B+ or higher

   Two options:

   a) Part-time evening option certificate program for those living locally.

   b) Part-time option distance education program for those living outside of the Greater Vancouver area.

For more information, please see www.capcollege.bc.ca/programs/paralegal

Career Opportunities

A paralegal/legal assistant plays an important role in a law office. Working under the supervision of a lawyer, the paralegal/legal assistant is capable of originating work and making decisions. This person has knowledge of both procedural and substantive law. Some examples of work functions are:

- interviewing clients
- drafting pleadings, wills, and probate, conveyancing and corporate documents
- conducting legal research and writing memoranda of law
- managing files
- assisting in trial preparation

Graduates of the Paralegal/Legal Assistant program will find challenging careers working in law offices, government agencies, and corporate legal departments.

The program has been in operation since 1976 and has a 99% placement rate. (This figure may fluctuate for any one graduating class depending on the economy.)

Capilano College has entered into an agreement with Athabasca University that now permits transfer credit of Capilano College Paralegal programs and specified courses to a number of baccalaureate degrees offered through Athabasca University. See Athabasca University website at www.athabascau.ca for further details.

PARALEGAL/LEGAL ASSISTANT DIPLOMA

Students in the two-year diploma program attend full-time classes during the day at Capilano College's North Vancouver campus. They complete course study in substantive law, procedural law and legal skills. Courses offered are preset and require students to attend classes during the fall and spring terms (from September through April) for two consecutive years.

Upon completion of the two-year program, students must complete a six-month practicum under the supervision of a lawyer. Students are paid by their employer during this practicum.

At the end of a successful practicum, the student is eligible for graduation. Faculty work closely with students and with the legal community to assist students in obtaining successful practicum placements.

For further information about the Paralegal diploma program, please visit the Institute of Paralegal Studies website at www.capcollege.bc.ca/programs/paralegal
Admission Requirements

- BC secondary school graduation (Grade 12) or equivalent, or mature student status.
- One of the following: 2 years full-time post-secondary education (with an academic focus); 1 year full-time post-secondary education (with an academic focus) plus relevant life/work experience; or relevant life/work learning experience at the discretion of the department.

General Information

Capilano offers a variety of employment-related programs. Turn your passion for people, places and the great outdoors into your profession. (From mountain bike operations and event planning to professional scuba diving instruction and resort management), careers in this field combine business with the pleasures of meeting people from around the world, travelling and life in the open air.

The programs offered are under constant review to make certain that students are taught the latest techniques and skills. We have on-going consultation with employers to ensure the content of all our programs is relevant to current and emerging industry needs. Admission is limited and applicants are considered on the criteria established for each program area. In general, Grade 12 graduation is required for students applying to two year Diploma Programs, although others may be admitted on the basis of their experience and abilities. Due to the timely nature of these programs, requirements and profiles may change.

Contact the individual program areas for current information.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts and other written materials, and the instructor's spoken words, and must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or an advisor before registering for a course.

TRANSFER TO AND FROM OTHER INSTITUTIONS

There is agreement among all public B.C. colleges to accept each other’s credits upon transfer, if applicable, to a program given at the admitting college, and given suitable equivalency. Capilano College reserves the right to review individual course credits.

Transfer credits are granted to students for acceptable work done at other institutions. Students wishing transfer credit should present suitable documentation to the Registrar’s office for consideration. Full information on transfer of specific courses is available from the Registrar’s Office, the advisors, and in the program area.

GRADUATE EMPLOYMENT

Employment opportunities for graduates are excellent; however, Capilano does not guarantee jobs for its graduates.

ADMISSION DATES

Enrolment is limited due to space and equipment limitations. Consequently, those students who contemplate entrance are encouraged to apply early. Applicants may be required to have an interview with the Program Coordinator prior to admission.
Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

**PRACTICUMS**

For some practicums, students may be required to have a Criminal Records Check.

**CO-OPERATIVE EDUCATION**

Some Career programs include a co-op education option. Co-operative education integrates a period of classroom learning with periods of work experience to enable students to apply their knowledge and skills. Students alternate periods of full-time study with periods of paid employment in business, industry, government and non-profit organizations. The goal is to develop high calibre graduates, better able to assume productive jobs. For more information, see [www.capcollege.bc.ca/programs/cooperative](http://www.capcollege.bc.ca/programs/cooperative).

**STUDENT COURSE AND WORK LOAD**

Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while studying full-time.

**DIPLOMA IN CAREER/VOCATIONAL PROGRAMS**

Destination Resort Management Co-op Program

GENERAL INFORMATION

The mission of the Destination Resort Management Co-op program is to be recognized globally as the Canadian choice for tourism and outdoor recreation education.

The Destination Resort Management Co-op diploma is offered at our Squamish campus, on the back step of the world class resort of Whistler. The faculty who teach within this program have worked within industry and provide depth to your learning experience.

The accelerated 16-month format studies the business of tourism in a resort environment. Your education is provided in a unique format that includes field trips, industry links, a paid co-op work term and a class schedule that allows you to continue your recreational activities while studying.
Recent Co-op positions have been:

- Sales & Marketing Coordinator - Squamish, BC
- Guest Services & Reservations - Whistler, BC
- Banquets - Jasper, AB
- Sales Coordinator - Vancouver, BC
- Marketing Intern - Nestor Falls, ON
- Guest Service Agent - Tofino, BC

If your dream career involves providing an amazing guest experience for those vacationing in destination areas such as Whistler, Tofino or Banff and your days off are actively doing the things you promote then the Destination Resort Management Co-op diploma is for you. This program will appeal to dynamic, outgoing individuals who enjoy the unique lifestyle that a resort community offers. The program is also designed for people considering a career shift, since the accelerated model is cost effective and requires minimal time out of the workforce.

**Tourism Career Opportunities**

Recent graduates are pursuing careers as:

- Director of Operations - major sightseeing company - Vancouver, BC
- Sales Manager - resort hotel - Fernie, BC
- Spa Coordinator - five star resort hotel - Victoria, BC
- Tour Guide - outdoor adventure company - Whistler, BC
- HR Coordinator - resort hotel - Whistler, BC
- Lodge Assistant - high-end fractional ownership company - Whistler, BC
- Supervisor - Tourism Visitor Information - Squamish, BC

**ADMISSION REQUIREMENTS**

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- A minimum grade of C+ in English 11 and a minimum grade of C in Principles of Math 11 or a minimum grade of B in Applications of Math 12.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

**ADMISSION/APPLICATION NOTES**

Applicants should have sound reading, writing, and math skills, and ideally some tourism industry work experience. Previous post-secondary education is a definite asset.

Attendance at the information meeting and an interview with the convenor is recommended.

Applicants are advised to supply the following by letter or email:

- cover letter - outlining interest, goals and qualities your bring to program
• a current resume - specifically highlighting your tourism experience

Visit the Capilano website www.capcollege.bc.ca for upcoming program information meetings. Interviews are arranged at the information meeting and take place during the following weeks. Out-of-town applicants may schedule their interview for the day of or day after the information meeting.

Capilano College
Mountain Bike Operations Program

GENERAL INFORMATION

In your courses, you will learn about the tourism industry, risk management, event management, guiding and leadership skills, wilderness first aid, environmental stewardship and communications skills necessary for you to succeed in the mountain biking industry. A main focus of the program will be on sustainable park and trail design and building. In the design and building courses students will have the opportunity to gain practical skills and knowledge by working with expert trail builders. The program is geared to students who are passionate about mountain biking and who are interested in being involved in this fast-paced growing industry. With its renowned mountain biking trail systems and its leadership role in the development of youth mountain biking programs (ie. Sprockids), the Sunshine Coast community is the perfect environment for you to learn and be immersed in the fascinating and increasingly popular field of mountain biking.

For more information, please see www.capcollege.bc.ca/programs/mountain-bike

Outdoor Recreation Management Program

GENERAL INFORMATION

B.C.'s “super natural” environment is ideal for outdoor recreation. Rapid growth in nature-based and adventure tourism and an increased desire to experience the outdoors has led to a high demand for qualified outdoor recreation professionals. The Outdoor Recreation Management diploma program meets this demand by offering an outstanding curriculum blending leadership, ethical business, and environmental stewardship, including issues regarding global climate change.

Nestled on the forested slopes of the North Shore mountains and situated close to white water rivers, wilderness lakes, and ocean shoreline, Capilano College is ideally suited for this challenging two-year program.

The Outdoor Recreation department is relaxed and informal; however, we set and maintain high academic and outdoor leadership performance standards. Students will appreciate the individual attention College faculty are able to provide.

The curriculum includes trips into B.C.'s wilderness areas including backpacking experience in the Coast Mountains, and a West Coast kayak expedition for leadership development.

The Outdoor Recreation Management diploma program has earned an excellent reputation for its commitment to leading edge professional skills, values, and knowledge. Over the past three decades, we have expanded our network of practicum placements, keeping us in touch with the latest developments and providing access to career prospects.

For more information, please see www.capcollege.bc.ca/programs/outdoor-recreation

Career Opportunities

The well-established Outdoor Recreation Management program provides excellent training for a wide range of careers in parks, resorts, community recreation, adventure tourism, and environmental education. Careful practicum placements and an increasing variety of career opportunities ensure that graduates readily find employment in the field.
Transfer to the Bachelor of Tourism Management Degree

The intent of the degree is to provide the most up-to-date knowledge, innovations, technologies, and management techniques for administrators and entrepreneurs in the tourism industry. The degree requirements include core business and tourism foundation courses, general education requirements, specified and elective courses at the upper level, and a number of defined elective credits. The academic credentials earned in the Outdoor Recreation Management diploma satisfy most core business and tourism foundation courses, and elective requirements. For a detailed brochure about the degree, please contact Capilano College at 604.984.4960 or see the Bachelor of Tourism Management Degree section of the Calendar.

Professional Scuba Dive Instructor Program

GENERAL INFORMATION

The Professional Scuba Dive Instructor program is the only one of its kind in Canada. After only eight intensive but fun-filled months, successful students will achieve a unique mix of six career building academic courses from Capilano College, and over 19 PADI and other dive related certifications culminating in the Open Water Scuba Instructor credential with the Master Scuba Diver Trainer Preparation, Specialty Instructor rating. The program concludes with a three week practicum course where students work with industry professionals, gain valuable job contacts and placement prospects. The practicum location may be local or in a tropical destination with leaders in the scuba tourism industry.

This full-time certificate program will be offered only at the Sunshine Coast campus of Capilano College. Students will experience 100 dives as they explore the scenic Sunshine Coast. With the ocean as a classroom, students will have a first-hand opportunity to develop the skills, confidence and competence to build a successful long-term career in tourism management. Only 24 applicants will be selected to enter this exciting program. Courses will be conducted full-time from September until the end of April.

For more information, please see www.capcollege.bc.ca/programs/scuba

Career Opportunities

Graduates will be in demand to teach scuba diving at world class tourism resort destinations, cruise lines or work in a variety of dive/aquatic and tourism related settings. Students’ career paths may lead to other tourism management positions or self-employment in their own scuba dive/tourism related businesses. At some point they may decide to go back to school to earn a diploma or degree in tourism management.

Program Content

A series of core Capilano College academic courses, dive practicums, tropical dive/work practicum and industry specific courses will be combined to form the Professional Dive Instructor Certificate Program.

Transferability

Graduates will have the foundation of training and experience needed to begin a career in outdoor recreation management or tourism management. Some students may decide to continue in school after achieving their certificate. Core academic courses transfer into Capilano College’s Outdoor Recreation Management Diploma program and the Tourism Management Co-op Diploma. From there students can apply their two years from the diploma towards a Bachelor of Tourism Management degree.

THE PADI SYSTEM OF DIVER TRAINING

Worldwide, more people learn to dive using the PADI system of diver education than any other recreational scuba program. PADI’s Instructor Development Course (IDC) defines the standard for instructor training. Coupled with PADI’s state-of the art educational materials, the PADI IDC allows the student to learn quickly and effectively. It is the most comprehensive program in the industry. The IDC is the heart of PADI Instructor Training. During their courses, students will apply their diving knowledge and skills while learning to use the PADI System of diver education in the classroom and in the water. ADMISSION REQUIREMENTS

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
- The dive training requires that all students be 18 years of age by November 1st of each program year.

GRADUATION REQUIREMENTS

A Professional Scuba Dive Instructor Certificate will be awarded upon successful completion of all six core academic courses and all the PADI and other dive related certifications as listed on the Program Profile. Students must maintain a satisfactory level of performance in all academic and dive courses. Anyone falling below the satisfactory level may be asked to leave the program depending on the circumstances.

Bachelor of Tourism Management Program

GENERAL INFORMATION

Program Overview

The Bachelor of Tourism Management is a degree completion program for graduates of two-year diploma program in tourism management, hospitality administration, recreation and outdoor recreation, and those with related programs and educational backgrounds. The intent of the degree program is to provide the most up-to-date knowledge, innovations, technologies, and management techniques for administrators and entrepreneurs in the tourism industry, and to provide advanced professional training for diploma holders in the workforce. The degree forms an integral part of the British Columbia Tourism Learning System.

This program is designed to accommodate full-time and part-time students. All courses needed for degree completion are offered at Capilano College.

Credits from Capilano College’s Tourism Management diploma programs, the Outdoor Recreation Management diploma program and the Destination Resort Management Diploma transfer to the Bachelor
of Tourism Management degree. Program credits from other tourism, hospitality, and recreation diploma and certificate programs may also be applied upon college approval.

All courses needed for degree completion are offered at Capilano College's North Vancouver campus. Students may also be able to apply lower-level academic courses credits taken previously towards the degree. Students need approximately seven lower-level academic transfer courses and 13 upper-level tourism management courses. Applicants for the degree will develop an individualized course plan with the program advisor.

The degree requirements include core diploma-level tourism, hospitality foundation courses or equivalent, academic transfer course requirements and tourism courses at the upper level. Two-year diploma programs vary in their composition but generally satisfy most core or foundation course and elective requirements. General education requirements can be taken before, during, or after the diploma program.

In order to be eligible for the maximum block transfer towards the Bachelor of Tourism Management degree, students must be graduates of a tourism, hospitality or recreation diploma program with a GPA of at least 2.67 (70%). Any deficiencies will be added to a student's degree completion program plan by the program coordinator.

For more information, please see www.capcollege.bc.ca/programs/bachelor-tourism

Tourism Management Co-op Program

GENERAL INFORMATION

Program Overview

Capilano College’s Tourism Management Co-op diploma program offers top quality instruction, a beautiful campus and an exciting learning environment. The accelerated 16-month program is on the leading edge of tourism education, both in how students acquire their education and training and in the wide range of career options open to them upon graduation. Our ultimate aim is to train students in the leadership and
management skills necessary for a successful and fulfilling career across a range of tourism-related job opportunities such as:

• tour operations
• resorts and accommodations
• adventure tourism
• attractions
• conferences and special events
• transportation and tourism services

The program focuses on marketing, research and entrepreneurial skills as they relate to the tourism industry.

Intensive courses, contact with the industry and a four-month supervised workterm encourage a professional attitude toward the industry. The program’s practical business approach, combined with creative teaching, promises a rewarding educational investment for students. The program will appeal to dynamic, outgoing individuals with previous post-secondary education and successful work experience in tourism or related fields. The program is also designed for people considering a career shift, since the accelerated co-op model is cost effective and requires minimal time out of the workforce.

For more information, please see www.capcollege.bc.ca/programs/tourism

Tourism Career Opportunities
Recent graduates are pursuing careers as:

• Manager of an operations for a tour company
• Product coordinator for an inbound tour packaging company
• Owner of an adventure tourism company in Tofino, British Columbia
• Senior sales manager for a major downtown Vancouver hotel
• Manager, sales and operations for a tour operator
• Base manager for a regional airline
• Program coordinator for a special events company
• Tourism information officer for a Chamber of Commerce

ADMISSION REQUIREMENTS

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• A minimum C grade in English 12 and a minimum C grade in Principles of Math 11 or a minimum B grade in Applications of Math 12.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

Tourism Management for International Students Program

GENERAL INFORMATION

Program Overview

The Tourism Management for International Students diploma program educates students in the tourism and management skills necessary for a successful career in the operation of large and small travel businesses, including hotels and resorts, attractions, entertainment, conferences, and special events.

The "culture" of Capilano College's Tourism department is truly enjoyed with courses such as Cross Cultural Tourism, Tourism Policy and Planning, Adventure Eco-Tourism, and Special Events Planning.

In addition, there is a strong business and management focus, with special tourism courses in communications, marketing, revenue management, financial planning, computer applications, human resource management, and product development.

Practical Canadian work experience is acquired by our international students through an 8-week practicum program. A special "Practicum Preparation" course is offered to our students before this work experience, to ensure that students enjoy their opportunity to work in Canada.

The diploma program offers:

• field trips, guest speakers, and other "hands on " tourism activities
• high quality, intensive, full-time instruction
• experienced instructors in tourism
• eight-week work experience in Canada
• access to the Bachelor of Tourism Management degree program offered by Capilano College for those who successfully complete the diploma
• an international credential in tourism management
• blended classes with Canadian and international tourism students
• support from Capilano College's International Students' Centre, and, if needed, ESL (English as a Second Language) support

For more information, please see www.capcollege.bc.ca/programs/international-tourism

Wilderness Leadership Programs

GENERAL INFORMATION

Adventure tourism is one of British Columbia’s fastest growing industries. With backcountry adventures becoming increasingly popular, there is a need for quality training in outdoor activities and for skilled outdoor leaders to fill positions locally and globally.

To meet this need, the Wilderness Leadership certificate program offers a combination of essential outdoor leadership skills and activity instruction set against the breathtaking beauty of some of British Columbia’s most famous adventure travel destinations.

In this section you will find information on the following programs:

- Wilderness Leadership Program
- Wilderness Leadership Advanced Certificate

For more information, please see www.capcollege.bc.ca/programs/wilderness
WILDERNESS LEADERSHIP CERTIFICATE PROGRAM

General Information
The Wilderness Leadership certificate program is taught by experienced and qualified Capilano College faculty and experts from the outdoor adventure industry. You will acquire a diverse set of leadership-oriented skills in this intensive program. Expect to be challenged physically, mentally and emotionally as we inspire you to learn more about yourselves and others.

Program Location
The Wilderness Leadership program is based out of the Capilano College Squamish campus (known as the outdoor recreation capital of Canada). Squamish is located half way between Vancouver and Whistler, host cities of the 2010 Winter Olympics.

The outdoor adventure opportunities in this area are among the best in the world. Excellent canoeing, whitewater kayaking, sea kayaking, river rafting, backpacking, rock climbing, mountaineering and skiing are all easily accessible. The rich biodiversity of the area’s coastline, old growth forests, subalpine ecosystems and high alpine ecosystems creates a natural classroom for learning about the outdoor environment.

Industry Certifications
In some skill areas, examinations for certification offered by professional associations may be arranged for competent students.

The skills areas include:
• Wilderness First Aid
• Canoeing
• Sea Kayaking
• River Rafting
• Nordic Skiing
• Avalanche Safety
• Sailing
• Radio Operations
• Class 4 Licence

Information Meetings
• Program information meetings are held in February, March, April, and May each year.
• Call 604.892.5322 or e-mail wlp@capilanou.ca to receive notification of the exact dates.
• Interview appointments can be arranged at the information meeting.

Program Overview
Length of Program: 20 weeks
Start Date: August
Finish Date: December
A Wilderness Leadership Certificate will be awarded upon successful completion of all core courses plus 12 credits of select Wilderness Leadership Skills with a minimum C (2.00) cumulative GPA. Students are expected to maintain satisfactory performance in all core and Wilderness Leadership skills courses. Students falling below this satisfactory level may be asked to leave the program depending on the circumstances.

Outdoor Recreation Management Diploma students may acquire the Wilderness Leadership program certificate by completing an additional 8 credits of skill courses offered in the Wilderness Leadership Certificate program. (These courses may not have been taken previously within the Outdoor Recreation diploma program.)

Admission Requirements

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status or permission of the program coordinator for students who are at least 18 years of age.
• A minimum grade of C in English 12 or equivalent.

### WILDERNESS LEADERSHIP ADVANCED CERTIFICATE PROGRAM

#### General Information

Many graduates return to complete an advanced certificate. This includes advanced skill courses in wilderness first aid, rock climbing, rafting, nordic skiing, sailing, avalanche training, sea kayaking, and mountaineering. Students may also choose different first level skills not previously taken. In addition, students gain additional skills in interpretive presentations, astronomy, environmental stewardship and weather interpretation. The
term ends in May with a three-week practicum placement. The advanced certificate gives students an additional 16 credits.

For more information, please see www.capcollege.bc.ca/programs/wilderness/advanced

General Information

Capilano offers a variety of employment-related programs. When you choose a career in health care or education, you open the door to so many rewarding possibilities: from the newborn to the elderly, you provide care and support to those with a range of abilities and challenges. It’s a vocation for those who value dignity, trust, respect, responsibility and collaboration.

The programs offered are under constant review to make certain that students are taught the latest techniques and skills. Advisory committees, composed of employers, review and recommend content of all programs. Admission is limited and applicants are considered on the criteria established for each program area. In general, Grade 12 graduation is required for students applying to two year Diploma Programs, although others may be admitted on the basis of their experience and abilities. Due to the timely nature of these programs, requirements and profiles may change.

Contact the individual program areas for current information.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts and other written materials, and the instructor’s spoken words, and must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or an advisor before registering for a course.

TRANSFER TO AND FROM OTHER INSTITUTIONS

There is agreement among all public B.C. colleges to accept each other’s credits upon transfer, if applicable, to a program given at the admitting college, and given suitable equivalency. Capilano College reserves the right to review individual course credits.

Transfer credits are granted to students for acceptable work done at other institutions. Students wishing transfer credit should present suitable documentation to the Registrar’s office for consideration. Full information on transfer of specific courses is available from the Registrar’s Office, the advisors, and in the program area.

GRADUATE EMPLOYMENT

Employment opportunities for graduates are excellent; however, Capilano does not guarantee jobs for its graduates.

ADMISSION DATES

Enrolment is limited due to space and equipment limitations. Consequently, those students who contemplate entrance are encouraged to apply early. Applicants may be required to have an interview with the Program Coordinator prior to admission.
Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

PRACTICUMS
Students are required to have a Criminal Records Check.

CO-OPERATIVE EDUCATION
Some Career programs include a co-op education option. Co-operative education integrates a period of classroom learning with periods of work experience to enable students to apply their knowledge and skills. Students alternate periods of full-time study with periods of paid employment in business, industry, government and non-profit organizations. The goal is to develop high calibre graduates, better able to assume productive jobs. For more information, see www.capcollege.bc.ca/programs/cooperative.

STUDENT COURSE AND WORK LOAD
Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while undertaking full-time studies.

DIPLOMA IN CAREER/VOCATIONAL PROGRAMS
To be eligible for a Career/Vocational program diploma, a student must have:
1. Completed program requirements, 50% of which must be completed at Capilano College;
2. Achieved a cumulative grade point average of 2.00 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a diploma.

CERTIFICATE IN CAREER/VOCATIONAL PROGRAMS
To be eligible for a Career/Vocational certificate, a student must have:
1. Completed program requirements, 50% of which must be completed at Capilano College.
2. Achieved a cumulative grade point average of 2.00 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a certificate.

DEGREE PROGRAMS
Opportunities for degree completion are available to students who have finished diplomas at Capilano College in the following areas:

- Business Administration (Bachelor of Business Administration)
- Jazz Studies (Bachelor of Music in Jazz Studies)
- Music Therapy (Bachelor of Music Therapy)
- Outdoor Recreation Management (Bachelor of Tourism Management)
- Tourism Management Co-op (Bachelor of Tourism Management)
Access to Practical Nursing Program

GENERAL INFORMATION

The program is under revision and will not be offered in the 2008-2009 academic year.

The Access to Practical Nursing certificate program prepares graduates for the College of Licensed Practical Nurses of BC registration exams.

Designed mainly for Home Support/Resident Care Attendants, students will upgrade their knowledge and skills to become Practical Nurses through a combination of classroom study, nursing arts labs and practical nursing experiences.

Students will develop nursing skills required for employment as a Practical Nurse, including:

- Vital signs assessments for children and adults including temperature pulse, respiration and blood pressure;
- Safe medication administration including by mouth injections and intravenous routes, wound care assessment and treatments including sterile dressings, removal of sutures, drains, and staples;
- Transcribing physicians' orders;
- Intravenous and oxygen therapy;
- Urethral catheterizations and specific skills related to working with gynaecological, obstetrical, surgical and orthopaedic clients.

Courses in anatomy and physiology, health, healing, professional growth, pharmacology, communications and nursing arts prepare the students for the first practicum in continuing care. Further studies on health, healing, professional growth, and nursing arts prepare students for their second practicum in acute care.

Who should apply?

Successful Home Support/Resident Care Attendant graduates who have a strong interest in practical nursing will do well in this program. Flexibility in working in a demanding health care environment and the ability to communicate well with managers, peers and people of all ages, backgrounds, attitudes and beliefs are definite assets for any candidate entering the field of health care.

Career Opportunities

Graduates are able to care for selected clients chosen on the basis of acuity and complexity, for example in medical, surgical or rehabilitation wards of acute care hospitals. They may also be employed in the continuing care settings, group homes, public schools, special care units (e.g. Alzheimer units) and home care. In more remote parts of the province, Licensed Practical Nurses may work in all parts of the hospital including paediatrics and maternity.

ADMISSION REQUIREMENTS

- Grade 12 graduation (all applicants MUST have Grade 12 graduation or GED)
- Biology 12 (Human Biology) with a "C" grade or equivalent within the last 5 years and English 12 with a "B" grade or equivalent.
- HSRC or RCA Certificate (certificates issued prior to 1993 also require a HSRC 112 Special Needs in Resident Care course)
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

• Minimum 600 hours, in the last two years, employed either as a Resident Care Attendant in a facility working with a group of residents at the same time, or as a Home Support Worker in the community. All hours must be confirmed by an employer's letter. Current CPR Certificate (Basic Life Support C). Proof of a negative TB skin test or chest X-ray. Acceptable Criminal record search. The program coordinator, prior to the first day of class, must receive the CRS. Math Assessment Test with a score of 80%.

Early Childhood Care and Education Programs

GENERAL INFORMATION

Our society is recognizing the importance of the early years in children's development. There is an increasing need in communities for child care services, and for trained staff who can ensure that all children's interests and needs are met in a variety of programs. The Early Childhood Care and Education program prepares students to work in various settings, including preschools and daycare centres.

For more information, please see www.capcollege.bc.ca/progr...ams/ecce

International Opportunities

In conjunction with Capilano College's International Joint Partnership Projects and Study Abroad several international opportunities have been offered for ECCE students and alumni. These include Kindergarten work placements in locations such as Beijing, China and study abroad courses in locations such as England, Sweden and Finland. Currently, there are no active study abroad or exchange programs being offered. For more information call 604.984.4960.

Career Opportunities

Graduates of the programs have found rewarding careers working in licensed preschool and daycare centres, in some school districts as Special Education Assistants, as Community Care Licensing Officers, in management positions in childcare organizations and as consultants. The placement record for our graduates is excellent.

CREDSNTIALS AWARDED

Early Childhood Care and Education Certificate

This is awarded to students who successfully complete the full-time or part time evening basic program.

Infant & Toddler Certificate

Following successful completion of the Early Childhood Care and Education Certificate program and the Infant & Toddler program, the student is awarded an Infant & Toddler Certificate from Capilano College.

Special Needs Certificate

Following successful completion of the Early Childhood Care and Education Certificate program and the Special Needs program, the student is awarded a Special Needs Certificate from Capilano College.

ECCE Diploma

The diploma is a compilation of the basic ECCE Certificate, the Infant Toddler Certificate, and the Special Needs Certificate.

The Early Childhood Care and Education Certificate and successful completion of the required 500 hours work experience enables students to register as an Early Childhood Educator in British Columbia. For information regarding regulatory requirements for registration as Early Childhood Educator in British Columbia
please see the Early Childhood Information web page at: www.mcf.gov.bc.ca/childcare. The Early Childhood Education Registry can also be reached by contacting the office at 250.952.1726.

A diploma in ECCE may be transferred as a block into the second year of the four-year Child and Youth Care degree program at the University of Victoria. In order to receive the block transfer, a student must have an overall graduating GPA of 3.0 or higher.

Continuation in the Program

Continuation into each term of the programs is dependent upon the demonstration of satisfactory interpersonal, academic and teaching/guiding skills. C- is the minimum acceptable grade in all courses. Practicum grades must be C or higher.

TRANSFER CREDITS

Transfer credits will not automatically be given for courses taken at other institutions. Students will be required to demonstrate current knowledge before course exemption will be granted. Courses taken before 1999 will be considered stale and will not be granted exemption (at the discretion of the Department). Requests for transfer credit must be submitted on the Request for Transfer Credit form and submitted to the Registrar’s Office

EARLY CHILDHOOD CARE AND EDUCATION PROGRAMS

The North Vancouver campus offers both a full-time program and a part-time evening program which may be completed within two years. Sunshine Coast and Squamish campuses may offer evening programs.

These programs are based on the Competencies in Early Childhood Education, and are approved by the Community Care Facilities Branch of the Ministry of Health. The foundation of the ECCE programs is the study of development from birth to school-age. The history and current philosophies of early childhood education are examined. An interrelated series of courses focuses on the care and education of young children from an anti-bias perspective. Students also study program planning, curriculum content, health and nutrition, interpersonal skills and family-centre relationships. Theory and practice are closely related throughout the program. Students have practical experience in three practicum centres under the guidance of qualified Early Childhood Educators. In practicum centres students adhere to the Early Childhood Educators of B.C.’s Code of Ethics

Courses are presented in a manner which promotes active participation through demonstrations, oral reports, group projects, role-play and discussions.

Students who require government funding for part-time studies are advised to contact a Financial Aid Officer at Capilano College prior to applying for financial assistance.

Please Note - For more program content in the Squamish and Sunshine Coast campuses please check the corresponding calendar.

For more information, please see www.capcollege.bc.ca/programs/ecce/basic.

Registrar's Office Capilano College, Birch building, room 230
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798
ADMISSION/APPLICATION NOTES

Upon Acceptance

Please note, applicants required to:

1. Attend an Information Meeting. Call 604.984.4960 for the date of the information meeting. After the Information Meeting, you will schedule a group interview time.
2. Submit a résumé, a letter outlining career goals, three letters of reference, and complete a writing assignment at the interview.
3. Complete a Reading Assessment.
4. Submit a completed medical report on a form provided by the College, plus evidence of absence of active tuberculosis.

Enrolment in the Early Childhood Care and Education Certificate programs is limited to 26 students in each program (full-time and evening)

Due to the intensity of the full-time program, it is recommended that applicants have at least one year of college or university experience.

In preparation for applying to the program, prospective students may choose to take some of the following courses: ENGL 100, AHIS 100, ANTH 121, BIOL 104, CMNS 111, PHIL 101, PSYC 100, 101, SOC 100, 101, WMST 100.

Please note: One of the following two courses is required to receive an ECCE certificate - CMNS 111 (Administrative Writing) or ENGL 100 (Composition)

INFANT & TODDLER CERTIFICATE PROGRAM

The Infant & Toddler and Special Needs Certificate programs are for students who are certified as Early Childhood Educators or are in the process of completing the required 500 hours work experience.

Each program consists of seven courses including two practicums. Courses are scheduled in the evenings and Saturdays. Practicums are scheduled on an individual basis to meet students’ needs. Students must be enrolled in Infant/Toddler or Special Needs courses or be in the process of completing the certificate(s) and have a Licence to Practice in order to register in the post basic practicums.

Courses in these programs are scheduled on a two-year rotation. Students may begin at any time in the sequence. There are three core courses which are part of both programs.

Priority for registering in the Infant/Toddler and Special Needs Certificate programs is given to Capilano ECCE graduates. A waiting list for other students wanting to register in these post-basic courses is kept. Applications will be accepted from June 1 to August 31 for the fall term; and from November 1 to January 6 for the spring term.

Guided Imagery and Music Program

GENERAL INFORMATION

This post-baccalaureate certificate program in Guided Imagery and Music (GIM) is a music-centred transformational therapy in which a client listens to specifically programmed music in a relaxed state. The music acts as a catalyst to evoke, develop and transform images, memories, and feelings from deep levels of consciousness. With the help of the therapist, the GIM experience can lead to integration and healing on many levels. It is also very effective in developing creativity and for individual and group problem-solving.

The training blends experiential and academic course work with personal experience of the method, and spans three levels. The first and second levels are in a week-long format and the third level is offered in six, four-day seminars spanning two to three years. Upon completion of the first and second levels, graduates are equipped to apply their learning in adapted forms to their pre-existing practices. After the third level, graduates are endorsed by the Association of Music and Imagery to practise as GIM practitioners in both group and individual sessions with a wide variety of clientele.

This program develops knowledge, skills and abilities in the theory and practice of the Bonny Method of Guided Imagery and Music. By the end of the training, students will have completed over 175 classroom hours and 250 hours of supervised GIM practise sessions with clients. Upon successful completion of this certificate, graduates will be eligible to become a Fellow of the Association of Music and Imagery (FAMI).

For more information, please see www.capcollege.bc.ca/programs/guided-imagery-music.

Home Support/Resident Care Attendant Program

GENERAL INFORMATION

The Home Support/Resident Care Attendant program is a 23-week, full-time certificate program recognized throughout B.C. Graduates of the program are qualified to work in continuing care settings and with clients in home support agencies.

The program integrates health care theory with practice. Students learn the basics in physical care with a focus on the spiritual and emotional well-being of the resident. Clinical experiences take place in a variety of continuing care facilities and home support agencies. All students who are interested in the HS/RCA program must attend an information meeting and have an interview with an HS/RCA instructor.

Two programs are offered each year from September to February, and January to June. In the 2008/2009 academic year, the September 2008 program will be offered in North Vancouver. The January 2009 program will be offered at the Sunshine Coast campus.

Applications are considered in October for the January program, and in March/April for the September program.

Graduates of the program may transfer some HS/RCA courses to the Access to Practical Nurse program.

For more information, please see www.capcollege.bc.ca/programs/home-support

Career Opportunities

The number of people needing continuing health care and home care in our community is increasing, and there is an ever-growing demand for qualified men and women to work full-time, part-time or as a casual care provider in this field.
Graduates of this full-time program are qualified to work with clients/residents in various continuing care settings, such as extended care facilities, intermediate care facilities and home support agencies. The potential for employment is excellent.

Employers require a criminal record check.

**Graduation Requirements**

Attendance: The Home Support/Resident Care Attendant courses are intensive; regular attendance is essential.

Students must obtain a B- average (2.67 CGPA), with completion of all courses in the program. If the average theory grade is lower than B-, the student will be unable to complete the last five-week clinical course, HSRC 113.

**ADMISSION REQUIREMENTS**

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status. Applicants who have not graduated must be at least 18 and have completed grade 10 or equivalent.
- English Language Requirement, TOEFL/ELA/IELTS/CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
- Group interview with 2 instructors; 2 written references.
- Recommended 40 hours of volunteer work at a Complex Care Unit with satisfactory reference. Criminal record check; basic first aid; CPR (level C); medical; TB test. May require reading assessment done (Nelson Denny) here at Capilano College.

**HOW TO APPLY**

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Music Therapy Program

GENERAL INFORMATION

The Music Therapy program at Capilano offers the third and fourth years leading to the Bachelor of Music Therapy. This degree program is designed so that students may enter third year with a variety of backgrounds: music, general arts, education, or nursing etc. All four years may be completed at Capilano College.

This program provides students with the opportunity to gain knowledge and develop competencies in such areas as music therapy and practice; clinical disorders; assessment, planning and intervention; improvisation and music of many eras and cultures; interpersonal skills and group dynamics; basic research, and documentation.

The program blends academic and experiential course work. Students deepen their experience of music, creative expression and the role of the arts. They are encouraged to explore their values, beliefs, feelings and communication patterns, to increase their effectiveness in the field. They have field work in a different setting for each of the four terms, in which they are given increasing responsibility to design, implement and evaluate their own treatment programs, under clinical supervision.

Continuance in the Music Therapy program will be contingent upon an adequate level of personal, academic and clinical skills as jointly evaluated each term by the Music Therapy faculty. Music therapy is a helping profession in which music therapists work with clients who are in a state of disability. In the therapist/client relationship, there is an assumption that the therapist is in a well enough state of health and well-being to mediate client difficulties with an appropriate clinical approach. In other words, the therapist must function in clinically suitable ways, be emotionally stable and able to respond generally vis-a-vis the client’s needs. The therapist is the helper. The role of the Music Therapy program, in addition to student education, is to safeguard the standards of practice of the professional music therapy community through monitoring student readiness to work with members of the community-at-large who are at risk because of disability, disease, cultural and social deprivation, and otherwise disadvantaged. Safety of clients is essential.

Music therapists use the creative process inherent in musical participation to assist individuals and groups to improve their mental, physical and emotional functioning. Music therapists work with deep emotions in special therapeutic programs, run exercise and dance programs, lead choirs, instrumental ensembles and music appreciation groups as they contribute to therapeutic goals. Music therapy is increasingly identified by health care professionals as an effective catalyst for client motivation, stimulation and communication.

Graduates of the Capilano College Music Therapy program receive a Bachelor of Music Therapy.

For more information, please see www.capcollege.bc.ca/programs/music-therapy

Career Opportunities

Graduates of the program work with all age groups, with a wide range of physiological, cognitive and emotional disorders, in a variety of clinical settings or in private practice. They are trained to work as part of a health care team.

Rehabilitation Assistant Program

GENERAL INFORMATION

A Rehabilitation Assistant, also known as an "OTA/PTA/SLPA" or "RA", is a para-professional who works as a member of the health care team under the supervision of and in collaboration with occupational therapists, physiotherapists and speech-language pathologists to support patients or clients of all ages who have experienced disease or injury. This work, most frequently in the areas of gerontology, neurology and orthopaedics, may be carried out in a variety of settings including hospitals, rehabilitation clinics, extended care facilities and in the community in which we live.

The two year Rehabilitation Assistant Diploma program at Capilano College is designed to provide students with opportunities to develop the knowledge, skills, values and attitudes necessary to provide a vital supporting role in delivering efficient and effective rehabilitation services within the public and private health care delivery system. Working closely with peers and instructors, the program prepares students to be well-rounded RA's by delivering an integrated approach consisting of scientific knowledge, professional skills, rehabilitation theory and practical skills, case study integration and clinical fieldwork. Students will also learn how to apply the principles and practices of Rehabilitation Assistance in their everyday work.

Graduates of the program will:

• demonstrate professional behaviour
• promote optimal client independence
• develop, implement and modify treatment plans with clinical supervision
• provide training which enables clients to develop, maintain or restore physical, psychosocial, cognitive and/or communication skills according to the plan
• train clients/significant others in a variety of mobility, communication, self-care, work and leisure activities
• apply strategies to manage cognitive and psychosocial skills
• observe and report to the clinician and team on services delivered
• provide administrative and operational support to a rehabilitation service such as scheduling clients, managing inventory and treatment information, manufacturing and assembling special equipment and wheelchairs.

For more information, please see www.capcollege.bc.ca/programs/radp

Who Should Apply?

Successful RAs are people who have a positive attitude, care about people and who are motivated to enable people to help themselves. Those who have a strong interest in rehabilitation and who see themselves as "team players" will do well in this program. Flexibility in working in a demanding health care environment and ability to communicate well with managers, peers and people of all ages, backgrounds, attitudes and beliefs are definite assets for any candidate entering the field of health care.

The Rehabilitation Assistant program is limited to 20 students. Students selected for the program will be notified by mail

Special Education Assistant Program (SEA)

GENERAL INFORMATION

The Special Education Assistant (SEA) evening/weekend program prepares students to work in inclusive educational settings with children and adolescents, Kindergarten to Grade 12, who have diverse learning needs. SEA students are trained to support children with special needs so that these children can participate fully as members of a community of learners.

Special Education Assistants work under the direction of classroom teachers or resource teachers and give special attention to students with physical, learning or emotional needs by:

• implementing individualized or group instruction in communication skills, life skills, behaviour management techniques and adaptive physical education
• assisting in the modification of curriculum, assignments and tests to accommodate students’ special needs
• attending to and providing personal assistance to students in toileting, positioning, mobility, feeding, grooming and dressing
• transferring and assisting students to and from wheelchairs, desks, special equipment and work areas
• supporting all students in inclusive classroom environments

This program prepares students for a variety of para-professional duties in school, and includes theoretical studies and practical applications for working with children and adolescents who need extra support.

For more information, please see www.capcollege.bc.ca/programs/sea

Who Should Apply?

Successful SEA applicants have an aptitude for working with children or adolescents, are patient, interested in education and learning, consider schools to be interesting and exciting places, and show initiative while working in a world of rapidly changing ideas.

ADMISSION REQUIREMENTS

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status. Applicants who do not meet the above requirement must be at least 18 years of age and be able to demonstrate equivalent work experience.
• Successful completion (B-) English 12 or Communications 12 is recommended. Applicants who have not successfully completed Grade 12 English or Communications 12 equivalency are strongly advised to take an English Writing Course for upgrading prior to applying to the SEA program.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
• Applicants are required to attend an information session and will be assessed on the basis of an interview with faculty, past academic experience and relevant experience working with children and adolescents. Submission of a covering letter (stating reasons for wishing to apply to this program), resume, three
reference letters and clear criminal records search are required. A short SEA English Placement test will be administered during the interview session.

- Applicants may have the SEA English Placement Test waived if a copy of transcripts can be provided with recent successfully completed English 100 courses or EDT score from another post-secondary program (within last 18 months).
- Standard First Aid certificate, CPR certificate, TB test.

Fine & Applied Arts

Other related programs and courses in this calendar:

- Guided Imagery and Music
- Magazine Publishing
- Music Therapy

General Information

The arts at Capilano range from the computer screen to the big screen and from behind the scenes to centre stage.

Capilano offers a variety of employment-related fine and applied arts programs from three-dimensional forms to multimedia. The programs offered are under constant review to make certain that students are taught the latest techniques and skills. Advisory committees, composed of employers, alumni and other experts review and recommend content of all programs.

Admission is limited and applicants are considered on the criteria established for each program area. In general, Grade 12 graduation is required for students applying to two year diploma programs, although others may be admitted on the basis of their experience and abilities. Due to the timely nature of these programs, requirements and profiles may change.

Contact the individual program areas for current information.

All courses require basic literacy in written and spoken English. That is, students must be able to understand the texts, other written materials, the instructor's spoken words, and they must be able to write assignments in correct English. Students who are uncertain of their oral and written English should speak to the instructor or an advisor before registering for a course.

TRANSFER TO AND FROM OTHER INSTITUTIONS

There is agreement among all public B.C. colleges to accept each other's credits upon transfer, if applicable, to a program given at the admitting college, and given suitable equivalency. Capilano College reserves the right to review individual course credits.

Transfer credits are granted to students for acceptable work done at other institutions. Students wishing transfer credit should present suitable documentation to the Registrar's office for consideration. Full information on transfer of specific courses is available from the Registrar's Office, the advisors, and in the program office.

GRADUATE EMPLOYMENT

Employment opportunities for graduates are excellent; however, Capilano does not guarantee jobs for its graduates.

ADMISSION DATES

Students contemplating entrance are encouraged to apply early as enrolment may be limited because of space and equipment limitations. Applicants may be required to have an interview, a portfolio review, and/or an audition prior to admission.
Unsuccessful applicants should contact an advisor to determine an appropriate educational alternative.

**PRACTICUMS**

For some practicums, students may be required to have a Criminal Records Check.

**CO-OPERATIVE EDUCATION**

Some Career programs include a co-op education option. Co-operative education integrates a period of classroom learning with periods of work experience to enable students to apply their knowledge and skills. Students alternate periods of full-time study with periods of paid employment in business, industry, government and non-profit organizations. The goal is to develop high calibre graduates, better able to assume productive jobs. For more information, see [www.capcollege.bc.ca/programs/cooperative](http://www.capcollege.bc.ca/programs/cooperative).

**STUDENT COURSE AND WORK LOAD**

Full-time programs are designed so that successful completion is a full-time task. Students are advised not to undertake other activities that require large time commitments, including employment, while undertaking full-time studies.

**DIPLOMA IN CAREER/VOCATIONAL PROGRAMS**

To be eligible for a Career/Vocational program diploma, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano College;
2. Achieved a cumulative grade point average of 2.00 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a diploma.

**CERTIFICATE IN CAREER/VOCATIONAL PROGRAMS**

To be eligible for a Career/Vocational certificate, a student must have:

1. Completed program requirements, 50% of which must be completed at Capilano College.
2. Achieved a cumulative grade point average of 2.00 or higher. Some programs require a higher than 2.0 cumulative grade point average in order to receive a certificate.

**DEGREE PROGRAMS**

Opportunities for degree completion are available to students who have finished diplomas at Capilano College in the following areas:

- Business Administration (Bachelor of Business Administration)
- Jazz Studies (Bachelor of Music in Jazz Studies)
- Music Therapy (Bachelor of Music Therapy)
- Outdoor Recreation Management (Bachelor of Tourism Management)
- Tourism Management Co-op (Bachelor of Tourism Management)

COMMERCIAL ANIMATION PROGRAM

General Information

Animation can be seen everywhere in our lives today. From the traditional media of film and television to computer games and the Internet, animation dominates. Locally, the Vancouver industry has grown from small, one-artist studios making personal films and commercials to large businesses employing hundreds and working on major projects for Disney, Nelvana, Dreamworks and Warner Bros. There are more studios and places for qualified animation graduates; however, there are also many more schools training for the industry. The competition for jobs is as intense as it ever was, and it is important for students to choose the animation program which will best help them to achieve their goals.

The Program

The Commercial Animation program prepares students for employment in the animation industry, specifically in the area of classical character animation and design for film, television and the Internet. This intense two-year, full-time program focuses on drawing skills and studio procedures in the production of animated commercials, television series, computer game design and feature films. The program works closely with producers of traditional and computer animation, establishing and evolving the curriculum to meet the industry's need for skilled animators and animation designers. New students are admitted each September in a class of 24.

Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

General Information

Consumer demand for high quality animation and visuals has fuelled the growth of the computer animation industry. Visual artists with excellent character animation skills and a firm understanding of computer animation technology are in demand worldwide. With the assistance of new computer animation technologies, skilled animators are producing stunning visuals for computer games, multimedia, web, television, and feature film.

The Program

The goal of the Digital Animation program is to prepare talented artists for a successful career in the computer animation field. This intensive eight-month training program is designed for accomplished artists and animators wishing to develop the artistic and technical skills necessary to work in the computer animation industry. This production-oriented approach to training prepares students for a successful animation career in the entertainment industry.

The program is focused on developing students' creative and artistic skills in the areas of drawing, design, character animation, and storytelling. Using leading edge software tools, students develop their 3-D modeling, texturing and animation expertise. Successful graduates will complete a professional quality demo reel showcasing their 3-D design and computer animation abilities. Visit the student gallery at [www.gradshow.com](http://www.gradshow.com) to see the quality of our graduates' artwork.

Program Start Date

A maximum of eighteen candidates will be selected for admission each September.

Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- Students who graduate from the Commercial Animation program are given first priority for acceptance into the Digital Animation Program. A diploma in a related discipline is suggested (i.e. Animation from another College; graphic design, illustration, fine arts)
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
- Interview and portfolio. Please send portfolios directly to the Animation Department for review.
- Letter of intent

Art Institute Program

GENERAL INFORMATION

The Art Institute, specializing in sculpture, media art, and printmaking, is a one-year, post-baccalaureate certificate program unique in the college system. Comparable to artist-in-residence programs, the Institute offers advanced studies to artists with several years experience in sculpture, or printmaking, or to recent college, university or art school graduates.

Members of the Institute have access to well-equipped studios and specialized equipment. Supplies and materials are available at cost.

Lectures, seminars and tutorials feature guest artists and faculty who are professionals in their fields. With the permission of the instructor, members may also pursue individual research beyond the one-year certificate.

A major component of the Institute experience is the interchange among the participants, which may include critiques, encouragement of work in progress, or exposure to new materials. Along with providing the artist with studio space, the Institute offers the expertise of special speakers and workshop experiences. The atmosphere is stimulating and supportive of the individual’s aesthetic development.

For more information, please see www.capcollege.bc.ca/programs/studio-art/institute
ADMISSION REQUIREMENTS

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• Post Secondary Degree or equivalent experience. As this program is equivalent to a graduate level fine arts program applicants with extensive visual arts education or experience will be given preference.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
• Portfolio, resume and proposal of anticipated work is required.

ADMISSION/APPLICATION NOTES

Completion of art school diploma or BFA studies are required to enter this program. Exceptional applicants with equivalent work experience may be accepted at the discretion of the instructors. Note that it is not absolutely necessary to be specifically proficient in the chosen area of study. Parallel experience would be considered, i.e. painting to printmaking.

Enquiries and applications are accepted at any time throughout the year, although the normal registration periods are May and December for the first and second terms, respectively. Phone 604.984.4911 by the end of April for an interview in early May.

HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Registrar's Office Capilano College, Birch building, room 230
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Submissions

1. Résumé — to include pertinent travel and other life experiences.
2. Portfolio — original works where possible; however, slides, photographs, CDs, videos or other printed material will be acceptable. Where appropriate, and with the coordinator’s permission, the portfolio requirement may be waived.
3. Proposal — an outline of the anticipated directions of work. This should be as specific as possible.

Submissions should be addressed to:

Arts and Entertainment Management Programs

GENERAL INFORMATION

The Arts and Entertainment Management department offers two programs of study; a one-year Advanced Certificate program and a two-year Diploma program. Both programs offer a comprehensive overview of the business side of the arts and entertainment industry and prepare students for a fast-paced career in a growing and dynamic sector.
ADVANCED ARTS AND ENTERTAINMENT MANAGEMENT CERTIFICATE

The Advanced Arts and Entertainment Management certificate program provides students with the skill-sets, job experience, and contacts necessary to gain employment in the industry. This one-year program requires two years of post-secondary training or work experience equivalent and offers students a unique blend of course work and practicum experience in the arts and entertainment industry. Students gain an overview of all aspects of arts and entertainment management, including marketing, resource development, and financial, tour, production, and artist management in both the commercial and non-profit cultural sectors. The classroom-based course work for the program commences in the first term (May – August) with the practicum placements following in successive terms.

Practicum placements are an essential part of this program. The students gain practical experience and cultivate relationships with one or more cultural organizations in the community working for professional arts and entertainment organizations. Past placements have included the Arts Club Theatre, 604 Records, New Performance Works, Edinburgh Fringe Festival, Universal Music Canada, Rumble Productions, Coastal Jazz and Blues Society, Axis Theatre, Yukon Arts Centre, and Nettwerk Records. Our graduates have found employment with Sam Feldman and Associates, Vancouver East Cultural Centre, Arts Club Theatre, Firehall Arts Centre, Bard on the Beach, and Festival Distribution, to name just a few.

ARTS AND ENTERTAINMENT MANAGEMENT DIPLOMA

The Arts and Entertainment Management diploma program offers a comprehensive overview of the business side of the arts and entertainment industry and prepares students for a fast-paced career in a growing and dynamic sector.

The program provides students with a well-rounded and thorough education in all aspects of the industry. Course work includes artist and tour management, marketing and resource development, production and financial management, as well as box office and audience services coordination.

Practicum work placements are an essential part of this program. Students cultivate relationships within the arts and entertainment community by working for professional organizations such as artist management and record companies, as well as a variety of arts and cultural organizations in the commercial and non-profit sector, including theatre companies, dance organizations, performing arts venues, and festivals.

The Arts and Entertainment diploma program uniquely blends course work with hands-on training and affords students the opportunity to customize the program to meet their career objectives. The program is uniquely suited to those students with an entrepreneurial spirit and a strong passion for arts and entertainment.

Conducting in Music Program

GENERAL INFORMATION

Capilano College offers five music programs: a one-year Conducting in Music certificate, a two-year Diploma of Music (Classical Music) from the Bachelor of Music Transfer program, a two-year Diploma in Jazz Studies, a four-year Bachelor of Music (Jazz Studies) and a four-year Bachelor of Music Therapy.

Graduates of the Conducting in Music certificate program will be able to conduct choral and instrumental ensembles effectively and confidently. The program is designed so that currently active teachers and musicians may take the program while continuing to work.

Courses will include conducting, conducting pedagogy, ensemble and languages. The core conducting course will focus on fundamental conducting techniques including patterns, cues, cut-offs, phrasing, tempo changes, expressive gestures, use of the left hand, baton technique, choral and orchestral conducting. Conducting pedagogy will include watching and discussing recorded performances, attending live performances, observing rehearsals and discussing various approaches to conducting.

All participants will be required to sing in one the College ensembles and will be required to take two terms of Italian, German or French.

ADMISSION REQUIREMENTS

• Two-year Diploma of Music, Bachelor of Music Degree or Bachelor of Education Degree
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

COSTUMING FOR STAGE AND SCREEN CERTIFICATE PROGRAM

This two term program is designed to provide students with a sound knowledge base in the technical and creative procedures, methods and requirements for both theatre and film costuming.

Career Opportunities

The entertainment industry, including all aspects of theatre, film, dance and opera, is always in need of trained and knowledgeable people for entry-level positions. The freelance nature of the industry makes finding and keeping these positions very competitive. The better the education and training, the better the opportunity for both entry and advancement. The skills and abilities required for success in theatre, film or dance costuming are transferable across the country and around the world.

Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5
overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

- Interview and portfolio.

ENTRY LEVEL FILM GRIP CERTIFICATE PROGRAM

This 14-week program is designed to prepare the student for an entry-level position as a grip in motion picture, video and commercial production. Technical, demonstration and hands-on training methods help build a strong understanding of the procedures, methods and requirements for working as a grip. Practical training sessions help develop the skills necessary to function effectively and safely at an entry level and provide the foundation for rapid, on-the-job advancement.

Career Opportunities

The motion picture and video production industries require skilled, experienced and well trained people to continue attracting high levels of local production. The grip department is one of the largest on-set departments and generally requires a significant number of skilled craftspeople. The film sector has been one of our fastest growing industries over the past ten years.

Program Objectives

Upon successful completion of the program, the student should be able to:

• Identify various types of lighting and grip equipment as well as cranes, dollies and various types of fabrics
• Prepare grip and electric equipment for operation
• Assist with lighting the set
• Perform basic “check-in” and “check-out” procedures for rental house equipment
• Set-up for photography
• Work on set safely and as part of a team
• Practise WCB safety procedures as they pertain to the film industry
• Maintain equipment

Program Delivery

• Students attend five hours per day, five days per week.
• The program is offered twice per year with classes beginning in early September and again in early January. There is limited enrolment and generally students are accepted on a first come, first served basis, so prospective students are advised to apply early.

Admission Requirements

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560,
computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

ENTRY LEVEL SET DRESSER CERTIFICATE PROGRAM

This 15-week, full time program prepares the student for an entry-level position in a motion picture set dressing department. Our hands-on training methods help the student build a strong understanding of the procedures, methods and requirements for work as a set dresser.

Practical training sessions help to develop the skills necessary to function effectively and safely at an entry level and provide students with the foundation for rapid on-the-job advancement.

Career Opportunities

During the past decade, the film sector has been one of British Columbia's fastest growing industries. The motion picture and video production industries require skilled, experienced and well-trained people to continue to attract high levels of local production. Set dressing is one of the largest departments and requires a significant number of skilled craftspeople.

Program Objectives

Upon successful completion of the program, students will be able to:

- complete start packages, time sheets, and rental agreements
- apply and demonstrate safe work practices
- pick-up and return items and materials used as set decor
- demonstrate the carriage, movement, placement, preparation and application of dressings in studio and/or location sets
- dress and wrap studio and/or location sets
- demonstrate the safe operation of a variety of hand, cordless and power tools

Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.

MOTION PICTURE PRODUCTION CERTIFICATE PROGRAM

The two-term Motion Picture Production program introduces the student to the complex world of the dramatic film, television and video industry. It offers a general overview of the types of creative and craft jobs available and gives the graduate a solid foundation from which to build a career. Our hands-on and practical approach to education enables the student to identify specific areas of personal interest and employment options while acting as a member of a production crew. Successful graduates will receive a certificate and may pursue entry-level positions in film and video production or may continue their education in any of our advanced programs.
This program is offered at the North Vancouver campus.

Career Opportunities

Major motion picture production in B.C. is a multi-million dollar industry requiring well-trained personnel to fill its entry level requirements. Further, the growth of B.C.'s independent indigenous film industry must be fuelled by new, talented, and well-trained filmmakers.

Program Objectives

The program is designed to provide a solid foundation of knowledge about the film industry. Courses focus on:

- Creation of the screenplay and its breakdown for production
- The stages of production from concept to post
- Production techniques
- Editing techniques
- Set administration
- The technical aspects, including camera, lighting and sound
- Keys to success, including attitude, teamwork and how to market yourself

Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
- Interview

How to Apply

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Registrar's Office Capilano College, Birch building, room 230
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Further Information

Students are asked to enclose an essay outlining the reasons they want to attend the program and showing a long-term interest in film or video production. Relevant materials included, such as proof of volunteer work in film, video, or any area of the entertainment industry, completion of related courses etc., would significantly contribute to the applicant's acceptance. It is unlikely any application will be considered unless it contains at least the essay.
Fees and Expenses

Please see the Fees and Fee Payment section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see Financial Aid and Awards.

ADVANCED MOTION PICTURE PRODUCTION DIPLOMA PROGRAM

The Motion Picture Advanced Diploma program has been created to build upon the knowledge gained in the Motion Picture Production Diploma program. It is designed to create a higher degree of competency in a wider spectrum of skills essential to those wishing to enter the world of independent production. Special emphasis is placed, not only on the creative areas such as writing, directing and editing, but on those areas of expertise necessary to create a production "from the ground up", including development, budgeting, financing and distribution.

All students in this program will gain extensive "hands-on" experience in the creative and technical aspects of independent production by taking several projects all the way through the production process - from initial concept to finished product.

Career Opportunities

The motion picture industry in B.C. requires, not only skilled dedicated people to support its multi-million dollar Hollywood production base, but also creative, entrepreneurial film-makers to help build our growing locally developed production sector.

Program Objectives

Through classroom studies and an intensive schedule of dramatic production, the following areas of interest will be explored:
• Advanced producing
• Advanced directing
• Advanced screenwriting
• Visual aesthetics
• Production budgeting and accounting
• Financing
• International cinema history
• Entrepreneurship for filmmakers
• Special and visual effects
• Creative direction in post-production

Upon successful completion of this program, the students will have a solid foundation of knowledge and skills necessary to pursue a career in independent filmmaking. The students will have a demonstrable understanding of both "above the line" job functions (writing, producing, directing, financing) and "below the line" job functions (art direction, cinematography, picture editing, special effects and budgeting). Further, their creative efforts will be informed by a thorough understanding of the history of world cinema and its effects on current film trends.

**Admission Requirements**

• Completion of the Capilano College Motion Picture Production Diploma Program.

**DOCUMENTARY CERTIFICATE PROGRAM**

Focusing on the growing market for smaller scale productions, this certificate program provides students with skills needed to produce, write and edit documentary or specialized productions. The program covers the development, pre-production, production, post-production and packaging stages. It also covers a thorough understanding of the genre, focusing on writing, camera techniques, picture and sound editing and business management.

Graduates will have a solid foundation of knowledge and skills necessary to pursue a career in independent filmmaking. The students will have a demonstrable understanding of both “above the line” job functions (writing, producing, directing, financing) and “below the line” job functions (art direction, cinematography, picture editing, special effects and budgeting). Further, their creative efforts will be informed by a thorough understanding of the history of world cinema and its effects on current film trends.

**Program Objectives**

Upon completion of the program, students will be able to:

- Demonstrate a commitment to non-fiction stories and their expression in a visual form.
- Perform the fundamentals of producing, directing and writing for documentary and specialty production.
- Apply the aesthetic, intellectual and philosophical dimensions of specific documentary genres, paying particular attention to the principals of documentary writing and production.
- Employ effective research strategies into a variety of subject areas for different documentary sub-genres such as history, politics, culture, and performing arts.
- Conceptualize and develop a documentary or specialized production considering funding, planning, writing and presenting or pitching.
- Demonstrate technical understanding of and work with all necessary video and audio production equipment.
- Perform audio and video editing in postproduction - story structure and a comprehensive understanding of aesthetic and technical elements of post production.
- Understand and execute other aspects of production including fundraising, promotion, distribution and film festival competition.
- Employ the breadth of aesthetic understanding through knowledge of the history of documentary production and analysis of the documentary as a persuasive means of communication to achieve social goals through the point-of-view documentary.
Career Opportunities

The production opportunities available to emerging filmmakers have proliferated in recent years from the multi-channel universe of specialty broadcast cable and satellite programming to new production and distribution platforms such as the internet and cell phones.

Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status with successful completion of testing and/or upgrading in English or Math skills.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
- Interview
- Applicants will provide a two or three page essay/letter indicating their interest in the documentary and factual entertainment field and any previous related experience (if applicable).

How to Apply

Illustration/Design: Elements & Applications (IDEA) Program

These programs are part of a department within the School of Media Arts. Media Arts also includes Animation programs and the Interactive Design program. Other art programs in this calendar include Studio Art and Textile Arts.

ILLUSTRATION/DESIGN: ELEMENTS & APPLICATIONS PROGRAM (IDEA)

IDEA is a three-year career-based diploma program that prepares students for employment as visual communicators. The curriculum addresses applied development in design and illustration supported by a strong theoretical foundation. Conceptual development, project management, and instruction using industry-standard technologies are an integral part of the program. IDEA instructors are working professionals, bringing current experience into the classroom.

For more information, please see www.capcollege.bc.ca/idea

Career Relevance

The versatility of IDEA's training enables graduates to work in a wide range of fields. Upon completion of the program, IDEA students will have skills and knowledge for career opportunities in graphic design, advertising, multi-media and website production, publishing, public relations, book and editorial design and illustration, package design, corporate communications, fine art, exhibition and environmental design and education. As well, graduates can apply their knowledge of the creative process and project management to freelance or contractual employment. The growing network of IDEA graduates as well as the reputation of the program greatly support career development.

IDEA Environment

The IDEA program requires an intensive, full-time commitment. Courses are taught by professional illustrators, graphic designers, and consultants. IDEA offers a hands-on, practical learning environment. First year students working on fundamentals have their own work areas in a studio environment and use artist materials and supplies. A colour kit for first year fundamentals is included. In the second year, the emphasis is on tools, processes and skills development, including mastering the digital domain. Students have sole use of an Apple Macintosh computer and software tools. IDEA's computer lab with dedicated workstations provides a "real world" working environment for almost all instruction and practical work. The third year is focused on career development with advanced projects, specialized areas of study, and professional development. Students must take all courses.

The IDEA program uses the current industry standard in hardware and software configurations. Students have access to their designated Apple Macintosh workstation through second and third year. Upon completion of the IDEA program, students may, for a nominal sum, purchase the computer.

Admission Requirements

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• A minimum grade of C in English 12 and a minimum grade of B in Art 12.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560,
computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

• Portfolios are reviewed by an admissions committee on the basis of drawing, design, colour, creativity, media variety, skill and presentation. Applicants whose portfolios meet the standards of the program will be required to attend a mandatory interview and have their drawing and writing skills tested on a scheduled day in May.

Portfolios

Portfolios must be submitted:

Portfolios will not be reviewed if proper documentation has not been received by the College by March 31, 2008.

Late portfolio submissions will not be accepted.

1. Portfolio Content:
   • no fewer than 10–15 original samples of work (excluding photos of 3-D or larger work)
   • portfolio samples must be produced, drawn, designed or photographed by the applicant and must represent current abilities
   • imaginative experimental designs and drawings, in any medium representing personal interests, are encouraged
   • 1/3 of the portfolio must include drawings/paintings from life (still life and figure – not from photography)

2. Presentation Format:
   • samples must be flat, not rolled
   • portfolio size must not be larger than 20 x 26 inches (50 x 66 cm)
   • photographs or slides of larger or 3-D work are preferred

3. Portfolio Submission:
   • applicant’s name and address must be printed on the outside of the portfolio in large letters with smaller labels attached to the back of each sample of work
   • a completed Program Information Sheet (available from the IDEA department) is to be included
   • the portfolio is to be addressed to: Capilano College / IDEA program AR106 – 2055 Purcell Way North Vancouver, B.C., Canada V7J 3H5
   • portfolios may be picked up between April 29 and May 2 or can be sent to the applicant – if sufficient postage, a cheque in the correct amount to cover the cost of return postage, or a prepaid waybill for a courier is provided

4. Portfolio Review:
   • Portfolios are reviewed by an admissions committee on the basis of drawing, design, colour, creativity, media variety, skills and presentation. Applicants whose portfolios meet the standards of the program will be required to attend a mandatory interview and have their drawing and communications skills tested on a scheduled day during the week of May 5, 2008.
   • Successful applicants will be notified during the week of May 19, 2008.
   • All portfolios must be picked up by May 2, 2008.
   • The College cannot accept responsibility for loss or damage to applicants’ work.

IDEA Department’s Summer Certificate Programs

Creative Intensives includes two IDEA department summer certificate programs in the visual arts. Students have the opportunity to develop their talent, expand upon their skills, and explore new areas in art, design or media under the guidance of inspiring instructors who are professionals in their field. Foundations in Illustration & Design: assists students interested in fine or applied arts to develop a portfolio, gain basic skills in design, drawing and media, and learn about careers available in today’s industry. Advertising: Offers specialized training in advertising. For more information, please see www.capcollege.bc.ca/programs/idea/creative-intensives

Program Delivery

Students can choose to complete an entire certificate program or take just one or more courses. Courses are intensive and completed within a 10 day period. Each course includes nine instructional days. The courses are held from 9 am to 5 pm each day at Capilano College. Each course is worth three credits. A certificate requires the completion of four core courses and a 100-level English or Communications course for a total of 15 credits. Students may submit transcripts of course completion to fulfil the 100-level English or Communications course requirement.

The Essentials of Advertising Program

The Essentials of Advertising Certificate program offers specialized training in advertising for high school graduates, or graduates from design or business programs, and for individuals interested in entering the advertising industry. This program covers the essentials of advertising — strategic marketing, advertising conceptual development, and media buying. The courses offer creative professionals or individuals the opportunity to broaden and deepen their knowledge of the industry, and to develop an advertising projects portfolio.

The core curriculum for the four courses includes processes that are consistent with the following learning outcomes:

• Knowledge about the advertising industry and agency process;
• Developing a range of skills in advertising;
• Knowledge about advertising campaigns past and present;
• Knowledge of media available for advertising and the media buying process;
• Developing advertising concepts and creating advertising materials consistent with specific strategic goals and budgets.

Admission Requirements

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status with successful completion of testing and/or upgrading in English or Math skills.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

How to Apply

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Foundations in Illustration and Design Program

Many students applying to fine or applied arts programs need training in portfolio presentation and foundations in the visual arts. Foundations in Illustration and Design is intended to help students prepare an entry-level portfolio and to gain some basic skills in illustration and design. The program provides an introduction to careers (and trends) in the current art and design market. This program also addresses the needs of international students who are seeking to develop an understanding of visual art culture in a Canadian context.

Admission Requirements

- BC Secondary School (Grade 11) or equivalent or 16 years of age or permission of Department or Mature Student status with successful completion of testing and/or upgrading in English or Math skills.

Indigenous Independent Digital Filmmaking Programs

DIPLOMA IN THE INDIGENOUS INDEPENDENT DIGITAL FILMMAKING PROGRAM

General Information

The Indigenous Independent Digital Filmmaking (IIDF) program at Capilano College has been providing basic production training for Aboriginal students since the spring of 2000. The program is a response to the expanding demand for trained professionals in all areas of the Aboriginal production industry. The industry is growing and so are the opportunities for creative, committed and skilled producers, writers, directors and technicians. The Indigenous Independent Digital Filmmaking program is committed to providing Aboriginal students with high-quality production training from the Aboriginal perspective. Instructors are experienced, connected and respected Aboriginal professionals working in the industry. Students participating in the program come from all areas of the country.

Through a combination of lectures, hands-on instruction, and production projects, students receive instruction and practical experience in all aspects of the film and television production process, from initial concept to finished production. All aspects of the program are related to Aboriginal production.

In addition to lectures, hands-on instruction and project work, students have the opportunity to participate in a four-week work practicum. This enables students to obtain on-the-job experience in the professional production environment and make connections with industry experts and potential employers.

For more information, please see [www.capcollege.bc.ca/programs/indigenous-digital-film](http://www.capcollege.bc.ca/programs/indigenous-digital-film).

Career Opportunities

Career opportunities in all areas within the Aboriginal production sector are expanding. The creation of the Aboriginal People’s Television Network (APTN) established a national network for Aboriginal people. The Canadian feature film industry has also grown rapidly. This industry development has greatly expanded the opportunities for Aboriginal people to build careers in the film and television industries. Most opportunities involve contract employment. While there are staff production positions with broadcasters and production companies, the major opportunities are in the field of independent production. Employment is typically by contract for a specific production or series. Graduates of the program have obtained positions as production assistants, camera assistants, camera operators, editing assistants, editors, writers, and production managers. Some graduates are self-employed, developing and producing their own productions.
Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- Interview

Interactive Design Program

GENERAL INFORMATION

Design + Technology = Opportunity.

Did you know that Canada leads the world when it comes to developing digital technologies? Whether you’re interested in developing dazzling websites, creating cool Flash games or designing interactive CD-ROMs, the new media industry offers great opportunities for people with talent, creative thinking and cutting-edge technical skills. The Interactive Design program gives you the tools and experience you need to launch your career in the digital world.

In Year One you learn how to plan, design and build complex websites. In Year Two you have the opportunity to specialize in E-learning, interactive multimedia, or web design and development. You will work on real world projects, develop your digital portfolio, and gain work experience during a six-week work practicum.

Classes are led by industry professionals in a dedicated digital media lab outfitted with the most current hardware and software. Developed with industry input, the program is designed to equip you with the practical skills and knowledge that employers are looking for, giving you a competitive advantage in the job market.

Design your future today.

For more information, please see www.capcollege.bc.ca/programs/interactive-design.

Jazz Studies Programs

GENERAL INFORMATION

Capilano College offers a four-year Bachelor of Music (Jazz Studies) and a two-year Diploma in Jazz Studies. The College also offers a four-year Bachelor of Music Therapy and a two-year university transfer program in classical music.

For more information, please see www.capcollege.bc.ca/programs/jazz-studies

Mission and Goals

The Bachelor of Music (Jazz Studies) provides a broad-based academic background, while developing comprehensive abilities in music, with jazz as the main focus. In keeping with the eclectic nature of jazz, students are exposed to music from diverse cultural sources, historical periods and media. Because jazz is an applied art form, the achievement of specific high standards in vocal and/or instrumental performance, improvisation, composition, and arranging are fundamental goals of the program curriculum, and demonstration of ability in these areas is required of all graduates. Teaching music within the public school system will be a goal for some graduates; to this end, the Jazz Studies program includes all the necessary prerequisites for acceptance into the fifth year Teacher Education Program at the University of British Columbia. While most Jazz Studies graduates who do not enter the public school system as teachers embark upon creative and varied careers as self-employed professionals, the Bachelor of Music (Jazz Studies) also qualifies its graduates who wish to teach at the college or university level for some post-graduate degrees. Since 1995, some graduates from the Jazz Studies program have been admitted into graduate programs at Canadian and American universities in the areas of composition, education, conducting and performance.

Career Opportunities

The two-year Diploma program is intended to provide its students with the skills necessary to develop careers as self-employed professional musicians.

The four-year Bachelor of Music (Jazz Studies) balances and integrates the instruction of jazz, traditional music, and general academic electives to provide a highly detailed and rich artistic education. For those who wish to pursue music as self-employed professionals, teach music in the public school system, or continue their musical development as part of a liberal arts education, it is a unique and attractive option. Increasingly, graduates are building varied careers in music and related fields based upon a successful layering of skills; for example, some are following up the Jazz Studies degree with the Advanced Arts and Entertainment Management Certificate program (also offered at Capilano College), specialized training in business or technology relevant to the commercial music industry, or post-graduate music degrees; many others upon leaving Capilano College launch directly into a creative combination of teaching, performing
with a number of different ensembles in various jazz and contemporary styles, managing their own careers
and those of fellow artists, composing, arranging, editing and working with music software.

Major Streams in the Third and Fourth Years

The four years of study required for the Bachelor of Music (Jazz Studies) are offered at Capilano College.
Following completion of the Jazz Studies two-year Diploma program, students choose from five overlapping
major streams for the remainder of the degree: Instrumental or Vocal Performance, General Studies, General
Studies (Education Stream), and Composition/Arranging. These five streams share a core curriculum, but
differ in the proportion of large and small ensembles, private lessons, improvisation, music and academic
electives required for graduation. Students from other post-secondary jazz programs are welcome to apply
to the Jazz Studies program (see Transfer of Credit in this section of the Calendar).

Facilities

As recording experience has become an essential part of today’s musical training, the Jazz Studies program
has integrated multi-track recording into the curriculum. Vocal, instrumental, and arranging/composition
students all make use of our multi-track facilities.

A computer lab is available to students for supplemental help in ear training, sight-reading, and other basic
music skills, as well as the printing and recording of theory and arranging assignments.

Faculty

The Jazz Studies department is comprised of a wide range of specialized faculty members. Most instructors
are also top professional musicians who bring extensive practical experience to their classes.

Transfer Credit

The Jazz Studies program grants transfer credit for courses taken at other post-secondary institutions if
they have suitable equivalency. Because of the wide variations that exist in approach and emphasis in
various music programs, the Jazz Studies program reserves the right to examine for competency according
to our course requirements before transfer credit is approved.

Transfer of concentration performance instrument courses, keyboard and ear training credits will be possible
only up to the placement level determined by the audition and by keyboard and ear training test results.

Transfer Between Undergraduate Programs

While no formal articulation agreements are in place between Capilano College’s Bachelor of Music (Jazz
Studies) program and other undergraduate jazz diploma and degree programs, Capilano College has
accepted applications for transfer into its Bachelor of Music (Jazz Studies) from other B.C. community
colleges, including Malaspina University College, Vancouver Community College, Kwantlen University
College and Selkirk College. In addition, students have transferred from the jazz programs at Alberta’s Mount
Royal College, Grant MacEwan Community College and Keyano College, to complete the four-year program
at Capilano College.

Across Canada, Capilano College has accepted transfer students from the classical music programs at the
University of British Columbia, University of Alberta, Concordia College, and the University of Regina, as
well as from the jazz programs at St. Francis Xavier (Antigonish, N.S.) and Humber College in Ontario.
Outside of Canada, Berklee College of Music (Boston, U.S.) has been another source of transfer students
to Jazz Studies at Capilano College. A small number of students have transferred from music schools
abroad, including the University of the Philippines, Middlesex University (UK), and the George Ots Talinn
Musical School in Estonia.
Satisfactory Standing

Students considered to be in Satisfactory Standing are entitled to pre-register in the next term of the program.

A student who has not maintained a satisfactory standing in a program in any term may be denied permission to register in that program in a subsequent term, or be required to re-audition.

To maintain satisfactory standing, all Jazz Studies students must be enrolled in a full-time course of study (at least nine credit hours) that includes a reasonable number of courses specific to their major (normally three) and must achieve a grade point average above 1.8.

Students should refer to Academic Policies and Procedures for further information on Academic Probation.

In addition, to qualify and continue in the specialized majors, Jazz Studies Degree students are expected to achieve a minimum grade of B+ in all courses directly related to that major. These courses are the following:

**Arranging/Composition**
- Concentration PMI (Composition)
- All required Theory courses
- Arranging I, II, III, IV
- Rhythm Section Writing

**Instrumental Performance**
- Concentration PPMI
- Improvisation I, II, III, IV
- All Small Ensembles
- All Large Instrumental Ensembles
- JAZZ 284 and 285

**Vocal Performance**
- Concentration PPMI
- Improvisation I, II
- Vocal Master Class I, II
- Vocal Improvisation I, II, III, IV
- Vocal Jazz Master Class I, II, III, IV
- All Vocal Ensembles
- JAZZ 284 and 285

C grades (C-, C, C+) in these courses can be applied for credit toward the Bachelor of Music in Jazz Studies only with the permission of the Jazz Studies Grade Appeals Committee. When unusual circumstances have resulted in lower than expected grades in a student's first term of a continuing course, instructors may recommend to the Committee that the student be given probationary acceptance into the next term of the course. If the student fails to achieve a minimum of B+ in the next level of the course, no credit for either course can be applied toward the specialized degree.
HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Registrar's Office Capilano College, Birch building, room 230

Phone: 604.984.4900
Fax: 604.984.1798

Information for Prospective Students

Information meetings, auditions and placement tests are held in May. Please call 604.984.4951 for meeting times and audition appointments.

AUDITIONS

Auditions are required for all entrants. Live audition and testing is preferred. Contact the Jazz Studies program for an audition appointment. Audition requirements are available on the Jazz program's website at www.capcollege.bc.ca/jazz-studies

Entrance into the Jazz Studies program is competitive, as seats are restricted. Applicants are ranked in comparison with others who audition on the same concentration instrument with the entrance year applied for taken into consideration. Providing that all other entrance requirements have been passed, students will be admitted in the order of their ranking until the seats available for that instrument have been filled.

Separate auditions are held for the Capilano College Singers, Jazz Choirs, and Jazz Bands. Acceptance into the program does not guarantee acceptance into these ensembles. It is the student’s responsibility to sign up for and attend these auditions.

ADMISSION/APPLICATION NOTES

Upon completion of the two-year Diploma in Jazz Studies, a student may register as a third-year student in one of the degree options. Permission to enrol in any major will be based on completion of prerequisite requirements, and the recommendation of the faculty concerned. Continuation in the Vocal Performance, Instrumental Performance and Arranging/Composition majors is subject to review at the end of the third year of studies. Students may be accepted into some upper level courses before the completion of their diploma on a part-time or probationary basis with the permission of the instructors involved, but official acceptance into the degree program is necessary before any opportunity to graduate should be anticipated.

Transfer students should not anticipate immediate acceptance into the third year of the degree program, as there are normally some lower level music courses and/or general electives that must be completed before this can take place. Official acceptance into a major of the degree program can be applied for once the requirements for the two-year Jazz Studies diploma have been met. (See Graduation Requirements, Two-Year Diploma.)

FEES AND EXPENSES

Please see the Fees and Fee Payment section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see Financial Aid and Awards.
JAZZ STUDIES DIPLOMA PROGRAM

Two-Year Diploma

Students will be awarded a two-year diploma in Jazz Studies upon completion of the first two years of requirements for either the vocal or instrumental concentrations as outlined below. Six credits of general academic electives are required of all diploma students in addition to six credits of English. For the purposes of the diploma, JAZZ 271 and 273 may be replaced by six credits of Jazz, Music, or if approved by the coordinator, general electives.

Upon demonstration of sufficient piano skills a student may be given advanced placement in Class Piano. These required credits may be replaced with credits from the Jazz, Music or general electives categories.

Admission Requirements

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• A minimum grade point average of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
• Interview and audition
• Theory Entrance Examination.

BACHELOR OF MUSIC IN JAZZ STUDIES DEGREE PROGRAM

Four-Year Degree

Students must complete all courses outlined in one of the following major areas of study to be eligible for the Bachelor of Music in Jazz Studies degree:

• Bachelor of Music in Jazz Studies - Arranging/Composition
• Bachelor of Music in Jazz Studies - Education Stream
• Bachelor of Music in Jazz Studies - Instrumental Performance
• Bachelor of Music in Jazz Studies - Vocal Performance

These major areas of study may include Jazz or Music electives which should be chosen in consultation with the coordinator of the program.

Certain courses in the third and fourth years of the degree program are offered on a rotational basis every two years. Be sure to consider the year that these courses are due to be offered when planning your course load for the year. The placement of these rotating courses in your schedule will not necessarily conform to the semester plans presented below. Please take every precaution to ensure that you have all the necessary prerequisites in place when you plan to take them. The courses offered on a rotational basis are subject to change, but presently are JAZZ 460, MUS. 210/211 and MUS. 218/219.

Admission Requirements

• Jazz Studies Diploma OR acceptable transfer equivalent.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5
overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

- Interview. Audition for transfer students only.
- For Transfer students from other post-secondary Music programs, placement tests in theory, keyboard and aural skills are required before credits can be transferred.

</tr>
</tbody>
</table>

**Note**

*It is expected that all English requirements will be completed before entrance into the third year of the program. Note that the education stream requires 30 credits of general electives.*

### Education Stream Requirements

#### Secondary Music Teaching

Instrumentalists in the Education Stream who wish to enter secondary music teaching should include at least one year of a vocal ensemble and one year of secondary Private Music Instruction (PMI) in voice in their programs. Suitable Vocal Ensembles would include the Capilano College Festival Chorus, Capilano Singers, Jazz Choir, and Jazz Vocal Ensemble. Students whose major is a woodwind instrument may substitute secondary vocal PMI instruction for Class Woodwinds; brass majors may similarly substitute secondary vocal PMI for Class Brass, and percussion majors for Class Percussion. Pianists may substitute secondary voice PMI for the four credits of Class Piano normally required for the degree.

#### Elementary Teaching

Students interested in elementary teaching should be sure to include three credits of laboratory science, three credits of mathematics and three credits of history or geography. Of all general electives completed, six credits should be in Canadian Studies.

### Ensemble Requirements

All large jazz ensembles, regardless of the actual number of weekly hours of attendance required, have an assigned unit value of one credit. Similarly, only one credit per term of any traditional (ENSM) ensemble may be applied of the Jazz Studies diploma or degree.

A term profile requiring two credit hours of ensemble is met by enrolment in two separate ensembles.

Students terminating in the two-year diploma program may meet their ensemble requirements through the completion of any four ensemble courses.
Students enrolled in the four year Jazz Studies degree program are required to complete a combination of traditional and jazz ensembles to complete their requirements. The required combinations are as follows:

**Arranging/Composition Ensemble Requirements**

Eight large ensemble credits, including: Two terms of traditional ensembles, four terms of jazz ensembles, and two additional terms of either jazz or traditional ensembles. (See Major in General Studies for lists of appropriate traditional and jazz ensembles.)

**Major in General Studies Ensemble Requirements**

For all instruments other than percussion, eight large ensemble credits, including two terms of traditional ensembles. These can be met by enrolment in the Capilano College Community Choir, the Capilano Singers, or the Capilano College Wind Ensemble.

Four terms of jazz ensemble, including Jazz Ensemble (ENSJ 135 and up), Jazz Choir (ENSJ 105 and up), Guitar/Bass Ensemble (ENSJ 220 and up) and Percussion Ensemble (ENSJ 140 and up).

Two additional terms of ensembles: for instrumentalists these may be jazz or traditional ensembles, for vocalists these will be ENSJ 306 and 356.

In addition to the above, percussionists must participate in at least four terms of percussion ensemble, three of which may replace JAZZ 282 and 283 (Improvisation I and II) bringing their total number of ensembles up to a minimum of 11.

**Major in General Studies (Education) Ensemble Requirements**

For all instruments other than percussion, eight large ensemble credits, including:

Instrumentalists: Four terms each of traditional and jazz ensembles.

Vocalists: Two terms of traditional ensembles, two terms of vocal jazz ensembles (ENSJ 306 and 356) and four terms of jazz ensembles.

(See Major in General Studies for lists of appropriate traditional and jazz ensembles.)

**Instrumental Performance Ensemble Requirements**

For all majors other than percussion, twelve large ensemble credits, including the following:

- Two terms of traditional ensembles. These can be met by enrolment in the Capilano College Festival Chorus, the Capilano Singers or the Capilano College Wind Ensemble.

- Eight terms of jazz ensemble including Jazz Ensemble (ENSJ 135 and up), Jazz Choir (ENSJ 105 and up), Instrumental Ensemble (ENSJ 136 and up) and Guitar/Bass Ensemble (ENSJ 220 and up). (Note the Guitar/Bass Ensemble I/II, while providing diploma students with two large ensemble credits, is not acceptable for large ensemble credit in the degree program.)

- Two additional terms of either jazz or traditional ensembles.

Piano, guitar and bass performance majors can sometimes substitute other courses to complete their ensemble requirements. This is done through special arrangement with the coordinator of the program.

Percussion students are expected to complete two terms of traditional ensemble, four terms of jazz ensemble (other than percussion ensemble), and eight terms of percussion ensemble, for a total of fourteen ensemble credits. Three of these percussion ensembles can replace the normal improvisation requirement (JAZZ 282/283).
Percussion students wishing to take JAZZ 282/283 must gain permission of both instructors to audition. PPMI Percussionists will need to complete an additional 3.0 credits in lieu of JAZZ 382 and 383 (Improvisation III and IV). These need not be ensembles.

**Vocal Performance Ensemble Requirements**

Twelve large ensemble credits, including the following:

- Two terms of concert choir: Capilano College Festival Chorus or the Capilano Singers (ENSM 100/150)
- Four terms of jazz choir: Nite Cap or Capital Jazz (ENSJ 105 and up)
- Four terms of Jazz Vocal Ensemble (ENSJ 306 and up)
- Two additional terms of either Jazz or Traditional ensembles.

Music Transfer Program

GENERAL INFORMATION

Capilano College offers five music programs: a two-year Diploma of Music (Classical Music) from the Bachelor of Music Transfer program, a two-year Diploma in Jazz Studies, a one-year Conducting in Music certificate, a four-year Bachelor of Music (Jazz Studies) and a four-year Bachelor of Music Therapy.

The Bachelor of Music Transfer program provides a rich learning environment, which nurtures the artistic and creative potential within each student. The program integrates theoretical, historical and performance studies, offering concentrations in piano, voice, guitar, strings, woodwinds, brass, percussion and composition. Students benefit from frequent recitals and masterclasses on their primary instrument, allowing them to develop confidence and self-expression in performance. Small class sizes with innovative and creative teaching enhance the students’ educational experience and prepare them for a wide array of professions in the music field. Participation in the college’s award-winning choir allows for concert and touring opportunities, while developing ensemble skills and rehearsal techniques. This two-year Diploma is transferable toward a Bachelor of Music Degree and also provides the foundation for further studies in Music Therapy, Music Education and the Liberal Arts. All courses in the Bachelor of Music Transfer program are transferable to the School of Music at the University of British Columbia and to the Faculty of Music at the University of Victoria. Capilano College students have also received transfer credit to the following universities: Alberta, Brandon, Calgary, Dalhousie, Guelph, Lethbridge, McGill, Regina, Simon Fraser, Toronto, Western Ontario, Western Washington and York.

For more information, please see www.capcollege.bc.ca/prog/music-transfer
Career Opportunities

Graduates of the program who have pursued further studies have successfully developed rewarding careers in the following fields: Elementary, Secondary and Post-Secondary Education, Private Music Instruction, Conducting, Composition, Musicology, Performance (Voice and Instrumental), Music Therapy, Music Criticism and Music Publishing.

ADMISSION REQUIREMENTS

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• A minimum grade point average of 2.0 (60%) calculated on English 12 and three academic Grade 12 courses.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
• Audition, theory test, ear test, interview.

ADMISSION/APPLICATION NOTES

Applicants planning to enrol in any University Transfer English course at Capilano College must take Capilano College's English Diagnostic Test (EDT), or the Language Proficiency Index (LPI), which is given through Applied Research and Evaluation Services (ARES). For more information, see the English department website for test dates and times. As some students may be exempt from this requirement, please review the Registration section of the College calendar.

AUDITION REQUIREMENTS

All students planning to enter the Bachelor of Music Transfer program must audition. This process includes performance of repertoire, an ear test, an interview and a theory exam. Applicants must demonstrate a thorough and fluent knowledge of the fundamentals of music (Rudiments).

Auditions are in March through May. Space permitting, auditions for late applicants are also held in August. Due to enrolment demands and to be eligible for entrance scholarships, applicants are strongly advised to schedule their audition as early as possible. To schedule an audition please contact the music office at 604 984 4951 or e-mail music@capilanou.ca to schedule an audition.

The audition process consists of the following four parts:

1. Repertoire

   Applicants must perform two contrasting selections, preferably by memory and not to exceed 15 minutes. One copy of each selection must be provided for the audition committee. A list of repertoire studied within the last two years and a letter of reference from the applicant's current teacher should be presented at the audition, if possible. Where an accompanist is needed, it is suggested the applicant provide his or her own pianist or perform without accompaniment (an accompanist provided by the college may be available on certain audition dates).

   Sight-Reading may be required at the discretion of the audition committee.

   Performance Level Required:
• Piano: Royal Conservatory of Music Grade Ten or equivalent.
  Applicants below this level may enrol in a preparatory year.

• Voice: There is no specific grade level required. An ability to perform in a language other than English is an advantage, but not required.

• Wind/Brass/Strings/Guitar/Percussion: Royal Conservatory of Music Grade Six or equivalent.
  The above grade levels are approximate guidelines and those applicants who are below the indicated level and demonstrate good potential for future growth and development will be given consideration.

2. **Musicianship Skills Assessment**
   a) Tap or clap a short rhythmic excerpt
   b) Identify intervals within an octave (ascending and descending)
   c) Identify chords (major, minor, dominant and diminished sevenths in root position)
   d) Pitch Matching (match one to three pitches with the voice after being heard on the piano)

3. **Interview**
   Applicants will be asked about their musical background and future music, career and personal goals.

4. **Theory Exam**
   Applicants must demonstrate a thorough and fluent knowledge of the fundamentals of music (pitch, key signatures, scales, rhythm, intervals, chords, transposition and musical terms).

   Applicants who have successfully completed the Royal Conservatory of Music Grade Two Rudiments Exam will be granted exemption however are required to bring an copy of their RCM certificate to the audition.

   Those applicants who do not successfully pass the Theory Exam may enrol in Music 050 (Preliminary Theory and Ear Training).

**HOW TO APPLY**

[Apply for Admission/Readmission](#) online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Studio Art Program

Studio Art is a department within the School of Visual and Performing Arts. Other art programs in this Calendar include Textile Arts, Illustration/Design: Elements and Applications (IDEA), and Commercial Animation.

GENERAL INFORMATION

Studio Art offers a program of studies leading to a two-year diploma.

Studio Art has a limited number of openings in many of its courses for part-time study and in advanced ceramics. It also offers individual credit courses in Art Institute advanced studies. See Art Institute in this Calendar. For more information, please see www.capcollege.bc.ca/programs/studio-art

Program Overview

The Studio Art diploma program at Capilano College provides a thorough, high quality foundation in the fundamentals of art. It enables students to make informed decisions regarding future career choices and enables them to prepare high quality portfolios to aid them in gaining acceptance into the advanced art and design programs of their choice. Graduates of the Studio Art program usually complete their education at university, art school or in a college design program.

The Studio Art program provides studio experiences in 2-D studies, 3-D studies, and drawing as well as courses in visual literacy/art history, and English.

Through exposure to a broad range of concepts, materials, techniques, and processes, students are assisted in developing personal interests, directions, and creative maturity. The emphasis of the program is on preparing students to function effectively within the context of current thought and practice within the fine arts, while preparing them for further studies in art and design-related fields. Because the program also exposes students to creative thinking and problem-solving, it may also serve as a foundation for further general education.

Career and Educational Opportunities

The fields of further study listed below lead to specific career or job opportunities. It is recommended that an education in these specific careers should follow a high quality broad art foundation such as that offered by Studio Art. Students may find they need to study out of the province to pursue these educational goals.
FINE ARTS: sculptor, printmaker, painter, ceramic artist, media artist
GALLERIES AND MUSEUMS: curator, restorer, illustrator
INDUSTRY: industrial, interior, furniture designer
CRAFTS: ceramic, textile, jewellery artist
ILLUSTRATOR: fashion, medical, advertising, publishing
ARCHITECTURE: model maker, renderer, restorer
EDUCATION: instructor, art therapist, consultant

Students who study full-time or part-time and acquire either a Diploma in Studio Art or a Diploma in Academic Studies (including art courses) should find that educational opportunities exist in these and other fields.

STUDIO ART COURSES

Studio Art courses may be credited toward either a Diploma in Studio Art, a Diploma in Academic Studies or a Diploma in General Studies, depending on the student’s educational objectives. For diplomas other than Studio Art, see the Graduation section in this Calendar.

Students taking Studio Art courses must be available for the labs attached to Ceramics, Sculpture, Printmaking and Media Art which take place on the afternoon of scheduled classes. Students must ensure that courses taken outside of Studio Art will not conflict with these labs.

The department encourages students to take both terms of any given discipline (i.e. both Drawing I and II) in the interests of effective university transfer status.

Open Courses

Academic students can register for a few studio art courses during their own registration period when space permits, and if any prerequisites are met.

The courses that are open to academic students are: Drawing I through IV, SART 110 and 111, painting. Other courses may be opened if space permits and with the permission of the instructor. In these cases, students do not have to go through the usual portfolio process for full and part-time admittance to the program.

University Transfer

Many Studio Art courses are university transferable to other B.C. institutions, as well as institutions outside the province. Please refer to the B.C. Transfer Guide online at www.bctransferguide.ca for more information.

Acceptance into Second Year Courses

Due to space limitations in the second year, completion of first-year courses does not guarantee acceptance into individual second-year courses. When more students require a course than space allows, acceptance in the course will be based on the grades received in the prerequisite course.

English Requirement

Six credits of English are required for the Studio Art diploma. Accepted students may complete those credits concurrent with program studies. Students who have those credits before entering the program will find their workload somewhat lighter and have more time for their art courses.
ADMISSION REQUIREMENTS

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
• All applicants must submit a portfolio and attend an information session in late April.
• Completion of ESLF 080 (6 credits) with a B+ meets the English Language requirement (TOEFL not required).

HOW TO APPLY

Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:

Registrar's Office Capilano College, Birch building, room 230
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

Admission/Application Notes

• Both full- and part-time applicants are admitted on the basis of a portfolio presentation. The candidate decides on the nature and scope of work presented, but should provide a representative picture of past and current artistic activities.
• In addition to completed work, sketchbooks, and CDs or videos, preliminary studies should be included wherever possible. Slides, photographs or any other supporting evidence may also form part of the portfolio. It is not necessary for prospective students to mount work for the portfolio, since the quality of work is more important than the presentation.

Academic Students interested in Studio Art courses, see the "Open Courses" in the Studio Arts Courses section above.

The application deadline is March 31 each year, for the following September.

All applicants will be mailed a questionnaire for completion which should be brought with their portfolio to the information session. Students are advised to complete the English Diagnostic Test (EDT) or an LPI, since English is a six-credit component of the Studio Art program.

Portfolios are reviewed by an admissions committee on the basis of creativity, technical skills, and content. Applicants whose portfolios meet the admission standards of the program will be contacted following the information session. The Studio Art department will notify students when to pick up their portfolios.

FEES AND EXPENSES

Please see the Fees and Fee Payment section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see Financial Aid and Awards.

Textile Arts Programs

The Textile Arts program is a department within the School of Visual and Performing Arts. Other art programs in this Calendar include Studio Art, Illustration / Design: Elements and Applications (IDEA), and Commercial Animation.

GENERAL INFORMATION

The Textile Arts program offers a full-time, two-year program leading to a Diploma.

It also offers a one-year Advanced Textile Arts Certificate program.

For program information and faculty and student gallery please visit our website.

Occasional part-time evening courses are also offered. For non-credit courses in Textile Arts, please contact Continuing Education at 604.984.4901.

The Programs

Students learn about textile arts by exploring many different processes and by studying historical and contemporary works.

The core content of weaving and textile surface design is complemented by courses in drawing, design, visual literacy, communications and textile history. Courses in professional and business skills in arts and crafts and precision dyeing provide students with information and hands-on experience that will facilitate entering a professional career. A critical and analytical approach to their own work will enable graduates to be proficient in a range of professional activities.

Gallery and studio visits, as well as guest lectures by visiting artists and other professionals working in textiles or related areas, augment regular teaching sessions. They show distinct approaches to an artist’s work and also provide practical information on how careers are built.

Practicums with artists, crafts people, related businesses or organizations all included as part of the course in Professional and Business Skills. They provide a useful work experience for students in the Textile Arts program.

For more information, please see www.capcollege.bc.ca/programs/textile-arts
Career Opportunities
Past graduates are working professionally as artists, crafts people, or designers in fashion or interior design. Some graduates have found employment in film or theatre productions or work for arts organizations or related businesses.

The Textile Arts program can also be a stepping stone toward further studies in degree granting programs. Previous students have transferred to institutions across Canada and the USA to pursue studies in visual arts, design, fashion, textile conservation and aboriginal arts. Options also exist to combine textile arts with studies in academic areas such as anthropology and art history.

Textile arts form an important aspect of the cultural life in any community and many ways exist to apply the skills learned and build a professional career.

Transfer Credits
Check the online B.C. Transfer Guide at www.bctransferguide.ca for course transferability or contact the School of Visual and Performing Arts for more specific information. Many students have successfully transferred credits towards BFA degrees at Nova Scotia College of Art and Design, Concordia University and other out-of-province schools. We have formalized degree completion at Emily Carr College of Art and Design as well as Alberta College Art and Design.

Students should understand that advanced standing in any institution is usually based on an interview and a portfolio submission, as well as credits.

ADMISSION REQUIREMENTS

Textile Arts Diploma Program

Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

FACULTY

E. HANNAN  
BFA (University of Manitoba)
Theatre Programs

GENERAL INFORMATION

The Theatre department offers two three-year diploma performance programs, a two-year diploma in Technical Theatre and a one-year certificate program through the Theatre Institute.

- Acting for Stage and Screen Certificate
- Acting for Stage and Screen Diploma
- Musical Theatre Diploma
- Technical Theatre Diploma
- Theatre Institute Certificate

The Theatre department also has openings in some of its courses for non-theatre students.

For more information, please see www.capcollege.bc.ca/programs/theatre

MISSION AND GOALS

Thorough grounding in all aspects of theatre training for students is the goal of the Theatre department. The department values academic and professional training with practical application in acting, technical, and management laboratory situations. Competence, adaptability, and leadership are the values the department instills in its emerging Theatre artists.
FACILITIES
Performance classes are held in the Arbutus Studio adjacent to the Capilano College Performing Arts Theatre, which houses the department's season of plays. The Performing Arts Theatre is complete with a rehearsal hall, changing rooms, technical workshops, a fly-tower, and a 372-seat house.

Students in the Theatre department enjoy exceptional access to these facilities and assist in running the theatres in a hands-on educational experience.

PRODUCTIONS
Each year, the Capilano College Theatre department produces a season of full length plays in the Performing Arts Theatre. These productions also offer students practical experience in technical theatre and design, as well as exposure to guest directors and designers. Students may participate in productions by registering in a practicum course. Students who wish to participate in productions should not register in any courses which are scheduled Monday – Friday, 5:30 – 10:30 p.m. or Saturdays, 10:00 a.m. – 6:00 p.m.

HOW TO APPLY
Apply for Admission/Readmission online or by downloading and completing an application form. Completed applications must be accompanied by the appropriate application fee, document evaluation fee (where required), official transcripts and other pertinent documents, and should be submitted to:
Registrar's Office Capilano College, Birch building, room 230
2055 Purcell Way, North Vancouver, B.C.
V7J 3H5
Phone: 604.984.4900
Fax: 604.984.1798

FEES AND EXPENSES
Please see the Fees and Fee Payment section of the Capilano website. Financial aid is available to eligible students for eligible programs. For more information, please see Financial Aid and Awards.

ACTING FOR STAGE AND SCREEN CERTIFICATE PROGRAM
General Information
The certificate in Acting for Stage and Screen provides one year of comprehensive training in acting, improvisation, technical basics, history and analysis for both stage and screen. The certificate is for students who want to work towards a university degree, applying their theatre skills to further study in arts or education faculties. Certificate and diploma students share classes and performance opportunities. Upon graduation, certificate students may apply for the diploma program or may transfer to the College's university transfer program, and could complete an associate of arts degree.

Non-Theatre Students
The Theatre department also has openings in some of its courses for non-theatre students.
University Transfer Credit

Please consult the online B.C. Transfer Guide at www.bctransferguide.ca for the most recent transfer information. Students may have to audition for placement in other programs, and should consult with the specific institution regarding these requirements.

**ACTING FOR STAGE AND SCREEN DIPLOMA PROGRAM**

**General Information**

The diploma in Acting for Stage and Screen provides three years of integrated training in acting for theatre, film and television. The goal is to provide each student with the skills necessary to begin a professional acting career in live theatre, television and film. The first year is comprehensive and introduces students to acting, improvisation, technical basics, history, and analysis for both the stage and screen. In the second and third years of the program students study directing and increasingly specialize in performance and professional skills. Upon graduation, students will have developed the actor's instrument of voice and body, learned text interpretation, and the scale of delivery for film, television and stage. Students will have performed in safe classroom environments, student produced theatre and film projects, and Theatre department productions. Students will have met with professionals for master classes and assessment, and will have developed audition material and a résumé. This training will prepare them to enter the industry. Many courses transfer to university and some students may choose to complete a university degree.

**Non-Theatre Students**

The Theatre department also has openings in some of its courses for non-theatre students.

**University Transfer Credit**

Please consult the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for the most recent transfer information. Students may have to audition for placement in other programs, and should consult with the specific institution regarding these requirements.

**Admission Requirements**

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.
- Interview and audition

TECHNICAL THEATRE DIPLOMA PROGRAM

General Information
The Technical Theatre diploma program at Capilano College prepares graduates to work behind the scenes in the live entertainment industry and some areas of the film and television industry. This two-year program offers practical, hands-on training in lighting, painting, props, sound, set construction and stage management.

Our graduates are currently working for theatre companies, festivals, scene shops, special events, and lighting and sound companies. Some are also working in the film and television industry as grips, carpenters, painters and props people.

Facilities
Performance classes are held in the Arbutus Studio adjacent to the Capilano College Performing Arts Theatre, which houses the department’s season of plays. The Performing Arts Theatre is complete with a rehearsal hall, changing rooms, technical workshops, a fly-tower, and a 372-seat house.

Theatre students enjoy exceptional access to these facilities and assist in running the theatres in a hands-on, educational experience.

The Theatre department produces a series of plays in which students work in settings simulating professional conditions. The goal is to foster professional discipline and to provide opportunities for students to practise skills learned in the classroom.

Faculty and professional guest artists are the directors and designers for the plays produced by the Theatre department in the Performing Arts Theatre. Shows in this facility are technically challenging and provide valuable experience for student technicians.

In addition to the department productions, students have the opportunity to work on a wide variety of events that take place in the Performing Arts Theatre. Students are involved with the set up and operation of professional, touring theatre productions, folk, jazz, and pop concerts, and a host of other events.

Revues produced in the Arbutus Studio have different goals. They resemble the kind of theatre produced for Fringe Festivals and small companies. In this more intimate venue, students have the freedom to explore. Students are given the opportunity to assume leadership roles, and the production teams are expected to be self-reliant.

Admission Requirements

• BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
• English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

### MUSICAL THEATRE DIPLOMA PROGRAM

#### General Information

The Musical Theatre diploma program provides three years of comprehensive training in acting, dancing, singing, theatre history and criticism, technical theatre, acting for television and film, and the practical application of those skills in performance situations. The goal of this program is to provide each student with the skills necessary to begin a professional career in acting and musical theatre. Students will be expected to audition for all the department productions, as well as perform in their own studio productions every term. Upon graduation, students will have successfully participated in all of the required courses and performances, produced their own shows, and studied with theatre professionals who assess their progress.

#### University Transfer Credit

Please consult the online B.C. Transfer Guide at [www.bctransferguide.ca](http://www.bctransferguide.ca) for the most recent information. Students may have to audition for placement in other programs, and should consult with the specific institution regarding these requirements.

#### Information for Prospective Students

1. Contact the School of Visual and Performing Arts (604.984.4911) before the end of March for an information package which describes the application process. Late applicants will be considered if space permits.

2. Make an appointment through the School of Visual and Performing Arts at the beginning of April for auditions, which are held in late April/early May. Auditions requirements will be included in your information package.

3. Students are required to take an English Diagnostic Test before registering in any Theatre programs.
4. Students interested in early auditions in January for the following September intake should obtain a letter from a drama teacher or a theatre professional. Applications for early auditions are accepted in the School of Visual and Performing Arts until December 10th.

5. Diploma students should pre-register once they successfully complete the audition process.

Admission Requirements

- BC Secondary School Graduation (Grade 12) or equivalent OR Mature Student status.
- English Language Requirement, TOEFL / ELA / IELTS / CAEL for students whose primary language is not English: Test of English as a Foreign Language (TOEFL) paper-based requirement = 560, computer-based requirement = 220, internet-based requirement = 83, or English Language Assessment (ELA) requirement = 145, or International English Language Testing System (IELTS) requirement = 6.5 overall, and no one score less than 6, or Canadian Academic English Language Assessment requirement (CAEL) = 70.

THEATRE INSTITUTE

General Information

The Theatre Institute is a one-year certificate program which is unique in the college system. It is designed for theatre students who have previous theatre training but desire the opportunity to practise their skills in production; for students with training in related performance arts who want exposure to traditional theatre practice; or for students with experience but little formal training. The program can accommodate directors as well as stage managers and production specialists.

The Theatre Institute is open to students who have graduated with a theatre diploma from Capilano College or an equivalent program at another institution, or students who have equivalent performance experience but no formal certification.

Students are given the opportunity to work on Theatre department productions and in its facilities. Each year the department mounts productions in the 376-seat Capilano College Performing Arts Theatre and also in its well equipped, flexible studio theatre. Directors include experienced faculty, renowned guest artists, and directing students in the program. Each student will receive guidance through semi-private instruction or seminars, and practical experience in productions.

Completion of the Theatre Institute program signifies an intensive year of directing, or production experience. Outcomes will vary depending on the student’s ability at entry but all students can expect an intensive exposure to the craft and the opportunity to develop personal skill.

Information for Prospective Students

Auditions and/or interviews are held in late April and early May. Late applicants will be considered if space permits. Contact the School of Visual and Performing Arts (604.984.4911) before April to request an information package and to book an audition and/or interview.

Continuing Education

Continuing Education Division

Capilano offers a variety of continuing education courses and programs at its three campuses: North Vancouver, Sunshine Coast and Squamish. There are no prerequisites for admission to non-credit courses, but occasionally a certain level of proficiency is recommended.

The majority of continuing education offerings are an outgrowth of Capilano’s academic, fine and performing arts, and career/vocational programs whose faculties contribute to the high level of instructional competence of the programs. Courses and programs are drawn from the areas of art, music, film studies, social sciences, natural sciences, career development, business, labour studies, computers and technology, personal development, media, and modern languages. Educational study/travel tours are also available through Continuing Education.

Continuing Education courses are not listed in the Capilano Calendar — they are advertised in seasonal calendars distributed throughout the North Shore, Sunshine Coast and Howe Sound Corridor. The full Continuing Education program is on the Web at www.capcollege.bc.ca/ce

COMMUNITY MUSIC SCHOOL

The Capilano College Community Music School offers group instruction for students of voice, theory, and a wide variety of instruments. Group music instruction for children includes: CAP Group Piano, Strings for Children and Kodaly/Orff classes. Adult instruction on instruments includes piano, violin, guitar and others. The Community Music School also offers Capilano College Festival Chorus, Cecilia Ensemble Women’s Choir, and vocal instruction classes. Classes are held on campus and in other community locations.

Children’s programs are advertised in the local media and both children and adult courses are listed in the Continuing Education calendar published twice a year.

cms@capilanou.ca

ELDERCOLLEGE

Eldercollege is a year-round educational community open to men and women who are 55 and older. The program is offered on the North Shore, the Sunshine Coast and in the Howe Sound Corridor.

Eldercollege provides learning opportunities for older adults who wish to enrich their lifestyle through self-directed education and contribute to the social and cultural development of the community.

Eldercollege participants design and offer quality educational activities to stimulate interest in learning and to provide a forum for sharing ideas and knowledge with others.

Members can lead study groups, serve on the Eldercollege board and its committees, and be study group participants. Activities are both planned and operated by members to maintain a high quality offering at a minimum cost.

eldercollege@capilanou.ca
ONLINE LEARNING
Continuing Education offers self-paced computer courses as well as facilitated professional development courses online. Participants in the facilitated courses can focus on learning the necessary skills to teach and design online curriculum and to moderate online courses, in an Open Source/Moodle environment. Look for courses and certificate information online at www.capcollege.bc.ca/ce/online
ceonline@capilanou.ca

LABOUR STUDIES PROGRAM
Labour Studies offers customized training and education services to support and enhance the work of the labour movement and B.C. workers. Call 604.984.4901 for information.
lsp@capilanou.ca

STUDY TOURS
Continuing Education Division offers a wide variety of natural history, arts, and art history study tours every year. Partnering with Great Expeditions, Continuing Education offers natural history and cultural tours to places such as Bhutan, the Amazon Basin, the Panatal and the Atlantic Rain forests.

SUMMER PROGRAMS
During summer, Continuing Education offers camps in addition to regular courses and programs. There are camps for kids, teens and adults, and they combine fun with meaningful learning. The camps range from cooking, magic and art to science, chess, film, and more.

PARTNERSHIPS
Continuing Education works in partnership with other faculties, colleges, community organizations and businesses to jointly develop and deliver high-quality training and career development opportunities for the community.

Organizations are encouraged to co-sponsor their educational activities with Capilano College. Capilano can provide facilities, program design and administrative services and welcomes the opportunity to foster public understanding on social, business, artistic and technological issues.

CONTRACT SERVICES
Continuing Education provides training to businesses, unions, organizations and associations. Custom-designed sessions include computer training, business solutions workshops, occupational certification, career transition services and workplace ESL.
conted@capilanou.ca

ENGLISH LANGUAGE STUDY
International programs provide training for Canadians and international students. International students may enrol in programs that offer short-term ESL and Canadian culture homestay, or ESL combined with career skills training in professional areas such as business administration, computers, tourism and others.

Continuing Education Policies

FEES AND REFUNDS
Fees may change due to error and/or course changes. To ensure enrolment, full course fees must be paid at the time of registration. There is a $25 charge for NSF cheques.

Note: If you are registering for a one- or two-day workshop and do not wish to pay by cash or credit card, you must pay with a certified cheque or money order.
GST
Courses designed primarily for recreational or general interest purposes may be subject to GST.

TUITION AND EDUCATION AMOUNT CERTIFICATES
Qualifying tuition fees totalling more than $100 may be used for tax credits for qualifying courses. Tax receipts are mailed to the address in the student registration system at the end of February each year, for the preceding calendar year.

COURSE CANCELLATIONS AND REFUNDS
Fees paid for courses, camps, workshops, programs or classes of instruction cancelled by the College due to low enrolment will be refunded in full. The College accepts no responsibility for the cancellation or discontinuation of any course, camp, workshop, program or class of instruction that may be necessary as a result of an Act of God, fire, labour problems, or other similar causes, and is not obligated to provide refunds under these circumstances.

WITHDRAWING FROM A COURSE AND REFUNDS
To qualify for a refund when withdrawing from a course, workshop, program or class of instruction (for policy regarding summer camps, see below), the withdrawal request must be received by telephone before the second session of a course, except in the case of workshops of short duration (up to three consecutive days) for which withdrawal applications by telephone must be received at least 24 hours before the workshop begins. Under no circumstances will a refund be issued after the end of a course or workshop, or if course content is delivered 100% online.

WITHDRAWING FROM SUMMER CAMPS AND REFUNDS
All requests for refunds due to withdrawal from a summer camp will be honoured (less a $25 administrative fee per cancellation) up to seven days before the first day of the camp. There are no refunds for withdrawal requests made during the one-week period before the first day of the camp. Prorating and refunds are not available for days absent.

SUMMER CAMPS CANCELLATION AND REFUNDS
Continuing Education will give one week’s notice to all registered students (kids and teens) prior to cancellation of any summer camp. Fees paid for camps cancelled by the College due to low enrolment will be refunded in full and will be issued by Financial Services via cheque in the name of the registered student for whom the fees were paid. Continuing Education reserves the right to cancel a camp by 3:30 pm one week before the camp start date. See “Course Cancellations and Refunds” above for additional information.

TRANSFERRING TO ANOTHER SUMMER CAMP
Once a registration has been processed, transfers between camps may be made free of charge up to a certain date. Check the summer calendar for deadlines or call 604.984.4901.

REFUNDS AND PROCESSING FEES
All refunds (except those issued because cancellation occurred due to low enrolment) are subject to a $25 processing fee plus any non-refundable charges (texts, course materials, supply fees, etc.) Fees under $25 are non-refundable. All refunds are issued by Financial Services via cheque in the name of the registered
student for whom the fees were paid. Any departure from the above policy will be stated in the course/workshop description.

INSTRUCTOR SUBSTITUTION
The College reserves the right to substitute instructors.

PRIVACY POLICY
Capilano respects your privacy. We will protect students’ personal information and adhere to all privacy legislation requirements. This information is covered by the authority of the College and Institutes Act and is used in compliance with the BC Freedom of Information and Protection of Privacy Act. If at any time you wish to be removed from our contact list, call 604.984.4901 or email conted@capilanou.ca and we will accommodate your request.

DISABILITY SUPPORT SERVICES
Capilano College, through the Office of Disability Services, makes arrangements of technical equipment and classroom accommodations for students with disabilities. Failure to make timely application through Disability Services may result in the lack of accommodation or equipment when the class begins. Contact Disability Services at 604.983.7526 for more information.

PARKING AT CAPILANO COLLEGE
Pay parking is in effect 24 hours a day, seven days a week and costs $3 per day. This includes wheelchair accessible spaces (SPARC permit required) and those on internal roadways. Imperial Parking Ltd. handles all parking on campus, please call 604-329-5171 for more information.

PERSONAL SAFETY & SECURITY
Two options are available to make sure you reach your car safely after evening classes. College instructors will help arrange group walks of more than two people to your parking area. If you do not have a group to walk with you may call Security at 604-984-1763 or local 1763. A uniformed guard will meet you and escort you to your car.

CRIMINAL RECORD CHECK
Capilano College requires all employees working in direct contact with children to undergo a criminal record check.

STUDENT CONDUCT POLICY
To enhance opportunities for education success, the College expects all students to conduct themselves so as to help, not hinder their fellow students, staff, and instructors in achieving their common goals. For more information, please refer to the Student Conduct Policy online at www.capcollege.bc.ca/current/policies/college-policies/conduct.

SEXUAL HARASSMENT POLICY
Capilano College is committed to providing a working and learning environment that is free from sexual harassment. The College Sexual Harassment Policy implements this commitment in a range of confidential procedures to assist any member of the College community who complains of sexual harassment. Contact the Sexual Harassment Advisor for information or advice at 604-983-7547.
LOST OR STOLEN PROPERTY

Capilano College is not responsible for the loss or theft of personal property.

**Adult Basic Ed.- Biology**

**BBIO 043** ABE Advanced Biology I
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: BSCI 033 or equivalent and English 11 or equivalent or BENG 031 as corequisite
Topics include cell structure and function, cell division, evolution, plant physiology. Laboratory exercises are included.

**BBIO 044** ABE Advanced Biology II
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: BSCI 033
Corequisite: BENG 031
Topics include microbe and plant structure, diversity, behavioural ecology, biosphere, ecosystems, and human population concerns. Laboratory exercises and field trips are included. BBIO 043 and 044 together prepare students for many career/vocational programs.

**BBIO 053** ABE Provincial Biology I
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: BSCI 033 or equivalent
Corequisite: BENG 031
Topics include cell structure and function, cell division, cell metabolism, genetics, and DNA.

**BBIO 054** ABE Provincial Biology II
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: BSCI 033 or equivalent
Corequisite: BENG 031
Topics include reproduction, digestion, circulation, immunity, respiration, excretion, nervous system, and hormones. Includes laboratory investigations. BBIO 053 and 054 together prepare students for many health-related programs and college level post-secondary programs for which Biology 12 is a prerequisite.

**Adult Basic Ed.- Chemistry**

**BCHM 043** ABE Advanced Chemistry I
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: BSCI 034 or equivalent
Students will learn principles and methods of chemistry including atomic structure, periodic trends, writing formulas, and determining the names of both inorganic and organic formulas. Reaction types and the relation of chemistry to society will be covered. Includes laboratory investigations.

**BCHM 044** ABE Advanced Chemistry II
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: BCHM 043 and BMTH 033
This is a continuation of BCHM 043. Students will use the mole concept to solve quantitative problems, learn some applications of the gas laws, prepare and dilute solutions. Properties of acids and bases including pH will be investigated. Includes laboratory investigations.
ABE Provincial Chemistry I

BCHM 053  ABE Provincial Chemistry I
1.00 credit  (2,0,0) hrs  15 wks

*Prerequisite:* BCHM 044 or equivalent and BMTH 034 or equivalent

Students will learn principles and methods of chemistry including organic nomenclature, thermochemistry, chemical reaction rates, oxidation-reduction, and some applications of electrochemistry. Includes laboratory investigations.

ABE Provincial Chemistry II

BCHM 054  ABE Provincial Chemistry II
1.00 credit  (2,0,0) hrs  15 wks

*Prerequisite:* BCHM 053 and BMTH 043

This is a continuation of BCHM 053. Students will explore the concepts of chemical equilibrium, solutions and solubility, chemistry of weak acids and bases, neutralization. Students choose between nuclear chemistry or VSEPR. Includes laboratory investigations.

**Adult Basic Ed.- Computers**

BCMP 021  Fundamental Level - Introduction to Micro Computers

1.00 credit  (2,0,0) hrs  15 wks

A self-paced credit course introducing word processing and the use of the Internet.

2.00 credits  (2,0,0) hrs  15 wks

*Prerequisite:* BENG 021 or equivalent

A paced credit course offering an introduction to commonly used business software such as word processing, spreadsheets and the Internet. Also included is an introduction to Windows disk and file management.

BCMP 041  ABE Advanced Level Computer Studies

2.00 credits  (2,0,0) hrs  15 wks

*Prerequisite:* BENG 021 or equivalent

A paced graded course offering both an introduction to commonly used business software and essential computer concepts and terminology. Software used includes: word processing, spreadsheets, graphics, Windows, and the Internet. Computer concepts include examination of: processors, storage devices, input/output devices, computer communications, security, ethics, ergonomics, and purchasing considerations.

BCMP 051  ABE Provincial Level Computer Studies

2.00 credits  (2,0,0) hrs  15 wks

*Prerequisite:* BENG 021 and BCMP 041 with a minimum B- grade

A paced graded course offering an introduction to fundamentals of the Internet. The major focus is web page authoring. Other topics include: e-mail, discussion groups, and Web search engines.

BCMP 052  ABE Provincial Level Computer Science

2.00 credits  (2,0,0) hrs  15 wks

*Prerequisite:* BCMP 051 and BMTH 031 with a minimum B- grade

A paced graded course offering an introduction to computer programming. Students will analyse problems, design solutions, develop programs, test, de-bug and document the software they write.
Adult Basic Ed.- English

**BENG 011  Basic Literacy Level English**
1.00 credit  (2,0,0) hrs  15 wks
A course in basic reading and writing. Students focus on the composition of words and basic sentences.

**BENG 021  Fundamental Level English: Writing Skills, Spelling, Word Attack**
1.00 credit  (2,0,0) hrs  15 wks
An introductory fundamental course in reading and in writing of sentences and short paragraphs.

**BENG 031  Intermediate Level English**
2.00 credits  (2,0,0) hrs  15 wks
An intermediate course in writing. Most ABE students enter the English program at this level. Students write a series of paragraphs and two longer compositions.

**BENG 040  Advanced Level English: Short Report Writing**
2.00 credits  (2,0,0) hrs  15 wks
*Prerequisite:* BENG 031
A short-report writing course with a vocational/technical emphasis in its subject matter and approaches to writing. Students develop the summarizing, note-taking, and outlining skills necessary to organize information from a variety of sources into well-written reports.

**BENG 041  Advanced Level English: Advanced Report Writing**
2.00 credits  (2,0,0) hrs  15 wks
*Prerequisite:* BENG 031

**BENG 052  Provincial Level English - Critical Reading and Writing**
2.00 credits  (2,0,0) hrs  15 wks
*Prerequisite:* BENG 041 with a minimum B- grade
A provincial level course in essay writing. Students study and write a variety of essays to prepare for written work at the university transfer level or equivalent in diploma programs. BENG 052 has an academic/literary emphasis in its subject matter and approaches to writing.

Adult Basic Ed. - History

**BHST 052  Provincial Level History**
2.00 credits  (2,0,0) hrs  15 wks
*Prerequisite:* BENG 041 or equivalent
A survey of 20th century history, including major issues in present day geopolitics.
*Note:* Prerequisites may be waived by permission of instructor.
Adult Basic Ed. - Math

BMTH 011   Whole Numbers and Decimals
1.00 credit   (2,0,0) hrs   15 wks
A course in basic addition, subtraction, multiplication and division of whole numbers and decimals.

BMTH 021   Fundamental Level Mathematics
1.00 credit   (2,0,0) hrs   15 wks
Whole numbers, fractions, decimals, ratio and proportion, percent, powers and roots, averages and graphs.
This course is designed to prepare students for an intermediate course in mathematics.

BMTH 033   Introductory Algebra
1.00 credit   (2,0,0) hrs   15 wks
*Prerequisite:* BMTH 021 or placement by the instructor
This course covers properties of the Real number system. It is an introduction to algebra, basic operations
with algebraic expressions, equations in one variable, inequalities and problem solving. This is the first of
the two courses required to complete an ABE Intermediate level in mathematics.

BMTH 034   Intermediate Algebra and Geometry
1.00 credit   (2,0,0) hrs   15 wks
*Prerequisite:* BMTH 033 with a minimum C+ grade
This course covers measurement of perimeter, area and volume; theorem of Pythagoras, right angle
trigonometry; systems of equations in two variables; graphing linear relations; slope, intercepts. This is the
second of the two courses required to complete ABE Intermediate level in mathematics.

BMTH 041   Advanced Level Business Math
2.00 credits   (2,0,0) hrs   15 wks
*Prerequisite:* BMTH 034
This course covers the use and interpretation of formulas and principals used in Canadian business and
commerce, solving problems of business or commerce such as computing interest, payroll, taxes and
amortization.

BMTH 043   Advanced Algebra I
1.00 credit   (2,0,0) hrs   15 wks
*Prerequisite:* BMTH 033/034 or Math 10 with a minimum B- grade or higher or placement test
This course covers radical equations, exponent laws, polynomials and rational expressions, factoring,
complex fractions, quadratic equations.
*Note:* This is the first of two courses required for ABE Advanced level in mathematics.

BMTH 044   Advanced Algebra II and Trigonometry
1.00 credit   (2,0,0) hrs   15 wks
*Prerequisite:* BMTH 043 with minimum C+ grade or higher
This course covers functions and relations, quadratic functions, maxima and minima, transformations of
relations, tangent theorems, trigonometry, right triangles, functions of angles in standard position, Sine and
Cosine laws.
*Note:* This is the second of two courses required for ABE Advanced level in mathematics.

BMTH 053   Precalculus I
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: Math 11 with a minimum B- grade or MATH 096 or BMTH 044
This course covers functions, graphs, transformations, exponential and logarithmic functions.
Note: This is the first of the two courses required for an ABE provincial level in mathematics.

BMTH 054 Precalculus II
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: BMTH 053 or equivalent
This course covers circular functions, trigonometric identities and equations; polynomial and rational functions.
Note: This is the second of the two courses required for ABE provincial level in mathematics.

Adult Basic Ed. - Physics

BPHY 043 ABE Advanced Physics I
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: BSCI 034 or equivalent and BMTH 033 or equivalent
Students will learn the safe use and limitations of basic laboratory equipment. The concepts of forces, momentum and energy will be explored. Motion in two dimensions will be studied. Includes laboratory investigations.

BPHY 044 ABE Advanced Physics II
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: BPHY 043
This is a continuation of BPHY 043. Students will explore concepts in electrostatics, analysis of electrical circuits, waves and sound, optics. Students choose between the study of fluids or thermodynamics. Includes laboratory investigations.

BPHY 053 ABE Provincial Physics I
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: Math 11 with a minimum grade of B- or MATH 096 or BMTH 044
The study of motion in two and three dimensions. Students explore the concepts of force, momentum and energy in more detail than in BPHY 043. Includes laboratory investigations.

BPHY 054 ABE Provincial Physics II
1.00 credit (2,0,0) hrs 15 wks
Prerequisite: BPHY 044 and BMTH 044
Students will explore the concepts of electric field, circuit analysis, magnetic field, waves and optics. Includes laboratory investigations.
Adult Basic Ed.- Science

BSCI 021   Fundamental Level General Science
1.00 credit  (2,0,0) hrs  15 wks
An introduction to the basic scientific concepts and language of general science.

BSCI 033   ABE Intermediate Science I
1.00 credit  (2,0,0) hrs  15 wks
This course covers the chemistry and composition of living things. Digestion and absorption in animals, circulation and respiration, the skeleton and muscles, nutrition are also covered.

BSCI 034   ABE Intermediate Science II
1.00 credit  (2,0,0) hrs  15 wks
This course covers the chemistry of elements and compounds, use of the periodic table, chemical reactions, the physics of magnetism and electricity, the nature of energy, and work and machines. Laboratory investigations are included.

Adult Basic Ed.-Social Studies

BSOC 031   Intermediate Level Social Studies
2.00 credits  (2,0,0) hrs  15 wks
*Prerequisite: BENG 021 or equivalent
An introduction to the fundamental principles of economics. Canadian history, government legal system and the development of analytical and interpretive skills.

BSOC 041   Advanced Level Social Studies
2.00 credits  (2,0,0) hrs  15 wks
*Prerequisite: BENG 031 or equivalent
A study of economic, political, and social issues in Canada. Students will learn basic skills of social analysis that will enhance their ability to participate in decisions and policies that affect their economic, political and social interests.

Adult Basic Ed - Psychology

BPSY 051   ABE Provincial Level: Social Psychology
2.00 credits  (0,0,6) hrs  15 wks
*Prerequisite: BENG 041
This course is a combination of sociological and psychological theory, research and practice. It is for students wishing to enter the field of health, human service work, and early childhood education, or who wish to go on to more advanced sociology and/or psychology courses. Topics include psychological and sociological theory, individual and group behaviour, interpersonal communications and relationships, adult development, and abnormal behaviours.
Advertising

ADVR 130  Strategic Development and Media Planning for Advertising
3.00 credits  (27,4.5,0) hrs  02 wks
This course begins with the analysis of a client brief and the development of a creative brief for the advertising of a product, service and event. The course introduces aspects of marketing strategies for conceptual development. It provides students with an understanding about how to use the creative brief to customize the right media plan for the right client and the right target audience. It also covers an introduction of resources available to media planners and buyers, as well as effective media plan executions based on data gathered.

ADVR 133  The Big Idea
3.00 credits  (27,4.5,0) hrs  02 wks
This course focuses on the conceptual process used in the advertising industry. This course covers interpretation of the creative brief for the development of a multi-media campaign. The emphasis is on creating umbrella concepts and creative strategies that meet client objectives.

ADVR 135  Evolution of Conceptual Advertising
3.00 credits  (27,4.5,0) hrs  02 wks
This course covers the origins of advertising and the art of persuasion in America beginning in the 1950s. It introduces the what, when, where, why and who in the industry past and present. It includes a survey of notable advertising agencies, their philosophies and project milestones. It provides an overview of the parameters of effective visual communication, contexts and the human factor.

ADVR 137  Art Direction and Agency Process
3.00 credits  (27,4.5,0) hrs  02 wks
This course focuses on the advertising agency process. This course also introduces the fundamentals of collaboration within an agency. It further explores the role of the art director in the creation and execution of advertising concepts.

ADVR 139  Fundamentals of Brand Identity
3.00 credits  (27,4.5,0) hrs  02 wks
Branding concentrates on the principles and power of the brand. This course defines what a brand is and explores the regional and global impact it has on modern society. This course also covers the analysis of brand strategies, brand essence and brand communication.

Alternative Career Training

ACTP 001  Job Search and Maintenance Techniques
3.00 credits  (5,0,0) hrs  15 wks
The focus of this course is to encourage students’ needs to develop and use job search techniques and appropriate employment behaviours. Students will also be encouraged to practice self-advocacy in terms of their employment needs. An emphasis will be placed on developing interview skills with confidence.

ACTP 002  Occupational Preparation and Safety in the Workplace
3.00 credits  (5,0,0) hrs  15 wks
The focus of this course is to provide students with practical experience in a work situation including preparation prior to placement and follow-up concluding the practicum. Emphasis will be placed on making students aware of and knowledgeable about WHMIS, WCB rules, and occupational health and safety.

ACTP 005 Visual and Print Communication Skills  
3.00 credits  (5,0,0) hrs  15 wks  
The focus of this course is to extend students' awareness, knowledge and understanding of communication skills required for obtaining employment and to improve their ability to communicate effectively using a variety of media (e.g. computer, printed words, signs). Class time is comprised of discussions, talks, worksheets, field trips, role-plays, and hands-on experience. Students will be given instruction in computer skills. Students will be given opportunities to prepare resumes, cover letters, and thank-you letters using the Microsoft Word software program.

ACTP 006 Leisure Education  
3.00 credits  (5,0,0) hrs  15 wks  
To assist students to clarify their leisure interests and values and use their leisure time more constructively. Students will be encouraged to become more aware of their own feelings and beliefs about leisure so that future leisure decisions will be by their own choice and from their own value system. Emphasis will be placed on project work within the community.

ACTP 007 Consumer Preparation  
3.00 credits  (5,0,0) hrs  15 wks  
This course provides students with strategies and opportunities to practice and improve a range of consumer related skills. Field trips are incorporated in the program.

ACTP 008 Interpersonal Communications  
3.00 credits  (5,0,0) hrs  15 wks  
This course provides students with an opportunity to discuss and develop the skills involved with effectively communicating in a diverse range of interpersonal roles and relationships (friend, neighbour, consumer, citizen).

ACTP 009 Work Experience  
6.00 credits  (25,0,0) hrs  15 wks  
To give the student a practical experience in a work situation including preparation prior to placement and follow-up concluding the practicum.

### Animation

ANIM 010 Animation Principles and Timing  
2.25 credits  (6,0,0) hrs  08 wks  
This course is an introduction to the procedures used to create animated characters with life, weight and personality. Students will learn how to create movement frame-by-frame, using drawings and objects.

ANIM 020 Design Basics for Animation  
2.25 credits  (6,0,0) hrs  08 wks  
Students will be introduced to design as it applies to commercial animation production. This will include: basic perspective skills; character design; posing; layout design; colour design and storyboard design.
ANIM 030  Drawing for Animation  
1.50 credits  (4,0,0) hrs  08 wks  
Students will learn how to improve their drawing skills through observation and practice. Gesture drawing from the model will be emphasized in this course with the focus on quick sketches that capture the form and weight of the model. Basic anatomy will be introduced and students will maintain a weekly sketchbook of drawings.

ANIM 040  Digital Animation  
1.50 credits  (4,0,0) hrs  08 wks  
This course will introduce the student to computer-generated animation and the tools used to create 2-D character animation digitally. Students will learn to apply the traditional principles of animation to digital characters.

ANIM 111  Animation Drawing I  
6.00 credits  (8,0,0) hrs  15 wks  
An introduction to creating animated movement. Basic animation timing skills, animation principles and procedures used to produce character animation will be introduced.

ANIM 112  Animation Design I  
2.25 credits  (3,0,0) hrs  15 wks  
Students will learn design skills as they relate to commercial animation. Strong posing, drawing on model, and character design will be introduced. Perspective drawing will be reviewed.

ANIM 113  Life Drawing for Animation I  
3.00 credits  (4,0,0) hrs  15 wks  
This course will demonstrate the importance of life drawing in the creation of animated movement. Students will learn to accurately draw what they see. Human proportions and the human form in action will be studied. Quick gesture drawing will be practised intensively to build on the student's ability to create simple line drawings that communicate weight, structure and feeling.

ANIM 114  History of Character Animation  
2.25 credits  (3,0,0) hrs  15 wks  
This course will cover the development of character animation from Winsor McCay to the present. Emphasis will be on the Disney, Fleischer, Warner Brothers, MGM and U.P.A. studios of the 1930's and 40's and will include major developments and the work of important directors. Current trends in animation will be discussed.

ANIM 120  Directing for Animation  
1.50 credits  (2,0,0) hrs  15 wks  
Prerequisite: Successful completion of 13.5 Commercial Animation credits and CMNS 115  
This course will familiarize students with structural elements and basic principles of filmmaking. Students will develop a "film sense" which is a basic skill of storyboard artists and filmmakers.

ANIM 121  Animation Drawing II  
6.00 credits  (8,0,0) hrs  15 wks  
Prerequisite: Successful completion of 13.5 Commercial Animation credits and CMNS 115  
Students will learn how to animate more complex movement of more diverse characters. Animation timing is emphasized. Special effects animation will be taught. Acting in animation and animating to prerecorded dialogue will be introduced.
ANIM 122  Animation Design II
1.50 credits  (2,0,0) hrs  15 wks
Prerequisite: Successful completion of 13.5 Commercial Animation credits and CMNS 115
Students will gain more practical experience in the posing of animation and will work with a wider range of characters. Bringing out the character’s emotions will be practised. In this course, the student will learn to create a full design package for an animated production.

ANIM 123  Life Drawing for Animation II
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: Successful completion of 13.5 Commercial Animation credits and CMNS 115
Students will build on the skills learned in ANIM 113 and they will increase their ability to accurately render the human form in movement. Structure and anatomy of humans will be emphasized. Animal anatomy and movement will be studied.

ANIM 124  Anatomy for Animation
1.50 credits  (2,0,0) hrs  08 wks
Prerequisite: Successful completion of 13.5 Commercial Animation credits and CMNS 115
This course introduces students to the anatomical design of the human form. Students will study the bones and muscles as well as the relationships of bone and muscle of the human body in action and at rest.

ANIM 126  Layout Design I
1.50 credits  (2,0,0) hrs  15 wks
Prerequisite: Successful completion of 13.5 Commercial Animation credits and CMNS 115
Students will be introduced to the skills of animation background design. The animation camera stand and its functions will be demonstrated. Design and composition skills will be introduced and perspective drawing will be developed further in order to produce complex and detailed layouts.

ANIM 231  Animation Drawing III
4.50 credits  (6,0,0) hrs  15 wks
Prerequisite: Successful completion of 28.5 Commercial Animation credits and CMNS 115
Animating characters that act is the focus of this course. Dialogue breakdown and animating to dialogue will continue to be emphasized. Animation involving several characters in the same scene will be covered and students will work with more complex and realistic character designs.

ANIM 232  Storyboard Design
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: Successful completion of 28.5 Commercial Animation credits and CMNS 115
Students will be taught to create storyboards that communicate film narratives effectively. In this class, students will be expected to design animation sequences to be produced in the fourth term, eventually becoming a major part of their demo tape.

ANIM 233  Life Drawing for Animation III
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: Successful completion of 28.5 Commercial Animation credits and CMNS 115
Students will continue to improve their life drawing skills while working primarily with sequential studies. The ability to accurately depict emotion and mood, particularly of the face, eyes and hands will be the main objective of this course. Practise in the use of foreshortening and tone will be included.

ANIM 235  Digital 2D Animation
2.25 credits  (3,0,0) hrs  15 wks
Prerequisite: Successful completion of 28.5 Commercial Animation credits and CMNS 115
This course is designed to teach the digital production process of two-dimensional character animation. Emphasis is placed on the use of proper production procedures applied in commercial animation studios. Students will experience the complete production process by creating their own personal project or public service announcement using digital animation software.

ANIM 236 Layout Design II
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Successful completion of 28.5 Commercial Animation credits and CMNS 115
This course will further develop the student's layout design skills, enabling them to produce finished animation layouts of high quality. Technical skills concerning camera moves will be included and students will work to industry standards. Actual layout tests from major animation studios will be part of the curriculum.

ANIM 241 Animation Drawing IV
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Successful completion of 44.25 Commercial Animation credits and CMNS 115
This course will focus on the production of students' demo tapes meant to showcase their animation skills. Students will be focused on feature-quality key animation involving a variety of characters and actions. Character and personality in animation will be emphasized.

ANIM 243 Life Drawing for Animation IV
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Successful completion of 44.25 Commercial Animation credits and CMNS 115
Movement and sequential drawing studies will be emphasized. The main objective of this course will be to make use of the skills and techniques learned in previous life drawing classes to create a diverse range of excellent portfolio pieces tailored to the expectations of the animation industry.

ANIM 245 Colour and Media
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Successful completion of 44.25 Commercial Animation credits and CMNS 115
Basic colour theory will be taught using a variety of painting materials and techniques used in the animation industry. Students will learn the specific skills required of animation background painters and will create finished backgrounds from original layout designs.

ANIM 246 Advanced Animation Projects
2.25 credits (3,0,0) hrs 15 wks
Prerequisite: Successful completion of 44.25 Commercial Animation credits and CMNS 115
This course enables students to specialize in a specific career choice within the animation industry. Students design their own projects, emphasising a specific area such as: character animation, layout and animation design, character design or storyboard design. Work completed in this course will become the key content of the student's portfolio and/or demo of animation. Students may participate in an optional, one-week practicum in a local animation or game design studio.

ANIM 247 Digital Painting and Design
1.50 credits (4,0,0) hrs 08 wks
Prerequisite: Successful completion of 44.25 Commercial Animation credits and CMNS 115
This course teaches students procedures used to colour original artwork for display in graduation portfolios. Students will learn methods for colouring traditional artwork using digital painting software. Weekly speed painting projects will help develop the students' speed and painting techniques. An emphasis will be placed on developing styles and procedures used in professional animation and game design studios.
ANIM 301  Animation I
12.00 credits  (0,0,1) hrs  15 wks
This course will focus on the planning and production skills required to make an animated film. Students will take their concepts to final storyboard and storyreel stage with designs, layouts and poses completed by the end of term.

ANIM 302  Animation II
12.00 credits  (0,0,1) hrs  15 wks
Prerequisite: ANIM 301
This course will focus on the animation and post production skill required to make an animated film. Students will continue with the work accomplished in Animation I and will complete their film by the end of term.

Animation Arts

ANAR 151  2D Introduction to Animation I
6.00 credits  (8,0,0) hrs  15 wks
Note: This course is intended only for students at institutions in China.

ANAR 152  2D Design Foundations I
3.00 credits  (0,4,0) hrs  15 wks
Note: This course is intended only for students at institutions in China.

</tbody>
</table>
A survey of social anthropology to include the study of communication, economic systems, kinship and family patterns, social control, political organization, religion, and the arts. Also includes understanding the methods and effects of culture change. Examples of different cultural practices will be drawn from societies throughout the world.

**ANTH 123**  Introduction to Archaeology  
3.00 credits  (4,0,0) hrs  15 wks  
An introduction to the theoretical foundations and methods of Archaeology, including the techniques used to discover, reconstruct, and interpret the past. Examples will be drawn from archaeological research around the world.

**ANTH 124**  Introduction to Biological Anthropology  
3.00 credits  (4,0,0) hrs  15 wks  
An introduction to the theoretical foundations and evidence for human origins as presented by Archaeology and Biological Anthropology. The biological and cultural evolution of humankind as indicated through a study of evolutionary theory, primate behaviour, skeletal remains, and archaeological discoveries.

**ANTH 130**  Anthropology of Religion  
3.00 credits  (4,0,0) hrs  15 wks  
This course will introduce students to the anthropological study of religion by considering some of its major topics, such as magic, witchcraft, shamanism and rites of passage. It will also provide rich ethnographic case studies as examples of the practice of religion in a variety of cross-cultural contexts.

**ANTH 140**  Visual Anthropology  
3.00 credits  (4,0,0) hrs  15 wks  
This course will introduce students to visual anthropology. Students will examine a wide variety of artistic traditions from around the world by exploring such topics as cross-cultural aesthetics, the function of art, the role of artists, and art and ethnicity.

**ANTH 200**  Intermediate Social Anthropology  
3.00 credits  (4,0,0) hrs  15 wks  
This course will familiarize students with the major theoretical and methodological traditions within anthropology. These will be critically examined and the influences on contemporary anthropology assessed. The issues and debates surrounding such topics as social organization, representation, ethics, gender, tradition, religion, subsistence practices and the dynamic nature of culture may be explored in a variety of ethnographic case studies.

**ANTH 202**  Anthropology and the Environment  
3.00 credits  (4,0,0) hrs  15 wks  
The study of the interaction of people, culture and environments, emphasizing human adaptive strategies. Focus of the course will vary each semester, exploring such topics as subsistence patterns, systems of knowledge in traditional cultures, modernization and globalization, and current issues.

**ANTH 204**  Ethnic Relations  
3.00 credits  (4,0,0) hrs  15 wks  
A study of the relations between ethnic groups. The construction, maintenance and expression of ethnic boundaries and identities will be examined within a variety of cultural contexts, including Canada. The course will address the social construction of difference and will offer perspectives on racial stereotyping, the politics of representation, the expression of ethnic popular culture and its wider consumption. Processes,
such as de-colonization and globalization which have been involved in the rise of ethnic consciousness will be analysed, together with theoretical concepts through which ethnicity may be comprehended.

*Note:* This course serves as a Canadian Studies credit.

**ANTH 205  Multiculturalism**  
**3.00 credits  (4,0,0) hrs  15 wks**  
The course examines multiculturalism in Canada with comparative material drawn from other parts of the world. The creation and impact of multiculturalism will be addressed from historical and cultural perspectives. Topics covered may include: history and reality of Canadian immigration, the changing cultural landscape, maintenance of culture and identity, and the influence of official policy.

*Note:* This course serves as a Canadian Studies credit.

**ANTH 206  First Nations of British Columbia**  
**3.00 credits  (4,0,0) hrs  15 wks**  
A study of the cultural history, diversity, and complexity of the indigenous peoples and cultures of British Columbia. The archaeological past, traditional lifeways, and current issues are examined.

*Note:* This course serves as a Canadian Studies credit.

**ANTH 208  Indigenous Peoples of North America**  
**3.00 credits  (4,0,0) hrs  15 wks**  
A survey of the cultural history and social organization of indigenous peoples of the North American continent including Canada, the United States and Mexico. An examination of traditional lifestyles including family, political, religious and ecological patterns; and current issues.

*Note:* This course serves as a Canadian Studies credit.

**ANTH 209  Anthropology of Latin America**  
**3.00 credits  (4,0,0) hrs  15 wks**  
This course is a survey of the indigenous societies of South America, Central America, and Mexico. Course subject matter will be addressed from an archaeological and cultural anthropological perspective and will include: a review of traditional lifeways of indigenous cultures in different regions of Latin America (including social organization, political structure, economy, and belief systems); an analysis of the impact and effect of European contact and policy on indigenous peoples, including assimilation strategies and resistance movements; and an examination of in Latin American societies today, including contemporary issues, patterns of change, and the maintenance of various traditional practices.

**ANTH 222  Eating Culture: An Anthropology of Food**  
**3.00 credits  (4,0,0) hrs  15 wks**  
This course will address the deceptively simple question of why do we eat what we do? It will explore human food systems from our nutritional needs, through our classification of resources into edible and inedible, and how we acquire ingredients, cook them, and then share them through meals. Food reaches into everyone's existence, and as such it is offers us an opportunity to uncover and begin to understand our cultural similarities and differences expressed through our food habits. The course will draw upon ethnographic material from many cultures, and utilise current debates in the relatively new field of the anthropology of food.

**ANTH 232  Archaeology of Africa, Asia and Europe**  
**3.00 credits  (4,0,0) hrs  15 wks**  
*Prerequisite:* ANTH 123  
This course will familiarize students with the nature of archaeological research in Africa, Asia and Europe. The primary focus is on providing a survey of cultural adaptations, from the first evidence of culture to the
earliest civilizations. Theoretical, legal, and ethical issues related to the discovery, recovery, and interpretation of the archaeological record in Africa, Asia and Europe are also examined.

ANTH 233  Archaeology of the Americas
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: ANTH 123
This course will familiarize students with the nature of archaeological research in the Americas. The primary focus is on providing a survey of cultural adaptations, from the initial peopling of the continents to the period of European contact. Theoretical, legal and ethical issues related to the discovery, recovery, and interpretation of the archaeological record in the Americas are also examined.

ANTH 241  Archaeology Field School
6.00 credits  (2,9,0) hrs  15 wks
This practical field course focuses on the identification, recording and recovery of archaeological remains. The majority of the time is spent in the field. When the course is offered during a seven week summer session, the course hours each week are doubled.
Note: Permission of instructor is required to register.

ANTH 249  Comparative Cultures: A Field Study in Anthropology
3.00 credits  (4,0,0) hrs  15 wks
An interdisciplinary course to consider in depth a particular geographic area and its people. Comparative institutions, cultural ecology, contemporary issues, methods of observation and study. Students and instructor study in the field.
Note: Permission of instructor is required to register.

Art History

AHIS 100  The History of Art I
3.00 credits  (4,0,0) hrs  15 wks
This course studies the history of art beginning with the pyramids of Egypt and concluding with the Gothic Cathedrals and Italian fresco paintings of the High Middle Ages in Europe. An understanding and appreciation of art are the aims of the course, and through lectures and class discussions, students will develop an eye for seeing and appropriate terms to describe the works shown. Our involvement with the art of the past clearly reveals how changing styles in architecture, painting, and sculpture are influenced by the historical context and the political, social, and religious thought of each period.

AHIS 101  The History of Art II
3.00 credits  (4,0,0) hrs  15 wks
Beginning with the art of the Italian Renaissance, this course studies the history of painting, sculpture, and architecture to the twentieth century. Individual artists including Leonardo, Michelangelo, Rembrandt, Goya, Van Gogh and Picasso are studied in addition to the larger period styles. Because works of art so perfectly reflect their age, the economic, social, and religious ideas of each period will be closely considered.

AHIS 103  First Nations Art of the Northwest Coast
3.00 credits  (4,0,0) hrs  15 wks
This course will examine the diverse and rich artistic production of the Northwest Coast First Nations peoples.

|             | This course studies the mainstreams of modern art beginning with the paintings of Jacques Louis David produced during the French Revolution and concluding with the art of Cezanne. Emphasis is given to individual artists, and works by Goya, Delacroix, Monet, Van Gogh, Gauguin and others are studied in |
depth. Aesthetic revolutions and counter-revolutions are explored in conjunction with the social and political upheavals of the 19th century, where issues of class, gender and race come to the fore.

**AHIS 211 History of Modern Art (20th Century)**

*3.00 credits (4,0,0) hrs 15 wks*

This history of 20th century art begins with the work of Picasso and Matisse and studies the impact of revolutionary movements of art such as Futurism, Constructivism, Dada, and Surrealism. America's post war contribution - Abstract Expressionism, Pop, Minimalism, Conceptual and Earth Art - is studied, leading to a full discussion of the issues of Post Modernism and art into the 21st century. The aim of this course is to demystify modern art by studying the underlying concepts and theories, which will reveal how closely art expresses the ethos of contemporary life.

**AHIS 215 Art and Technology**

*3.00 credits (4,0,0) hrs 15 wks*

Artists offer unique perspectives on technologies. The topic of art and technology has recently been given a new impetus as artists have become interested in digital technologies and cutting-edge bio-technologies (cloning, genetic engineering). Yet the relationship between art and technology is not new, but ancient. Examining their interaction is vital, particularly given our current situation of rapid change. The topic will be of interest to students in both the humanities and the sciences.

**AHIS 220 Early Renaissance Art in Italy**

*3.00 credits (4,0,0) hrs 15 wks*

This course traces the origins of the Early Renaissance in Italy, beginning with the art of Giotto and focusing attention on the creators of the new style, the architects, sculptors and painters of Florence, Aarezzo, Mantua and Venice. The intellectual, religious and political climate of the fifteenth century, linked to the expression in this new art, will also be considered, as will the emerging importance of private patronage.

**AHIS 221 High Renaissance and Mannerist Art in Italy**

*3.00 credits (4,0,0) hrs 15 wks*

This course studies the art of the High Renaissance and the emerging view of the artist as sovereign genius. The work of Leonardo, Michelangelo and Raphael is examined in depth. Focus is then given to the artists of the Mannerist school, whose highly subjective and artificial style dominates the latter part of the 16th century. The contributions of the Venetians as well as the architecture of Palladio will also be considered.

**AHIS 231 History of Textile Art I**

*3.00 credits (4,0,0) hrs 15 wks*

This course first studies the textile traditions of the Near East by considering Ancient Egypt and its great linen manufactories, and the silk guilds of the Byzantine Empire, as well as tracing the influence of Sassanian designs. Cotton and the central role it played in the struggle for Indian independence is highlighted as we move further east to consider the evolution of the Dragon Robes of China and the kimonos of Japan. This study concludes with textile designs and tapestries produced in Medieval and Renaissance Europe where the important contributions of such leading artists as Raphael and Rubens are fully considered.

**AHIS 232 History of Textile Art II**

*3.00 credits (4,0,0) hrs 15 wks*

This course first explores the textile traditions of Africa and the Americas. The textiles of the Kuba of Africa, Ancient Andean cloth and Contemporary Mayan textile designs are examined as important artistic expressions of these cultures. Navaho weaving and the great tradition of the Chilkat Dancing Blanket of the Pacific Northwest are also studied as examples of cultural expressions. Our attention then focuses on the effects of the Industrial Revolution on textile practices and the contributions of William Morris and the
Arts and Crafts Movement. The course concludes with a discussion of 20th century textiles and explores the work of some of the leading contemporary textile artists.

AEM 240  Practicum in Arts and Entertainment Management I
12.00 credits  (0,0,35) hrs  15 wks
Prerequisite: AEM 140, 141, 142, 143, 144, 145, 146, 147, ENGL 100 and THTR 151 or TECT 151
This course is the first of a pair of practicum courses. Students will gain on-the-job experience in various arts management positions. The experience will be determined by the organization that the student is placed with. Each student will be supervised by his/her immediate superior throughout the practicum. In order to foster a real working environment, students will be encouraged to work independently and be given objectives to accomplish during their practicum. A job description outlining duties and responsibilities will be issued.

AEM 241  Practicum in Arts and Entertainment Management II
12.00 credits  (0,0,35) hrs  15 wks
Prerequisite: AEM 140, 141, 142, 143, 144, 145, 146, 147, ENGL 100 and THTR 151 or TECT 151
This course is the second of a pair of practicum courses. Students will gain on-the-job experience in various arts management positions. The experience will be determined by the organization that the student is placed with. Each student will be supervised by his/her immediate superior throughout the practicum. In order to foster a real working environment, students will be encouraged to work independently and be given objectives to accomplish during their practicum. A job description outlining duties and responsibilities will be issued. The second practicum will occur at a different organization than the first.

AEM 245  Media Relations, Marketing and Promotion
1.50 credits  (4,0,0) hrs  08 wks
Prerequisite: AEM 140, 141, 142, 143, 144, 145, 146, 147, ENGL 100 and THTR 151 or TECT 151
Students will be introduced to the basic concepts of marketing, public relations, and promotion in relation to arts and entertainment management. Lectures will focus on how to apply strategic marketing principles to arts and entertainment management.

AEM 247  Financial Management in Arts and Entertainment Management
1.50 credits  (4,0,0) hrs  08 wks
Prerequisite: AEM 140, 141, 142, 143, 144, 145, 146, 147, ENGL 100 and THTR 151 or TECT 151
Students will be introduced to the basic concepts of financial management, including accounting, cash management, budgeting, box office management, forecasting and payroll, in relation to performing arts organizations. Lectures will focus on how to apply financial arts principles to the performing arts.

AEM 248  Resource Development in Arts and Entertainment Management
1.50 credits  (4,0,0) hrs  08 wks
Prerequisite: AEM 140, 141, 142, 143, 144, 145, 146, 147, ENGL 100 and THTR 151 or TECT 151
This course teaches the skills necessary to become an effective advocate for the arts. The students learn how to successfully complete grant applications and how to plan and execute a successful fundraising campaign.

AEM 249  Fundamentals of Artist Development
1.50 credits  (4,0,0) hrs  08 wks
Prerequisite: AEM 140, 141, 142, 143, 144, 145, 146, 147, ENGL 100 and THTR 151 or TECT 151
The purpose of this course is to provide students with an understanding of how an arts and entertainment organization operates and how tours are planned and executed.
AEM 251 Industry Seminar in Arts and Entertainment Management
1.50 credits (4,0,0) hrs 08 wks
Prerequisite: AEM 140, 141, 142, 143, 144 or 148, 145, 146, 147, ENGL 100 and TECT 151
This course prepares students for building and maintaining a career in the arts and entertainment industry. Lectures and panel discussions will focus on transferring skills and knowledge from the academic environment to the practical work environment. Topics include self-assessment of employability skills, professional behaviour, resume writing, interview techniques, work search methods, goal setting and workplace skills.

AEM 252 Tour Management
1.50 credits (4,0,0) hrs 08 wks
Prerequisite: AEM 140, 141, 142, 143, 144 or 148, 145, 146, 147, ENGL 100 and TECT 151
Students will be introduced to the basic concepts of tour management in the performing arts. Lectures will focus on the process of tour organization and the resources available for booking tours.

AEM 340 Advanced Practicum in Arts and Entertainment Management I
12.00 credits (0,0,32) hrs 15 wks
This course is a 15-week practicum in which the student will assume a position working for a professional arts organization for 35 hours per week. These will generally be office hours with some evening and weekend work, depending on the position assigned. A job description outlining duties and responsibilities will be issued.

AEM 341 Advanced Practicum in Arts and Entertainment Management II
12.00 credits (0,0,32) hrs 15 wks
A 15-week practicum in which the student will assume a position working for a professional arts organization.

AEM 345 Advanced Media Relations, Marketing and Promotions
1.50 credits (10,0,0) hrs 03 wks
Students will be introduced to the basic concepts of marketing, public relations, and promotion in relation to arts and entertainment management. Lectures will focus on how to apply strategic marketing principles to arts and entertainment management.

AEM 346 Advanced Organizational Structures in Arts and Entertainment Management
1.50 credits (10,0,0) hrs 03 wks
This course will provide students with a basic overview and understanding of the organizational structures in arts and entertainment management. Lectures will focus on the fundamentals of organization and management in performing arts organizations with an emphasis on teaching the skills necessary to build successful relationships between the various organizational sectors. Guest speakers from participating arts organizations will be featured.

AEM 347 Advanced Financial Management in Arts and Entertainment Management
1.50 credits (10,0,0) hrs 03 wks
Students will be introduced to the basic concepts of financial management, including accounting, cash management, budgeting, box office management, forecasting and payroll, in relation to performing arts organizations. Lectures will focus on how to apply financial management principles to the performing arts.

AEM 348 Advanced Resource Development: Grantsmanship, Sponsorship and Fundraising
1.50 credits (10,0,0) hrs 03 wks
This course provides an understanding of the critical role of the resource development activities in performing arts and entertainment organizations. Topics include corporate sponsorship, direct mail, planned giving, and special event fundraising.

**AEM 349 Advanced Fundamentals of Artist Development**

1.50 credits \( (10,0,0) \) hrs 03 wks

Students will be introduced to the critical role of management in the development of an artist's career. Lectures will cover intellectual property management, contractual relationships, recording, touring, presentation, and marketing.

**AEM 350 Advanced Production and Tour Management**

1.50 credits \( (4,0,0) \) hrs 08 wks

Students will be introduced to the basic concepts of production and tour management in performing arts organizations. Lectures will focus on the personnel in performing arts organizations and their duties, equipment used in presenting performing arts, and the process of tour organization.

**AEM 351 Audience Services Practicum and Computer Applications**

1.00 credit \( (1,0,5) \) hrs 07 wks

This course will provide on-the-job experience managing all audience service roles as well as training in box office database and Excel. Students will receive in-class instruction, which will be followed by direct application. Students will be supervised by their instructor throughout their practicum. Only shows in the Capilano College Performing Arts Theatre will be considered for practicum hours. The course may be taken in second or third semester.

### Astronomy

**ASTR 106 Introduction to Astronomy**

3.00 credits \( (4,0,0) \) hrs 15 wks

*Prerequisite:* Math 12, or Principles of Math 11 with a minimum B grade, or BMTH 053/054 or Math 105. Math 105 may be taken concurrently.

An introduction to astronomy with an emphasis on the physics underlying the behaviour of the universe and the means by which it is observed. Topics include Newtonian mechanics and gravitation, electromagnetic waves, observing instruments, the sun and solar system, stars, galaxies, cosmology and black holes.

**ASTR 107 Introductory Astronomy**

4.00 credits \( (4,2,0) \) hrs 15 wks

*Prerequisite:* Math 12, or Principles of Math 11 with a minimum B grade, or BMTH 053/054 or Math 105. Math 105 may be taken concurrently.

An introduction to astronomy with a lab, emphasizing the physics underlying the behaviour of the universe and the means by which it is observed. Topics include Newtonian mechanics and gravitation, electromagnetic waves, observing instruments, the sun and solar system, stars, galaxies, cosmology and black holes.

### Basic Education & Career Plan

**BECP 021 Basic Education and Career Planning Fundamental**

1.00 credit \( (4,0,0) \) hrs 15 wks
This course introduces students to the fundamental skills they need to succeed in an education or career path. Students will explore a variety of study skills, familiarize themselves with the College resources, develop a variety of research strategies, explore methods for developing good working relationships and research several of their chosen career choices. This course uses mixed mode classroom and online course management format.

**BECP 041  Basic Education and Career Planning Advanced**

1.00 credit  (4,0,0) hrs  15 wks

*Prerequisite: BECP 021*

Upon completion of this course, students will have developed detailed career plan including information on a chosen educational institution research, a financial plan and an action plan. Students will connect with College faculty and staff for support and guidance. Students will also analyze their skills and use this analysis to present themselves to future employers through interviews, resumes and covering letters. This course uses mixed mode classroom and online course management format.

### Biology

**BIOL 104  Human Biology I**

4.00 credits  (4,3,0) hrs  15 wks

This course is an introduction to human anatomy and physiology for students who require a lab science elective and those with an interest in nursing or health sciences. Major topics include the chemistry of life, structure and function of human cells and tissues, digestion and nutrition, reproduction, cell division, and genetics. This course together with BIOL 113 satisfies the human anatomy and physiology requirement for most nursing programs in British Columbia.

*Note: Credit will only be granted for one of BIOL 104 or 112.*

**BIOL 105  Environmental Biology**

4.00 credits  (4,3,0) hrs  15 wks

This course, designed primarily as a laboratory science elective for non-science students, examines a wide range of environmental issues from a biological perspective. Basic principles of ecology are developed and the impact of modern society on the environment is assessed. The overall focus is global, however, basic ecological principles are developed using British Columbian and other Canadian examples. Major environmental issues relevant to Canada are also stressed. Major topics include ecological concepts, conservation and endangered species, air pollution and global warming, water resources, and water pollution.

*Note: This course serves as a Canadian Studies credit.*

**BIOL 106  Basic Introductory Biology I**

1.50 credits  (2,0,0) hrs  15 wks

*Corequisite: BIOL 107*

This course is intended for students planning to continue in biology or related disciplines, but who lack the prerequisites for BIOL 110. Topics are the same as in BIOL 110, with additional coverage of basic chemistry and cell biology.

**BIOL 107  Basic Introductory Biology II**

4.00 credits  (4,3,0) hrs  15 wks

*Corequisite: BIOL 106*
This course is intended for students planning to continue in biology or related disciplines, but who lack the prerequisites for BIOL 110. Topics are the same as in BIOL 110, with additional coverage of basic chemistry and cell biology.

**BIOL 110 Introductory Biology I**

4.00 credits (4,3,0) hrs  15 wks  

*Prerequisite:* Biology 12 or BBIO 054 or Biology 104 with a minimum C+ grade and Chemistry 11 or BCHM 044 with a minimum C- grade  

This course is the standard introductory biology course for students who plan to take further courses in science. Major topics include biochemistry, cell structure and function, cell division, genetics, and molecular biology.  

*Note:* Students should have some knowledge of basic chemistry and cell biology.

**BIOL 111 Introductory Biology II**

4.00 credits (4,3,0) hrs  15 wks  

*Prerequisite:* BIOL 106 and 107 or BIOL 110  

This course is a continuation of introductory biology which further develops the discussion of biological concepts begun in BIOL 110 or BIOL 106/107. Major topics include development, plants and animal systems, evolution and ecology.

**BIOL 112 Human Anatomy and Physiology I for Health Sciences**

4.00 credits (4,3,0) hrs  15 wks  

This course provides a foundation in the study of human anatomy and physiology. It introduces the fundamental concepts of biochemistry, cell biology, human heredity and molecular biology. The anatomy and physiology of the endocrine, digestive and reproductive systems is covered as well as the study of fertilization, embryonic and fetal development. Laboratory exercises include microscopy, dissections, genetic analysis and experimentation. The course prepares students for further studies in the health sciences.  

*Note:* Biology 12 and Chemistry 11 are recommended  

*Note:* Credit will only be granted for one of BIOL 104 or 112.

**BIOL 113 Human Anatomy and Physiology II for Health Sciences**

4.00 credits (4,3,0) hrs  15 wks  

*Prerequisite:* BIOL 112 or BIOL 104 with a minimum grade of C+  

This course is a continuation of Biology 112. The anatomy and physiology of the integumentary, muscular-skeletal, cardiovascular, respiratory, nervous, urinary and lymphatic systems is examined. Emphasis is also given to the maintenance of overall health as well as the study of select diseases pertaining to the systems examined. Laboratory sessions provide practical study of the selected systems and introduce techniques used to make physiological evaluations. The course prepares students for further studies in the health sciences.

**BIOL 200 Genetics I**

3.00 credits (4,0,0) hrs  15 wks  

*Prerequisite:* BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade; and CHEM 110 and 111  

This course is an introduction to the principles and mechanisms of heredity. Emphasis will be placed on an analytical approach to transmission genetics, genetics of humans, introductory molecular genetics, quantitative genetics, and population genetics.  

*Note:* Concurrent registration in BIOL 214 is recommended.  

*Note:* There is no laboratory for this course.
BIOL 202  Nutrition
3.00 credits  (4,0,0) hrs  15 wks

Prerequisite: BIOL 104 and 113 or BIOL 110 and 111 or BIOL 106 and 107 and 111 and Chemistry 11
This is an introductory course in human nutrition. The course includes the study of the anatomy and physiology of the gastrointestinal tract and the chemistry, metabolism and biological roles of carbohydrates, lipids, proteins. Nutritional requirements for human growth, development, energy and longevity are covered as well as both the environmental and genetic basis of nutritional disorders and nutritional individuality.

BIOL 204  Ecology I
4.00 credits  (4,3,0) hrs  15 wks

Prerequisite: BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade
This course is an introduction to the principles of ecology with emphasis on ecosystem and community dynamics and structure including ecosystem concepts, components, interrelationships, energy flow, and nutrient cycling and introduction to vegetation analysis in the B.C. context. Both plants and animals will be considered but plants will be emphasized. Weekly field trips examine local biogeoclimatic zone structure and composition, while a southern B.C. field trip introduces several inland biogeoclimatic zones.

Note: This course serves as a Canadian Studies credit.

BIOL 205  Ecology II
4.00 credits  (4,3,0) hrs  15 wks

Prerequisite: BIOL 204
A continued study of ecological principles, with the introduction and application of quantitative concepts. The emphasis will be on animal ecology including population dynamics, animal behaviour, competition, predator-prey relationships, and other aspects of interactions of plant and animal populations.

Note: This course serves as a Canadian Studies credit.

Note: The course includes weekly field trips and a three-day field trip to the Pacific Rim National Park area.

BIOL 206  Ecology of the Western Pacific
3.00 credits  (4,0,0) hrs  15 wks

Prerequisite: BIOL 106, 107 and 111 or BIOL 110 and 111; or BIOL 104/105; or GEOG 112/114
This course examines the complex ecology and biogeography of the lands bordering the western Pacific Ocean. Basic principles of biogeography and ecology will be presented with reference to the regions concerned. Selected environmental issues and biogeographic characteristics will be discussed for the following regions: the Asian Mainland, with emphasis on Japan and China; the Malay Peninsula and Indonesia; and Australasia, focusing on Australia, Papua New Guinea and New Zealand.

Note: There is no lab for this course.

BIOL 210  Morphology of Vascular Plants
4.00 credits  (4,3,0) hrs  15 wks

Prerequisite: BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade
This course is a comparative study of the vascular plant groups, the pteridophytes, gymnosperms and angiosperms. It emphasises the evolution, morphology, ecology and function of each of the groups and includes discussions of problems in plant morphology.

BIOL 212  Invertebrate Zoology
4.00 credits  (4,3,0) hrs  15 wks

Prerequisite: BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade
This course is a comparative survey of the major phyla and classes of invertebrates with emphasis on phylogeny, adaptive biology and ecology of each group. The course is designed around the major unifying
concept of evolution. It introduces issues of contemporary interest in the field of invertebrate zoology. The laboratory complements the lecture components.

*Note:* The course includes a three-day field trip to the Bamfield Marine Station.

**BIOL 213**  
**Vertebrate Zoology**  
4.00 credits  
(4,3,0) hrs  
15 wks  
*Prerequisite:* BIOL 106, 107 and 111 or 110 and 111 with a minimum C- grade  
This course is a comparative survey of the major classes of vertebrates, emphasizing evolutionary trends especially in development and morphology of organ systems. Adaptive features in vertebrates are considered. The laboratory and field trip components complement the lecture component with an examination of representative vertebrates.

**BIOL 214**  
**Cell Biology**  
4.00 credits  
(4,3,0) hrs  
15 wks  
*Prerequisite:* CHEM 200 is a prerequisite or co-requisite and BIOL 106 and 107 and 111 or 110 and 111 with a minimum C- grade  
This course is an integrated study of the structure and function of cells and their components. Ultrastructure of cell organelles as determined by electron microscopy will be related to the molecular functions of cells. Emphasis will also be placed on the techniques used to study cells, the evolutionary origin of cells and their components, and on comparisons between specialized cell structure and function. The laboratory exercises will use modern methods of microscopy and separation techniques in a detailed study of cell structures and their functions.

**BIOL 215**  
**Biochemistry**  
4.00 credits  
(4,3,0) hrs  
15 wks  
*Prerequisite:* CHEM 201 as a prerequisite or co-requisite and BIOL 214  
This course examines the fundamental principles and basic facts of biochemistry starting with protein structure and enzyme functions. Cell energetics, biosyntheses and mechanisms which control cell metabolism will also be considered. The laboratory will use the current techniques of biochemistry to conduct experimental analyses of the molecular functions of cells and tissues.

**BIOL 220**  
**Microbiology I**  
4.00 credits  
(4,3,0) hrs  
15 wks  
*Prerequisite:* BIOL 106, 107 and 111 or BIOL 110 and 111 with a minimum C- grade; and CHEM 110 and 111  
This course is a comprehensive treatment of introductory microbiology. The origin, basic structure, growth and metabolism of micro-organisms will be discussed. The lab provides practical experience in standard microbial techniques.

**BIOL 221**  
**Microbiology II**  
4.00 credits  
(4,3,0) hrs  
15 wks  
*Prerequisite:* BIOL 220  
This course is a continuation of BIOL 220, emphasizing genetics, immunological aspects, and ecology of micro-organisms. The role of micro-organisms in agriculture, various industries, health and sanitation is considered. This lab expands practical experience in standard microbial techniques.
Business Administration

BADM 101 Management
3.00 credits (4,0,0) hrs 15 wks
Students study modern management practices, current events, ethics and problem solving. In addition, students will study and practice effective business presentations and public speaking. The course instructors will facilitate discussion and integrate topics through the use of contemporary business issues.

BADM 102 Quantitative Methods
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Principles of Math 11 with a minimum C grade or Applications of Math 12 with a minimum C grade, or BTEC 115 with a minimum B grade, or MATH 096 or BMTH 044 with a minimum C grade
This course provides a strong foundation in the mathematics of finance and business. The student will utilize standard financial models in analysis, problem solving, and decision-making. Computer spreadsheet applications are utilized.

BADM 103 Supervisory Skills
3.00 credits (4,0,0) hrs 15 wks
This is a study of the human elements in organizations, with emphasis on group behaviour. Concepts include persuasion, guidance and understanding of the individual within the group. Students will learn applications in human relations management, i.e. leadership, power, authority, group dynamics, formal and informal organization, communications, conflict, and the introduction of change. This course is offered at the Sechelt and Squamish campuses only.

BADM 106 Organizational Behaviour
3.00 credits (4,0,0) hrs 15 wks
The objective of this course is to allow the student to develop the necessary skills and conceptual tools to both understand and deal effectively with human behaviour in organizations. These skills are of at least two kinds:
1. Interpersonal, that is, relating more effectively with other individuals and groups, and
2. Analytical, to be able to perceive and understand situations accurately, and make effective decisions based on this understanding.

BADM 107 Business Law I
3.00 credits (4,0,0) hrs 15 wks
Students will be introduced to the components of the Canadian legal system, and will examine the effect of both common and statute law on business relationships. A study of the basic principles of commercial law will provide the foundation for a detailed examination of contract law, including the sale of goods, consumer protection legislation, and employment and labour law, as well as an examination of tort law, intellectual property, insurance, company and partnership law, and creditor remedies.

BADM 201 Business Information Systems
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: 30 post-secondary credits
Students will be required to apply the concepts and theories learned in their first year courses to solve integrated business problems in a logical and literate manner. The importance of accurate, dependable, management information for problem solving will be illustrated through case study analysis and a major group project.
BADM 202 People Management 3.00 credits (4,0,0) hrs 15 wks
This introductory course provides the student with practical human resources management knowledge and skills used by supervisors and line managers. Special emphasis is placed on current legislation affecting the workplace and on day-to-day performance management. It also provides a basis for the student to assist a human resources practitioner where the student can build on the knowledge to take on a more specialized role.

BADM 204 Introduction to Strategic Management 3.00 credits (4,0,0) hrs 15 wks
Prerequisite: BFIN 241 is a prerequisite or co-requisite
This course brings together the content of all previous Business Administration courses. There will be a focus on the methods of strategic management and business analyses that utilize the entire cross-section of skills that have been developed in the previous terms of study.

BADM 206 Directed Study I 3.00 credits (0,0,6.66) hrs 15 wks
Prerequisite: 45 post-secondary Business Administration credits
This course is designed to provide students with 100 hours of directed study experience in business, industry or government. The purpose of this course is for students to gain relevant experience and to make an easier transition into the workforce. Major emphasis of this experience is to allow students to put existing business education skills into practice while learning new business skills. Students will be able to recognize and understand the scope and relationship of business administration functions.

BADM 210 Business Statistics 3.00 credits (4,0,0) hrs 15 wks
This course provides a strong foundation in basic business statistics emphasizing analysis and decision-making in the face of certainty and uncertainty. Spreadsheet applications of descriptive, inferential, and bivariate models are utilized. A working knowledge of spreadsheets, e.g. Microsoft Excel, Linux Spreadsheets, Google Spreadsheets, etc. is required.

BADM 218 Leadership in Teams 3.00 credits (4,0,0) hrs 15 wks
Prerequisite: BADM 101 and 106 or BTEC 252
This course develops the student's understanding of the theory and practical applications required to be an effective team leader. Students will demonstrate abilities and skills in a variety of team environments designed to develop practical and valuable leadership experience.

BADM 268 Entrepreneurship/Small Business Management 3.00 credits (4,0,0) hrs 15 wks
Skills needed in problem solving and researching the small business environment will be learned and applied. Business owners, managers and would-be decision makers are encouraged to take this course. The instructor and guest lecturers from the business community will lead students through detailed aspects of business from finance to human relations. The production of the business plan will be discussed and part of a plan will be written.

BADM 270 Business Administration Current Issues I 3.00 credits (4,0,0) hrs 15 wks
Prerequisite: 30 post-secondary Business Administration credits
The course will highlight topics of special interest, such as Intercultural Business Practices, Strategic Management, and Marketing the Olympics to business students. Specific topic expertise, such as international faculty, business experts, and leadership specialists will teach this course. This combination will add real-life value to the subject matter and build on the students business concepts. This course will encourage students to explore and more fully understand the specialized area of concern.

**BADM 274  Business Administration Special Topics I**
3.00 credits  (4,0,0) hrs  15 wks
*Prerequisite:* BADM 210
The course will highlight topics of special interest, such as European Union, Globalization, and Canadian Demographics to business students. Specific topic expertise, such as international faculty, business experts, and leadership specialists will teach this course. This combination will add real-life value to the subject matter and build on the students business concepts. This course will encourage students to explore and more fully understand the specialized area of concern.

**BADM 301  Operations Management**
3.00 credits  (4,0,0) hrs  15 wks
*Prerequisite:* BADM 210
Of special interest to generalist managers and operators of small businesses, this course familiarizes the student with the principles, practices, and functions of production-operations management, using modern decision-making aids. Foundation skills in production and control (inventory, quality and cost) are examined using computing devices and procedures.
*Note:* Working knowledge of Excel is expected.

**BADM 302  Human Resource Management**
3.00 credits  (4,0,0) hrs  15 wks
*Prerequisite:* 45 post-secondary credits
This course provides the student with a basic, functional understanding of current personnel/human resource-management concepts and applications in developing small and larger business. Special emphasis will be placed on the concept of human resource management being the responsibility of all management, not just the personnel department.

**BADM 303  Industrial Relations**
3.00 credits  (4,0,0) hrs  15 wks
*Prerequisite:* 45 post-secondary credits
This course introduces the student to labour unions and their relationship with management. Topics covered include the labour code, collective bargaining and dispute resolution.

**BADM 305  Leadership**
3.00 credits  (4,0,0) hrs  15 wks
*Prerequisite:* BADM 106 or BTEC 252 plus 42 post-secondary Business Administration credits
This course will provide the student with an understanding of what effective leadership means and how he or she can be a more effective leader. This will be done through a combination of theoretical work, discussions with community leaders and through the development of critical leadership skills and competencies. Specific competencies will include conflict resolution skills, coaching skills, and facilitation skills.

**BADM 306  Directed Study II**
3.00 credits  (0,0,6.66) hrs  15 wks
*Prerequisite:* 60 post-secondary Business Administration credits
This course is designed to provide students with 100 hours of directed study experience in business, industry or government. The purpose of this course is for students to gain relevant experience and to make an easier transition into the workforce. Major emphasis of this experience is to allow students to put existing business education skills into practice while learning new business skills. Students will be able to recognize and understand the scope and relationship of business administration functions.

**BADM 307 Advanced Business Law II**

3.00 credits (4,0,0) hrs 15 wks

*Prerequisite:* BADM107, or an introductory college or university course in commercial or contract law

This law course will examine the effect of both common and statute law on business relationships. A review of the basic principles of commercial law will lead to the examination of more complex contractual relationships such as discharge of contract, agency, bailment, real property, commercial tenancy, legal devices for securing credit including mortgages and bankruptcy. Other topics include competition law, management and operation of a corporation and intellectual property.

**BADM 310 Quantitative Methods III**

3.00 credits (4,0,0) hrs 15 wks

*Prerequisite:* BADM 102, BADM 210 and BCPT 122 or BCPT 123 or BTEC 124 or 149

This course provides the student with a practical understanding of the application and theoretical foundation of commonly used techniques in statistical modelling, particularly Linear Regression and Time Series Analysis. Data analysis software is extensively used in these applications. Linear Programming Models will also be introduced and graphical and computer-generated solutions will be developed and analyzed.

**BADM 318 Project Management**

3.00 credits (4,0,0) hrs 15 wks

*Prerequisite:* 60 post-secondary credits

All business leaders must know how to manage projects and yet it is the least understood of important and fundamental leader attributes. A project can be defined as any activity that is not repetitive. It can be as small as the implementation of a word processing system, or as large as the designing, building and equipping of a new industrial complex, such as an oil refinery. Project management is the mechanism by which organizations cope with the introduction of new systems, products and processes, and any changes outside the normal day-to-day operations. This essential ability is the key to the survival of most enterprises. The goal of this course is the cover all aspects of project management: qualitative and quantitative with many practical examples in both business and technology.

**BADM 320 Special Topics in Business Administration I**

### Business Finance

**BFIN 141**  
**Accounting**  
3.00 credits  
(4,0,0) hrs  
15 weeks  
This course is an introduction to financial concepts and business principles. Students will record business transactions and create financial statements. Also they will be exposed to a broad range of topics including legal compliance, asset management and financial statement analysis.
This course is designed to prepare the student for courses in managerial accounting and financial management. We recommend that students with weak math skills take BADM 102 (Quantitative Methods) before, or in conjunction with, BFIN 141.

**BFIN 142  Financial Accounting I**  
3.00 credits (4,0,0) hrs 15 wks  
*Prerequisite:* BFIN 141 with a minimum C- grade or BTEC 217 with a minimum B grade  
Students will apply generally accepted accounting principles to the establishment and maintenance of accounting systems, including the preparation, analysis and interpretation of financial statements. (CGA, CMA, and CA transferable).

**BFIN 241  Finance for Managers**  
3.00 credits (4,0,0) hrs 15 wks  
*Prerequisite:* BFIN 141, BADM 102 and CMNS 220 or 152  
In this practical financial management course, students study financial management techniques. They apply this knowledge to business decisions. Topics in this course include: evaluating business performance, financial institutions and markets, valuation of financial assets, obtaining financing, managing assets and international finance. Contemporary financial issues are discussed throughout this course.

**BFIN 244  Managerial Accounting**  
3.00 credits (4,0,0) hrs 15 wks  
*Prerequisite:* BFIN 141 or BTEC 217  
This course introduces students to the specialized area of management accounting. It provides an overview of controls affected internally by management using the tools of budgets, costing and analysis. Planning for an organization will be examined from both the capital and operations perspectives.

**BFIN 246  Financial Accounting II**  
3.00 credits (4,0,0) hrs 15 wks  
*Prerequisite:* BFIN 142  
This course studies the theories underlying financial statement presentations and is a logical continuation and reinforcement of the material covered in BFIN 142 Financial Accounting I. The course encompasses the study of financial accounting at the intermediate level (CGA, CMA and CA transferable with BFIN 347).

**BFIN 249  Accounting Microcomputer Applications**  
3.00 credits (4,0,0) hrs 15 wks  
*Prerequisite:* BFIN 142  
Students will complete microcomputer accounting implementation projects using ACCPAC for Windows accounting software. They will be expected to demonstrate their understanding of the practical constraints of internal control in the ACCPAC for Windows environment. Systems covered will include general ledger, A/R and A/P (inventory optional). There will be additional costs for printing and disks.  
*Note:* Students in this course should expect to spend approximately $75 for materials and group activities.  
*Note:* This course is not offered every year.

**BFIN 331  Assurance and Auditing**  
3.00 credits (4,0,0) hrs 15 wks  
*Prerequisite:* BFIN 246 plus 57 post-secondary Business Administration credits  
The goal of this course is to introduce the attributes of the assurance function and to provide sufficient knowledge of the basic concepts and principles necessary to proceed into professional accounting. We will also emphasize the application of assurance theory in the current business environment.
BFIN 341  Cost Accounting I
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: BFIN 142
A study of organizational decision making and planning using accounting tools. Topics include the nature of accounting controls, common control methods, measures of management performance, and the role of the management cost accountant. (CGA, CMA, and CA transferable with BFIN 342).

BFIN 342  Cost Accounting II
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: BFIN 341
A more in-depth study of subjects covered in Cost Accounting I. Cost determination for manufacturing operations, planning and cost control systems, performance evaluation methods, and strategic decision-making methods. (CGA, CMA, and CA transferable with BFIN 341).

BFIN 347  Financial Accounting III
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: BFIN 246
Given descriptions of economic events, the student should be able to determine the appropriate method of accounting and the acceptable methods of financial statement presentation in accordance with Canadian generally accepted accounting standards.

BFIN 348  Accounting Information Systems
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: BFIN 142 and BADM 201
Students will examine and implement primary accounting information systems (AIS) in detail. This course will focus on the understanding and design of AIS to lessen control risks and inefficiencies.
Note: BFIN 246 is recommended.

BFIN 350  Advanced Financial Management
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: BFIN 241 plus 45 post-secondary School of Business credits
The content of this course concentrates on the development of analytical and conceptual skills for financial decision-making. The course places emphasis on capital asset pricing models, capital budgeting and capital structures. (CGA, CMA, and CA transferable with BFIN 241).
Note: This course is not offered every year.

BFIN 351  Taxation

Career Access Orientation

CACO 002  Career Access Centre Orientation
0.00 credits  (2.0,0.75) hrs  16 wks
During orientation, students meet with instructors individually to discuss their educational and career goals and plan the steps needed for effective participation in the learning process. These steps might include adjusting schedules to balance home and school, making appointments with Training Consultants to obtain Employability Agreements (if on income assistance), and making arrangements for childcare. Students are assisted with the initial college application and registration, and ongoing support is provided to guide the students throughout the term, in their pursuit of personal and educational success. In orientation sessions, students may discuss opportunities to contribute as peer tutors. Peer tutors are trained in learning centre procedures and have the opportunity to observe instructors and other tutors at work before assuming tutoring duties themselves. In addition, workshops are held periodically for all tutors, on a variety of training topics.

CACO 004  Career Access Centre Orientation
0.00 credits  (4.0,1.5) hrs  16 wks
During orientation, students meet with instructors individually to discuss their educational and career goals and plan the steps needed for effective participation in the learning process. These steps might include adjusting schedules to balance home and school, making appointments with Training Consultants to obtain Employability Agreements (if on income assistance), and making arrangements for childcare. Students are assisted with the initial college application and registration, and ongoing support is provided to guide the students throughout the term, in their pursuit of personal and educational success. In orientation sessions, students may discuss opportunities to contribute as peer tutors. Peer tutors are trained in learning centre
procedures and have the opportunity to observe instructors and other tutors at work before assuming tutoring duties themselves. In addition, workshops are held periodically for all tutors, on a variety of training topics.

Career Access Centre Transition Skills

CACT 002 Career Access Centre Transition Skills
0.00 credits (2,0,0.75) hrs 16 wks
Students are assisted in the process of developing transition skills as they move from high school, employment or unemployment to the post secondary setting. The college environment is demanding and requires a large amount of self-motivation and personal responsibility. Students are helped to design and implement plans for personal and academic success. Topics and areas of instruction include: decision making and problem solving, stress and time management, goal setting and career/educational planning, self advocacy and empowerment, and communication and conflict resolution skills.

Chemistry

CHEM 030  Introduction to Chemistry  
3.00 credits (4,0,0) hrs 15 wks  
This course is designed for those students who have had no previous chemistry, and who wish to go on in sciences. A study of atoms, molecules, the mole, chemical formulas, ionic and covalent bonding, balancing equations, simple stoichiometry problems, solutions, acids, bases and salts, equilibrium, gas laws.

CHEM 101  Fundamentals of Chemistry  
3.00 credits (4,1.5,0) hrs 15 wks  
Prerequisite: Chemistry 11 or CHEM 030 or BCHM 044; MATH 11 or BMTH 054  
A study of chemical principles, nomenclature, stoichiometry and solutions, gases, chemical bonding, thermochemistry; an introduction to acids and bases, equilibrium, and nuclear chemistry.  
Note: Principles of Math 12 preferred.

CHEM 110  Bonding and Structure  
4.00 credits (4,3,0) hrs 15 wks  
Prerequisite: Chemistry 12 or CHEM 101 or BCHM 054 with a minimum C+ grade; Math 12  
A course for students who plan careers in science. A brief review of stoichiometry, nomenclature and the gaseous state; atomic structure; periodic trends; chemical bonding and molecular structure; an introduction to organic chemistry and intermolecular forces.
Note: Students having prerequisites that are more than three years old should consider taking CHEM 101.

CHEM 111 Chemical Dynamics and Energetics
4.00 credits (4,3,0) hrs 15 wks
Prerequisite: CHEM 110 with a minimum C- grade and MATH 105 or 108 or 116 as a prerequisite or co-requisite
A course for students who plan a career in science. Kinetics, mechanism, substitution and elimination reactions in organic chemistry; equilibrium; acids, bases, salts and buffers; thermodynamics; solubility; redox equations and electrochemistry.

CHEM 130 The Diversity of Chemistry
3.00 credits (4,1.5,0) hrs 15 wks
Prerequisite: Chemistry 11 (or CHEM 030 or BCHM 043) or Biology 11 (or BBIO 043) or Physics 11 (or BPHY 043)
A basic understanding about the modern chemical aspects of food, nutrition, drugs, our environment or the chemical issues that confront us in the daily press. The goal is to expose non-science students to the practical aspects of chemistry.
Note: This course is not offered in 2008/2009.

CHEM 154 Chemical Principles for Engineers
4.00 credits (4,3,0) hrs 15 wks
Prerequisite: Chemistry 12 or CHEM 101 or BCHM 054 with a minimum B grade and Math 116 is a prerequisite or co-requisite
A course for engineering students only. A study of stoichiometry, atomic structure and bonding, the solid state, chemical kinetics, chemical equilibrium, thermodynamics and electrochemistry.

CHEM 200 Organic Chemistry I
4.00 credits (4,3,0) hrs 15 wks
Prerequisite: CHEM 111 with a minimum C- grade
A study of nomenclature, structure, and spectroscopy of alkanes, alkenes, alkynes, alcohols, ethers and alkyl halides. Also a study of infrared spectroscopy and nuclear magnetic resonance.

CHEM 201 Organic Chemistry II
4.00 credits (4,3,0) hrs 15 wks
Prerequisite: CHEM 200 with a minimum C- grade
Aromatic chemistry, aldehydes, ketones, acids and their derivatives, amines, nitro, azo, diazo and related compounds, heterocyclics, carbohydrates, protein chemistry, polymers, and natural products.

CHEM 204 Introduction to Physical Chemistry
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: CHEM 111 with a minimum C- grade and MATH 116
This course is an introduction to chemical thermodynamics and its application to gas behaviour, chemical and phase equilibria, colligative properties, ionic solutions, electrochemistry and chemical kinetics.
Note: This course is not offered in 2008/2009.

CHEM 205 Introduction to Inorganic Chemistry
4.00 credits (4,3,0) hrs 15 wks
Prerequisite: CHEM 111 with a minimum C- grade
An introduction to the properties, bonding, structure and reactivity of coordination complexes and main group compounds. Modern spectroscopic methods and solid state chemistry will also be covered. The
laboratory component emphasizes the synthesis of inorganic compounds and the use of modern analytical instruments.

**CHEM 206 Introduction to Analytical Chemistry**

*4.00 credits  (4,3,0) hrs  15 wks*

*Prerequisite:* CHEM 111 with a minimum C- grade

The basic principles and techniques of analytical chemistry, including neutralization, complex-formation and gravimetric reactions. Various types of chromatography will be introduced along with an introduction to visible and ultraviolet spectroscopy, atomic absorption spectroscopy and electrochemical methods of analysis.

**Chinese**

**CHIN 100 Beginning Chinese I**

*3.00 credits  (4,1.75,0) hrs  15 wks*

Introduction to Mandarin Chinese using the Pinyin system of pronunciation in Mainland China. For complete beginners (spoken and written) in Chinese. This course starts with basic tones and pronunciation to prepare students to speak the language. It also teaches basic grammar and the writing of about 150 Chinese characters.

**CHIN 101 Beginning Chinese II**

*3.00 credits  (4,1.75,0) hrs  15 wks*

*Prerequisite:* CHIN 100

CHIN 101 takes students who have learned basic Mandarin phonetics and about 150 Chinese characters. This course stresses conversational skills and listening comprehension using situational dialogues. Students will learn more grammatical structures and Chinese characters. They will also learn how to use a Chinese dictionary as a tool for further study.

*Note:* Prerequisite may be waived by permission of instructor.

**CHIN 200 Intermediate Chinese I**

*3.00 credits  (4,1.75,0) hrs  15 wks*

*Prerequisite:* CHIN 101 or Chinese 12 with a minimum C grade

This course is for students who know the basics of Mandarin phonetics and grammar and approximately 300 Chinese characters, or for those who have completed CHIN 100 and 101. It teaches more Chinese characters, focusing on reading and writing of simple Chinese texts. Chinese literature is also introduced.

*Note:* This course may not be offered every year.

*Note:* Prerequisite may be waived by permission of instructor.

**CHIN 201 Intermediate Chinese II**

*3.00 credits  (4,1.75,0) hrs  15 wks*

*Prerequisite:* CHIN 200

Continues the work of CHIN 200.

*Note:* Prerequisite may be waived by permission of instructor.
Cinematography

CINE 118  Cinematography for Film and Video
15.00 credits  (14,2,7) hrs  15 wks
This course focuses on professional, entry level curriculum and prepares students for cinematography positions in low budget film and video production.

CINE 119  Advanced Cinematography for Film and Video
15.00 credits  (20,2,2) hrs  15 wks
Prerequisite: CINE 118
This course builds on the skills acquired during CINE 118 to prepare students for cinematography positions in low budget film and video production.

College Success Strat.- Couns.

CSS 100  College Success - Academic and Personal Success
3.00 credits  (4,0,0) hrs  15 wks
This course is co-taught by a learning specialist and a counsellor. Topics include: time management, memory techniques, stress management, reading a textbook with improved retention, test taking tips, note taking strategies, goal setting, communication skills, using College resources, and career exploration.
Note: Students may not enrol in CSS 100 and CSSF 105 concurrently.

College Success Strat.- Found.

CSSF 105  College Reading, Study and Online Management Skills
3.00 credits  (4,0,0) hrs  15 wks
Students learn and adopt methods and attitudes that promote success in college. Study skills learned are memory techniques, goal setting, time management, note taking and test taking. The reading component focuses on problems college students have with textbook comprehension and retention, vocabulary development, and critical thinking and reading. In addition, CSSF 105 addresses challenges students face through participation in courses delivered on-line, via course management software. Topics include log-in and navigation basics; use of calendars; downloading and submitting assignments; completing self-tests, quizzes and surveys; participating in discussions and chats; creating student presentations and homepages; and tracking progress and grades.
Note: Students may not enrol in CSS 100 and CSSF 105 concurrently.
Participants learn and practice flexible and efficient reading skills at the college level. Strategies for increasing speed, improving vocabulary, reading comprehension, memory, and critical thinking are also included.

**Commerce**

**COMM 290**  
Quantitative Methods for Business  
3.00 credits  
(4,0,0) hrs  
15 wks  
*Prerequisite:* Math 108  
A study of the use of spreadsheet models in standard quantitative methods used in business and industry, including linear programming, decision theory, basic probability and discrete random variables.

**COMM 291**  
Applications of Statistics in Business  
3.00 credits  
(4,0,0) hrs  
15 wks  
*Prerequisite:* COMM 290 with a minimum C- grade  
The methods and applications of statistics in business, including descriptive statistics, continuous random variables and probability distributions, sampling, estimation of parameters, hypotheses testing, linear regression and correlation, multiple regression, and analysis of variance.

**COMM 292**  
Principles of Organizational Behaviour  
3.00 credits  
(4,0,0) hrs  
15 wks  
Behaviour in organizations as it affects people or individuals, their relationships with others, their performance in groups and their effectiveness at work.

**COMM 293**  
Financial Accounting  
3.00 credits  
(4,0,0) hrs  
15 wks  
An introduction to the construction and interpretation of financial statements and reports including the balance sheet, income statement, statement of retained earnings and the statement of change in financial position.

**COMM 294**  
Managerial Accounting  
3.00 credits  
(4,0,0) hrs  
15 wks  
*Prerequisite:* COMM 293 with a minimum C- grade  
Introduction to the development and use of accounting, information for management planning and control and the development of cost information for financial reports.

**COMM 298**  
Introduction to Finance  
3.00 credits  
(4,0,0) hrs  
15 wks  
Introduces the basic principles of financial valuation, including the time-value of money and the risk/return trade off. Develops tools for the quantitative analysis of corporate and/or individual financing and saving decisions, and of capital budgeting decisions.

**COMM 392**  
Labour Relations  
3.00 credits  
(4,0,0) hrs  
15 wks  
An introduction to union-management relations which includes the study of trade union history and structure, the collective bargaining process and labour legislation.

An introductory course for international students that starts with the concept of cultural intelligence and goes on to explore communication and culture in business and academic life. The course encourages students to identify and reflect on vocabulary, cultural values, attitudes and behaviours as these are displayed in radio, television, popular music, cinema, the Internet, video games, books, magazines and newspapers, and uses these areas to assist with communications skill development.

**CMNS 120 Professional Writing for Artists**

3.00 credits (4,0,0) hrs 15 wks

This course is designed to provide communications skills for practicing artists who need to write professional materials. It includes instruction in document organization and structure, a toolbox approach to grammar and usage, and an introduction to academic writing of essays and reports. The course includes instruction in writing proposals, grant applications and materials for workshop delivery, as well as practice in professional presentations.

**CMNS 123 Fundamentals of Communication for Artists and Designers**

3.00 credits (4,0,0) hrs 15 wks

The objectives are to help students develop theoretical fundamentals of communications. Topics will include interpersonal and group communications; mass media; basic research skills in selected communications topics related to imagery; and oral and written presentations that help students differentiate between description, analysis, critique and interpretation. The course also provides time for discussion of, and practice in, how to give and receive constructive criticism and positive feedback.

*Note:* This course is restricted to IDEA program students.

**CMNS 131 Business Writing for Documentary**

3.00 credits (4,0,0) hrs 15 wks

This course introduces students to business writing for the documentary industry. Students will write correspondence, proposals, fact sheets, production notes, media releases, and résumés using business formats.

**CMNS 132 Explorations in Mass Media**

3.00 credits (3,0,1) hrs 15 wks

This course examines the emergence and importance of mass media in society. It explores theoretical considerations and approaches to communications studies including the role of media in democracy, political economy of media, critical studies and media structures. A number of media industries are examined in detail, including print, broadcast and film, and the course considers other issues including new media and globalization. This is a writing intensive course.

**CMNS 152 Communication Skills for Retail Marketing**

3.00 credits (4,0,0) hrs 15 wks

This writing for the workplace course covers letters, memoranda, and reports as well as a review of English basics in the context of business writing.

*Note:* This course is restricted to Retail Marketing program students.

**CMNS 154 Communications in Outdoor Recreation and Tourism**

3.00 credits (4,0,0) hrs 15 wks

This writing for Outdoor Recreation and Tourism Management course covers reports, memoranda, press releases, articles, briefs and proposals.

*Note:* This course is restricted to WLP and REC program students.

**CMNS 159 Communications for the Legal Administrative Assistant**

3.00 credits (4,0,0) hrs 15 wks
This course emphasizes English basics (grammar, spelling, punctuation, correct usage), proofreading skills, and business writing.

CMNS 165 Writing Skills for New Media
3.00 credits (4,0,0) hrs 15 wks
Communications 165 is intended to foster writing and presentation skills for work in the new media industries. The course encourages students to explore techniques and career trends in technical and professional writing.

CMNS 170 Presentation Skills for Public Speaking
3.00 credits (4,0,0) hrs 15 wks
This course focuses on the dynamics of organizing material, overcoming shyness and developing poise as a speaker in a variety of contexts. Attention to research, voice training, nonverbal communication, and strategies for timing presentations are key components of this course. In addition, this course uses video equipment, enabling students to see themselves on camera, as well as to benefit from feedback from others, as they refine their ability to project, to organize their thoughts, and to address audience needs.

CMNS 174 Wilderness Leadership Communications
3.00 credits (6,0,2) hrs 08 wks
This course in writing and speech for wilderness-leadership professionals covers business correspondence, spoken presentations, and proposals.
Note: This course is restricted to WLP and REC program students.

CMNS 179 Writing for Legal Assistants and Paralegals
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: ENGL 100
This course is planned to help develop listening, speaking and writing skills for work in the legal profession. Listening and speaking assignments include observation and discussion of a variety of materials presented in non-written form. Writing assignments address three goals: to equip students with the tools they need to write accurately and appropriately; to provide opportunities to practice translating from speech and observation to written formats, as is often required in legal practice; and to master format, tone, layout and style in general and legal correspondence.
Note: This course is restricted to Paralegal/Legal Assistant program students.

CMNS 190 Article Writing
3.00 credits (4,0,0) hrs 15 wks
This course covers researching and writing articles for publication in news media and magazines. In addition, this course emphasizes the analysis of magazine readership, techniques of researching and interviewing, the current market for articles, and development of an effective prose style. Students write three articles in suitable format and submit them for publication in established periodicals.

CMNS 191 Writing for Magazines
3.00 credits (8,0,0) hrs 08 wks
Corequisite: CMNS 221, 351 and 371
This course teaches students the fundamentals of magazine writing, starting with generating story ideas and pitching them to editors. Learn how to write short, front-of-the-book articles, profiles, first-person accounts and other magazine features.

CMNS 205 International Interaction II
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: CMNS 105
This course provides students with an awareness of appropriate written communication tools for business interaction in a North American setting. Students completing the course will be familiar with selected business writing formats, citations, conventions, matters of style, on-line and print resources, and rhetorical frameworks in written and electronic interactions.

CMNS 209 History of Media
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: CMNS 112 and 132
This course introduces students to a variety of perspectives on the history of media and guides them through a history of social and cultural development as seen from the perspective of transformations in communication, symbol systems, and media technologies from orality to networked digital media.

CMNS 220 Advanced Business Writing and Editing
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: ENGL 100
This course focuses on researching, organizing, writing and editing extensive business documents: reports, proposals, memoranda, and media releases. Emphasis is on clear style and logical organization.

CMNS 221 Editing and Writing for the Business of Publishing
1.50 credits (3.43,0,0) hrs 07 wks
Corequisite: CMNS 241 and 351
This course teaches business writing in a publishing context. The curriculum addresses issues involved with career preparation in publishing, prepares students for the internship, and includes a strong component of copy editing and proofreading.

CMNS 222 Decoding Media Strategies
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: CMNS 112 and 132
This course offers a critical introduction to the study of popular culture and popular media. This course explores the development of contemporary popular culture as an expression of the tensions unleashed by the emergence of mass consumer society, post-industrialism, and media. Popular culture is seen as a mode in which modern societies play out tensions between consumerism and citizenship, democracy and social control, ethical and social responsibility and individualism, creative expression and political-economic domination. We explore critical issues in popular culture and media through an examination of key debates, historical trends, and ethical issues.

CMNS 223 Communications Skills, Applications and Contexts for Design and Art Direction
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: CMNS 123
CMNS 223 is intended to familiarize students with the role of designers and illustrators in business, and to define a broad resource of opportunities as they acquire the vocabulary, conceptual skills, and writing competencies appropriate to a wide variety of professional contexts in illustration and design. Note: This course is restricted to IDEA program students.

CMNS 231 Cultural Industries in Canada
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: CMNS 112 and 132
This course provides an overview of the cultural industries in Canada - those industries that create and disseminate meaning. The course introduces students to print, broadcasting, film, the Internet, and other
cultural industries in Canada and internationally. It explores the business structure and economics of principal sectors, and key regulatory and policy issues in their social, political, cultural and global contexts. This course utilizes cultural theory and political economy approaches to study and critically analyze these industries and their role in society.

CMNS 235 Understanding News
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: CMNS 112 and 132
This course introduces students to the institution and industry of making news in our society. It focuses on the social, political, professional, economic and technological forces which both shape and constrain news production in modern Canadian news organizations. Students are expected to monitor print, broadcast and online news on a regular basis throughout the course.

CMNS 236 Understanding Television
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: CMNS 112 and 132
The phenomenon of television is considered by many to be one of the defining social, political and cultural features of the 20th century. Television has had a profound effect on domestic and public spheres as well as on our personal and collective senses of time; it has contributed in fundamental ways to experiences of ourselves and our society. This course looks at the issues and content of contemporary television using concepts from cultural studies theory and television studies and looks at the world television has created.

CMNS 241 Software for Magazine Publishing
1.50 credits (6,0,0) hrs 04 wks
This course introduces students to InDesign, a key software program used in the magazine publishing industry for text and page formatting and design. Familiarity with computers and knowledge of word processing programs are recommended.

CMNS 250 Introduction to Technical Writing
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: ENGL 100
The course includes the examination of technical reports and the study of the role of technical writing in corporate and scientific settings. It covers technical writing for science, engineering and the professions and emphasizes definitions, process analysis, writing instructions, resume preparation, and an extended formal report.

CMNS 253 Society and New Media
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: CMNS 112 and 132
This course is an examination of information technology as a new medium of communication in society and related present and future implications. Attention is paid to "social software", including web logs, instant messaging, and short text messaging. The course looks at some major applications of new media surveillance, privacy, and power; dating and relationships, community and politics, education, and popular music. This is a writing intensive course.

CMNS 260 Applied Communications Research Methods
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: CMNS 112 and 132
This course serves as an introduction to the practices and methods of applied qualitative research methods. Students will exercise their curiosity and intellects as they explore research methodology through readings, discussions, lectures, and media works. The course sets the stage for students to deepen their understanding
of theoretical, conceptual, interpretive, representational, and fieldwork practices, as well as to explore the fundamental questions related to audiences, authors and purposes of research.

**CMNS 261 Interpreting Communications Documents**
3.00 credits  (3,0,1) hrs  15 wks

*Prerequisite:* CMNS 112 and 132

The purpose of this course is to help Communication students develop skills in finding and interpreting print and electronic documents. It is a course in which students "learn by doing" in practical research assignments. The course raises for discussion and analysis topics such as database research techniques, web page evaluation, documents and secondary sources, archives and libraries, and government executive and legislative documents.

**CMNS 262 Qualitative Research Methods in Communications Studies**
3.00 credits  (3,0,1) hrs  15 wks

*Prerequisite:* CMNS 112, 132 and one of the following 200-level Communications Studies course - CMNS 209, 222, 231, 235, 236, 253, 260, 261 or 270

The course introduces students to a variety of qualitative research methods utilized within communication and media studies. It also explores the philosophical, ethical, and political backgrounds against which the social construction of knowledge in understandings of communication, media, and society takes place. We will approach qualitative research not only as a set of techniques for gathering and evaluating data, but as a nest of problems posed to responsible, ethical, politically aware knowledge-building practice.

**CMNS 270 Visual Communications**
3.00 credits  (4,0,0) hrs  15 wks

*Prerequisite:* ENGL 100 or CMNS 120

This course is intended for students of communications and business who are interested in examining what we see in the mass media and how we see it. Using photography as the basis, the course explores vision as a physiological and psychological phenomenon, examines the history and use of the camera and develops a number of perspectives for analyzing images. Students then examine in detail different aspects of visual media, including topography, newspapers, magazines, advertising, movies, television/video and computer images, analyzing the "framed" world in mass media representation. Assignments are practical projects.

**CMNS 280 Fiction Techniques for Professional Writers**
3.00 credits  (4,0,0) hrs  15 wks

This course has students preparing short stories and novels in commercial genres such as mysteries, romances, thrillers and science fiction. Discussion of the market for such fiction in Canada and the U.S. Students submit three assignments (such as three short stories or a novel synopsis and two chapters) in marketable form. Students should discuss their plans with the instructor before registering.

**CMNS 302 Advanced International Interactions II**
3.00 credits  (5,0,0) hrs  15 wks

*Prerequisite:* CMNS 301

This course is designed to help McCrae Institute students prepare for positions of responsibility and leadership in the international business community. The focus of the course is advanced written communication skills in a Canadian business context. The course builds on a base of rhetorical concepts and principles to address context, audience, and credibility in international communications. Assignments will include written correspondence, proposals, reports and associated business documentary forms.

**CMNS 305 Advanced International Interactions I**
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: CMNS 105 and 205
This course is designed for McCrae Institute students preparing to work overseas. The course is grounded in concepts in intercultural communications, and challenges students to move intellectually towards intercultural competence as they develop and practise verbal and non-verbal communication skills appropriate to leadership roles in international business from a Canadian base.

CMNS 345 Web Content Development
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: CMNS 220 with a minimum C+ grade
This course helps develop content for Web pages intended for advocacy, marketing or self-promotion, both by writing new material and by revising existing text for hypertext formats.
Note: Prerequisites may be waived by permission of the instructor.
Note: The student is expected to have basic computer skills including word processing, e-mail, and web navigation, as well as access to e-mail and the web from a home computer.

CMNS 351 Magazine Editing
3.00 credits (7.43,0,0) hrs 07 wks
Corequisite: CMNS 191, 221 and 371
This course introduces students to the major tasks of an editor employed by a trade or consumer magazine. Topics covered include assignment and fix letters, editing and fact checking, media ethics, manuscripts, media ethics, editorial packaging, headlines and decks, pagination, and dealing with freelance writers and other magazine staff including art directors and publishers.

CMNS 354 Advanced Communications Skills for Tourism Management
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: CMNS 154 or equivalent, or any first year University Transfer English course
Intended for students registered in the Tourism Management degree program, CMNS 354 develops advanced skills in written and verbal communications, including technical writing, presentation skills, and information technology applications.
Note: Prerequisites may be waived by permission of the instructor.
Note: This course is restricted to Tourism and Communications program students.

CMNS 360 Strategic Communications
3.00 credits (3,0,1) hrs 15 wks
Prerequisite: CMNS 112 or 132 or 220
This applied course provides an overview of the range of skills and strategies required for working in corporate, community and government communications fields. The focus is on practical information and media design, and utilizes a case-study approach in which students work both alone and in groups in simulated communications projects. The course covers topics such as relations with the public, media and government, internal organizational communications, working with stakeholders/investors, crisis communications, corporate advertising and public branding. Students will create communications pieces, develop corporate/organizational identities, and develop and present complex strategic communications plans for a business, government, or non-profit/NGO client.
Note: Prerequisite may be waived by permission of instructor or coordinator.

CMNS 371 Foundations of Design, Layout and Production for Magazines
3.00 credits (7,0,0) hrs 07 wks
Corequisite: CMNS 241
This course covers magazine design from both theoretical and practical points of view. Topics include an historical overview of magazine design in North America, a survey of the various roles and tasks of art
directors, photographers, photo editors and designers in magazines, and the four elements in publication design: images, typography, colour, and layout.

**CMNS 400 Magazine Internship**

6.00 credits  (0,0,35) hrs  06 wks

*Prerequisite: CMNS 191, 221, 241, 351, and 371 as prerequisites or co-requisites*

This course is an industry internship arranged by the student with faculty assistance. Classroom sessions prepare the student for the internship, and further preparation is provided in co-requisite courses.

### Community Capacity Building

**CCB 100 Introduction to Community Development**

3.00 credits  (4,0,0) hrs  15 wks

In a highly interactive class environment, students will learn the history, principles and models of community development, with an emphasis on its role in empowering disenfranchised communities. They will also be encouraged to explore the relationship between classroom discussions and their own experience in community organizations. Classes will be offered in community settings. Students with volunteer experience in community organizations who want to move into paid work are encouraged to apply.

**CCB 105 Foundation Skills in Community Development**

3.00 credits  (4,0,0) hrs  15 wks

This course provides an overview of the roles and responsibilities of community workers and skills in community organizing on selected social issues. Upon successful completion of the course, students should be able to facilitate participatory community processes and consensus-building, then communicate decisions and program plans in written and oral reports. Classes will be offered in community settings. Students with volunteer experience in community organizations who want to move into paid work are encouraged to apply.

### Computing Science

**COMP 101 Computers and their Application**

3.00 credits  (3,0,1) hrs  15 wks

*Prerequisite: Applications of Math 11 or Principles of Math 11 or MATH 091 or BMTH 044 or Math Placement Test (MPT)*

An introduction to the basic concepts of computer hardware and software, operating systems, applications software and programming, and a study of some of the social and ethical implications of the increasing use of computers. Students will gain experience with a microcomputer operating system, various software packages including word processor and spreadsheet, and an interpreted programming language environment. Students will be introduced to the Internet, Web searching techniques and Web page development. The course also includes an introduction to problem solving, algorithm design and computer programming. This course serves as a good science option for students in Arts or Commerce.

*Note: Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and to have some familiarity with the use of computers running Microsoft Windows.*

**COMP 106 Programming with Robots**

4.00 credits  (4,2,0) hrs  15 wks
**Prerequisite:** Applications of Math 11 or Principles of Math 11 or MATH 091 or BMTH 044 or a Math Placement Test (MPT)

An introduction to the basic concepts of hardware, software, and computer programming using Lego Mindstorms robots. In addition to fundamental programming concepts, students will also be exposed to a variety of topics in computer science, including robotics, hardware, operating systems, communication and social issues.

**Note:** Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and to some familiarity with microcomputers running MS Windows.

**Note:** This course serves as a good science elective for non-computing majors, or as a preparatory course for COMP 120 or COMP 121.

**COMP 107**  
**Animated 3D Game Programming**

4.00 credits  
(4,2,0) hrs  
15 wks

**Prerequisite:** Applications of Math 11 or Principles of Math 11 or Math 091 or BMTH 044 or Math Placement Test

An introduction to game development and programming in a 3D animation environment. This includes computer program design, implementation and testing in a high-level, object-oriented programming language. The course also exposes students to problem solving, algorithms, event-driven programming, the building of 3D animated games, the use of application programming interfaces (APIs), and graphics.

**Note:** Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and some familiarity with microcomputers running MS Windows.

**COMP 120**  
**Computer Science for Engineers**

4.00 credits  
(4,2,0) hrs  
15 wks

**Prerequisite:** Principles of Math 12 with a minimum B grade or MATH 105 with a minimum C- grade

An introduction to computational techniques applied to Engineering problems. The primary focus of the course is on computer systems, the development of algorithms, and computer program design, implementation, and testing. The course also exposes students to the wider discipline of computer science, with topics including computer hardware and software, representation and manipulation of data, numerical analysis, and device interfaces.

**Note:** This course is intended for students in the Engineering program. Non-engineering students should contact the department for permission to register.

**Note:** Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and to have some familiarity with Windows environment.

**COMP 121**  
**Fundamentals of Programming**

4.00 credits  
(4,2,0) hrs  
15 wks

**Prerequisite:** Principles of Math 12 with a minimum B grade, or MATH 105 with a minimum C- grade, or BMTH 054 with a minimum B grade

An introduction to the development of algorithms, computer program design, program implementation and testing in a high-level, object-oriented programming language. The course also exposes students to event-driven programming, the building of graphical user interfaces (GUIs) and the use of application programming interfaces (APIs) and graphics.

**Note:** Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and to have some familiarity with Windows environment required.

**COMP 126**  
**Principles of Software Design**

4.00 credits  
(4,2,0) hrs  
15 wks

**Prerequisite:** COMP 121 with a minimum C- grade
A study of the application of object-oriented programming concepts to the design of software of an intermediate level of difficulty. Advanced object-oriented programming features and techniques are employed. Introduction to data structures, sorting and searching algorithms.

COMP 134 Programming in Java
1.00 credit (1.0,1) hrs 15 wks

Prerequisite: COMP 107 with a minimum B- grade or COMP 120 with a minimum C- grade

An introduction to the Java programming language for students with previous programming experience in another high-level language. Topics include the Java language and API, object-oriented design and programming, event-driven programming, and graphical user interfaces.

COMP 165 Introduction to Multimedia and the Internet
4.00 credits (4,2,0) hrs 15 wks

Prerequisite: Applications of Math 11, Principles of Math 11, BMTH 044 or MATH 091; or Math Placement Test (MPT)

The goal of this course is to introduce students, with little or no previous computer programming or web design experience, to the basic concepts underlying the Internet and computer programming for the web. Students will develop a broad understanding of how the Internet and World Wide Web work, how to create full-featured web sites, and learn the basics of Web programming.

Note: Although no formal Computing Science prerequisite is listed, students are expected to have reasonable keyboarding skills and to have some familiarity with microcomputers running MS Windows.

Note: This course serves as a good science option for students in Arts or Commerce.

COMP 202 Foundations of Computer Science
3.00 credits (4,0,1.33) hrs 15 wks

Prerequisite: COMP 121 with a minimum C- grade

This course provides an overview of the discipline of Computer Science and its fundamental building blocks that unify hardware, software, algorithms and computational theory. It provides the foundation for further studies in computer architecture, operating systems, Net-centric computing, programming languages, compiler design, databases, theory of computation and artificial intelligence.

Note: Not offered in 2008/2009.

COMP 210 Data Structures and Abstraction
3.00 credits (4,0,1.33) hrs 15 wks

Prerequisite: COMP 126 and MATH 116 with a minimum C- grade and MATH 124 as a prerequisite or a co-requisite with a minimum C- grade

A study of frequently used data structures and algorithms for manipulating them. This course emphasizes abstract data types and generic abstraction in object-oriented programming. Topics include lists, stacks, queues, sets, tables, trees and graphs, recursion, searching, sorting and analysis of algorithms.

Note: Not offered in 2008/2009.

COMP 211 Computer Design and Architecture I
3.00 credits (4,0,1.33) hrs 15 wks

Prerequisite: COMP 126 and COMP 202 with a minimum C- grade; and MATH 116 with a minimum C-grade and MATH 124 as a prerequisite or a co-requisite with a minimum C- grade

An introduction to some fundamental concepts of computer design and architecture: data representation and coding, combinational and sequential digital logic, microprocessor operation, memory organizations and addressing schemes, instruction sets, assembly language, and operating system interfaces.

Note: Not offered in 2008/2009.
COMP 212 Computer Design and Architecture II
3.00 credits (4,0,1.33) hrs 15 wks
Prerequisite: COMP 211 with a minimum C- grade
A study of the architecture and organization of current microprocessor-based computers, relating the instruction set architecture at the programmer's level of abstraction to the digital logic implementation at the hardware designer's level of abstraction.
Note: Not offered in 2008/2009.

COMP 213 Introduction to Software Engineering
4.00 credits (4,0,1.33) hrs 15 wks
Prerequisite: COMP 210 with a minimum C- grade
An introduction to the concepts and practice of software engineering: systems analysis, user interface design, debugging, profiling, and testing methods, operating system interface, support tools and scripting languages, project management, user and system documentation.
Note: Not offered in 2008/2009.

Conducting

COND 300 Conducting I
4.00 credits (4,0,0) hrs 15 wks
This course is designed to expose the student to various conducting styles and settings. The class will observe videos and live rehearsals and performances, wherever possible. Guest conductors will be invited to discuss work in their field of specialty.

COND 301 Conducting II
4.00 credits (4,0,0) hrs 15 wks
Prerequisite: COND 300
This course is designed to provide the student with the understanding of more advanced principles of conducting. The content is appropriate for all musicians planning on conducting choral and/or instrumental ensembles.

COND 350 Conducting Pedagogy I
1.00 credit (1,0,0) hrs 15 wks
This course is designed to expose the student to various conducting styles and settings. The class will observe videos and live rehearsals and performances, wherever possible. Guest conductors will be invited to discuss work in their field of specialty.

COND 351 Conducting Pedagogy II
1.00 credit (1,0,0) hrs 15 wks
Prerequisite: COND 350
This course is designed to expose the student to various conducting styles and settings. The class will observe videos and live rehearsals and performances, wherever possible. Guest conductors will be invited to discuss work in their field of specialty.
Costuming

COST 100  Costume Cutting and Construction I
4.50 credits  (2,4,0) hrs  15 wks
This course focuses on the functions of a production costume shop. The primary focus will be on standard
techniques and procedures in costume cutting and construction techniques in both the theatre and industries.

COST 101  Costume Cutting and Construction II
4.50 credits  (2,4,0) hrs  15 wks
Prerequisite: Successful completion of 10.50 100-level Costuming credits
This course continues instruction in the techniques and procedures of a professional costume shop.

COST 102  History of Costume I
3.00 credits  (4,0,0) hrs  15 wks
This course teaches the evolution of costumes throughout the ages and the groundwork of understanding
the historical and social relevance of costumes. History of Costume will concentrate on the two main
elements of form and line of historical costumes highlighted by information on the materials and methods
used in costume making.

COST 103  History of Costume II
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: Successful completion of 10.50 100-level Costuming credits
This course focuses on the evolution of costumes from 1850 to the present. It concentrates on the two
main elements of form and line of historical costumes highlighted by information on the materials and
methods used in costume construction.

COST 104  Wardrobe Management
3.00 credits  (4,0,0) hrs  15 wks
This course explores the ways in which efficient theatre and film costume departments are organized and
operated.

COST 105  Film Costumer Practicum
3.00 credits  (4,0,6) hrs  15 wks
Prerequisite: Successful completion of 10.50 100-level Costuming credits
This course acknowledges the invaluable hands-on production skills learned during practical work on a
film project. It includes project work in the planning, preparation and execution of on-set duties of a film
costumer.

COST 200  Costume Cutting and Construction III
4.50 credits  (4,4,0) hrs  15 wks
Prerequisite: COST 101
In a professional studio setting, this course continues to instruct students in the techniques and procedures
of an industry costume department. Upon completion of this course, students will be able to demonstrate
key skills in a range of costume construction techniques including industrial machine use, hand finishing,
garment alteration and reconstruction, and flat pattern manipulation. Through assignments and projects
students will develop a portfolio demonstrating mastery of costuming skills. This second year course is for
students wishing to broaden their knowledge of advanced costume construction skills in order to prepare
for entry level to the costuming industry.
COST 202  Elements of Costume Design
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: COST 100, 101, 102, 103, 104, 105, THTR 152, 153 and TXTL 120, 121
This course introduces the student to both the creative and administrative aspects of the field of costume
design for stage and screen with the emphasis on the creative presentation of costume ideas and concepts.

COST 203  Costume Skills Intensive
6.00 credits  (8,0,16) hrs  08 wks
Prerequisite: COST 200
In the final term of the program, students participate in a series of tutorials with outside professionals to
gain experience in a range of specialty skills such as millinery, tailoring, special effects costuming, garment
draping, corsetry, surface design, garment illustration

COST 205  Advanced Film Costumer Project
1.50 credits  (2,0,4) hrs  15 wks
Prerequisite: COST 202
Students coordinate, fit, prep and act as costume set supervisors for the Motion Picture Production second
and third year student film projects providing the opportunity to be an active member of the film crew.

Criminology

CRIM 101  Introduction to Criminology
3.00 credits  (4,0,0) hrs  15 wks
This course is intended to introduce students to the analysis of the relationship between crime and society.
The core concept is that crime is embedded in social structure and process and therefore must be understood
in relation to, rather than apart from, normal social activity. A variety of classical and contemporary
perspectives on the definition, causes and consequences of crime will be explored and student analysis
of contemporary issues involving crime in Canadian society will be encouraged.

Customer Service

CUST 106  Work Experience
0.50 credits  (0,0,20) hrs  02 wks
This course will provide the opportunity for students to work in local businesses and industry under the
direction of a qualified mentor. The two-week experience is designed to assist students in applying classroom
theory to the worksite.

Digital Animation

DIGI 010  Computer Animation Basics
3.00 credits  (8,4,0) hrs  08 wks
This course will introduce the industry procedures used to create computer animation and special effects.
DIGI 020  Modeling and Texturing  
3.00 credits  (8,4,0) hrs  08 wks  
This course will introduce students to creating 3-D characters and props for use in video games and television/film.

DIGI 030  Character Design and Sculpture  
1.50 credits  (4,2,0) hrs  08 wks  
This course will help students learn how to improve their character design visualization skills through drawing and sculpture projects.

DIGI 311  3D Character Animation I  
6.00 credits  (6,4,0) hrs  15 wks  
Students will learn basic animation principles and how to apply them to simple 3-D models. An emphasis will be placed on developing good timing and animation techniques including stretch and squash, arcs, weight, anticipation / action / reaction, overlapping and secondary action. Students will complete short animation exercises demonstrating these principles.

DIGI 312  3D Design I  
4.50 credits  (6,0,0) hrs  15 wks  
The focus of this course is on the design and construction of three dimensional environments and characters. Students will learn the fundamental techniques of 3-D modeling, texturing and lighting.

DIGI 313  Drawing and Design I  
2.25 credits  (3,0,0) hrs  15 wks  
This course will help develop students' visualization, drawing and design skills related to animation production. Students will create a variety of work including characters, props and layout designs.

DIGI 314  Animation Principles I  
2.25 credits  (3,0,0) hrs  15 wks  
This course will introduce the principles and techniques of classical animation. Students will explore the roll of traditional animation techniques and their importance in computer generated films.

DIGI 315  Animation Production I  
3.00 credits  (2,4,0) hrs  15 wks  
The changing role of computers in animation production will be examined. Students will learn the fundamentals of computer operating systems and explore the use of technology in the development of animation productions.

DIGI 321  3D Character Animation II  
6.00 credits  (6,4,0) hrs  15 wks  
Prerequisite: Successful completion of 18.00 Digital Animation credits  
Students will focus on the creation of believable character movement through acting, emotion and story. Sound and Lip Sync will be introduced to further develop students' animation techniques. A finished demo reel will be produced showcasing each student's character animation potential.

DIGI 322  3D Design II  
4.50 credits  (6,0,0) hrs  15 wks  
Prerequisite: Successful completion of 18.00 Digital Animation credits
Advanced problem solving, modeling, texturing and lighting will build on the student's ability to design and create professional quality 3-D characters and scenes. Students will create a design package of 3-D characters, props and layouts.

**DIGI 323  Drawing and Design II**
- **2.25 credits**
- **(3,0,0) hrs**
- **15 wks**
- **Prerequisite:** Successful completion of 18.00 Digital Animation credits

Continued development of good drawing and design skills is fundamental to becoming a good animation designer. These classes will stress the creation of original character, prop and layout designs. An emphasis will be placed on character posing and creating a professional drawing portfolio.

**DIGI 324  Animation Principles II**
- **2.25 credits**
- **(3,0,0) hrs**
- **15 wks**
- **Prerequisite:** Successful completion of 18.00 Digital Animation credits

Students will continue to work on the creation of traditional and computer animation using a variety of animation principles. An emphasis will be placed on acting and character animation.

**DIGI 325  Animation Production II**
- **3.00 credits**
- **(2,4,0) hrs**
- **15 wks**
- **Prerequisite:** Successful completion of 18.00 Digital Animation credits

Final production of a short animated film and a demo-tape of animation will demonstrate the student's creative vision and artistic abilities.

**Documentary Production**

**DOCS 101  Documentary Equipment Field Use**
- **1.50 credits**
- **(4,0,0) hrs**
- **08 wks**

This course is designed to provide an operational understanding of professional video and audio production equipment including various cameras, lighting, sound and other essential production equipment used in field operations. The course offers instruction in both basic production skills and the skills required to make the equipment work on locations far from technical support. Despite being mostly technical in nature, the course will touch upon visual aesthetics and the importance of visual story telling.

**DOCS 107  Documentary Audio and Video Post Production - Foundation**
- **1.50 credits**
- **(4,0,0) hrs**
- **08 wks**

This course is an intensive grounding in the art and science of storytelling through film editing. The course features a foundational analysis of editing principles, history and phases of postproduction, which include offline and online editing, sound editing, effects, graphics and format distribution.

**DOCS 111  Documentary Development, Level I**
- **1.50 credits**
- **(4,0,0) hrs**
- **08 wks**

This course provides students with the skills to turn their story ideas into films during the first phase of production. Students will learn how to develop their artistic voice as they learn about creative and professional processes to making a film, from research and writing to funding opportunities and how to exploit them. During the course students will develop their Project I documentary.

**DOCS 121  Documentary Story, Level I**
- **1.50 credits**
- **(4,0,0) hrs**
- **08 wks**
The first story course focuses on the basic theoretical and creative principles of non-fiction storytelling as they apply to the students' development of their first term projects. Students will explore the fundamentals of storytelling as they relate to film, from the basic three-act structure, to developing theme, visual style and point-of-view. Focusing on the creative process of idea generation through story development to final treatment for a one-off/stand alone documentary or small unit production, the course will include the writing of material for the first project.

**DOCS 123  Documentary Story, Level II**  
1.50 credits  (4,0,0) hrs  08 wks  
*Prerequisite: DOCS 121 is a prerequisite or co-requisite*

The second story module focuses on advanced story development, as students apply their storytelling skills to the creation of their first film. As they execute their Term 1 project, students will learn how to add nuance and sophistication to their stories through the developing perspective that comes with experience. Learning how to recognize the universal and psychological underpinnings of story, students will study how to add depth and breadth to their films through character development and the aesthetic choices they apply in production and post.

**DOCS 127  Documentary Studies I**  
1.50 credits  (4,0,0) hrs  08 wks  
This course provides a historical and theoretical background to documentary film and video, with a particular emphasis on the documentary's role in social and political commentary. Learning how the "masters" did it, students will explore how their different aesthetic approaches were informed by historical events, creative movements, technological and industrial developments, as well as the personal, artistic and political vision that shaped their version of reality. Through immersion in the diverse language of the documentary form and aesthetics, students will be able to explore how their own philosophies and vision will influence the creative choices they make to tell their own stories.

**DOCS 137  Documentary Project I**  
6.00 credits  (8,4,12) hrs  08 wks  
*Prerequisite: DOCS 101, 107, 111 and 121 are prerequisites or co-requisites*

This course acknowledges the invaluable hands-on production skills learned during practical work on a video project. Students will be granted credit for successful work in project planning, preparation and execution. Working in a mentored environment, the student will be directly involved in planning, producing and editing one or more student projects. Instruction will be in the form of practical demonstrations, individual assistance and supervised work on specific projects.

**Early Childhood Care & Ed.**

**EDUC 155  Childhood Development**  
4.50 credits  (6,0,0) hrs  15 wks  
Course material spans the period from conception through the preschool years and examines physical, cognitive, language, and social-emotional growth and development. An introductory study of theories, principles of development, and child study techniques is included.

**EDUC 166  Child Development I**  
2.25 credits  (3,0,0) hrs  15 wks  
An introductory study of theories and principles of development focusing on conception through 24 months.  
*Note: Evening program only.*
EDUC 167  Child Development II
2.25 credits  (3,0,0) hrs  15 wks
Theories, principles of development and child study techniques focusing on physical, cognitive, language and social-emotional growth and development from 24 through 60 months.
Note: Evening program only.

EDUC 170  Interpersonal Skills
1.50 credits  (2,0,0) hrs  15 wks
An introductory course in which students focus on the development of self awareness and increased understanding of others. Students will learn basic communication concepts and practice skills which contribute to effective interpersonal relationships.

EDUC 171  Caring and Learning Environments
1.50 credits  (2,0,0) hrs  15 wks
This course introduces the student to various programs for young children. The role of the Early Childhood Educator, learning environments and the value of play are examined.

EDUC 172  Guiding Young Children I
1.50 credits  (2,0,0) hrs  15 wks
This course develops a theoretical framework of guidance principles and techniques which support children's optimal development.

EDUC 173  Curriculum Development I
3.00 credits  (6,3,0) hrs  10 wks
Based on the philosophy that play provides the foundation for children's growth and development, this experiential workshop course focuses on learning environments, curriculum planning, and teaching strategies.

EDUC 175  Observing and Recording
1.50 credits  (2,0,0) hrs  15 wks
This course develops skill in objectively observing and recording the behaviour of young children.

EDUC 176  Applied Theory - Practicum I
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: EDUC 166, 173 and 175 are prerequisites or co-requisites
This course provides students with opportunities to observe young children and, at a beginning level, to plan, implement and evaluate activities under supervision.

EDUC 220  Health, Safety and Nutrition
1.50 credits  (2,0,0) hrs  15 wks
Through the use of lecture, videos and assignments, the student will be able to recognize the common signs and symptoms of childhood illness and plan health care appropriate to a centre setting, recognizing situations requiring emergency care; understand the role of healthy eating as it relates to normal child development within the context of the preschooler's daily life and environment; and follow valid nutrition guidelines for their own optimum health.

EDUC 254  Theoretical Perspectives
3.00 credits  (4,0,0) hrs  15 wks
This course provides an introduction to the history and philosophy of ECCE. Major contemporary issues are examined. International childcare is discussed.

group activities which promote self esteem, language, social behaviours and self-help skills will be planned. Goal setting and effective guidance will be discussed.

**EDUC 349  Applied Theory Infant/Toddler Practicum**
6.00 credits  (0,0,25) hrs  06 wks
This practicum course provides opportunities for planned and spontaneous caregiving that incrementally demonstrates the student's advanced professional practice, knowledge and reflective skills.

**EDUC 350  Advanced Child Development**
2.00 credits  (2.66,0,0) hrs  15 wks
This course will focus on the similarities and differences of typical and atypical development of young children.

**EDUC 351  Family, School and Community**
2.00 credits  (3,0,0) hrs  15 wks
The teacher/family/community partnership will be examined with the focus being on families with infants, toddlers and children who need extra support.

**EDUC 352  Centre Operations**
2.00 credits  (2.66,0,0) hrs  15 wks
The student will gain knowledge of the broad concepts and principles involved in the effective administration and management of a child care centre and the skill required to fulfill the role of a manager/director/administrator.

**EDUC 353  Program Planning for Infants and Toddlers**
1.50 credits  (2,0,0) hrs  15 wks
The focus will be on planning schedules, routines, space and program activities for infants and toddlers. Individual and small group activities which promote self esteem, language, social behaviours, and self-help skills will be planned. Goal setting and effective guidance will be discussed.

**EDUC 354  Program Planning for Special Needs**
2.00 credits  (3,0,0) hrs  15 wks
This course will examine strategies for collaborating with parents, adapting programs, implementing individual intervention goals and helping children to communicate with one another.

**EDUC 355  Physical Care and Safety**
1.50 credits  (2,0,0) hrs  15 wks
The student will develop an awareness of the Early Childhood Educator's role and responsibility in preparing a safe, healthy environment, and in planning routine procedures for infants and toddler to ensure their needs will be met.

**EDUC 356  Infant and Toddler Practicum**
3.00 credits  (0,0,10.4) hrs  15 wks
Through work experience in an infant/toddler centre the student learns and practises how to protect, support and enrich the lives of young children.
*Note: Students must have 500 hours of work experience.*

**EDUC 357  Infant and Toddler Practicum**
3.00 credits  (0,0,10.4) hrs  15 wks
This practicum focuses on working with parents and the evaluation of a quality program. These broader aspects of group care are central to the provision of quality care for infants and toddlers.

*Note:* Students must have 500 hours of work experience.

**EDUC 358  Special Needs Practicum**
3.00 credits  (0,0,10.4) hrs  15 wks
Under the guidance of a qualified Special Needs Early Childhood Educator the student practises how to program activities which include children who need extra support.

*Note:* Students must have 500 hours of work experience.

**EDUC 359  Special Needs Practicum**
3.00 credits  (0,0,10.4) hrs  15 wks
This practicum focuses on working with parents and the evaluation of a quality program. Students refine their skills of inclusive programming for groups of children.

*Note:* Students must have 500 hours of work experience.

**EDUC 371  Family, School and Community**
3.00 credits  (4,0,0) hrs  15 wks
The teacher-family partnership will be examined with a focus on families with children birth to five years of age. The student will explore in-depth the skills and program qualities that establish mutually supportive relationships between home and centre.

**EDUC 373  Inquiry Based Learning in ECCE**
3.00 credits  (4,0,0) hrs  15 wks
This course provides students with the opportunity to examine all aspects of negotiated curriculum. Topics will include the image of the child, the investigative environment, learning materials and the basic principles of documentation.

**EDUC 375  Early Childhood: Children, Culture and Globalization**
3.00 credits  (4,0,0) hrs  15 wks
*Prerequisite:* Completion of Early Childhood Care & Education Certificate Program
The course aims to give students the ability to interpret a broad and historical review of the development of the different concepts of globalization. A critical and questioning approach to the influences of global trends on child-rearing processes and development will be encouraged. The course will critically examine the concepts, terms, definitions and debates of globalization as influences for early childhood practitioners.

**EDUC 376  Global Perspectives on Literature and Literacy**
3.00 credits  (4,0,0) hrs  15 wks
*Prerequisite:* EDUC 155, 170, 171, 172, 173, 175, 176, 220, 254, 256, 270, 271, 272, 273, 276, 277 and ENGL 100
This course will give the student an understanding of the concept of early literacy and its significance in early childhood care and education.

**EDUC 378  Seminar in Early Childhood Care and Educational Leadership**
3.00 credits  (3,0,0) hrs  10 wks
This course will give students the development tools and strategies that facilitate the practice of Early Childhood Educators in leadership positions. Students will be able to define leadership in Early Childhood and Education practice. In addition students will be able to critically examine the ethics, politics and leadership in the practice and be given the background to encourage collaboration and conflict in Early Childhood and
Education practice. On completion of the course, students will know how to investigate culture and leadership and develop communities of inquiry in relation to Early Childhood Care and Education.

**EDUC 379  Role of the Pedagogista in ECCE**

6.00 credits (24,0,0) hrs  05 wks

This course will give students the development tools and strategies for organizing the work of the pedagogista in ECCE organizations. On completion of the course, student will have the ability to define the role of pedagogista in our communities and be able to critically examine the ethics and politics in ECCE organizations. Students will also learn how to investigate the role of progettazione: concept and practice, and how to build listening and dialogue in communities of learning.

**EDUC 380  Advanced Studies in the Pedagogista**

3.00 credits (4,0,0) hrs  15 wks

*Prerequisite: EDUC 379*

This course is the second course in a 2-part sequence. This course continues to examine the philosophy as well as tools and strategies for organizing the work of the pedagogista in early childhood organizations. Key areas of study will include the pedagogy of listening within the context of particular ECCE learning communities; critical examination of the ethics and politics in early childhood organizations and perspectives on developing "projetazzione".

**EDUC 390  Applied Theory Special Needs Practicum**

6.00 credits (0,0,25) hrs  06 wks

This course is a six-week practicum. The practicum placement will be in an inclusive centre for children birth to five years. The intent of this practicum will provide opportunities for planned and spontaneous programming for children who require extra support. An in-depth examination of inclusive practice will be a guiding factor throughout the practicum. These skills will incrementally demonstrate the student's advanced professional, practice, knowledge and reflective skills.

**Economics**

**ECON 100  Introduction to Economics**

3.00 credits (4,0,0) hrs  15 wks

Geography

GEOG 100  Human Geography: People, Places and Cultures
3.00 credits  (4,0,0) hrs  15 wks
Different cultures in different landscapes are compared and contrasted to our own. This course examines the many issues of human population, perception of the environment, diffusion of ideas, and cultural aspects of resource use and urban growth, to give students a view into the many concerns on the human side of geography.

GEOG 101  Environmental Geography: Perception and Change
3.00 credits  (4,0,0) hrs  15 wks
There are numerous environmental issues that reach a crisis from time to time. This course examines how we perceive the environment, our lifestyles, and how our attitudes affect the environment. Such issues include our use of water, the food we eat, herbicides and pesticides, and our overall use of energy. This is an excellent course for those concerned about the world we live in. Lectures, seminars, informal discussions, and audiovisual materials are used to make students aware of, examine and analyze some of the most serious concerns in the world today. The environment is in jeopardy from our actions - what can we do about it?

GEOG 102  Environmental Geography: Global Concerns
3.00 credits  (4,0,0) hrs  15 wks
The focus of this environmental course is the recognition that environmental issues are not restricted to isolated regions; rather, they have become global crises. Acid rain, the greenhouse effect, depletion of the world's resources are but a few of the examples illustrating the global scale of our environmental problems. Identifying and understanding the processes responsible for the problems are most important; however, finding solutions is also critical to this course.

GEOG 106  British Columbia: A Regional Analysis
3.00 credits  (4,0,0) hrs  15 wks
A body of information that is frequently missing from our education is that of the province in which we live. This course informs you about B.C. -- its physical environment, the risks of living in this province, the variety of peoples, and the economics involved in its resources. From an economic, political, historical, and cultural perspective one learns that contemporary problems are frequently a function of the past. For those interested in business, teaching, or wanting a basic knowledge of B.C., this is an excellent course.
Note: This course also serves as Canadian Studies credit to SFU and is a component of the Professional Development program for teachers.

**GEOG 107  Introduction to North America**  
3.00 credits  (4,0,0) hrs  15 wks  
This course is designed to give international students a greater understanding of North America and its people. Students will be introduced to key information about the geography and history of North America, and the various political, economic and cultural aspects of North American societies. This course will highlight the particular differences between Canada, the U.S.A., and Mexico, as well as examine the various levels of integration that exist between these countries. The underlying theme is cross-cultural understanding and the key role that it plays in cultural interaction, including international business initiatives.  
*Note:* Must be registered as an international student.

**GEOG 112  Introduction to Earth Environments**  
3.00 credits  (4,2,0) hrs  15 wks  
An introductory, physical geography course about the earth's various landforms. Plate tectonics, volcanism, weathering and erosion will be explained in order to understand how a landscape develops. Studies of glacial, coastal and river features will be placed in a Canadian context. Environmental changes due to human activities will also be emphasized.  
*Note:* Both GEOG 112 and GEOG 114 are lab science courses and fulfill university science requirements. GEOG 112 can be taken either prior to, or after GEOG 114. It is not recommended that they be taken concurrently.

**GEOG 114  Weather and Climate**  
3.00 credits  (4,2,0) hrs  15 wks  
An introductory, physical geography course about our atmosphere. Principles of meteorology and climatology will be explained in order to understand the weather we experience daily and seasonally. Further studies will examine how the atmosphere is connected with the world's oceans and plant communities, and how humans are modifying these natural environments. Emphasis will be placed on Canadian examples.  
*Note:* Both GEOG 114 and GEOG 112 are lab science courses and fulfill university science requirements. GEOG 114 can be taken either prior to, or after GEOG 112. It is not recommended that they be taken concurrently.

**GEOG 200  Technology and Economic Environments**  
3.00 credits  (4,0,0) hrs  15 wks  
An examination of the concepts and themes of economic geography in terms of production and consumption. The traditional primary, secondary, tertiary and quaternary divisions in economic geography are reviewed in terms of contemporary issues. The purpose of this course is to illustrate the importance of economic processes and tools to understand our environment.

**GEOG 201  Urban Studies**  
3.00 credits  (4,0,0) hrs  15 wks  
More and more of us are living in an urban world. This course is designed to examine problems and issues that arise with urban living; including psychological problems, the cost of housing, transportation issues, slums, suburban living, and the future direction of cities. While this course uses local examples, it also draws on examples from other cities in the world. This course approaches these topics through field trips into the city, slides, films, and field research. Urban studies leads to careers in urban planning, real estate, land management, architecture, and urban politics as well as stimulating general community awareness.

**GEOG 202  Urban Field Studies**  
1.50 credits  (2,0,0) hrs  15 wks
Prerequisite: GEOG 201 is a prerequisite or a co-requisite

The course is designed to engage students in the practical application of urban planning. Using principles from urban geography and urban planning, students will become acquainted with the development of an Official Community Plan, while working in partnership with planners from the local district planning office. The course involves field study work and attendance at district public meetings. This is an excellent course for those interested in urban and/or regional planning or those intending to continue in Geography.

Note: Prerequisites may be waived by permission of instructor.

GEOG 205 Asia Pacific Geography
3.00 credits (4,0,0) hrs 15 wks
This course examines the Asia Pacific region in terms of its social, economic, physical, historical and political geography. The emphasis is placed on the historical development and present day relationships in both East and Southeast Asia. This course introduces the concept of the Pacific Century and recognizes British Columbia's position on the Pacific. This is an excellent course for those interested in the past, present and future of the Asia Pacific region and especially for those considering a business career in this region.

GEOG 208 Canada: A Nation of Regions
3.00 credits (4,0,0) hrs 15 wks
The understanding of Canada and Canadians is becoming more important to our economic and social well-being. This course examines Canadian problems and issues in terms of the different regions in Canada. Topics include the changing economy, cultural diversity, urban growth, and resource management, as we focus on the Maritimes, Quebec, Ontario, the Western provinces, and the Northern frontier.

Note: This course also serves as Canadian Studies credit to SFU and is a component of the Professional Development program for teachers.

GEOG 214 Our Atmospheric Environment
3.00 credits (4,2,0) hrs 15 wks
Prerequisite: GEOG 114
By expanding of the concepts outlined in GEOG 114, this course will provide an intermediate understanding of the processes at work in our atmospheric environment. Broad topics to be covered are atmospheric energy, moisture, and motion. These concepts will be applied to phenomena such as urban climates and air pollution at the small scale, weather and forecasting at the intermediate scale and climate change on a global scale. This course will involve lectures and labs.

GEOG 221 Map and Airphoto Interpretation
3.00 credits (4,2,0) hrs 15 wks
Prerequisite: At least one other Geography course
This is a second year course that is essential for those intending to make Geography their academic major. It is also appropriate for those considering careers in environmental studies, forestry, geology, archaeology, history, and other disciplines that rely extensively on maps and air photos. This course uses lectures, labs and field work to cover the basic principles of map and photo interpretation, surveying and satellite imaging. Both human and physical landscapes will be analysed. Students will undertake a research project on a Lower Mainland neighbourhood. The project will involve archival research, census data analysis, and field studies. It will examine how this information can be displayed through the use of various mapping techniques.

GEOG 249 Comparative Cultures
3.00 credits (4,0,0) hrs 15 wks
This is a field studies course, delivered on-site in a specific region. Students will gain an understanding of the physical, economic, historical, and cultural characteristics of the region, as they study the various conditions and issues faced by the local inhabitants. Destinations will vary from year to year; students
should check with the Geography department to find out details for upcoming trips. Past courses have been delivered in Europe, China/Southeast Asia and in Quebec.

Geology

GEOL 110 Physical Geology
4.00 credits (4,2,0) hrs 15 wks
This course views the Earth as a heat engine which continuously recycles air, water and solid earth materials. It examines how nature’s recycling of these materials results in both the origin and the eventual transformation of igneous, sedimentary and metamorphic rocks. Next, it investigates how lithospheric plates interact with each other and with external recycling (atmospheric and hydrospheric cycles). Finally it considers ways people may best adapt to these ever-changing Earth environments and act as stewards of Earth’s environments and resources.

Note: Experience in secondary level chemistry and physics will contribute greatly to mastering physical geology.

GEOL 111 Historical Geology
4.00 credits (4,2,0) hrs 15 wks
Prerequisite: GEOL 110
This course examines the methods geologists use to deduce the origin, age and evolution of Earth and its life. These methods are then used to investigate how Earth's lithosphere, hydrosphere and atmosphere evolved before giving rise to life, and how ever since, life has interacted with land, water and air. Next, the origin and growth of our home continent and adjacent ocean basins are studied. Finally, the processes and events that shaped (and are still shaping) our immediate environment are looked at in more detail. Uses and abuses of Earth resources and environments since the arrival of human beings also form part of the course.

Note: GEOG 112 may be accepted as a prerequisite with instructor recommendation.
Note: This course serves as a Canadian Studies credit.

German

GERM 100 Beginning German I
3.00 credits (4,1.75,0) hrs 15 wks
A comprehensive introduction to the German language: comprehension and speaking are reinforced through reading, writing and computer programs. Films, tapes, activities, etc. help develop an awareness of the cultures of German-speaking countries.

GERM 101 Beginning German II
3.00 credits (4,1.75,0) hrs 15 wks
Prerequisite: GERM 100 with a minimum C grade or German 11
This course is a continuation of GERM 100 and must be taken in order to realize first year level college/university German. GERM 101 should be taken, whenever possible, in the term following GERM 100.

Note: Prerequisites may be waived by permission of instructor.

GERM 200 Intermediate German I
3.00 credits  (4,1.75,0) hrs  15 wks
Prerequisite: GERM 101 or German 12 with a minimum C grade and GERM 201 as a prerequisite or co-requisite
GERM 200 reviews basic German grammar and usage, and introduces students to modern German literature. It aims, through the discussion of the cultures and concerns of the German-speaking peoples, to increase the ability to communicate in the fullest sense of the term.
Note: Placement tests are available. This course may not be offered every year.
Note: Prerequisites may be waived by permission of instructor.

Intermediate German II
GERM 201
3.00 credits  (4,1.75,0) hrs  15 wks
Prerequisite: GERM 200 with a minimum C grade or German 12
Continues the review and development of German language skills at the Intermediate level. Together with GERM 200 it completes the requirements for second year college/university German.
Note: Placement tests are available. This course may not be offered every year.
Note: Prerequisites may be waived by permission of instructor.

Global Stewardship

Global Stewardship Seminar I: Preparing to Volunteer for a NFP
GLBS 100
1.50 credits  (4,0,0) hrs  15 wks
This course is the first in a series of 4 seminars designed to prepare students with the skills, knowledge, and attitude necessary to effectively function as a volunteer - first as an individual, and then as a member of a group - in the Not-For-Profit sector. To this end, the series develops individual and group skills in the semester's prior to a volunteering experience with a local NGO.

Global Stewardship Seminar II: Volunteering for a Not-For-Profit Organization
GLBS 101
1.50 credits  (0.5,0,2.66) hrs  15 wks
Prerequisite: GLBS 100
This course is the second in a series of four seminars designed to prepare students for a career in the NGO sector. Students in GLBS 101 will apply the skills learned in GLBS 100 though a volunteer practicum with an NGO.
Note: Prerequisite may be waived by permission of instructor.

Global Stewardship Seminar III: Preparing for Group NFP Volunteering
GLBS 200
1.50 credits  (4,0,0) hrs  08 wks
Prerequisite: GLBS 100 and 101
This course is third in a series of four seminars designed to prepare students with the skills, knowledge, and attitude necessary to effectively function as a volunteer - first as an individual, and then as a member of a group - in the non-governmental organization/not-for-profit sector. To this end, the series develops individual and group skills in the semester prior to a volunteering experience with a local NGO/NFP.

Global Stewardship Seminar IV: Volunteering in a Group for Non-For-Profit's
GLBS 201
1.50 credits  (0.5,0,2.67) hrs  15 wks
Prerequisite: GLBS 200
This course is the last in a series of 4 seminars designed to prepare students with the skills, knowledge, and attitude necessary to effectively function as a volunteer, first, as an individual, and then as a member of a group in the Not-For-Profit sector. To this end, the series develops individual and group skills in the semesters prior to a volunteering experience with a local NGO.

Global Stewardship 1: Preparing to volunteer for a Not-For-Profit organization.
Global Stewardship 2: Volunteering for a Non-For-Profit organization
Global Stewardship 3: Preparing to volunteer as a member of a group for a Non-For-Profit organization.
Global Stewardship 4: Volunteering as a member of a group for a Non-For-Profit organization.

Home Support/Resident Care

HSRC 100       Health: Lifestyle and Choices
1.50 credits   (10,0,0) hrs   03 wks
This course provides an introduction to the concept of health and the concepts of a health enhancing lifestyle. Students will reflect on their own experience of health challenges and resources that may affect their lifestyle choices and consequently their health.

HSRC 101       Health and Healing: Concepts for Practice
3.75 credits   (5.33,0,0) hrs   15 wks
This course provides students with the opportunity to develop a theoretical framework for practice. Students will examine significant philosophical beliefs and theoretical understandings underlying competent practice as a home support/resident care attendant. The course will focus on the concepts and principles related to health and healing across the lifespan, as well as aspects of caregiving that promote individual health and healing.

HSRC 102       Human Relations: Interpersonal Communications
1.50 credits   (10,0,0) hrs   03 wks
This course focuses on the development of self awareness and increased understanding of others. Students will explore basic communication concepts and practical skills which contribute to effective interpersonal relationships.

HSRC 110       Work Role: Introduction to Continuing Care
1.50 credits   (10,0,10.66) hrs 03 wks
This course provides students with an introduction to the role of the home support attendant and the resident care attendant in continuing care areas. The course builds on the content of other courses and further develops the knowledge, attitudes and values required for competent practice as a home support/resident care attendant.

HSRC 111       Clinical Skills
This practical course focuses on the acquisition and application of caregiving skills aimed at maintaining and promoting comfort, safety and independence for individuals in the home or in a continuing care facility. Students spend one day per week in the College health lab learning the practical skills needed to work with clients/residents. Field trips are included in this course to increase student's awareness of community facilities. Students spend 22 days on a complex care unit. Assignments are integrated with the lab instruction and course work. All clinical placements are arranged by the College.

**HSRC 112**  
**Special Needs in Resident Care**  
3.00 credits  (8,0,0) hrs  08 wks  
This course builds upon content in the other HSRC courses, to help students explore concepts and approaches which apply to the care of residents experiencing changes in mental functioning.

**HSRC 113**  
**Home Support/Resident Care Practicum**  
4.75 credits  (0,0,35) hrs  05 wks  
This five-week course provides students with an opportunity to work with a health care team in selected continuing care and special care facilities, as well as home support agencies. Select supervised experiences will emphasize the application and integration of knowledge and skills learned in other courses. The clinical experience provides an opportunity for the student to become better prepared to take on the role of a home support/resident care attendant. Opportunities will be provided for the learner to gain increased self confidence in the work setting and to become socialized as a member of the health care team.

**Human Kinetics**

**HKIN 103**  
**Active Health**  
3.00 credits  (2,2,0) hrs  15 wks  
The role of physical activity in the maintenance of a health life and the application of basic physical fitness and exercise methods, exercise techniques and fitness appraisal will be examined.

**HKIN 112**  
**Health and Human Nutrition**  
3.00 credits  (4,0,0) hrs  15 wks  
This course is an introduction to fundamental principles and some current topics related to health and human nutrition. This course is a holistic approach to nutrition encompassing a broad view of nutrition and health. It is intended to help students understand basic components regarding the nutrients and their metabolism in the body, nutritional planning and assessment in the context of national dietary recommendations, and some of the consequences of deficient or excessive intake of nutrients. Students will gain an understanding of factors affecting food selection and the role of nutrition in maintaining good health. Students will develop the ability to discriminate between reliable and unreliable information on the subject of food and nutrition. More specialized topics and applications of nutrition in exercise will also be introduced.

**HKIN 116**  
**Performance Analysis of Selected Individual Sports and Activities I**  
3.00 credits  (2,2,0) hrs  15 wks  
Introduction to the basic principles of biomechanics applicable to various individual activities and sports. The course includes in-class demonstrations of practical and theoretical knowledge of skills, techniques and strategies for effective performance.

**HKIN 117**  
**Performance Analysis of Selected Individual Sports and Activities II**  
3.00 credits  (2,2,0) hrs  15 wks
Prerequisite: HKIN 116
This course is a continuation of the analysis and application of the basic principles of biomechanics applicable to selected individual sports and activities.

HKIN 151  Biomechanics I
3.00 credits  (4,0,0) hrs  15 wks
Application of elementary principles of physics and math to quantitative analysis of movement. This analysis will focus on the development of forces within muscles and their effects on initiating and controlling human movement.

Note: It is recommended that students take MATH 091 if they have not taken Math in the last 12 months.

HKIN 161  Leisure and Sport in Society
3.00 credits  (4,0,0) hrs  15 wks
An introductory analysis of political, economic and social issues in leisure and sport. This course will analyze the present day problems, myths, and stereotypes experienced in sport and leisure.

HKIN 190  Anatomy and Physiology I
3.00 credits  (2,2,0) hrs  15 wks
Investigation of the structure and function of the neuromuscular and skeletal systems of the human body. Special emphasis is placed on movement analysis and the physiological effects of exercise.

HKIN 191  Anatomy and Physiology II
3.00 credits  (2,2,0) hrs  15 wks
Prerequisite: HKIN 190
Continuing analysis of the structure and function of the digestive, endocrine, urinary, circulatory and respiratory systems. Special emphasis is placed on the effects of exercise.

HKIN 205  Principles of Strength and Conditioning
3.00 credits  (2,2,0) hrs  15 wks
Prerequisite: HKIN 103
This course investigates the theories and applied principles of physical training and conditioning as they relate to flexibility improvement and muscular strength, endurance and power development; examines the principles and training variables of weight training, a detailed comparison of various weight training programs, and the development of power through plyometrics.

Note: Prerequisite may be waived by permission of instructor.

HKIN 216  Performance Analysis of Selected Team Sports/Activities I
3.00 credits  (2,2,0) hrs  15 wks
Prerequisite: HKIN 116 or 117
This course will provide the student with: an understanding and appreciation of the historical factors which influenced the development of the sport; an ability to analyse, detect and correct errors in both technical and tactical game performance; an understanding of the physical, psycho-motor and cognitive factors contributing to effective performance; the ability to demonstrate the correct technical application of skills and instructional strategies used in the game.

Note: Prerequisite may be waived by permission of instructor.

HKIN 217  Performance Analysis of Selected Team Sports/Activities II
3.00 credits  (2,2,0) hrs  15 wks
Prerequisite: HKIN 116 or 117
This course will provide the student with: an understanding and appreciation of the historical factors which influenced the development of the sport; an ability to analyse, detect and correct errors in both technical and tactical game performance; an understanding of the physical, psycho-motor and cognitive factors contributing to effective performance; the ability to demonstrate the correct technical application of skills and instructional strategies used in the game.

*Note:* Prerequisite may be waived by permission of instructor.

**HKIN 230 Human Motor Behaviour I**
3.00 credits (4,0,0) hrs 15 wks
*Prerequisite:* ENGL 100, HKIN 103, 151, 161, 190 and 191

This course examines the processes underlying human movement and learning motor skills and factors influencing acquisition, performance, and movement control.

*Note:* Prerequisites may be waived by permission of instructor.

**HKIN 231 Mental Theories in Sport and Exercise**
3.00 credits (4,0,0) hrs 15 wks
*Prerequisite:* ENGL 100, HKIN 103, 151 and 161

This course looks at psychological theories and research related to sport and exercise behaviour.

*Note:* Prerequisites may be waived by permission of instructor.

**HKIN 241 Care and Prevention of Sports Injuries**
3.00 credits (2,2,0) hrs 15 wks
*Prerequisite:* HKIN 190 or KIN 142

Students will be introduced to the role of the sports therapist. This course will concentrate on the structural and functional characteristics of the body with regard to the prevention, and recognition of common sports injuries. A first aid approach to athletic injuries will be developed with practical experience in routine treatments.

**HKIN 252 Contemporary Health Issues**
3.00 credits (4,0,0) hrs 15 wks

Current health problems in our society, including disease transmission, disease prevention, chronic disease, and drug problems, are examined as they relate to contemporary lifestyle and health and fitness.

**HKIN 261 Health, Policy and Society**
3.00 credits (4,0,0) hrs 15 wks
*Prerequisite:* HKIN 161

This course offers an analysis of Canadian sport, fitness and leisure delivery systems relating to active health.

*Note:* Prerequisite may be waived by permission of instructor.

**HKIN 275 Exercise Physiology**
3.00 credits (2,2,0) hrs 15 wks
*Prerequisite:* HKIN 191

This course looks at the acute and chronic effects of exercise on the body; basic concepts of cardiovascular, respiratory and muscular responses to physical activity.

*Note:* Prerequisite may be waived by permission of instructor.

**HKIN 284 Human Growth and Development**
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: HKIN 230
The purpose of this course is to examine human growth and development from fertilization to adulthood and the factors that influence physical and motor development.

Note: Prerequisite may be waived by permission of instructor.

Illustration Des./Elem & Appl.

IDEA 100 Survey of Design
2.00 credits (3,0,1) hrs 15 wks
This course gives an overview of contemporary design styles and applied theories, providing students with a grounding in the origins and future of design. History is integrated with theory, making students literate about their own discipline. The course helps students understand the unique relationships of artists and designers to culture and explores the ways in which events of the world have shaped visual literacy, form and technique.

IDEA 101 Creative Thinking for Designers
2.00 credits (3,0,1) hrs 15 wks
Within the framework of the field of visual perception, students will explore the ways in which we see and interpret the world, and investigate various methods of thinking both creatively and critically. The course will be structured around the fundamental principles of visual perception (why we see the way we do); a study of art in terms of psychology, where form is related to meaning (gestalt theory); and an exploration of techniques that help to exercise and expand creative and critical thinking in relation to the visual world.

IDEA 105 Survey of Art and Illustration
2.00 credits (3,0,1) hrs 15 wks
This course provides an historical survey of illustration and insight into illustration styles, trends and the future of illustration. Slide lectures review notable artists and their work and discuss the influence on illustration of multi-culturalism, politics and economics. This course aims to integrate history with applied theory making students literate about their own discipline.

IDEA 106 Introduction to Marketing for Graphic Designers
2.00 credits (3,0,1) hrs 15 wks
This course focuses on fundamental marketing techniques used in business. Students will be introduced to various kinds of marketing plans including processes, research techniques and strategies used in marketing.

IDEA 110 Life Drawing I
2.00 credits (3,0,1) hrs 15 wks
This course provides a background in figure drawing and teaches students how to render the human figure accurately. The course guides students in rendering the human figure; provides an historical overview of figure drawing, introduces anatomy, and reviews human figure proportions.

IDEA 115 Life Drawing II
2.00 credits (3,0,1) hrs 15 wks
This course continues to guide students in rendering the human figure. There is an emphasis on perception and rendering faces, hands and feet. The draped and undraped figure is rendered using a variety of mediums and techniques.
IDEA 120  Illustration Fundamentals I
2.00 credits  (3,0,3) hrs  15 wks
This course provides students with an understanding of what the profession of illustration involves, the illustrator’s role in the process, and an understanding of the mediums and techniques used in contemporary illustration. This course is the first of a two-part introduction.

IDEA 125  Illustration Fundamentals II
2.00 credits  (3,0,3) hrs  15 wks
This course is a continuation of Illustration Fundamentals I, providing students with a continuation of knowledge of tools and materials (mediums), and introducing processes (techniques and skills) as applied in drawing and illustration. This course provides a technical introduction to colour mediums, and aids students in recognizing differences in mediums and surfaces and how they can best be used to obtain specific visual expressions.

IDEA 130  Drawing for Illustration I
2.00 credits  (3,0,1) hrs  15 wks
This course introduces and develops drawing techniques for the accurate representation of objects, both natural and man-made.

IDEA 135  Drawing for Illustration II
2.00 credits  (3,0,1) hrs  15 wks
This course continues to teach students how to render objects, both natural and man-made. Perceptual skills are developed. All aspects of quality of line and tone are explored. New theories in perspective are introduced, including 3-point perspective, isometric projection and plane distortion.

IDEA 145  Photography for Designers
2.00 credits  (3,0,3) hrs  15 wks
This course explores the interactions of light, form, film, the technologies that capture images, how we react to them and the critical decision making process during image evaluations.

IDEA 155  Conceptual Design I
2.00 credits  (3,0,1) hrs  15 wks
In this course, students learn how to develop concepts for graphic design and illustration projects. Concepts are defined as visual ideas and the context in which they exist. Students develop their approach in analyzing and creating design solutions that communicate visually. They develop the design process in generating visual ideas, organizing material, recognizing clear concepts, and understanding when a concept is appropriate to a specific situation or particular medium.

IDEA 162  Introduction to Typography
2.00 credits  (3,0,3) hrs  15 wks
This course combines an historical survey of the development of type design and function with hands-on practice, not only with the traditional methods of calligraphy and typesetting, but primarily in the modern vision of typographical communication. The major emphasis of the course is on teaching students appreciation for the beauty of typography, the richness of its variety, and the infinite and satisfying possibilities for its creative use.

IDEA 190  Principles of Colour and Design
2.00 credits  (3,0,3) hrs  15 wks
This course provides a groundwork in design fundamentals, colour theory, composition and perception. Students will experience colour and design relationships and acquire a working knowledge about how
colour and design influence visual communications. Students will be introduced to design methodology, problem-solving and analysis.

IDEA 202  Content for Design and Advertising
2.00 credits  (3,1,1) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
This course provides students with knowledge and resources for developing concepts and written content for design and advertising projects based on the typical process found in advertising agencies and design studios.

IDEA 206  Project Management for Designers
3.00 credits  (4,2,0) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
This course covers the complete process required to initiate and implement a comprehensive communications design project. Students choose the project and take on roles of both client and designer.

IDEA 210  Life Drawing III
2.00 credits  (3,0,1) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
This course is a continuation of Life Drawing II. The course develops acquired life drawing skills and explores new expressions of the human figure, with an emphasis on interpretation and experimentation.

IDEA 220  Applied Illustration I
2.00 credits  (3,0,3) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
This course introduces students to illustration as visual communication. Students will learn process and development for illustration projects. They will apply various mediums with a focus on contemporary painting mediums. This course provides instruction in experimental illustration in painting a variety of styles using traditional and innovative techniques.

IDEA 225  Applied Illustration II
2.00 credits  (3,0,3) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
This course is a continuation of Applied Illustration I, with an emphasis on conceptual development. The course focuses on subject interpretation using various mediums including experimental and traditional painting techniques, and introduces more complex subject matter. Students are introduced to the role of the illustrator as part of an advertising team and to an appreciation of the parameters of advertising illustration as applied to product and retail promotion.

IDEA 237  Diagrammatic Graphics
2.00 credits  (3,2,1) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
In this course, students will investigate the graphic presentation of statistics, processes and ideas. Particular attention is given to the purposes of diagrammatic graphics as applied to client needs. The emphasis is on concept, function and clarity of message.

IDEA 246  Brand Identity
3.00 credits  (4,2,2) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
This course introduces students to the field of brand identity by following the process of a branding assignment as it would typically be handled in a design studio or advertising agency. Students are guided through the process week by week, from creative brief through strategic framework to logo development and design of a variety of marketing materials. Presentations are conducted in a simulated "real world" environment.

**IDEA 250 Conceptual Design II**
2.00 credits (3,2,1) hrs 15 wks

Prerequisite: Successful completion of 27 IDEA 100-level course credits

This course is a continuation of Conceptual Design I. This course reinforces and further develops an exploratory approach to design process. Emphasis is placed on creating conceptual design solutions to specific communications problems.

**IDEA 255 Design for Exhibits/Environmental Graphics**
2.00 credits (3,1,1) hrs 15 wks

Prerequisite: Successful completion of 27 IDEA 100-level course credits

This course focuses on problem solving and the distribution of crucial information in an appropriate, clear, engaging and fun way - merging the fields of 2D and 3D design. This course will expose students to pre-manufactured exhibit display as well as complete exhibits and environments for specific purposes such as museums and trade shows.

**IDEA 260 Typography Digital I**
3.00 credits (4,2,2) hrs 15 wks

Prerequisite: Successful completion of 27 IDEA 100-level course credits

This course provides students with a thorough understanding of typography as a core element of communication through an exploration and appreciation of typographic expression, harmony, proportion, contrast, rhythm and hierarchy.

**IDEA 265 Typography Digital II**
2.00 credits (3,1,1) hrs 15 wks

Prerequisite: Successful completion of 27 IDEA 100-level course credits

This course is a continuation of Typography Digital I. This course focuses on the formal and conceptual attributes of effectively applied typography in print.

**IDEA 270 Digital Applications I**
1.00 credit (15,0,0) hrs 01 wks

Prerequisite: Successful completion of 27 IDEA 100-level course credits

This course is designed to provide students with the technical skills and knowledge to set up and maintain Mac OS computer systems and to integrate their personal Mac OS computer into the IDEA lab's computer network.

**IDEA 271 Digital Applications II: Image**
2.00 credits (3,2,1) hrs 15 wks

Prerequisite: Successful completion of 27 IDEA 100-level course credits

This course provides a basic to intermediate investigation of digital graphics. Particular attention is given to the development of graphic techniques appropriate to digital image making. Through exploration of the chosen graphics application (Adobe Photoshop), students will learn skills, and address issues concerning digital colour development for both illustration and design as they investigate the various features of the software.
IDEA 272  Digital Applications III: Layout and Vector
2.00 credits  (3,2,1) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
This course provides an introduction to electronic composition and imaging using computer software (Adobe Creative Suite) as a tool, on a Macintosh computer. The course covers a digital glossary, font and file management, colour systems, file formats, and proofing.

IDEA 285  Web Site Design
2.00 credits  (3,2,1) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
This course introduces students to design and development techniques for communication via an interactive medium: the World Wide Web. Starting from fundamentals in shaping the interactive experience such as information architecture, navigational user interface design and usability, students will progress to application of these principles through the creation of Web pages using graphical page-creation tools.

IDEA 290  Applied Design I
3.00 credits  (4,2,2) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
This course familiarizes students with the function of graphic design, teaches the importance of visual hierarchy in communications, and emphasizes resourcefulness, conceptual development and the creative process.

IDEA 295  Applied Design II
3.00 credits  (4,2,2) hrs  15 wks
Prerequisite: Successful completion of 27 IDEA 100-level course credits
This course focuses on editorial and publication design, and provides a continuation of theory and technique applied to complex real world projects. The emphasis is on conceptual development, meeting communications objectives for each project and on understanding the role of the designer/art director in a team environment.

IDEA 300  Business Practices for Design and Illustration
1.00 credit  (3,0,0) hrs  10 wks
Prerequisite: Successful completion of 57 IDEA course credits
This course focuses on operating in a freelance environment, client/designer contractual relationships, business practice procedures, operating in the print world, and the responsibilities required in an Internet environment.

IDEA 310  Illustration for Portfolio
2.00 credits  (3,0,1) hrs  15 wks
Prerequisite: Successful completion of 57 IDEA course credits
This course develops advanced drawing skills using a variety of mediums as applied to a series of illustrations. This course will give students the opportunity to complete a body of work for a chosen theme and context for their portfolio. The student will be both client and visual communicator with choice of concept, mediums and techniques.

IDEA 332  Advanced Illustration I
2.00 credits  (3,0,3) hrs  15 wks
Prerequisite: Successful completion of 57 IDEA course credits
This course continues to build on students' studio techniques and conceptual development in editorial and advertising projects. These will emphasize storytelling, complementing and enriching a text rather than merely repeating its content, while building on each student's stylistic strengths. The whole notion of Voice
is explored with more freedom in this area of work, while practical matters such as negotiation and billing are also to be covered.

**IDEA 336 Advanced Illustration II**

2.00 credits  (3,0,3) hrs  15 wks  

*Prerequisite:* Successful completion of 57 IDEA course credits

This course focuses on understanding illustration for persuasion used in the context of corporate, cultural and environmental applications. Students will develop sophisticated solutions with an emphasis on concept, process and presentation. Students will explore conceptual thinking and create several solutions for realistic project requirements.

**IDEA 338 Digital Illustration**

2.00 credits  (3,1,1) hrs  15 wks  

*Prerequisite:* Successful completion of 57 IDEA course credits

This course focuses on an exploration of advanced digital illustration using a variety of software programs to create both vector- and raster-based images. An understanding of the strengths of digital technology in contemporary conceptual illustration is emphasized.

**IDEA 341 Production for Print and Digital Media I**

1.00 credit  (4,2,0) hrs  08 wks  

*Prerequisite:* Successful completion of 57 IDEA course credits

This course focuses on electronic file preparation for print, review of processes and technology, and digital image preparation for print and other media. This course introduces the correct terms and processes involved in preparing design files for reproduction with a focus on Mac-based applications. Assignments are intended to give a sense of real-world experience. This course is not intended to evaluate or grade students on their creative or conceptual skills, but it will expect students to approach the course with a critical eye for good design.

**IDEA 342 Production for Print and Digital Media II**

1.00 credit  (4,2,0) hrs  08 wks  

*Prerequisite:* Successful completion of 57 INTE course credits

This course focuses on electronic file preparation for print, review of processes and technology, and digital image preparation for print and other media. This course introduces the correct terms and processes involved in preparing design files for reproduction with a focus on Mac-based applications. Assignments are intended to give a sense of real-world experience. This course is not intended to evaluate or grade students on their creative or conceptual skills, but it will expect students to approach the course with a critical eye for good design.

**IDEA 345 Self Promotion I**

1.00 credit  (3,2,0) hrs  10 wks  

*Prerequisite:* Successful completion of 57 IDEA course credits

This course focuses on the development of individual self promotional materials. The course also provides an introduction to the graphic design/illustration industry and related professional organizations through a series of studio tours and workshops with visiting consultants.

**IDEA 348 Visual Branding**

1.00 credit  (2,1,0) hrs  10 wks  

*Prerequisite:* Successful completion of 57 IDEA course credits

This course focuses on the in-depth branding of a company, product or service, and identifies ways in which a well-implemented brand strategy can differentiate an organization from its competitors. Project
components span identity design to packaging to small and large scale advertising campaigns to customer experience, tailored to what best builds a strong brand for the chosen end product.

IDEA 350   Packaging
3.00 credits (4,2,2) hrs 15 wks
Prerequisite: Successful completion of 57 IDEA course credits
This course introduces the aspects of branding in packaging, point-of-purchase and retail promotions and the potentials and constraints imposed by 3D graphic design, including form, function and government regulations.

IDEA 356   Exhibit Design
1.00 credit (3,1,0) hrs 10 wks
Prerequisite: Successful completion of 57 IDEA course credits
This course focuses on the application of type and image to exhibition and signage systems for both interior and exterior environments. Students make use of their experience in two-dimensional graphic design to produce interactive, conceptually-driven visual communications in three-dimensional space. This course incorporates design principles such as visual and verbal communication, architectural space, ergonomics and visual hierarchy.

IDEA 380   Web Site Applications
2.00 credits (3,2,1) hrs 15 wks
Prerequisite: Successful completion of 57 IDEA course credits
This course builds on the principles and techniques introduced in Web Site Design, concentrating on the role of the designer in the creation of information-rich web sites using a professional site authoring tool. Advanced techniques in the delivery of web content will also be explored, including the creation of vector-based web graphics and animation.

IDEA 390   Applied Design III
3.00 credits (4,2,2) hrs 15 wks
Prerequisite: Successful completion of 57 IDEA course credits
This course reinforces and further develops a conceptual approach to creating design solutions. Emphasis is placed on strategy as well as the development of a ‘big idea’ that can work in multiple executions and media.

IDEA 394   Professional and Portfolio Development
3.00 credits (2,2,3) hrs 15 wks
Prerequisite: Successful completion of 57 IDEA course credits
This course provides students with the opportunity to prepare and finalize professional design and illustration portfolios, and prepare materials and displays for the Graduation Show exhibit.

IDEA 395   Applied Design IV
3.00 credits (4,2,2) hrs 15 wks
Prerequisite: Successful completion of 57 IDEA course credits
This course covers advanced communication design projects and industry professionalism. Students will create design solutions to meet communications objectives for different kinds of print marketing materials. The process for each project will include in-depth research and consultation, analysis of the target audience and development of appropriate content. Creating distinctive concepts will be emphasized. Students will begin each project by identifying a communications strategy. The course also focusses on portfolio development and opportunities for industry recognition.
Indigenous Digital Filmmaking

IDF 119  Personal Professional Development I
1.50 credits  (1.6,0,0) hrs  19 wks
This course is designed to use traditional Indigenous methods of creativity in storytelling and writing to encourage students to find balance (physical, mental, emotional and spiritual) in their everyday life.

IDF 120  Indigenous Media History
3.00 credits  (30,0,0) hrs  02 wks
This course is designed to provide an introduction to the history and development of Indigenous creative and artistic expression. An overview of the development of Indigenous media, particularly television and film and its potential as an integral part of creative Indigenous traditions will be explored. Potential stories, series and program ideas will be explored through lectures, workshops and hands-on project work.

IDF 121  Indigenous Technical - Camera
2.00 credits  (20,10,0) hrs  02 wks
This course is designed to familiarize the student with the technical elements, processes and equipment used in digital film/video production – shooting and basic sound recording - through a mixture of lectures, workshops and hands-on experience.

IDF 122  Indigenous Technical - Editing
1.50 credits  (15,10,0) hrs  02 wks
This course is designed to familiarize the student with the technical elements, processes and equipment used in digital film/video post-production – capturing, logging, editing - and basic sound track preparation - through a mixture of lectures, workshops and hands-on experience.

IDF 123  Indigenous Technical - Sound
0.50 credits  (15,20,0) hrs  01 wks
This course is designed to familiarize the student with the technical elements, processes and equipment used in digital film sound recording through a mixture of lectures, workshops and hands-on experience.

IDF 124  Indigenous Technical - Sound Design
1.50 credits  (15,15,0) hrs  02 wks
This course is designed to familiarize the student with the technical elements, processes and equipment used in digital film sound editing/mixing for film and video through a mixture of lectures, workshops and hands-on experience.

IDF 125  Indigenous Technical - Combined Editing
1.50 credits  (30,20,0) hrs  01 wks
This course is designed to familiarize the student with the combined and interdependent operations and practices of recording, organizing and editing/mixing of both picture and sound in digital film/video production and post? production through a mixture of lectures, workshops and hands-on experience.

IDF 126  Indigenous Scriptwriting
4.00 credits  (27,11,0) hrs  03 wks
The course is designed to familiarize students with storytelling techniques and devices as they adhere to both traditional Indigenous storytelling and the current process of developing dramatic scripts/screenplays formatted for film and television. The role of the writer in drama production, and specifically in Indigenous production, will be described and simulated.
Indigenous Documentary Journalism
IDF 127
5.00 credits (25,6,0) hrs 04 wks
The course is designed to introduce students to factual storytelling structures and devices and apply this in the context of Indigenous television and film fact-based production. The role of the writer in the production process, and specifically in Indigenous fact-based production, will be described.

Indigenous Production Management
IDF 128
1.50 credits (15,15,0) hrs 02 wks
The course is designed to familiarize the student with the processes involved in planning, budgeting and managing a production, with specific reference to the Indigenous production sector.

Indigenous Production
IDF 129
7.00 credits (16,20,0) hrs 09 wks
Prerequisite: IDF 119, 120, 121, 122, 123, 124, 125, 126, 127 and 128
This course is designed to give the student basic knowledge and hands-on, practical experience of the marriage of creative and practical elements of production and post-production through a series of lectures, workshops and project work. Applying the skills and knowledge gained throughout the program, students will complete two of their own two-five minute productions and work in a variety of production roles on each other's productions.

Indigenous Practicum
IDF 130
1.00 credit (7,0,24) hrs 03 wks
Prerequisite: IDF 119, 120, 121, 122, 123, 124, 125, 126, 127, 128 and 129
Student will obtain placement in a production organization or company, with supervised mentoring and regular telephone contact with the practicum supervisor at the college.

Personal and Professional Development II
IDF 219
1.50 credits (4,0,75) hrs 08 wks
Prerequisite: Successful completion of 30 100-level IDF course credits
This course is designed to continue the “process oriented” progression of self-awareness and self-development from first year IDF 131 through the use of Indigenous methods of creativity in storytelling to encourage students to continue to create balance (physical, mental, emotional and spiritual) in their everyday life.

Indigenous Media I
IDF 220
1.50 credits (30,6,3) hrs 01 wks
Prerequisite: Successful completion of 30 100-level IDF course credits
This course is designed to provide an introduction to the history and development of Indigenous creative and artistic expression. An overview of the development of Indigenous media, particularly television and film and its potential as an integral part of creative Indigenous traditions will be explored. Potential stories, series and program ideas will be explored through lectures, workshops and hands-on project work.

Indigenous Media II
IDF 221
1.50 credits (30,17,6) hrs 01 wks
Prerequisite: Successful completion of 30 100-level IDF course credits

Technical Production
IDF 222
3.00 credits  (16.5,20,1.5)  04 wks
hrs
Pre-requisite: Successful completion of 30 100-level IDF course credits
This course is designed to expand and refine the student's knowledge, practical experience and skills in
the technical elements of production through a mixture of lectures, workshops and hands-on projects. More
complex and sophisticated production and post-production skills and tools will be introduced and developed,
including advanced camera work, lighting design, sound design, and advanced post-production processes
and techniques.

IDF 226  Indigenous Scriptwriting
4.00 credits  (20,0,4) hrs  04 wks
Pre-requisite: Successful completion of 30 100-level IDF course credits
This course is designed to refine and expand the student's scriptwriting/storytelling knowledge and skills.
Practical instruction in content, character development, structure and context is provided in concert with
the particular demands of writing for Indigenous film/video production. Students will complete a script for
a 5-20 minute dramatic production.

IDF 227  Documentary Journalism
4.00 credits  (16,15,16)  05 wks
hrs
Pre-requisite: Successful completion of 30 100-level IDF course credits
The course is designed to refine and expand the student's creative and structural knowledge and skills
applicable to fact-based production. Emphasis will be placed on a conceptual, creative, informed and artistic
approach. Students will write an outline/treatment for a 5-20 minute, fact-based production.

IDF 228  Indigenous Independent Producing
1.50 credits  (16,20,0) hrs  02 wks
Pre-requisite: Successful completion of 30 100-level IDF course credits
The course gives students a practical analysis and experience of the processes involved in developing an
independent production or production company. Lectures and project work provide knowledge and
understanding of the current Indigenous production sectors' business structures, processes and environment
for production development, financing, production and distribution.

IDF 229  Advanced Indigenous Production/Post Production I
6.00 credits  (30,20,6) hrs  04 wks
Pre-requisite: Successful completion of 30 100-level IDF course credits
This course is designed to give the student hands-on, practical experience of the marriage of creative and
practical elements of production and post-production through a series of lectures, workshops and project
work. Applying the skills and knowledge gained throughout the program, students will complete their own
two to five minute productions and work in a variety of production roles on each other's productions.

IDF 230  Advanced Indigenous Production/Post Production II
6.00 credits  (30,20,6) hrs  04 wks
Pre-requisite: Successful completion of 30 100-level IDF course credits
This course is designed to give the student expanded knowledge, skills and experience of the creative and
practical elements of production and post-production. Through lectures, workshops and project work,
students will learn and apply expanded creative and artistic concepts of film/video structure and style to
their production work. Students will work in at least two production skills areas on at least two major student
productions (5-20 minutes).

IDF 232  Advanced Indigenous Production Practicum
1.00 credit  (0,0,22.5) hrs  04 wks
Prerequisite: Successful completion of 30 100-level IDF course credits
Students will obtain placement in a production organization or company, with supervised mentoring and regular telephone contact with the program coordinator at the College.

## Interactive Design

### INTE 108  Orientation
- **0.50 credits**
- **(10,0,0) hrs**
- **01 wks**
Orientation takes place in the first week of the fall semester and precedes other courses in the program. Through a series of workshops, students prepare their computer system for the program and receive an orientation to the lab and network resources.

**INTE 109 Interactive Information Design**
3.00 credits (2,0,0) hrs 30 wks
Students are introduced to the key concepts and characteristics that enable effective communication through interactive media, beginning with a survey of interactive communications, including e-learning. The course progresses to an introduction to the key aspects of strategic planning as they relate to the design and implementation of interactive communications systems, focusing particularly on information design.

**INTE 110 System Diagnostics and Support**
1.50 credits (2,0,0) hrs 15 wks
A computer system is an excellent vehicle for developing analytical skills. This course uses the student workstation as the subject for learning about operating systems, their components and subsystems. Diagnostics and software utilities are used to illustrate and reinforce concepts. Students maintain their workstation and network resources; they form online expert groups to share their knowledge and provide user support to their peers.

**INTE 111 HTML and CSS Authoring**
2.00 credits (4,0,0) hrs 10 wks
This course explores the fundamental technologies underlying content creation for the World Wide Web. All Web documents are created with Hypertext Markup Language, which allows composition of page elements and imparts structure and meaning to the information. Cascading Style Sheets language is used to control the presentation of the content, allowing sophisticated page formatting and text styling. Particular attention is paid to proper use of these languages and current industry standards.

**INTE 112 Interactive Graphics**
3.00 credits (4,0,0) hrs 15 wks
Adobe Photoshop has many uses, from photo retouching to creating dramatic special effects graphics, to enhancing the look and feel of web pages. This course takes students through basic to intermediate aspects of the program, exploring its tools and features as students work through graphics projects. The use of Photoshop as a tool for Web designers is emphasized throughout.

**INTE 113 Visual Design**
1.50 credits (2,0,0) hrs 15 wks
This course provides students with an understanding of effective visual communication and the ability to apply that understanding to the creation of interactive media projects. Particular attention is given to the development of graphic layouts suitable for presentation media, such as interactive presentation and web delivery.

**INTE 114 Project Management**
1.50 credits (2,0,0) hrs 15 wks
This course provides instruction in the key aspects of project management as they relate to the development of interactive media projects. Students are introduced to the management tools and techniques required to facilitate the successful completion of the project production cycle.

**INTE 115 Interactive Vector Graphics**
1.50 credits (2,0,0) hrs 15 wks
This course provides students with an introduction to current tools and methods for creating interactive Web experiences incorporating vector-based graphics and animation. The course focuses on the benefits
and limitations of creating a Web experience in Macromedia Flash. Graphics creation and animation will be emphasized, with an introduction to the creation of interactive elements with Flash’s programming tools. Students are taught how to optimize content for fast delivery, and how to integrate Flash work into a web page.

**INTE 116 Usability Design and Testing**  
1.50 credits (2,0,0) hrs 15 wks  
This course focuses on interactive design as a user-centred iterative process. Students learn a systematic approach to the measuring of a product’s ease-of-use very early in the design process, through to the development and testing of prototypes with actual users.

**INTE 117 Web Prototype Development**  
1.50 credits (2,0,0) hrs 15 wks  
Rapid prototyping of Web page designs supports the user-centred design process. In this course, students learn how to use Macromedia Dreamweaver, a visual page design tool, to quickly create and modify usable page layouts.

**INTE 118 Structured Programming and Scripting for a Web Browser**  
2.00 credits (4,0,0) hrs 10 wks  
This course introduces common programming principles and techniques, using JavaScript as the working programming language. Common programming language features such as statements, functions, loops, conditional structures, operators, data structures and data types are explored in the context of the syntax and features of ECMA-Script. Good programming practices and code maintainability are emphasized.

**INTE 119 Self Marketing and Business Practices**  
3.00 credits (4,0,0) hrs 15 wks  
This course introduces the business perspective in the interactive media industry. Lectures, role-playing and assignments introduce students to marketing concepts and their applications, and prepare students to market themselves and their ideas. Through guest speakers, site visits and other professional contact, students are introduced to current practices in the industry within a business context. Survey and analysis of a chosen industry segment provide students with information to develop a self-marketing plan.

**INTE 120 Contemporary Issues**  
1.50 credits (2,0,0) hrs 15 wks  
This course examines the cultural, ethical, political, economic and aesthetic issues arising with the increasing use of computers. Students survey print and electronic media to research current comment on these issues; synthesize and analyze their findings; and present their work in both written and oral formats.

**INTE 121 Introduction to e-Learning**  
1.50 credits (2,0,0) hrs 15 wks  
This course provides a general introduction to e-Learning and its use and application in academic and non-academic environments. Students will identify and discuss the instructional goals, issues and concerns related to the implementation of e-Learning; review technology issues and technology modes for delivering e-Learning; and demonstrate design, development and assessment methodologies.

**INTE 122 Introduction to Audio**  
1.50 credits (2,0,0) hrs 15 wks  
This course provides students with an introduction to sound as an element in interactive design. It provides students with the ability to apply basic production techniques for digital audio. Upon successful completion of this course, students will be able to sample and edit audio, synchronize audio to images, and prepare optimized versions of audio files for interactive delivery.
INT 123    Visual Design II
1.50 credits  (2,0,0) hrs  15 wks
In this course students build on what they have learned in INT 113 by exploring more complex visual 
communications problems in screen design. Upon successful completion of this course, students will be 
able to define design objectives and apply effective design processes to achieve these. Topics include type 
and image, colour, brands, diagrams and visual navigation systems.

INT 201    Directed Study I
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: Successful completion of 24 100-level INT course credits
This course provides an opportunity to pursue a directed study in a focused area related to students’ 
preferred specialty. In this course, students will work towards advancing their knowledge and developing 
skills in the area of their chosen specialty, and will be evaluated on the success of those efforts. Students 
submit study plans and work to produce a project that implements the proposed components of the plan. 
They engage in specialized research and study, pre-production work, and in the production of the individual 
project. At the end of the project, students will summarize their learning experience.
Note: Prerequisites may be waived by departmental permission.

INT 202    Advanced Web Authoring
1.50 credits  (2,0,0) hrs  15 wks
Prerequisite: Successful completion of 24 100-level INT course credits
This course provides students with the skills necessary to implement advanced, complex visual designs 
Note: Prerequisites may be waived by departmental permission.

INT 203    Applied Project Management
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: Successful completion of 24 100-level INT course credits
This course aims to provide students with an opportunity to apply project management skills and tools while 
producing an interactive project for a client. In this course, students choose from a list of pre-screened 
clients. They work towards the objectives of strengthening interpersonal communications and team 
approaches and developing effective client relations and are evaluated on the success of those efforts.
Note: Prerequisites may be waived by departmental permission.

INT 205    Vector Graphics
1.50 credits  (2,0,0) hrs  15 wks
Prerequisite: Successful completion of 24 100-level INT course credits
This course is an introduction to current tools for creating vector-based graphics for interactive media and 
print, with a focus on fundamental techniques that apply to all software tools in this category.
Note: Prerequisites may be waived by departmental permission.

INT 206    Applied Database Design
1.50 credits  (2,0,0) hrs  15 wks
Prerequisite: Successful completion of 24 100-level INT course credits
This course teaches students to design, implement, and maintain information management systems and 
to create applications to use them.
Note: Prerequisites may be waived by departmental permission.

INT 207    Professional Alliance
1.50 credits  (2,0,0) hrs  15 wks
Prerequisite: Successful completion of 24 100-level INTE course credits

In this course, with guidance and advice from faculty, students make contact with industry professionals in order to prepare for a professional career. Students update their SWOT analysis, identify market segments of interest, develop a career research strategy, and contact potential employers. Students document their career search and present the results.

Note: Prerequisites may be waived by departmental permission.

INTE 208 Work Practicum
6.00 credits  (6.66,0,0) hrs  06 wks
Prerequisite: Successful completion of 24 100-level INTE course credits

This course provides students with the opportunity to apply classroom theory and skills to employment practices, and to gain direct workplace experience. Working with a host, students help the host organization to attain overall business outcomes or specific practicum objectives.

Note: Prerequisites may be waived by departmental permission.

INTE 209 Directed Study II
3.00 credits  (8,0,0) hrs  08 wks
Prerequisite: Successful completion of 24 100-level INTE course credits

This course provides an opportunity to define and pursue directed study in a focused area related to students' preferred specialty. This course combines self-directed study, peer collaboration and faculty mentoring. Students develop a proposal outlining the learning objectives, a resource list and a work plan. The learning objectives for the directed study must not be met by any courses currently offered in the department. Students create a significant portfolio project in which they apply the skills and knowledge acquired. An initial statement of intent must be submitted with the department at the beginning of the term the course is offered. The statement of intent is reviewed by the department and, if approved, a supervising faculty member is assigned. Regular reports and pre-arranged meetings with the supervising faculty member allow progress to be monitored throughout the course.

Note: Prerequisites may be waived by departmental permission.

INTE 210 Portfolio Development
1.50 credits  (4,0,0) hrs  08 wks
Prerequisite: Successful completion of 24 100-level INTE course credits

A portfolio is an important component of the professional development of the student. This course enables students to critically evaluate their own work in conjunction with instructors. The goal of the portfolio is to highlight students' marketable skills. The portfolio material includes a Web site, and/or a CD-ROM or DVD.

Note: Prerequisites may be waived by departmental permission.

INTE 211 Quality Assurance
1.50 credits  (4,0,0) hrs  08 wks
Prerequisite: Successful completion of 24 100-level INTE course credits

This course is a general introduction to software testing as part of a Quality Assurance process. This course focuses on the use of adaptable testing techniques and their relevance to the students' body of work.

Note: Prerequisites may be waived by departmental permission.

INTE 212 Presentation Skills
1.50 credits  (4,0,0) hrs  08 wks
Prerequisite: Successful completion of 24 100-level INTE course credits

This course provides an opportunity for students to gain experience in giving formal and informal presentations using industry-standard technology, and in giving and receiving critique. Students are required to make formal presentations to the class on their practicum experience and on the resulting portfolio.
Students make individual and small group informal presentations that simulate the work experience. Students are required to provide written critical evaluations of other presentations by the class. Students receive comments from their peers and the instructor.

Note: Prerequisites may be waived by departmental permission.

**INTE 213  Emerging Technologies**
1.50 credits (4,0,0) hrs 08 wks

Prerequisite: Successful completion of 24 100-level INTE course credits
In this course students explore emerging technologies and their application for interactivity: what they are, how they work and how they are applied. The focus is on forward thinking and succession planning for technology-based solutions and includes considerations for human factors and development.

Note: Prerequisites may be waived by departmental permission.

**INTE 214  Rich Media**
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: Successful completion of 24 100-level INTE course credits
This course provides a foundation in rich media production techniques for interactive design. Students will produce and integrate digital media including photographic, audio, and video elements within the context of an interactive presentation.

Note: Prerequisites may be waived by departmental permission.

---

**International Business**

**IBUS 231  Introduction to International Commerce**
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: IBUS 234 plus 24 post-secondary Business Administration credits
To provide the students with a practical and sound understanding of the application and theoretical foundation of international business in competitive environment, particularly multinational business management for enterprises as well as international commerce for trade and investment.

**IBUS 234  Introduction to Cross Culture Communication**
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 15 post-secondary Business Administration credits
The course is aimed at increasing participant's awareness of and sensitivity toward their own and other cultures and in increasing knowledge and skills competence in cross-cultural settings as they relate to business management and relationships. Through the presentation of information on communication theory and culture in general, an analysis of the barriers to effective cross-cultural communication, an in depth look at values and values orientations, and reflection on selected current international business events the link is made to both theoretical knowledge and applied skills relevant to both overseas and the domestic multicultural, multi-ethnic business environment.

**IBUS 255  Cross-Cultural Business**
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: 30 post-secondary Business Administration credits plus eligibility to register for ENGL 100. See English Diagnostic Test in the Registration section of the College Calendar
The course increases participant's awareness of and sensitivity toward their own and other cultures in cross-cultural settings as they relate to business management and relationships. It examines values and value orientations in relation to current international business events by establishing a link between theoretical
knowledge and applied skills to the international and the domestic multicultural, multi-ethnic business environment.

Japanese

JAPN 100  Beginning Japanese I
3.00 credits  (4,1.75,0) hrs  15 wks
This course offers a comprehensive introduction to modern Japanese through the study of vocabulary, grammar and culture. The beginning of the course will be devoted to learning the Japanese writing systems (hiragana and katakana). 40 to 50 kanji (Chinese characters) will also be taught. Students will develop basic language skills in a socio-culturally functional way.

JAPN 101  Beginning Japanese II
3.00 credits  (4,1.75,0) hrs  15 wks
Prerequisite: Japanese 11 or JAPN 100
This course is a continuation of JAPN 100 and must be taken in order to complete First Year level of Japanese. Students will learn more about the structure of modern Japanese and further develop their language skills in a socio-culturally functional way.
Note: Prerequisites may be waived by permission of instructor.

JAPN 200  Intermediate Japanese I
3.00 credits  (4,1.75,0) hrs  15 wks
Prerequisite: JAPN 101 or Japanese 12 with a minimum C grade
This course provides students with further socio-cultural knowledge at an intermediate level of Japanese. Emphasis will be placed on developing a comprehensive knowledge of modern Japanese through authentic materials and will include reading and writing skill development.
Note: Prerequisite may be waived by permission of instructor.

JAPN 201  Intermediate Japanese II
3.00 credits  (4,1.75,0) hrs  15 wks
Prerequisite: JAPN 200
This course continues to develop higher skills at the intermediate level and provides the students with a solid foundation on which to base further study of the language and to develop socio-culturally functional competence.
Note: Prerequisite may be waived by permission of instructor.

Jazz Ensemble

ENSJ 105  Jazz Choir
1.00 credit  (3,0,0) hrs  15 wks
Rehearsal and performance in one of Capilano College's Jazz Choirs. The intent of the class is to build group singing abilities in such areas as phrasing, blending and intonation.
Note: Performances are a mandatory part of the course.
Note: ENSJ 105 is one of the series ENSJ 105, 155, 205, 255, 305, 355, 405, 455.

**ENSJ 120  Guitar/Bass Ensemble I**

1.00 credit  (3,0,0) hrs  15 wks

Performance in guitar/bass ensemble for the development of sight reading and phrasing skills. Emphasis will be on single-note reading in all areas of the neck. Credit from this course is not applicable to the degree program.

*Note:* ENSJ 120 is one of the series ENSJ 120 and 170

**ENSJ 135  Jazz Ensemble I**

1.00 credit  (3,0,0) hrs  15 wks

Participation in the Capilano College large Jazz Ensemble for development of phrasing and sight reading skills.

*Note:* Performances are a mandatory part of the course.

*Note:* ENSJ 135 is one of the series ENSJ 135, 185, 235, 285, 335, 385, 435 and 485.

**ENSJ 136  Instrumental Ensemble I**

1.00 credit  (2,0,0) hrs  15 wks

Students rehearse in small like instrument ensembles under an instructor's supervision in preparation for a number of performances.

*Note:* Performances are a mandatory part of the course.

*Note:* ENSJ 136 is one of the series ENSJ 136, 186, 236, 286, 336, 386, 436 and 486.

**ENSJ 140  Percussion Ensemble I**

1.00 credit  (4,0,0) hrs  15 wks

An ensemble comprised exclusively of percussion instruments of both definite and indefinite pitch. Students will develop their sight reading and interpretive skills.

*Note:* Performances are a mandatory part of the course.

*Note:* ENSJ 140 is one of the series ENSJ 140, 190, 240, 290, 340, 390, 440 and 490.

**ENSJ 155  Jazz Choir**

1.00 credit  (3,0,0) hrs  15 wks

Rehearsal and performance in one of Capilano College's jazz choirs. The intent of the class is to build group singing abilities in such areas as phrasing, blending and intonation.

*Note:* ENSJ 155 is one of the series ENSJ 105, 155, 205, 255, 305, 355, 405, 455

**ENSJ 170  Guitar/Bass Ensemble II**

1.00 credit  (3,0,0) hrs  15 wks

Performance in guitar/bass ensemble for the development of sight reading and phrasing skills. Emphasis will be on single-note reading in all areas of the neck. Credit from this course is not applicable to the Degree program.

*Note:* ENSJ 170 is one of the series ENSJ 120 and 170

**ENSJ 185  Jazz Ensemble II**

1.00 credit  (3,0,0) hrs  15 wks

Participation in the Capilano College large Jazz Ensemble for development of phrasing and sight reading skills.

*Note:* Performances are a mandatory part of the course.

*Note:* ENSJ 185 is one of the series ENSJ 135, 185, 235, 285, 335, 385, 435 and 485.

Course Descriptions

This course introduces students to basic and intermediate word processing concepts using current software while working on an IBM compatible computer. Students will gain proficiency working with the software and the computer by producing a variety of legal documents formatted according to current legal office standards.

Note: 45 wpm keyboarding

**LGST 124** Organizational Behaviour

3.00 credits  (4,0,0) hrs  15 wks

This course looks at the effects of individual and group behaviour in organizations. Topics include leader behaviour and power, motivation, attitude development, perception, work stress and conflict. Students will also learn how to apply communication, problem solving and conflict resolution skills toward an organization's overall effectiveness.

**LGST 126** Basic Securities Procedures

1.50 credits  (6,0,0) hrs  05 wks

This course provides students with a basic knowledge of securities regulation in Canada with a focus on British Columbia securities legislation, securities procedures and the preparation of basic securities documents such as material change reports; insider reports; annual reports; and the documentation required for private placements of securities.

**LGST 130** Legal Document Transcription

4.50 credits  (6,0,0) hrs  15 wks

Prerequisite: LGST 123

Students will gain experience in preparing legal materials on a computer from recorded material which has been dictated as if from the desk of a lawyer to a competent legal secretary. The students will also build keyboarding speed and accuracy skills using both general business and legal materials.

**Legal Administrative On-line**

**LGAO 100** Introduction to the Canadian Legal System

0.75 credits  (5,0,0) hrs  06 wks

Prerequisite: ABTO 100 is a prerequisite or co-requisite

The primary purpose of this course is to provide the students with a general understanding and working knowledge of the Canadian legal system.

**LGAO 115** Legal Office Procedures

1.50 credits  (3.33,1.67,0)  09 wks

Prerequisite: ABTO 100 and LGAO 100 are prerequisites or co-requisites

The primary purpose of this course is to introduce the students to the legal profession, including the functions and duties of a legal administrative assistant in British Columbia.

**LGAO 125** Litigation Procedures I

1.50 credits  (2.5,2.5,0)  12 wks

Prerequisite: ABTO 100, LGAO 100 and 115 are prerequisites or co-requisites
This course introduces the student to the functions and duties of a legal administrative assistant working in civil litigation in British Columbia. This course is primarily a hands-on course in which the students integrate keyboard, computer, transcription and document formatting with a knowledge of civil law. It is intended that the students continue into LGAO 130.

LGAO 130   Litigation Procedures II
1.50 credits   (4.2,4.2,0)   07 wks hrs

Prerequisite: ABTO 100, LGAO 100, 115 and 125 are prerequisites or co-requisites

Litigation II builds on the skills and knowledge from Litigation Procedures I. Litigation II will continue the students' introduction to the legal concepts necessary to a basic understanding of litigation procedures. This course is primarily an hands-on course in which the students integrate keyboard, computer, transcription and document formatting with a knowledge of civil law.

LGAO 135   Family Litigation Procedures
1.50 credits   (2.5,2.5,0)   12 wks hrs

Prerequisite: ABTO 100, LGAO 100, 115, and 125 are prerequisites or co-requisites

This course introduces the student to the functions and duties of a legal administrative assistant working in a family law practice in BC.

LGAO 140   Corporate Procedures I
3.00 credits   (0,0,4) hrs   15 wks

Prerequisite: ABTO 100, LGAO 100 and 115 are prerequisites or co-requisites

This course introduces students to the role and responsibilities of a Legal Administrative Assistant working in the field of corporate law. Through an extensive overview of the various forms of business organizations, this course will cover corporate structure including, Sole Proprietorship, Partnership (General and Limited), and Corporations (Private: Non-Reporting, and Public: Reporting) and Corporate Registry. Students will acquire a basic knowledge of the Business Corporations Act, learn specialized terminology, and apply practical experience in document preparation, necessary for maintaining records of a British Columbia Corporation. The course will also cover incorporation procedures, post corporate procedures and annual maintenance.

LGAO 145   Conveyancing Procedures I
1.50 credits   (0,4.3,4.3)   07 wks hrs

Prerequisite: ABTO 100, LGAO 100 and 115 are prerequisites or co-requisites

This course introduces the student to the role and responsibilities of a Legal Administrative Assistant employed in the field of conveyancing in British Columbia. Subjects covered will include knowledge and practical experience in topics such as systems of land registration, land title searches, contracts of purchase and sale, methods to convey interests in land, statements of adjustments, and the execution and registration of electronic documents filed in Land Title Offices. This course focuses on the purchaser's procedures for a simple conveyance not involving financing. After taking Conveyancing Procedures I, students should progress to Conveyancing Procedures II which will cover procedures for financed purchaser conveyances, vendor sales, and mortgage loans. Conveyancing Procedures II will also cover acting for a purchaser and a mortgagee at the same time, as well as documents involved in the sale and purchase of manufactured homes.

LGAO 150   Conveyancing Procedures II
1.50 credits   (0,4.3,4.3)   07 wks hrs
Prerequisite: ABTO 100, LGAO 100, 115 and 145 are prerequisites or co-requisites
This course introduces the student to the role and responsibilities of a Legal Administrative Assistant employed in the field of conveyancing in British Columbia. This course is a continuation of the material covered in Conveyancing Procedures I. Students will gain knowledge and practical experience in topics such as methods to convey interest in land involving purchaser financing, strata property considerations, builders’ liens, acting for the vendor, acting for mortgage lenders, additional adjustments for statements of adjustments, authorities to pay, the execution and registration of electronic documents filed in Land Title Offices, acting for both the purchaser and mortgagee, and documents for the transfer of manufactured homes.

LGAO 155  Wills and Estates  
1.50 credits  (0,4.3,4.3)  07 wks 
hrs
Prerequisite: ABTO 100, LGAO 100 and 115 are prerequisites or co-requisites
This course introduces the student to the role and responsibilities of a Legal Administrative Assistant employed in the field of wills and estates in British Columbia. Students will gain knowledge and practical experience in preparation of wills and codicils and the documents necessary to apply grants of Letters Probate and Letters of Administration (with and without a Will), Administration Bonds, transferring the deceased’s assets and winding up estates. Students will prepare documents acceptable to the Probate Registry for filing, followed by transmission and distribution of estates. This is a “hands-on” course in which the students integrate keyboard, computer, document formatting and transcription skills, with knowledge of estate law.

LGAO 160  Corporate Procedures II  
1.50 credits  (0,4.3,0) hrs  07 wks 
Prerequisite: ABTO 100, LGAO 100, 115 and 140 are prerequisites or co-requisites
This course is a continuation of the material covered in Corporate Procedures I which introduced the student to the role and responsibilities of Legal Administrative Assistant working in the field of corporate law. This course covers corporate structure and completion of filing forms as it relates to Sole Proprietorship, Limited Partnerships, Societies, Cooperatives, Non-Reporting companies and Extra-Provincial Non-Reporting companies. The course also introduces the student to Securities and to BC Online (an Internet access to government services and information about B.C. companies).

LGAO 165  Personal Injury  
1.50 credits  (0,0,2.5) hrs  12 wks 
Prerequisite: ABTO 100, LGAO 100, 115, 125 and 130 are prerequisites or co-requisites
This course, building on Litigation Procedures courses, will provide the student with the skills and knowledge required to bring a personal injury action in the Supreme Court of British Columbia.

Linguistics

LING 100  Introduction to General Linguistics: Language Structure  
3.00 credits  (4,0,0) hrs  15 wks 
Linguistics is the study of human language and ultimately the human mind. Linguistics 100 is designed to introduce the field of linguistics and the principles that are involved in the description and analysis of language. Students will develop an understanding of the core areas of linguistics - morphology (the study of words and their internal structure), phonetics (the description of how sounds are produced), phonology (the study of sound systems), and syntax (the study of phrases and sentences) - by looking at data from various languages around the world. Special attention will be given to the language backgrounds represented
by students in the class, so that we can appreciate both the diversity of language and the principles that
are shared by all languages.

LING 101   Introduction to General Linguistics: Language Use
3.00 credits   (4,0,0) hrs   15 wks
This course explores the relationship of language to other systems - social, biological and cognitive. It
explores the relationship between language and social systems (socio-linguistics), language change
(historical linguistics), first and second language acquisition, language meaning and use (semantics and
pragmatics), language typology and the nature of writing systems.

LING 102   Introduction to Practical Phonetics
3.00 credits   (4,0,0) hrs   15 wks
This course is an introduction to articulatory phonetics, a method of describing speech sounds on the basis
of how they are produced or articulated. While there will be weekly assigned readings, the focus of the
course will be on the development of practical skills in the transcription of English speech sounds. In addition
to the reading and transcription drills, the course will also focus on the sound systems of the second
languages that members of the class are currently studying.

LING 206   First Nations Languages of British Columbia
3.00 credits   (4,0,0) hrs   15 wks
This course explores the relationship of language to other systems and will focus on the First Nations
Languages of B.C. In particular it will explore the relationship between language, culture and social systems
within the Salish (Coastal and Interior) language family. An important aspect of the course is to gain an
understanding of language and culture from a First Nations perspective. Language endangerment, language
policy, and efforts to retain or revive languages will also be discussed.
Note: LING 100 and 102 are recommended as prerequisites but not required.

LING 208   Indigenous Languages and Their Speakers
3.00 credits   (4,0,0) hrs   15 wks
This course explores the diversity of indigenous languages around the world in the context of language
endangerment. We will ask "what is lost if a language disappears?" We will look at the rich cultural diversity
and challenges of Aboriginal Australian, Native American, Pacific and Celtic languages through such topics
as language attitudes, language dominance, cross-cultural communications in the sharing of information,
respect systems, pidgins and creoles, and human categorization systems.
Note: LING 100 and 102 are recommended as prerequisites but not required.

Local Government Admin

PADM 200   Local Government Administration in BC
3.00 credits   (4,0,0) hrs   15 wks
This course will include discussion of the structures and administration of local governments, as well as
current issues in local governance. Topics include: the history and purposes of local government; how local
governments are organized and administered; their powers and limitations; issues of sustainability; relations
with aboriginal government; and issues of public participation such as interest group lobbying and public
consultation.
Note: This course is taught over three weekends.

PADM 201   Local Government Services in BC
This course will examine the service that municipalities provide to their citizens in British Columbia. Services to be discussed include: public works, protective services, including fire and police, regulatory services, water and sewer services, refuse collection and solid waste disposal, recreation and cultural services and environmental protection services.

Note: This course is taught over three weekends.

**PADM 202 Municipal Finance in BC**

This course will examine the practices and issues of municipal finance in British Columbia and will include discussion of the Municipal Act as it pertains to financial administration; the role of provincial government in financial administration, the role of the Municipal Finance Authority; the finance function at the Municipal/Regional levels; accounting and financial controls in Municipalities and Regional Districts; the financial planning process including short term budgets and long term financial planning; financing options; general accounting/treasury functions; assessment, taxation, collection.

Note: This course is taught over three weekends.

**PADM 203 Municipal Law in BC**

This course focuses on legal principles pertaining to municipal government and regional governments, with particular emphasis on its status, functions, and legal powers and constraints. It will also introduce the principles of administrative law, how legislation is created, and the powers and duties of administrative agencies. Topics covered will include municipal liability, municipal planning law, municipal council and staff legal issues, legislative drafting, basic principles of administrative and constitutional law, and principles of administrative law.

Note: This course is taught over three weekends.

**PADM 204 Leadership in Local Government Organizations**

This course provides participants with new information and new research in the field of leadership studies. The format provides many opportunities to learn and practice skills required for effective leaders, the opportunity to learn directly with and from some of the most outstanding leaders in local government in BC, and includes time to look at specific issues faced by individual participants. The course blends theory and practice, with an emphasis on discussion and interaction and participant involvement through role playing and case studies.

**PADM 205 Advanced Communication Skills - Local Government Professionals**

The goal of the course is to have British Columbia local government professionals participate in communication skill-based training that will strengthen their individual and team performances. It is believed that managing change, collaborating and navigating difficult conversations are essential communications competencies that effective local government professionals must demonstrate daily. This course will assist participants to become more effective in these areas through interactive sessions on resolving conflict, council-staff relations, communicating with diverse populations, negotiating skills, and coaching skills.

**PADM 206 Transforming Communities through Tourism**

The goal of this course is to strengthen participants’ ability to assist their communities to identify and pursue new opportunities for stimulating sustainable economic growth and job creation in their regions. Through interactive seminars with local government leaders and academics specializing in community economic development, participants will learn approaches and skills which will make them more effective in leading
community economic processes. Many B.C. communities are facing challenging and difficult times as traditional industries are weakened or closed. This course is designed to address many of the issues required to make successful transitions to community economic stability based on new sources of revenue and new partnerships.

**PADM 207**  
Managing People in Local Government Organizations  
3.00 credits  
01 wks

This course focuses on organizational success in local government and provides students with the skills and knowledge to carry out their responsibilities as supervisors and managers in British Columbia local governments more effectively.

**PADM 208**  
Community Planning for Non-Planners: Planning Skills for Local Government Professionals  
3.00 credits  
01 wks

The goal of the course is to have British Columbia local government professionals participate in community planning skill-based training. This training will assist students to become more knowledgeable and more effective as they carry out and manage the various local government land use planning and development functions they encounter, and for which they are responsible.

**PADM 209**  
Fundamentals of Local Government Corporate Administration  
3.00 credits  
15 wks

The goal of this course is to provide local government professionals with the skills and knowledge that will assist them to more effectively carry out their responsibilities as members of the department of the City Clerk/Corporate officer, and to prepare them for more senior leadership roles in their local government organizations.

### Mathematics and Statistics

**MATH 091**  
Introductory Algebra  
1.00 credit  
05 wks

*Prerequisite:* Math Placement Test (MPT); or Principles of Math 11 or Applications of Math 12 with a minimum C- grade

Develops the concepts of introductory algebra with emphasis on the real number system, the algebra of exponents, and polynomial arithmetic at the elementary level. This course is intended for students who need to refresh their basic algebra skills.

*Note:* This course is completed in the first five weeks of the term and is followed by Math 096 for the remainder of the semester.

**MATH 096**  
Intermediate Algebra with Functions  
2.00 credits  
10 wks

*Prerequisite:* MATH 091 or BMTH 043 with a minimum B- grade; or BMTH 044 with a minimum C grade

Develops the concepts of intermediate algebra including polynomials, rational expressions, radical expressions, quadratic equations and an introduction to logarithms. This course is intended for students who have already completed a basic introduction to algebra.

*Note:* This course starts in week 6, following the completion of Math 091, and continues until the end of the term.

**MATH 101**  
Introduction to Statistics
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Math Placement Test (MPT); or MATH 091 or BMTH 043 with a minimum C+ grade; or MATH 096 or BMTH 044 with a minimum C- grade; or Principles of Math 11 or Applications of Math 12 with a minimum C grade
An introduction to the language of statistics and some statistical methods, including random variables and their distribution; random sampling, normal distribution, estimation of parameters and testing hypotheses.
Note: No duplicate credit for MATH 101/204.

MATH 102 Statistical Methods
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: MATH 101 with a minimum C- grade
A study of important statistical methods commonly used in the analysis of research data, including t-tests and their non-parametric competitors, one and two-way analysis of variance, chi-square tests and regression analysis.
Note: MATH 102 will be offered in the Spring term when sufficient student demand is evident.

MATH 105 Precalculus Mathematics
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Math Placement Test (MPT); or Principles of Math 12 with a minimum C grade; or MATH 096 with a minimum C- grade; or BMTH 044 with a minimum B grade
This is a functions course. Topics include: graphs, properties of functions, mathematical models, trigonometry, logarithms and exponential functions. Primarily for students who anticipate taking science calculus courses or who require a Principles of Math 12 equivalent course.
Note: No duplicate credit for MATH 105/107.

MATH 107 Precalculus for Business and Social Sciences
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Math Placement Test (MPT); or Principles of Math 12 with a minimum C grade; or MATH 096 with a minimum C- grade; or BMTH 044 with a minimum B grade
This is a functions course. Topics include: graphs, properties of functions, mathematical models, trigonometry, logarithms and exponential functions. The mathematical models/applications in this course will be mainly business/finance oriented. Primarily for students who anticipate taking business calculus courses or who require a Principles of Math 12 equivalent course.
Note: No duplicate credit for MATH 105/107.

MATH 108 Calculus I for Business and Social Sciences
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Math Placement Test (MPT); or Principles of Math 12 with a minimum B grade; or MATH 105 or MATH 107 with a minimum C- grade; or BMTH 054 with a minimum C+ grade
An introduction to the mathematics of change. Concepts of differential calculus are explored with an emphasis on applications to business and social science using a technology-based modeling approach. Topics include limits, continuity, the derivative, rules of differentiation, implicit differentiation, applications of differentiation.
Note: No duplicate credit for MATH 108/116.

MATH 109 Calculus II for Business and Social Sciences
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: MATH 108 or 116 with a minimum C- grade
With an emphasis on applications to business and social science, this course explores topics in single variable integral calculus, multivariable calculus and differential equations. Topics include the definite
integral and applications, integration techniques, multivariable functions, partial derivatives, extrema, Lagrange multipliers, some techniques for solving differential equations.

Note: No duplicate credit for MATH 109/126.

MATH 116 Calculus I
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Math Placement Test (MPT); or Principles of Math 12 with an A grade; or Principles of Math 12 and Calculus 12 with a minimum B grade in each; or MATH 105 with a minimum C- grade; or BMTH 054 with a minimum B grade
Course content: Limits, continuity, the derivative, rules of differentiation, implicit differentiation, parametric curves, related rates, curve sketching, optimization, linear approximations, transcendental functions, indeterminate forms, anti-differentiation. Throughout the course a strong emphasis is placed on the geometric interpretation of the concepts of calculus.

Note: No duplicate credit for MATH 108/116.

MATH 124 Discrete Mathematics I
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Math Placement Test (MPT); or Principles of Math 12 with an A grade; or Principles of Math 12 and Calculus 12 with a minimum B grade in each; or MATH 105 or BMTH 054 with a minimum A grade; or MATH 116 with a minimum C- grade
A survey of fundamental topics in discrete mathematics including: mathematical proofs using direct arguments, indirect arguments, and induction; the algebra of sets; combinatorics; functions and relations; and graph theory. This course stresses the special role of discrete mathematics in Computing Science.

MATH 126 Calculus II
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: MATH 116 with a minimum C- grade
A study of the anti-derivative, the integral, techniques of integration, applications of the integral, differential equations, polar coordinates, sequences, infinite series and Taylor’s Theorem. Continued emphasis on the geometric interpretation of the concepts of calculus.

Note: No duplicate credit for MATH 109/126.

MATH 152 Linear Algebra and Differential Equations
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: MATH 126 is a prerequisite or a co-requisite
An introduction to lines and planes, systems of linear equations and matrices, vector spaces and linear transformations, determinants, eigenvalues and eigenvectors, diagonalization. The theory will be applied to first order linear differential equations, first order linear systems and engineering topics.

Note: This course is intended for students in the Engineering Program.

Note: No duplicate credit for MATH 152/200.

MATH 190 Mathematics for Elementary Teachers
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: Math Placement Test (MPT); or MATH 091 or BMTH 043 with a minimum B grade; or MATH 096 with a minimum C- grade; or BMTH 044 with a minimum C+ grade; or Principles of Math 11 or Applications of Math 12 with a minimum C grade
A study of selected topics in mathematics designed to give future elementary teachers an appreciation of the power, beauty, and importance of mathematics. Topics include: problem solving, number systems, geometry, measurement, probability and statistics. This course does not normally count for credit in science
programs. It is intended for students who plan on entering an education program for elementary school teachers.

Note: Students who have taken, received transfer credit for, or are currently taking Math 108 or Math 116 may not take Math 190 for credit without the permission of the Department of Mathematics and Statistics.

Note: This course requires preparation for, and participation in, a SNAP Math Fair to be held at the College outside of regularly scheduled class time.

**MATH 200 Linear Algebra**

*3.00 credits  (4,0,0) hrs  15 wks*

*Prerequisite:* MATH 126

An introduction to lines and planes, systems of linear equations and matrices, vector spaces and linear transformations, determinants, eigenvalues and eigenvectors, orthogonality and diagonalization. Theorems and proofs are an important component of the course.

*Note:* No duplicate credit for MATH 152/200.

**MATH 204 Probability and Statistics for Applications**

*3.00 credits  (4,0,0) hrs  15 wks*

*Prerequisite:* MATH 108 or 116 with a minimum C- grade

An introduction to inferential statistical methods. Confidence intervals, t-tests, chi-square tests, correlation and regression. The emphasis will be on problem formulation, models, assumptions and interpretation. Regularly scheduled labs will introduce course participants to appropriate supporting statistical software.

*Note:* No duplicate credit for MATH 101/204.

**MATH 205 Introduction to Probability and Statistics**

*3.00 credits  (4,0,0) hrs  15 wks*

*Prerequisite:* MATH 126 with a minimum C- grade

A calculus-based study of probability, discrete and continuous random variables, mathematical expectation, moment generating functions, Central Limit Theorem, sampling from normal populations, confidence intervals, hypothesis testing.

**MATH 215 Introduction to Analysis**

*3.00 credits  (4,0,0) hrs  15 wks*

*Prerequisite:* MATH 126 with a minimum C+ grade

A course for students who plan to proceed in mathematics. Logic, sets, functions, limits of sequences and series; introduction to continuity, the derivative, Riemann Integral.

*Note:* MATH 215 to be offered in the fall or spring term when sufficient student demand is evident.

**MATH 224 Discrete Mathematics II**

*3.00 credits  (4,0,0) hrs  15 wks*

*Prerequisite:* MATH 124 with a minimum C- grade

A continuation of the study of discrete mathematics from MATH 124. The emphasis is on combinatorial analysis, including generating functions, set theory and graph theory, with applications to Computing Science including representations, algorithms, and complexity.

**MATH 230 Calculus III**

*3.00 credits  (4,0,0) hrs  15 wks*

*Prerequisite:* MATH 126 with a minimum C- grade

*Corequisite:* MATH 152 or 200
Analytical geometry of three dimensions; partial differentiation, applications; double and triple integrals; transformations to various coordinate systems.

**MATH 231  Calculus IV**
3.00 credits  (4,0,0) hrs  15 wks

*Prerequisite:* MATH 230 and MATH 152 or 200 with a minimum C- grade
Vector calculus; line and surface integrals; Green's Theorem; vector fields; divergence theorem; Stokes's Theorem; applications.

*Prerequisite:* MUS 101  
*Corequisite:* MUS 212  
This course develops a richer understanding of tonal harmony both in terms of its local relationships (chord-to-chord connections) and its longer-range behaviour over the course of a musical phrase, section or entire composition. The course is designed to link theoretical understanding to aural appreciation, and to enhance the students’ enjoyment of the music history curriculum through detailed study of the same repertoire wherever possible. As well, the course offers tools for learning and memorizing repertoire, in support of the students’ performance studies.

**MUS 201**  
**Theory IV**  
3.00 credits  
(4,0,0) hrs  
15 wks  
*Prerequisite:* MUS 200  
*Corequisite:* MUS 213  
This course helps students to continue to develop a richer understanding of tonal harmony and its role in generating and articulating musical forms. Emphasis will be placed upon recognizing the relationship between linear motion and tonal harmonic progression, particularly as found in nineteenth-century music. Like MUS 200, the course is designed to link theoretical understanding to aural appreciation, and to enhance the students’ enjoyment of the music history curriculum through detailed study of the same repertoire wherever possible. As well, the course offers tools for learning and memorizing repertoire, in support of the students’ performance studies.

MT 520 Guided Imagery and Music
3.00 credits (20,0,40) hrs 01 wks
This experiential course introduces students to the Bonny method of Guided Imagery and Music (GIM). Students will learn the theoretical foundations to the method, the application and administration of music and imagery, and the scope of the method. Students will observe GIM sessions, participate as therapist and client, and reflect on their experiences as observer and participant. Successful completion of this course results in a Level One GIM certificate that is endorsed by the Association for Imagery and Music.
Note: Intended for students with a Bachelor of Music Therapy Degree or equivalent training in counselling, art therapy, or related health care fields as assessed by the instructor.

MT 521 Guided Imagery and Music II
3.00 credits (5.83,0,0) hrs 12 wks
Prerequisite: MT 520
This course is the first in a series of six advanced level training courses in the Bonny Method of Guided Imagery and Music leading to an Advanced Certificate in GIM. This training is endorsed by the Association for Music and Imagery and leads to the designation of Fellow of AMI. Students taking this course are encouraged to complete the advanced courses, upon the recommendation of the instructor, at the end of Level II, MT 521.
Note: Prerequisite may be waived by permission of instructor.

MT 522 Guided Imagery and Music III A: Professional Practice
2.00 credits (4.44,0,0) hrs 09 wks
Prerequisite: MT 521
Corequisite: MT 526
This advanced level training in GIM will address professional issues, ethics, assessment, advanced interventions, contraindications to this method, issues of transference and counter-transference, clinical conditions and GIM, and therapeutic termination. Two additional music programs will also be introduced and students will experience GIM sessions in the role of therapist and client.

MT 523 Guided Imagery and Music III B: The use of Music in GIM
2.00 credits (4.44,0,0) hrs 09 wks
Prerequisite: MT 522
Corequisite: MT 527
This advanced level training in GIM will address in-depth the therapeutic effects of the music in the GIM method. Design of music programs will be explored as well as how to choose music for client needs. Three additional music programs will be introduced. Students will receive supervision in GIM practice sessions.

MT 524 Guided Imagery and Music III C: Imagery, Myth and Symbol
2.00 credits (4.44,0,0) hrs 09 wks
Prerequisite: MT 523
This advanced level training in GIM will explore imagery, colour, archetypal figures, the interpretation of symbols, and Jungian theory. It will also explore the use of mandala drawings in greater depth. One music program will be introduced. Students will receive supervision in GIM practice sessions.
MT 525  Guided Imagery and Music III D: Spirituality
3.00 credits  (3.75,0,0) hrs  15 wks
Prerequisite: MT 524
This advanced level training in GIM will explore alternative states, and implications for working with the GIM method. Two new music programs will be introduced. Students will receive supervision in GIM practice sessions.

MT 526  Guided Imagery and Music: Practicum I
1.50 credits  (0,0,2.67) hrs  15 wks
Prerequisite: MT 521
This course requires the student to conduct 37 practice sessions of the Bonny Method of GIM. An approved Fellow of AMI will supervise seven of the 37 sessions, at the student's expense. In addition, students must experience 10 personal sessions given by an additional approved Fellow. Students will also share their work in two daylong seminars spread throughout the term.

MT 527  Guided Imagery and Music: Practicum II
1.50 credits  (0,0,2.67) hrs  15 wks
Prerequisite: MT 521
This course requires the student to conduct 38 practice sessions of the Bonny Method of GIM. An approved Fellow of AMI will supervise eight of the 38 sessions, at the student's expense. In addition, students must experience 10 personal sessions given by an additional approved Fellow. Students will also share their work in two daylong seminars spread throughout the term.

Occupational Skills Training

OCTR 001  Occupational Aptitudes and Strategies

(40,0,0) hrs  
02 wks

Prerequisite: REC 163 is a prerequisite or co-requisite

This extensive second level course includes patient assessment and extended first aid care, communication, oxygen therapy, and commercial splints.

**Philosophy**

**PHIL 101**  
**Introductory Philosophy: Ethics**
3.00 credits  
(4,0,0) hrs  
15 wks

An introduction to both ethical theory and applied ethics. The emphasis of the course varies among instructors, with all focusing to some extent on improving moral reasoning. The course covers the following issues: (a) What makes right actions right and wrong actions wrong? Utilitarianism, Kantianism, and virtue ethics are usually considered. (b) Why should I be moral, rather than merely self-interested? (c) In what sense, if any, are moral values objective? (d) If any of the following are wrong, what makes them wrong:
private wealth, deception, capital punishment, euthanasia, assisted-suicide, meat-eating, abortion, cloning, polygamy, etc? (e) What are our moral obligations to children, the frail and elderly, future generations, and other species?

PHIL 102  Introductory Philosophy: Knowledge and Reality
3.00 credits  (4,0,0) hrs  15 wks
An introduction to the part of philosophy concerned with questions about the ultimate nature of the world we live in and our knowledge of it (traditionally called Metaphysics and Epistemology). The issues discussed include: the existence and nature of God, the place of human beings in the universe, the nature of reality, human nature, human knowledge and skepticism, freedom and determinism, and the relationship between mind and body. The emphasis of the course varies from instructor to instructor.

PHIL 110  Critical Thinking
3.00 credits  (4,0,0) hrs  15 wks
An introduction to the basic rules of clear and rational thought. The student will be taught, through extensive examples, how to detect false reasoning, illegitimate appeals to emotions, inconsistencies and contradictions. The goal is to develop our logical awareness to the point that we can no longer be victimized by the rhetoric of everyday life, and can develop our own arguments with clarity and confidence. At the instructor's discretion, the course may introduce students to classical syllogistic logic.

Note: PHIL 120 is a natural continuation of this course and is recommended for those who want a thorough introduction to the concepts and principles of rational thought.

PHIL 117  Philosophy of Religion
3.00 credits  (4,0,0) hrs  15 wks
This course examines arguments in answer to two philosophical questions. First, are there any good reasons for believing some kind of God exists? Second, if rational arguments are unpersuasive, is it a mistake to believe religious claims nevertheless? In addressing the first question, the course considers the cosmological, teleological, and ontological arguments for the existence of God, the argument from religious experience, the problem of evil, and related matters such as the attributes of God, miracles, revelation, and death. In addressing the second question, the course focuses on the conflict between faith and reason. Topics include the ethics of believing without evidence, arguments for and against objective reasoning, and the pragmatic justification of religious belief. The course is relevant to all students, from any tradition, with or without religious faith. The only prerequisite is an interest in exploring metaphysical and epistemological arguments in answer to the above central questions of philosophical inquiry.

PHIL 120  Scientific Reasoning
3.00 credits  (4,0,0) hrs  15 wks
This course focuses attention on the analysis and evaluation of inductive arguments. We begin by exploring the basic principles of inductive reasoning and then utilize these principles to explore such topics as rational decision making, the nature and testing of scientific theories in both the natural and social sciences and the difference between causal relations and correlations. Attention will also be given to the fallacies involved in the appeal to polls and statistics.

Note: There are no prerequisites, but the course is a natural continuation of PHIL 110, and will appeal especially to students who have an interest in either the natural or social sciences.

PHIL 140  Philosophy and Law: Introduction to Canadian Law
3.00 credits  (4,0,0) hrs  15 wks
A general introduction to the fundamental principles of jurisprudence and to the basic legal institutions of Canada. The course addresses such philosophical topics as what a law is; whether it is what legislators say it is or what courts say it is; and how to determine whether a law is good or bad. It also examines the history and theory of Canadian law (including the development of the Canadian Constitution), the system
of Canadian courts, and the roles of members of the legal profession. Consideration is given to the nature of legal reasoning, the doctrine of precedent, and principles of statutory interpretation. An introduction is provided to the fields of contract, torts, administrative and family law, and the process of law reform.

PHIL 141 Philosophy and Law: Introduction to Criminal Justice System
3.00 credits (4,0,0) hrs 15 wks
An introduction to an analysis of theories of punishment and rehabilitation through an examination of the operational practices of the Canadian criminal justice system. In the course of studying the structure and operations of the criminal justice system in its various stages from the moment of initial police involvement to the correctional disposition of convicted offenders, the course focuses on both theoretical and practical decision making. Theoretical concerns include: individual civil liberties in relation to police procedures, notions of evidence, sentencing theory, and current correctional strategies.

Note: The above two courses are modelled on SFU's Criminology 131/135 and are intended for both philosophy students and those interested in pursuing further studies in the field of criminology.

PHIL 150 History of Philosophy: Ancient and Medieval
3.00 credits (3,0,1) hrs 15 wks
This course covers the history of philosophy from the mythopoeic traditions of Homer and Hesiod to the philosophy of Thomas Aquinas and the end of the medieval era. Among the other philosophers to be examined are Plato, Aristotle and Augustine. The focus will be on the metaphysical and epistemological views that have shaped the European intellectual heritage. We will also examine the extent to which Christianity has given shape to the peculiar character of philosophy in the medieval era.

Note: This course is intended to appeal to a broad audience. Anyone with an interest in the intellectual traditions of European heritage is welcome.

PHIL 151 History of Philosophy: Modern
3.00 credits (3,0,1) hrs 15 wks
This course covers the history of philosophy from the Renaissance to the middle of the 20th Century. We shall examine the views of such prominent figures as Descartes, Spinoza, Locke, Hume, Kant and Sartre. Throughout, the focus will be on the metaphysical and epistemological views that have given shape to the European intellectual tradition. We will also examine the emergence of science and its method and the extent to which it has been shaped by, and given shape to, philosophical thought during this period.

Note: This course is intended to appeal to a broad audience. Anyone with an interest in the intellectual traditions of European heritage is welcome.

PHIL 200 Political Philosophy: Classic Theories
3.00 credits (4,0,0) hrs 15 wks
This course surveys major political theories in the Western tradition. It introduces students to the principal issues in political philosophy by looking at the writings of some of history's most important philosophers, possibly including Plato, Aristotle, Machiavelli, Hobbes, Locke, Rousseau, Mill, and Marx. The general question addressed is: How should society be organized? In considering answers to this question we investigate the grounds for political and social structures like the state, government, laws, property, and principles of justice.

PHIL 201 Political Philosophy: Problems and Issues
3.00 credits (4,0,0) hrs 15 wks
This course adopts a problems and issues approach to political philosophy. Rather than focusing on particular philosophers in the history of political thought (as in PHIL 200), we consider answers to some of the most pressing questions facing political theorists. Topics addressed might include: the justification of authority; the value and limits of rights; liberty and equality; the advantages and disadvantages of democracy;
the nature and scope of justice; and nationalism and globalization. A contemporary perspective will be emphasized.

**PHIL 202 Introduction to Formal Logic**  
3.00 credits (4,0,0) hrs 15 wks  
A standard introduction to the formal techniques of argument analysis. Formal logic was invented to mirror and evaluate mathematical reasoning and is now a separate branch of Mathematics. Our interest in it will, however, not be mathematical. Instead we will concentrate on the relation of formal logic to everyday reasoning and language in general. The course is essential for students thinking of majoring in Philosophy, but also very useful to Computing Science and Mathematics majors. It is designed to transfer to SFU as their Philosophy 210 (required for both Philosophy and Computing Science majors), and to UBC as Philosophy 302. There are no prerequisites, although students may find Philosophy 110 provides useful background. Please note that this is not an introductory philosophy course, but one which introduces mathematical methods of argument analysis. It is not suitable for students merely seeking a general understanding of what philosophy has to offer.

**PHIL 207 Business Ethics**  
3.00 credits (4,0,0) hrs 15 wks  
This course is an introduction to contemporary philosophical thinking on ethical issues in business. It covers such topics as the power of multinational corporations, bribery and extortion in international business, the ethics of hiring practices, advertising and behaviour control, the conflict between employee loyalty and moral independence, and the responsibilities of corporations and business professionals. The course will also introduce students to a number of classical ethical theories and theories of economic justice. Open to anyone in first or second year.

**PHIL 208 Environmental Ethics**  
3.00 credits (4,0,0) hrs 15 wks  
This course deals with ethical and political issues arising from the relationship between humans and their natural surroundings. Typical questions that will be addressed are: Do animals have rights? Is using animals for food and clothing morally wrong? Do we have an obligation to the natural environment such as an obligation to preserve species? What are our obligations to future generations? What is sustainable development? Are environmental problems fundamentally personal or are they fundamentally political and social? Open to anyone in first or second year.

**PHIL 209 Biomedical Ethics**  
3.00 credits (4,0,0) hrs 15 wks  
This course will focus on ethical issues that arise in the health sciences, especially in medicine, but also in biology, psychology and other professions. Among the topics to be considered are abortion and reproductive technology, euthanasia, paternalism and autonomy, resource allocation, involuntary hospitalization and behaviour control. All moral problems will be examined from both an applied and theoretical point of view. Open to anyone in first or second year.

**PHIL 211 Metaphysics and Epistemology**  
3.00 credits (4,0,0) hrs 15 wks  
*Prerequisite:* At least one philosophy course  
An introduction to some of the traditional problems of metaphysics and epistemology. Some of the questions considered are: Does God exist? What is the relationship between faith and reason? Does free will exist? Is sense perception a reliable source of knowledge? What is the nature of causality? Is materialism true? What is the nature of mind? What is the relationship between mind and body? What is the scientific method? While this is not a course in the history of philosophy, it will cover many of the classical attempts to answer these questions.
Note: The specific content and emphasis of the course will be at the instructor's discretion.

Note: Prerequisite may be waived by permission of instructor.

PHIL 220  Philosophy in Literature
3.00 credits (4,0,0) hrs  15 wks
An examination of the lively relationship between philosophy and literature. Philosophical theories will be approached and discussed via literary work which either embodies the theories or grounds them in human experience. Textual sources will range from the classical Greek plays to last month's best seller. Open to anyone in first or second year.

PHIL 221  Existentialism in Literature
3.00 credits (4,0,0) hrs  15 wks
This course is, in spirit, a continuation of PHIL 220, but it is centred on the Philosophy of Existentialism in literature. There will be an introductory set of lectures on Existentialism as a philosophy. Textual sources will range from Dostoyevsky's 'Notes from the Underground' to Sartre's 'Nausea'. Open to anyone in first or second year.

PHIL 222  Philosophy of Culture (Aesthetics)
3.00 credits (4,0,0) hrs  15 wks
An introduction to philosophical analysis of cultural works. The course will provide an exploration of aesthetic theory, examining both traditional works of art as well as contemporary cultural productions in a variety of media. One of the objectives of the course is to make sense of what a society is "saying" through its popular culture. Open to anyone in first or second year.

PHIL 230  Minds, Brains, and Machines
3.00 credits (4,0,0) hrs  15 wks
This course is an introduction to contemporary philosophy of mind. We will investigate the major philosophical theories of mind, but consider also if or how recent developments in neuroscience, biology, psychology, and the study of artificial intelligence influence the philosophical evaluation of these theories. Philosophy of mind is not psychology (although obviously there are connections). Rather, it is the attempt to understand what mental phenomena are and how they might relate to the physical (or material) realm. In the course, we will address questions like the following. What is the nature of mental states? What is the relationship between the mind and the body? Will a physical explanation of consciousness explain consciousness? Are 'zombies' possible? Is the brain just a computer? Is genuine artificial intelligence possible?

PHIL 240  Philosophy and Gender Relations
3.00 credits (4,0,0) hrs  15 wks
Founded on a wide range of philosophical readings, this course will focus on questions such as: What is the good life and its relation to intimacy and family? What is the good person? Are there different models for different genders? What constitutes a good relationship? How important are mutuality, respect, affection, sex, and interdependence to such a relationship? What counts as equality/equity? How should the answers to such questions influence our views on such social issues as affirmative action, prostitution and pornography?

The impact of "Women's Liberation" and the "Men's Movement" will be discussed, as will varying suggestions for overcoming the "gender gap". This course should be of interest to men and women equally; indeed, it is assumed that the quality of class discussion will be a function of the degree to which the perspectives of both genders are well represented. Open to anyone in first or second year.

PHIL 242  Philosophy of Human Nature
3.00 credits (4,0,0) hrs  15 wks
This course tackles a broad spectrum of questions and approaches the issue of human nature. Among the questions to be considered are: Are we, by nature, morally good or evil? Are we purely egocentric beings-biological machines of some sort - or are we spiritual, immaterial beings? Is there some enduring entity that defines the self? Are we free to do as we choose? Or are we essentially passionate creatures who act strictly on the basis of our feelings? Ultimately, our goal will be to learn to think critically and independently about these issues.

Physics

PHYS 104 Principles of Physics
4.00 credits (4,2,0) hrs 15 wks
**Prerequisite:** Principles of Math 12 or BMTH 053/054 or MATH 105 is a prerequisite or co-requisite
This course serves as an introduction to physics for students with little or no background in the subject. Topics include mechanics, electricity and geometrical optics.

PHYS 108 Basic Physics
5.50 credits (6,2,0) hrs 15 wks
**Prerequisite:** Principles of Math 12 or BMTH 053/054 or MATH 105 and MATH 116 is a prerequisite or corequisite
The course covers the material of PHYS 110, together with those topics from high school physics needed by a student with no previous background in physics. A student passing this course should be able to enter PHYS 111 in the Spring.
**Note:** This course is not offered in 2008/2009.

PHYS 110 General Physics I
4.00 credits (4,2,0) hrs 15 wks
**Prerequisite:** Physics 11 or BPHY 043/044 and MATH 116 is a prerequisite or co-requisite
A survey of mechanics covering vectors, statics, kinematics, dynamics, energy, momentum, rotation, gravitation, vibrations, and special relativity.

PHYS 111 General Physics II
4.00 credits (4,2,0) hrs 15 wks
**Prerequisite:** PHYS 108 or 110 with a minimum C- grade and Math 126 is a prerequisite or co-requisite
This course involves the study of electricity and magnetism, waves, physical optics, sound, and atomic and nuclear physics.

PHYS 114 Fundamental Physics I
4.00 credits (4,2,0) hrs 15 wks
**Prerequisite:** Physics 12 or BPHY 053/054 or PHYS 104, MATH 116 is a prerequisite or co-requisite
A survey of mechanics covering vectors, kinematics, dynamics, energy, momentum, rotation, gravitation, vibrations, waves and special relativity. This course, together with PHYS 115, is particularly suitable for students going into the physical sciences or engineering.

PHYS 115 Fundamental Physics II
4.00 credits (4,2,0) hrs 15 wks
**Prerequisite:** PHYS 114 with a minimum C- grade and Math 126 is a prerequisite or co-requisite
Electricity and magnetism, AC circuits, physical optics, and quantum physics.
PHYS 116    Fundamental Physics III
3.00 credits  (4.0,0) hrs  15 wks
Prerequisite: PHYS 108, 110 or 114 with a minimum C- grade and PHYS 115 is a prerequisite or co-requisite and Math 126 is a prerequisite or co-requisite
Statics of particles, force-couple systems and rigid body statics. Extension of principles from PHYS 114 and application to practical and more advanced dynamics problems. Thermometry, thermal properties of matter, heat, geometrical optics.
Note: This course is intended for Engineering program students transferring to UBC.

PHYS 200    Thermal Physics and Waves
3.00 credits  (4.0,0) hrs  15 wks
Prerequisite: PHYS 111 or 115 with a minimum C- grade
Corequisite: MATH 230
Temperature, heat, the zeroth, first, second and third laws of thermodynamics, kinetic theory, and a mathematical treatment of waves.
Note: This course, together with PHYS 201, 210, 211, 218 and 222 is required for students majoring in physics.
Note: Not offered in 2008/2009.

PHYS 201    Electricity and Magnetism
3.00 credits  (4.0,0) hrs  15 wks
Prerequisite: PHYS 111 or 115 with a minimum C- grade; MATH 230
Corequisite: PHYS 211
The study of electric and magnetic fields; DC and AC circuits; LR, RC, LRC circuits; resonance; Maxwell's Equations, Fourier Analysis and electromagnetic waves.
Note: MATH 231 is recommended as a prerequisite.
Note: Not offered in 2008/2009.

PHYS 210    Physics Laboratory I
1.00 credit  (0,3,0) hrs  15 wks
Prerequisite: PHYS 218 is a prerequisite or co-requisite
A weekly three-hour lab in mathematical methods, thermodynamics, electrical measurements and mechanics.
Note: Not offered in 2008/2009.

PHYS 211    Physics Laboratory II
1.00 credit  (0,3,0) hrs  15 wks
Prerequisite: PHYS 111 or 115 with a minimum C- grade; MATH 230
Corequisite: PHYS 201
A weekly three-hour lab in electricity and magnetism, electronics and mechanics.
Note: Not offered in 2008/2009.

PHYS 218    Computational Physics
3.00 credits  (4.0,0) hrs  15 wks
Prerequisite: PHYS 111 or 115 with a minimum C- grade, and PHYS 210, MATH 200, 230 as prerequisites or co-requisites
Use of computer software to solve numerical problems in physics. Applications include drag forces, the driven, damped oscillator, simulations of chaotic systems, random variables, techniques for handling digital data and signal processing.
Note: Not offered in 2008/2009.
PHYS 222    Mechanics
3.00 credits   (4,0,0) hrs   15 wks

Prerequisite: PHYS 111 or 115 with a minimum C- grade; MATH 200, 230 as prerequisites or co-requisites
Newtonian mechanics of particles and rigid bodies. Topics include rocket propulsion, collisions, central
forces, rotating frames of reference, and rotation of rigid bodies.

Note: Not offered in 2008/2009.

Political Studies

POL 100    Introduction to Politics and Government
3.00 credits   (4,0,0) hrs   15 wks

This survey course is recommended for both Political Studies majors and those students interested in
discovering how politics affects their lives and how they in turn can affect politics. Students are introduced
to the basic concepts of Political Theory, Comparative Politics, International Relations, Public Policy, and
Canadian Government, offering Political Studies majors a firm foundation in the methods, approaches and
issues inherent in the discipline. Non-majors will find the course will help them understand the local, national,
and international political events that shape their world.

Note: This course is required for all students planning to transfer into the Political Science Department at
SFU.

POL 102    Comparative Government
3.00 credits   (4,0,0) hrs   15 wks

Throughout history, humans have organized themselves into many different types of political systems, from
tribes to empires, city-states to nation-states. This course will introduce students to the wide range of
political systems that exist throughout the world today, be it Asia, Africa, Europe, or the Americas. By
studying these systems in detail, students will gain an appreciation for how political behaviour varies
throughout the world, as well as develop a better critical understanding of their own.

POL 104    Canadian Government
3.00 credits   (4,0,0) hrs   15 wks

This course introduces students to the formal institutional structures and processes of Canadian government
and politics. Topics to be explored will include political culture, the constitution, federalism, Quebec
sovereignty and Aboriginal self-government. The course will examine the institutions of government, political
parties and their impact on the quality of Canada's parliamentary democracy. Regardless of career goals
or preferred disciplines, all students will benefit from an exposure to the politics of their immediate society.

Note: This course serves as a Canadian Studies credit.

POL 110    An Introduction to Western Political Thought
3.00 credits   (4,0,0) hrs   15 wks

An introductory examination of the tradition of Western political thought from the Ancient Greeks to the
emergence of the Nation State. The significance and contributions of Plato, Aristotle, the medieval thinkers,
and Machiavelli concerning fundamental questions about the relationship between the individual and the
state will be explored from an historical and philosophical perspective. This course is of particular relevance
to those in the Humanities - literature, drama, fine arts, philosophy - as the shared themes provide for an
interesting comprehensive analysis of Western Civilization.

POL 111    Contemporary Ideologies
3.00 credits   (4,0,0) hrs   15 wks
This course explores the historical development of the commonly recognized ideologies of the modern era: Liberalism, Conservatism, Anarchism, Marxism, Fascism and Social Democracy. These underlying political ideas will provide the backdrop for a critical discussion of the more recent ideological formations such as Feminism, Ecologism, Nationalism and the different movements associated with religious fundamentalism. Students will be encouraged to think critically about the role and impact of political ideas in the world in which they live.

**POL 201 International Relations**

3.00 credits  (4,0,0) hrs  15 wks

Global warming, the debt crisis, child poverty, militarism, human rights violations, civil, regional and global war - what are the causes of these international problems and what are the possible solutions? Students who take this course will examine these and many other international issues in detail. In short, International Relations is for those students wishing to explore events - and the explanations for those events - in a global system so much in flux since the end of the Cold War and the rise of the global division of labour.

**POL 202 Government and Politics of British Columbia**

3.00 credits  (4,0,0) hrs  15 wks

This course is an introduction to the major forces that shape politics in contemporary British Columbia. Specifically, it is intended to familiarize students with the activities of political parties and government institutions in the province. Topics explored include B.C. political culture, federal-provincial relations, the party system and an examination of legislature and executive in public policy formation (e.g. Aboriginal, fishing, forestry, health policy).

Note: POL 100 and POL 104 are recommended as prerequisites.

Note: This course serves as a Canadian Studies credit.

**POL 203 International Organizations**

3.00 credits  (4,0,0) hrs  15 wks

International organizations are increasingly shaping the character of international relations. Be it the UN in Cambodia, NATO in the former Yugoslavia, Greenpeace on the high seas, or the increased power of regional organizations like the European Union and ASEAN, international organizations are challenging the sovereignty of nation-states. Are international organizations really taking on a life of their own? Are new institutions at the international level such as those addressing international law or economic regimes really taking root? Or is the state-centric system destined to continue as it has since 1648? These are some of the issues explored in this, the complementary course to International Relations.

**POL 204 Canadian Public Policy**

3.00 credits  (4,0,0) hrs  15 wks

The centre of the political process of any society is the creation of public policy. How governments arrive at and select policies from the various competing demands placed upon them - in the areas of health, education, environment, economic development, immigration etc. - is the focus of this course. Students are introduced to the basic concepts and theories associated with the making of public policy as well as an analysis of the processes by which policy is defined, addressed and implemented.

Note: POL 100 and POL 104 are recommended as prerequisites.

Note: This course serves as a Canadian Studies credit.

**POL 206 Scope and Methods of Political Analysis**

3.00 credits  (4,0,0) hrs  15 wks

This course introduces the student to the variety of approaches and tools available to those studying politics. Students will become familiar with the nature of and debates inherent in contemporary political studies, as well as the strengths and weaknesses of the various methods employed by students of politics. By developing their own research project, students will struggle first-hand with the issues central to all types of social
science research: selecting from alternative models of explanation, attempting to isolate variables, and dealing with questions of cause and effect to name but a few. Students may have the opportunity to develop and work on a prototype political studies journal as well.

**POL 207 Selected Issues in Contemporary Social and Political Theory**

*3.00 credits* *(4,0,0) hrs 15 wks*

**Prerequisite:** POL 111

Current themes and controversies in contemporary social and political thought is the subject of this course. Topics will shift from term to term to reflect either important issues or individual theorist’s contributions to contemporary society. Areas of interest might include, for example, the role of the state in capitalist societies, the significance of the Frankfurt School, the contradictions and fate of the welfare state, the current debates in democratic theory, the role and place of “new” social movements in contemporary society, an examination of the meaning of liberty in complex societies, the renewal of nationalism, the place of religion (Islamic fundamentalism), the persistence of violence in civil society, the insights of political biography. Alternatively, or in conjunction with these themes, students will develop a thorough analysis of a particular theorist: for example, Arendt, Gramsci, Marcuse, Foucault, Habermas, Offe, Williams, Rawls, Rorty, Pateman, Gorz and Melucci to name a few.

*Note:* This course transfers as a 300 level course at SFU.

**POL 208 Aboriginal Politics in Canada**

*3.00 credits* *(4,0) hrs 15 wks*

This course is designed to help students come to an understanding of the various political forces that shape both the theory and practice of relations between Aboriginal peoples and the Canadian polity. Students will gain a critical and evaluative understanding of such concepts as colonialism, culture, identity, treaties, comprehensive and specific claims, aboriginal rights and title, self-determination, and self-government. Two central questions will be used to guide class discussions - In what way do Aboriginal Peoples present themselves and their political aspirations to the Canadian state? And, to what degree does the manner in which these aspirations are presented make the Canadian state more or less receptive to Aboriginal political objectives?

*Note:* This course serves as a Canadian Studies credit.

**POL 222 Regional Comparative Politics**

*3.00 credits* *(4,0) hrs 15 wks*

This course will further explore the field of comparative politics from a regional perspective. The region will change according to the interest/expertise of the instructor and/or important political events of the time. By taking this course, students will deepen their understanding of political systems, and hone their critical analysis of the political development process around the world.

*Note:* POL 100 and/or POL 102 are recommended as prerequisites.

---

**Practical Nursing**

**NURS 100 Professional Growth 1**

*1.00 credit* *(3,0,0) hrs 07 wks*

Students will be able to articulate the evolution and position of practical nursing as a health profession within the health care system. Students will examine the legal, ethical and philosophical bases for practice and the Licensed Practical Nurses role in an interdisciplinary team. Delegation and assignment as it relates to a nursing role will be discussed. The course will explore reflective writing, nursing practice and critical thinking skills.
NURS 101 Health A
1.00 credit (3,0,0) hrs 07 wks
Students will be able to describe the concepts of health and health promotion across the lifespan. This course is viewed through the context of the Canadian society and health is seen as a holistic process on which our daily choices have a significant impact. Health promotion of the individual within the family and the community will be explored.

NURS 102 Healing A
2.00 credits (3.82,0,0) hrs 11 wks
Students will be able to explain the experience of healing for people of all ages with chronic challenges and/or disabilities. They will integrate theory and concepts of normal anatomy and physiology and health as they relate to healing.

NURS 103 Human Anatomy and Physiology
2.25 credits (5.1,0,0) hrs 10 wks
Students will be able to describe common health terminology. They will be able to explain the anatomy and physiology of the body systems and relate this knowledge to the role of the Licensed Practical Nurse.

NURS 104 Pharmacology A
1.50 credits (3.67,0,0) hrs 09 wks
Students will have acquired the pharmacology knowledge and skills required for a Licensed Practical Nurse necessary for practice. Supervised lab experiences provide opportunities to apply principles of basic pharmacology and safe medication administration for commonly used medications. The various routes of enteral, percutaneous, subcutaneous and intramuscular routes of administration are examined.

NURS 105 Nursing Arts A
4.50 credits (1.94,6.06,0) 17 wks hrs
Students will be able to demonstrate competencies used in the promotion of health when caring for the older adult. Building on the knowledge and skills acquired in the HSRCA program, clients are viewed from a holistic perspective based on nursing process. Nursing laboratory practice components will assist in promoting the integration of theory to practice.

NURS 106 Human Relations A
1.00 credit (3,0,0) hrs 07 wks
Students will be able to demonstrate the importance of effective communication and leadership skills with co-workers in continuing care settings and with members of health care teams.

NURS 107 Practicum A
4.00 credits (0,0,30) hrs 04 wks
Prerequisite: NURS 100, 101, 102, 103, 104, 105 and 106
By the end of this supervised clinical experience, students will be able to integrate theory into practice in caring for the older adult in diverse care settings. This practicum will provide the students with practical experience to enhance clinical knowledge and promote insights and awareness when caring for selected clients in the community and diverse gerontological care settings.

NURS 110 Professional Growth 2
1.00 credit (3,0,0) hrs 06 wks
Prerequisite: NURS 107
This course will examine the role of the Licensed Practical Nurse and will explore the role as an advocate and partner. Issues such as Standards of Practice and professional and union affiliations in practical nursing will be discussed. The importance of being an effective team member, change theory and lifelong learning will be examined.

**NURS 111 Health B Acute/Chronic Care**

1.00 credit  
(3.43,0,0) hrs  07 wks

*Prerequisite:* NURS 107

This course focuses on issues relating to health promotion with an acute care perspective, for individuals across the lifespan. Health promotion programs and teaching/learning strategies appropriate for acute care will be examined. Collaboration between various health professionals required in order to assist client transitions to and from acute care will be explored. Community resources appropriate for clients discharged from acute care will be investigated. The role of the Licensed Practical Nurse (LPN) in supporting and assisting clients experiencing family violence and/or substance abuse will also be examined.

**NURS 112 Healing B**

2.00 credits  
(4.38,0,0) hrs  13 wks

*Prerequisite:* NURS 107

By the end of this course the student will be able to explain the promotion of healing for individuals across the lifespan in acute care with acute and chronic diseases. The Practical Nurse must be able to acquire the skills and knowledge to understand the pathophysiology, clinical manifestations and the appropriate nursing interventions to plan and deliver care for clients.

**NURS 115 Nursing Arts B**

5.50 credits  
(1.67,6.67,0) 18 wks

*Prerequisite:* NURS 107

This course focuses on the acquisition of nursing skills for assisting in the promotion of health and healing when caring for individuals who require acute nursing interventions. Building on the theory and practice from the previous term, the focus of this course will be on performing accurate, comprehensive nursing assessments and using the nursing process to determine care for clients across the lifespan who require acute care. Opportunities for client teaching and learning will be explored. The laboratory and hospital settings will provide the opportunity for integration of theory into practice.

**NURS 117 Practicum B**

5.00 credits  
(0,0,26.2) hrs  05 wks

*Prerequisite:* NURS 110, 111, 112 and 115

This clinical course will prepare the student to integrate theory into practice. Students will provide nursing care to clients in an acute care hospital. These clients are challenged with specific health problems and are in relatively stable condition. This experience will provide the student the opportunity to gain experience in organizing care for a group of clients. Experiential learning gained through clinical placements will assist in skills and knowledge acquisition and will enhance professional practice.

**NURS 120 Preceptorship**

5.00 credits  
(0,0,28.8) hrs  05 wks

*Prerequisite:* NURS 117 is a prerequisite or co-requisite

This preceptorship course will prepare the students to transition from the role of student to the role of the graduate practical nurse. The preceptorship is the last semester of the Practical Nursing Program. Upon successful completion of the preceptorship, the student will be eligible to write the Practical Nurse licensing exam. During the preceptorship, the student and preceptor will work closely together. The preceptor guides and supports the student in gaining further insights, awareness and knowledge through the realities of the
work setting. The student will be oriented into the role as a graduate practical nurse and health care team member.

Private Music Instruction - Performance (PPMI)

PPMI  3 credits  (0,0,15) hrs  N/A

Private Music Instruction - Performance

Prerequisite: A grade B+ or higher in the previous level of PPMI.

A course designed to permit students in the Performance Major to pursue in-depth study of their major instruments. The course consists ten 90-minute or fifteen 60-minute private lessons, to suit the needs of each student.

Psychology

PSYC 100  Introduction to Psychology
3.00 credits  (4,0,0) hrs  15 wks

A course designed to introduce the beginning psychology student to some of the major concepts and approaches necessary to an understanding of human behaviour from a psychological perspective. Learning, development, personality, and other selected issues are included.

Note: Students transferring from other institutions with one semester of introductory Psychology should consult with Advising for transferability.

PSYC 101  Theories of Behaviour
3.00 credits  (4,0,0) hrs  15 wks

Prerequisite: PSYC 100

A course for those students who desire a complete survey of the basic areas of psychology (when combined with PSYC 100), before proceeding to an in-depth study of particular areas. Course content may include topics such as research methods, biological basis of behaviour, consciousness, health, psychological disorders, and therapeutic approaches.

Note: Students transferring from other institutions with one semester of introductory Psychology should consult with Advising for transferability.

PSYC 200  Social Psychology
3.00 credits  (4,0,0) hrs  15 wks

Prerequisite: PSYC 100

A study of the dynamics and effects of social influences on individual human behaviour. The course looks at such topics as attitudes and attitude changes, social beliefs, roles, conformity, group processes, prejudice, interpersonal attraction and psychological effects of the physical environment.

Note: PSYC 101 is recommended as a prerequisite.

PSYC 201  Group Dynamics
3.00 credits  (4,0,0) hrs  15 wks

Prerequisite: PSYC 100 and 101

A study of the behaviour of individuals in social groups and institutions, such as friendship groups, work groups, therapy groups, and families. This course provides an intellectual and experiential approach to small group theory and allows the student to practise constructive interpersonal skills and leadership skills in a supportive, small group setting.
Note: Restricted to Music Therapy students only.

PSYC 203 History of Psychology
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: PSYC 100
This course will examine the development of psychological thought to gain a critical understanding of contemporary psychology. Issues will range from the mind-body problem, and the nature of science, to an analysis of historical and contemporary schools in psychology.
Note: PSYC 101 is recommended as a prerequisite.

PSYC 204 Child Development
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: PSYC 100
A study of the child's development from infancy to adolescence, including the development of social behaviour, personality, language and cognitive processes. Students will be encouraged to do research and observations.
Note: PSYC 101 is recommended as a prerequisite.

PSYC 205 Adult Development and Aging
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: PSYC 100 and 101
A course dealing with the psychological development of the individual from early adulthood to death, with emphasis on intellectual and personality changes, and the social context of aging. As well as being exposed to basic research in the area, students will be encouraged to develop an empathetic understanding of the aging process.

PSYC 206 Adolescent Psychology
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: PSYC 100 and 101
This course examines the biological, cognitive and social transitions of adolescence and how they affect such developmental areas as identity, autonomy, intimacy, sexuality and achievement. As well as being exposed to basic research in the area, students will be encouraged to explore their own identity development.

PSYC 212 Research Methods in Psychology
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: PSYC 100 and 101
A course for students who intend to major in one of the social sciences; psychology majors should take this course and PSYC 213. This course will introduce the student to current research methods in major areas of psychology. Students should understand the principles of research methodology, and be able to evaluate, design and conduct research in psychology.

PSYC 213 Statistical Methods in Psychology
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: PSYC 100 and 101; minimum B grade in Principles of Math 11 or minimum B grade in Applications of Math 12 or minimum C+ grade in Math 091 and 096 or minimum C+ grade in BMTH 043 and 044
A course recommended for psychology majors. This course deals with descriptive and inferential statistics as applied in psychology. These will be considered as they are used in psychological research.

PSYC 220 Theories of Personality
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100

This course will examine theories of personality including psychodynamic, trait, cognitive and humanistic and other approaches. Included will be a consideration of the historical/cultural development of the theory, what the theory says about the development, structure and dynamics of personality and examples of empirical research.  

Note: PSYC 101 is recommended as a prerequisite.

PSYC 222 Abnormal Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 and 101

A study of the various models and perspectives for viewing patterns and treatment of abnormal behaviour. The course will examine research about how the medical model, behaviouristic school, humanistic school, psychoanalytic school, cognitive school and biological school view normal and abnormal behaviour. This course will also focus on the historical and contemporary approaches to treatment.

PSYC 225 Biopsychology of Behaviour
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 and 101

This course will expand on material introduced in introductory psychology dealing with the biological basis of behaviour. Students will examine functions of the nervous system, as well as studying brain anatomy and brain chemistry in relation to both normal and pathological behaviour. As well, students will discuss mind-body issues and develop an understanding of broader ethical and other issues in neuroscience.

PSYC 230 Cognitive Psychology
3.00 credits (4,0,0) hrs 15 wks

Prerequisite: PSYC 100 and 101

This course will address many of the issues relating to the thinking processes. Research into consciousness, memory, language, imagery, problem solving, creativity and intelligence will be examined, as well as social cognition and cognition across the lifespan.

PSYC 440 Contemporary Topics in Psychology
3.00 credits (4,0,0) hrs 15 wks

The course will relate contemporary research and knowledge from psychology to various current topics and social issues. Specific topics will vary from year to year. Each delivery of this course will have specific instructor identified course objectives. Course focus may be human sexuality, evolutionary psychology, health psychology, approaches to treatment and applications of psychology.

Note: PSYC 100 and 101 recommended

This course is the third part of the three level Residential Building Maintenance Worker Certificate Program that will lead to an Industry Training Authority Certificate of Qualification. Students in this course will achieve their Level 3 in-school training and assistance in securing appropriate work-based training. After completion of this course, students will be able to perform general contracting duties, heating and ventilation systems repairs and maintenance, electrical repairs and maintenance, painting and describe basic building sciences.

Retail Marketing

RMCP 172 Retail Technology/Store Management I
3.00 credits (4,0,0) hrs 15 wks
Retail technology is the introductory segment to Store Management I. This course provides the student with a working knowledge of cash register systems and point of sale terminals as well as the latest in Interac technology. Store Management I is a practical application to retail marketing. Students will be entirely responsible for operating the student store. The students act as store managers. They will do buying, display, promotion, accounting, scheduling and all those managerial skills involved in operating a successful retail store.

RMCP 173 Retail Finance/Store Management II
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: RMCP 172
A continuation of Store Management I. This extension of the store management course exposes the student to daily systems analysis, banking procedures, monthly accounting practices and money management in
a practical setting. The students will be responsible for making financial decisions as well as buying and promotional decisions for the student store.

RMCP 181  Strategic Retail Buying
3.00 credits  (4,0,0) hrs  15 wks
This course teaches the students to assess their target and primary markets and to develop a strategy to enable them to be successful retail buyers. The retail buying component involves teaching the student to buy for department stores, chain stores, regional chain operations, and independent retail stores. What to buy, when to buy, from whom to buy, and how much to buy will all be covered in this course.

Sociology

SOC 100  Social Structures
3.00 credits  (4,0,0) hrs  15 wks
The course systematically covers major topics and issues of concern to anyone who wishes to begin to understand and come to terms with the modern world in a personally and sociologically relevant way. The basic theme of the course is that we are, to a greater extent than generally imagined, produced, structured and run by the social machine or social or societal determinants. This structured aspect of society is comprised of institutions such as the family, religion, the mass media and education, for example, as well as rules, customs, laws, ideologies, etc. Our society is also embedded with structural inequalities related to gender, social class and ethnicity. Utilizing what has been termed "the sociological imagination," the course looks at how we are influenced by these aspects of society and in turn how we react to these influences.

Note: Both SOC 100 and SOC 101 are required for students intending to major in Sociology at SFU or UBC.

SOC 101  Concepts and Theories of Society
3.00 credits  (4,0,0) hrs  15 wks
With current social conditions in mind, this course analyzes the general development of sociological thought in the 19th and 20th centuries. We will look at a variety of sociological theories and approaches to understanding society (structural functionalism, conflict theory, symbolic interactionism, feminism, and others) and employ these approaches to analyze events of current interest, importance and impact in society.

Note: Both SOC 100 and SOC 101 are required for students intending to major in Sociology at SFU or UBC.

SOC 200  Canadian Society
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: SOC 100 or 101
An introduction to the study of Canadian society and culture, including an analysis of the major Canadian institutions studied on a national basis, with special emphasis on the dynamics of change in a complex multicultural society. Issues that explore the intersection of state, capital and labour with gender, class and ethnicity will be discussed as they relate to such concerns as multiculturalism, Aboriginal peoples and Quebec society.

Note: This course serves as a Canadian Studies credit.

SOC 201  British Columbia Society
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: SOC 100 or 101
A sociological approach to the dynamics of Canadian society with special emphasis on British Columbia. Close attention will be given to economic, historical and cultural developments which have shaped British Columbia from its early years into a modern industrial society. Contemporary social questions surrounding such issues as education, health, labour, Native land claims, and resource questions will be discussed.

Note: This course serves as a Canadian Studies credit.

SOC 210 Current Social Issues
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: SOC 100 or 101
A study of social concerns and cultural problems common to current conditions in the 20th century in our society and in global perspective. Classical sociological concepts will be used to examine current social issues in a global framework of political, economic, and cultural analysis. The course may explore an array of social issues or have a specific emphasis on a particular concern (e.g. popular culture, or sociology of sport). Current issues are placed in the context of the student's daily world, as it is happening now, to develop the student's sociological imagination.

SOC 211 Sociology of the Global South
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: SOC 100 or 101
A study of the major theories of development and under-development, social, cultural and political responses to under-development, and the interrelationship of social institutions in and between the "developed" and "under-developed" societies. This course will provide students with an opportunity to better understand the social, economic and political causes and effects of under-development. Both sociological and "non-sociological" literature on the impact of globalization on Third World Societies will be considered. This course may be taken by itself or as a complement to SOC. 210, Current Social Issues.

SOC 222 Sociology of the Arts
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: SOC 100 or 101
A sociological study of art and artists in western and non-western societies. The course will relate the various art forms (painting, music, literature) to the social context in which they exist and to their social production; hence it will develop an understanding of the interrelationships between ideas (aesthetic codes), social institutions, cultural politics and political economy. This course is particularly recommended as a complement to SOC. 101 or 223.

SOC 223 Media and Society
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: SOC 100 or 101
An intensive study of the relationship between a society's communication systems as media and its technological, economic and political base, its ideology, its behaviour patterns and its cultural life. This will encompass current forms of television, radio, magazines, all forms of advertisement, news production and films. This course is particularly recommended as a complement to SOC. 222 or 100.

Spanish

SPAN 100 Beginning Spanish I
3.00 credits (4,1.75,0) hrs 15 wks
This is a beginners' course which offers a comprehensive introduction to the Spanish language and culture. Emphasis is placed on grammar and the development of the students' speaking, understanding, reading and writing skills.

**SPAN 101   Beginning Spanish II**
3.00 credits  (4,1.75,0) hrs  15 wks  
**Prerequisite:** SPAN 100 with a minimum C grade, or Spanish 11
A continuation of the work of SPAN 100. Must be taken in order to realize first year level college/university Spanish. Recommended also for those who are considering taking SPAN 200 and need review work.  
**Note:** Prerequisites may be waived by permission of instructor.

**SPAN 200   Intermediate Spanish I**
3.00 credits  (4,1.75,0) hrs  15 wks  
**Prerequisite:** SPAN 101 or Spanish 12 with a minimum C grade
A review of Spanish grammar with special emphasis on problematic areas normally encountered by students of the language. The reading, writing and oral fluency of the student will be improved through translations, compositions and extensive conversation practice. Also, the student will be introduced to Hispanic Literature.  
**Note:** Prerequisite may be waived by permission of instructor.

**SPAN 201   Intermediate Spanish II**
3.00 credits  (4,1.75,0) hrs  15 wks  
**Prerequisite:** SPAN 200 with a minimum C grade
A continuation of the work of SPAN 200. This course should be taken, wherever possible, in the term following SPAN 200.  
**Note:** Prerequisite may be waived by permission of instructor.

**Special Education Assistant**

**SEA 100   History, Philosophy and Issues in Special Education**
1.50 credits  (5,0,0) hrs  06 wks  
**Prerequisite:** SEA 102
The student will gain an understanding of the historical and philosophical issues in the field of special education.

**SEA 101   Working in Schools**
1.50 credits  (5,0,0) hrs  06 wks  
**Corequisite:** SEA 100
The student will have gained an understanding of the school system and the SEA role within that setting.

**SEA 102   Interpersonal Skills for Special Education Assistants**
1.50 credits  (3,0,0) hrs  10 wks
The emphasis of this course is practicing the application of basic communication principles, interpersonal and problem solving skills.

**SEA 103   Supporting Students with Challenging Behaviours**
1.50 credits  (3.6,0,0) hrs  10 wks
Students will gain knowledge of various behavior profiles and develop an understanding of how to support children with behavioral difficulties in a school setting.

**SEA 104  Child Growth and Development for SEAs**

1.50 credits  (3,0,0) hrs  10 wks

The student will gain knowledge of changes in child development from birth to adolescent; exploring social, emotional, physical, language, expressive and cognitive stages. The SEA student will be able to relate this knowledge to professional situations in the regular classroom or special education field by developing observation and recording methods used to support critical documentation in school-based team meetings, Integrated case management Plans (ICMP) and Individualized Education Plans (IEPs) regarding the growth and development of children with special needs in any of the various stages.

**SEA 105  Developmental Challenges for SEAs**

3.00 credits  (4,0,0) hrs  15 wks

The student will explore philosophical and current issues emphasized in inclusive education through definition, etiology, prevalence and implications for learning in the various areas of exceptionality. The student will also gain an understanding of the challenges to child growth and development in the various areas of exceptionality. A practical skills introduction is included.

**SEA 106  Technology and Communications Systems for SEAs**

2.00 credits  (3,0,0) hrs  13 wks

*Prerequisite:* SEA 110

SEA students will become familiar with a wide range of low and high technology adaptations for students with disabilities. Common computer hardware and software that are used in school will be explored. Students will learn how the school system and related agencies assess the needs of students with special needs and provide appropriate adaptations. Also covered will be the relationship between teachers, related professionals, and the special education assistants in term of educational planning and implementation of plans regarding technology. Ten hours of basic signing is also included.

*Note:* Familiarity with and demonstrated knowledge of basic computer skills/word processing on both MAC and PC.

**SEA 107  Strategies 1: Supporting Students in High Incidence Areas**

3.00 credits  (4,0,0) hrs  15 wks

*Prerequisite:* SEA 103 and 104

The student will gain knowledge of and experience with a range of instructional strategies suitable for inclusion of high incidence students in mainstream settings.

**SEA 108  Strategies 2: Supporting Students in Low Incidence Areas**

1.50 credits  (3,0,0) hrs  10 wks

*Prerequisite:* SEA 107

The student will gain knowledge of and experience with a range of instructional strategies suitable for inclusion of low incidence students in mainstream settings.

**SEA 109  Practicum for SEAs**

6.00 credits  (0,0,8) hrs  15 wks

*Prerequisite:* SEA 100, 101, 102, 103, 104, 105, 106, 107, 108 and 110

The Student will gain the practical experience necessary to work effectively in the classroom assisting teachers in the support of students with special needs. The student will have an opportunity to work at a level comparable to that of employable special education assistants.

*Note:* Current TB test, Criminal Record check and first aid/CPR certificate must be on college file.
SEA 110  Supporting Students with Autism Spectrum Disorders
2.25 credits  (3,0,0) hrs  15 wks
Corequisite: SEA 107
Students will gain knowledge of best practices in autism and develop an understanding of how to support students with autism spectrum disorders in a wide range of school environments.

SART 171  Two-Dimensional Studies: Painting I
3.00 credits  (4,0,0) hrs  15 wks
Through a combination of assigned studio work, personal research projects and an introduction to recent
and current trends in the visual arts, students will gain an understanding of how both abstract and concrete
concerns may be expressed in terms of imagery and through a variety of methods and materials. Participants
will learn about the dimensions of colour and how to effectively identify and replicate colour and form.
Acrylics will be the preferred medium but students will be encouraged to investigate the characteristics and
possibilities of other media according to their individual needs. Guest speakers, field trips and slide lectures
will be a feature of the course and both individual and group critiques will be conducted at regular intervals.

SART 172  Two-Dimensional Studies: Painting II
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: SART 171
A continuation of SART 171, with added emphasis on developing personal areas of interest and research.
In addition, designated painting problems will require students to express their ideas in multiple or
mixed-media techniques of a more ambitious nature. There will be opportunities for students to relate their
painting activities to other areas of study within the program and to become more responsible for determining
their own priorities and goals. There will be further exposure to contemporary philosophies and activities
in the visual arts.

SART 174  Three-Dimensional Studies: Sculpture II
3.00 credits  (4,3,0) hrs  15 wks
Prerequisite: SART 167
A continuation of SART 167, but with the inclusion of the following materials and techniques: wood
construction and jointing, steel welding, and plaster modelling.

SART 182  Two-Dimensional Studies: Printmaking I
3.00 credits  (4,1.5,0) hrs  15 wks
A foundation course for those with little or no experience. An introduction to the basic techniques of
hardground, softground, drypoint and aquatint. Discussions regarding the image-making potential of
printmaking and the creative processes in general will be ongoing. Particular emphasis will be given to the
relationship between printmaking and painting with the student producing a number of pieces demonstrating
technical competency and creative potential. Most work will be executed in black and white.

SART 183  Two-Dimensional Studies: Printmaking II
3.00 credits  (4,1.5,0) hrs  15 wks
Prerequisite: SART 182
A continuation of SART 182 with emphasis on printing procedures both in black and white and colour. The
student will also be introduced to mono and relief printing methods (including lino/wood blocks and etched
plates) and editioning procedures. Discussion of historical and contemporary approaches to image-making
will be ongoing.

SART 190  Media Art I
3.00 credits  (4,1.5,0) hrs  15 wks
The objective of this course is to provide students with hands-on production experience while familiarizing
them with the various visual and textual discourses that surround traditional and contemporary disciplines
within media art. Many disciplines covered in this course share common histories and inter-related studio
practices, interdisciplinary work is therefore encouraged.

SART 191  Media Art II
3.00 credits  (4,1.5,0) hrs  15 wks
Prerequisite: SART 190
This course continues the multi-disciplinary approach to art making developed in Media Art I. The objective of this course is to provide students with hands-on production experience while familiarizing them with the various visual and textual discourses that surround the disciplines covered in this course.

SART 200 Independent Study I
3.00 credits (0,6,1) hrs 15 wks
Prerequisite: 24 Studio Art credits and 6 Art History credits
An independent study within one of the studio art disciplines, designed to enable students to complete program requirements under exceptional circumstances. Coordinator's permission required.

SART 201 Independent Study II
3.00 credits (0,6,1) hrs 15 wks
Prerequisite: 36 Studio Art credits and 9 Art History credits
A continuation of an independent study within one of the studio art disciplines. Designed to enable students to complete program requirements under exceptional circumstances. Coordinator's permission required.

SART 220 Contemporary Art Practices
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: AHIS 210 and AHIS 211 as a prerequisite or co-requisite
Designed to support a studio-based education, this course investigates contemporary discourses that form the context for visual arts production. Incorporating a combination of lectures, visiting artist presentations, group discussions, critical writing, and a field trip, the course will focus on both visual and textual material. Its terms of reference derive from multiple disciplines, concepts, strategies and works of the recent past. Its perspective will be that of the practicing artist.

SART 250 Two-Dimensional Studies: Painting III
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: SART 172
Students will be assigned painting problems relating to historically familiar genres; portrait, still life, landscape, figure and abstraction. Within these structured projects, students will be given as much freedom as possible regarding content, methods, scale etc. Students will be encouraged to re-define the painting process in terms of their own needs and priorities. Emphasis will be placed on relating work in this course to other areas of the program and to current trends in the visual arts.

SART 255 Two-Dimensional Studies: Painting IV
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: SART 250
A continuation of SART 250 but with an increased need for students to define their own areas of interest and to extend their thinking in an innovative, self-challenging fashion. As in SART 250, guest speakers, field trips, slide lectures etc. will be a feature of the course. There will be a continuing stress on relating work in this course to contemporary activities in the visual arts and to other areas of the program. Experiments with images, methods and materials will be encouraged, with a view to the development of personal modes of expression. Towards the end of the course, students will be required to define their own areas of research and visual articulation as they embark on a thematically linked series of work.

SART 257 Three-Dimensional Studies: Sculpture III
3.00 credits (4,3,0) hrs 15 wks
Prerequisite: SART 174
A resumption of the investigation of ideas, materiality and form, to broaden the participant's visual, tactile and conceptual abilities. Traditional and current sculptural ideologies and techniques will be examined in the context of 20th century developments.

SART 262 Drawing III
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: SART 151
Continued study of drawing as a means of discovery, expression and communication. Conceptual, perceptual and technical aspects of drawing will be examined. Specifics to this course will include advanced graphic elements, unconventional media, and objective/subjective research.

SART 263 Drawing IV
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: SART 262
Further study of drawing with an emphasis on the development of personal modes of expression and image transformation. Orthographic drawings comprise a small portion of the course. The work of the three previous courses will be reviewed, with the addition of perceptual exploration and portfolio presentation in the form of a small series of thematically linked work.

SART 265 Three-Dimensional Studies: Sculpture IV
3.00 credits (4,3,0) hrs 15 wks
Prerequisite: SART 257
A further study of historical and current sculptural ideologies. Assignments require individual strategies to respond to social/environmental and interactive issues. Participation in group debates and critiques will foster constructive dialogue and criticism.

SART 273 Three-Dimensional Studies: Ceramic Art III
3.00 credits (4,3,0) hrs 15 wks
Prerequisite: SART 165
Students will undertake further exploration of processes and materials, including the development of original glazes and manipulation of glaze characteristics. Students will be encouraged to explore ways to bring to ceramic art their personal expressive interests within the context of contemporary ceramic usage.

SART 274 Three-Dimensional Studies: Ceramic Art IV
3.00 credits (4,3,0) hrs 15 wks
Prerequisite: SART 273
The course will include an increased emphasis on craftsmanship and design of functional and non-functional forms. Glazes and other methods of decoration will continue to be examined.

SART 282 Two-Dimensional Studies: Printmaking III
3.00 credits (4,1.5,0) hrs 15 wks
Prerequisite: SART 183
A comprehensive study of intaglio and relief printing methods, this course is primarily designed for the advanced printmaking student. Other areas that come under consideration will include collographs, uninked embossing and the practical application of colour theory. Discussion of current directions in printmaking and their relationship to painting and sculpture will be ongoing.

SART 283 Two-Dimensional Studies: Printmaking IV
3.00 credits (4,1.5,0) hrs 15 wks
Prerequisite: SART 282
Designed for the advanced printmaking student, the main concern will be combined colour printing techniques based upon the individual's need. A folio of work will be produced to document this research. Technical aspects that surface will include photographic possibilities and dimensional prints.

SART 290 Media Art III
3.00 credits (4,1.5,0) hrs 15 wks
Prerequisite: SART 191
This course takes a more advanced approach to multi-disciplinary art making. The objective is to provide students with a hands-on production experience while familiarizing them with increasingly complex visual and textual discourses that surround the disciplines covered in the course. Students will engage in comprehensive analysis of national and international media art practices while discussing and creating art from a critical perspective. Conceptual strategies and technical skills will be developed enabling students to create and articulate from an informed position.

SART 291 Media Art IV
3.00 credits (4,1.5,0) hrs 15 wks
Prerequisite: SART 290
This course is intended to advance technical and conceptual development of time-based art practices and begin the development of independent art making. Students begin to compile documentation of their media art practice, and think about the specific modes of presentation related to media art. Students examine the theoretical, cultural and critical discourses that surround new media technologies, while moving forward with their own material production. They continue to become critically aware of national and international art practices while discussing and creating art from a critical perspective.

SART 300 Art Institute I - Sculpture and Printmaking
12.00 credits (4,0,4) hrs 15 wks
The Art Institute is designed to meet the needs of students with several years of experience in sculpture, media art or printmaking or who have left college, art school or university and may no longer have access to specialized equipment and facilities. The Art Institute will emphasize access to well equipped studios as well as lectures, seminars and tutorials with instructors and invited professional artists. The format will be one day of class time and four or more days of studio time per week. The studios are available during the evenings and weekends.

SART 301 Art Institute II - Sculpture and Printmaking
12.00 credits (4,0,4) hrs 15 wks
A continuation of SART 300.

SART 310 Advanced Ceramic Studies
3.00 credits (4,0,0) hrs 15 wks
A post-diploma studio workshop course. For students with considerable previous experience of wheel and hand building techniques. This course will focus on the development of clays and glazes in soda and salt firings, as well as over and underglaze and slip decoration.

SART 311 Advanced Ceramic Studies II
3.00 credits (4,0,0) hrs 15 wks
A continuation of SART 310 with the introduction of the formulation and development of metallic lustres.

Study Abroad - Tourism/OREC

SATO 201  Study Abroad/Student Exchange (Tourism/OREC)
0.00 credits  (0,0,2) hrs  15 wks
These Study Abroad courses in Tourism Management bank credits that allow students to embark upon a variety of international (and national) study experiences with other partner colleges, universities or agencies/organizations. Programs of study can consist of academic courses, internships, field skills development and/or co-op. Normally, students will be registered in these courses after being accepted in a study abroad program such as a study tour, field school or student exchange partnership.

SATO 202  Study Abroad/Student Exchange (Tourism/OREC)
0.00 credits  (0,0,4) hrs  15 wks
These Study Abroad courses in Tourism Management bank credits that allow students to embark upon a variety of international (and national) study experiences with other partner colleges, universities or agencies/organizations. **Sunshine Coast Trades Entry**

**STEC 101  Safe Work Practices**
1.00 credit  (20,10,0) hrs  01 wks

This course will introduce students to issues of health and safety in the workplace. It will also examine some of the common regulations that serve to protect workers from injury.

**STEC 102  Sketch and Read Drawings**
1.00 credit  (16,8,0) hrs  01 wks

This course will introduce students to the principles of sketching and reading drawings.

**STEC 103  Process Technical Information**
1.00 credit  (16,8,0) hrs  01 wks

This course will introduce students to the processing of technical information. It will also examine some of the common information technology used in the workplace.

**STEC 104  Basic Measurement, Layout and Hand Tools**
This course will introduce students to the properties and uses of measuring, layout and hand tools. It will also examine issues, practices, and mathematics used in precision measurements.

STEC 105 Use Power Tools
1.00 credit (20,10,0) hrs 01 wks
This course will introduce students to the power tools commonly used in the workplace. It will also examine some of the common safety practices applied to power tool use.

STEC 106 Loads and Hitches
1.00 credit (20,10,0) hrs 01 wks
This course will introduce students to the materials and devices used to lift and hoist or jack materials in the workplace. It will also examine some of the common safety issues to consider while working with this equipment in the workplace.

STEC 107 Ladders and Scaffolds
0.50 credits (10,2,0) hrs 01 wks
This course will introduce students to the regulations and construction procedures for wood and steel scaffolding. It will also examine the regulations governing the use of portable and fixed ladders in the workplace.

STEC 108 Oxyacetylene Cut and Weld
1.00 credit (20,10,0) hrs 01 wks
This course will introduce students to the properties and uses of oxyacetylene welding equipment and gases.

STEC 109 Basic Principles of Electricity
1.50 credits (15,6,0) hrs 02 wks
This course will introduce students to the principles of electricity. It will also examine some of the common electrical practices used in the workplace.

STEC 110 Use Fasteners and Fittings
1.50 credits (15,6,0) hrs 02 wks
This course will introduce students to the use of fasteners and fittings in the workplace. It will also examine some of the common piping, hose and bending processes used in the workplace.

STEC 111 Use Materials
1.50 credits (15,6,0) hrs 02 wks
This course will introduce students to the properties of wood and metal. It will also examine some of the common practices used while working with some of these familiar materials in the workplace.

STEC 112 Prepare for Employment
1.00 credit (10,5,0) hrs 02 wks
This course will introduce students to the principles of business and organized labour. It will also examine some of the common job search practices used in the workplace.

STEC 115 Integrated Project
2.00 credits (0,0,30) hrs 04 wks
Prerequisite: STEC 101, 104, 105, 106, 107 and 112 are prerequisites or co-requisites.
This course will enable students to integrate all of the skills and knowledge developed in the previous twelve courses.

### Technical Theatre

**TECT 150**  
Introduction to Production and Design I  
3.00 credits  
(4,0,0) hrs  
15 wks  
This course is an introduction to some of the basic elements of theatrical production and design. It will develop skills in scenic painting, properties, carpentry, and theatrical rigging. Students will be exposed to a wide range of theatrical materials and techniques, as well as background information on design, staging and working in technical theatre.

**TECT 151**  
Introduction to Production and Design II  
3.00 credits  
(4,0,0) hrs  
15 wks  
Prerequisite: TECT 150 or THTR 150  
TECT 151 continues the introduction to some of the basic elements of theatrical production and design begun in TECT 150. It will develop skills in stage management, stage lighting, and theatrical sound. Students will be exposed to a wide range of theatrical materials and techniques, as well as background information on design.

**TECT 158**  
Stage Grip  
1.50 credits  
(4,0,0) hrs  
08 wks  
This course teaches the skills required for set-up, run and strike of a theatrical production.

**TECT 159**  
Shop Skills  
1.50 credits  
(2,0,0) hrs  
15 wks  
This course is designed to provide the skills necessary to work in a theatre scene shop.

**TECT 180**  
Technical Theatre Practicum I  
3.00 credits  
(0,8,0) hrs  
15 wks  
This course is part of a series of practicum courses which assign credit for the technical skills learned during practical work on a theatre production. Examples of acceptable projects are assignments as technical director; scenic, sound, or lighting designer; stage manager; stage or scenic carpenter; scenic painter; props person; stage crew; sound, lighting, or fly operator. Students will improve their mastery of one or more aspects of theatre production through intensive, practical experience.

**TECT 181**  
Technical Theatre Practicum II  
3.00 credits  
(0,8,0) hrs  
15 wks  
This course is part of a series of practicum courses which assign credit for the technical skills learned during practical work on a theatre production. Examples of acceptable projects are assignments as technical director; scenic, sound, or lighting designer; stage manager; stage or scenic carpenter; scenic painter; props person; stage crew; sound, lighting, or fly operator. Students will improve their mastery of one or more aspects of theatre production through intensive, practical experience.

**TECT 182**  
Technical Theatre Practicum III  
3.00 credits  
(0,8,0) hrs  
15 wks  
This course is part of a series of practicum courses which assign credit for the technical skills learned during practical work on a theatre production. Examples of acceptable projects are assignments as technical
director; scenic, sound, or lighting designer; stage manager; stage or scenic carpenter; scenic painter; props person; stage crew; sound, lighting, or fly operator. Students will improve their mastery of one or more aspects of theatre production through intensive, practical experience.

TECT 183   Technical Theatre Practicum IV  
3.00 credits  (0,8,0) hrs  15 wks  
This course is part of a series of practicum courses which assign credit for the technical skills learned during practical work on a theatre production. Examples of acceptable projects are assignments as technical director; scenic, sound, or lighting designer; stage manager; stage or scenic carpenter; scenic painter; props person; stage crew; sound, lighting, or fly operator. Students will improve their mastery of one or more aspects of theatre production through intensive, practical experience.

TECT 184   Technical Theatre Practicum V  
3.00 credits  (0,8,0) hrs  15 wks  
This course is part of a series of practicum courses which assign credit for the technical skills learned during practical work on a theatre production. Examples of acceptable projects are assignments as technical director; scenic, sound, or lighting designer; stage manager; stage or scenic carpenter; scenic painter; props person; stage crew; sound, lighting, or fly operator. Students will improve their mastery of one or more aspects of theatre production through intensive, practical experience.

TECT 250   Senior Production Responsibilities I  
1.50 credits  (2,0,0) hrs  15 wks  
Prerequisite: TECT 150 or 151 or THTR 150 or 151  
Introduction to senior production duties including Technical Direction, Stage Management, and Scenic Design.

TECT 251   Senior Production Responsibilities II  
1.50 credits  (2,0,0) hrs  15 wks  
Prerequisite: TECT 150 or 151 or THTR 150 or 151  
A continuation of TECT 250.

TECT 252   Advanced Lighting and Sound I  
1.50 credits  (4,0,0) hrs  08 wks  
Prerequisite: TECT 150 or 151 or THTR 150 or 151  
Teaches the advanced skills required to design and run the lighting for both simple and complex shows.

TECT 253   Advanced Lighting and Sound II  
1.50 credits  (2,0,0) hrs  15 wks  
Prerequisite: TECT 150 or 151 or THTR 150 or 151  
A continuation of TECT 252 with the addition of sound design and application.

TECT 256   Scenic Art for Theatre  
1.50 credits  (2,0,0) hrs  15 wks  
Prerequisite: TECT 150 or THTR 150  
This course is a study of the theory, techniques and practice of creating scenic art for the stage.

TECT 257   Stage Properties  
1.50 credits  (2,0,0) hrs  15 wks  
Prerequisite: TECT 150 or THTR 150  
This course is a study of the theory, techniques and practice of creating stage properties.
TECT 280  Technical Theatre Practicum VI
3.00 credits  (0,0,8) hrs  15 wks
This course is part of a series of second year level practicum courses which assign credit for the technical skills learned during work on a theatre production. Students may choose to work in several areas of technical production or they may specialize in a specific field to develop a portfolio that is specific to their needs. In the 200 level practicums, students are expected to assume leadership roles as crew chiefs and department heads.

TECT 281  Technical Theatre Practicum VII
3.00 credits  (0,0,8) hrs  15 wks
This course is part of a series of second year level practicum courses which assign credit for the technical skills learned during work on a theatre production. Students may choose to work in several areas of technical production or they may specialize in a specific field to develop a portfolio that is specific to their needs. In the 200 level practicums, students are expected to assume leadership roles as crew chiefs and department heads.

TECT 282  Technical Theatre Practicum VIII
3.00 credits  (0,0,8) hrs  15 wks
This course is part of a series of second year level practicum courses which assign credit for the technical skills learned during work on a theatre production. Students may choose to work in several areas of technical production or they may specialize in a specific field to develop a portfolio that is specific to their needs. In the 200 level practicums, students are expected to assume leadership roles as crew chiefs and department heads.

TECT 283  Technical Theatre Practicum IX
3.00 credits  (0,0,8) hrs  15 wks
This course is part of a series of second year level practicum courses which assign credit for the technical skills learned during work on a theatre production. Students may choose to work in several areas of technical production or they may specialize in a specific field to develop a portfolio that is specific to their needs. In the 200 level practicums, students are expected to assume leadership roles as crew chiefs and department heads.

TECT 284  Technical Theatre Practicum X
3.00 credits  (0,0,8) hrs  15 wks
This course is part of a series of second year level practicum courses which assign credit for the technical skills learned during work on a theatre production. Students may choose to work in several areas of technical production or they may specialize in a specific field to develop a portfolio that is specific to their needs. In the 200 level practicums, students are expected to assume leadership roles as crew chiefs and department heads.

TECT 285  Technical Theatre Practicum XI
3.00 credits  (0,0,8) hrs  15 wks
This course is part of a series of second year level practicum courses which assign credit for the technical skills learned during work on a theatre production. Students may choose to work in several areas of technical production or they may specialize in a specific field to develop a portfolio that is specific to their needs. In the 200 level practicums, students are expected to assume leadership roles as crew chiefs and department heads.

TECT 374  Theatre Institute I - Production
12.00 credits  (1,0,30) hrs  15 wks
This is part one of the Theatre Institute program focusing on production and stage management. Students will attend a tutorial production seminar, and complete their first and second projects. (The second project may be done in the second term.)

Note: Interview.

TECT 375  Theatre Institute II - Production
12.00 credits  (1,0,30) hrs  15 wks
This is part two of the Theatre Institute program focusing on production and stage management. Students will attend a tutorial production seminar, and complete their second (if not completed in the previous term) and third projects.

Note: Interview.

Textile Arts

TXTL 120  Dyeing and Breakdown for Film and Theatre I
3.00 credits  (4,0,0) hrs  15 wks
An introduction to textile arts and dyeing for the costumer applied to film and theatre.

TXTL 121  Dyeing and Breakdown for Film and Theatre II
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: TXTL 120
A further exploration of textile arts and dyeing with an emphasis on techniques used to age costumes and break down fabrics.

TXTL 154  Drawing I
3.00 credits  (4,0,0) hrs  15 wks
This course offers students drawing skills that will be useful in their practice. Concentration will be given to the study of primary drawing media and basic techniques, including pencil, pen and ink, brush and ink, marking pens, conte and pastel. It includes the study of perspective drawing from direct observation and representational rendering techniques of objects, structures, surfaces and textures. Students will learn how to visualize in graphic terms, to symbolize and to stylize in terms of line and line characteristics, and to develop power of observation and graphic sensibility.

TXTL 158  Design I
3.00 credits  (4,0,0) hrs  15 wks
Basic design elements and principles of colour theory will be studied. Sources of inspiration and imagery will be explored using a variety of materials and processes. Two-dimensional repeat design will be studied for application to surface decoration and compositional elements will be investigated and adapted for textiles. Main project will be presented in textiles.

TXTL 160  Textile Surface Design I
3.00 credits  (4,1.5,0) hrs  15 wks
This is an introduction to methods of printing on fabric, using pigments, with found objects, handmade blocks and stamps. The development of printing technologies and stylistic movements will be explored. Mechanical resist, using cold wax and discharge effects, will be explored. Physical resist, using bound and tied methods, will be explored and students will be encouraged to design for all of these techniques from a contemporary perspective.
TXTL 161  Textile Surface Design
3.00 credits  (4,1.5,0) hrs  15 wks
Prerequisite: TXTL 160 with a minimum C+ grade
This is an introduction to printing fabric with stencils using pigments, fibre-reactive and natural dyes. Texturing techniques with rice or flour paste resists will be demonstrated and explored. Applique, stitching and photo transfer techniques will be used for surface decoration and design possibilities for each medium will be explored.
Note: Prerequisite may be waived by permission of instructor.

TXTL 168  Weaving I
3.00 credits  (4,1.5,0) hrs  15 wks
This course introduces basic fibre properties and construction techniques, such as felt, basketry, yarn construction and dyeing. Historical and contemporary objects from various cultures will be discussed. The emphasis is on experimentation with various materials. In the second part, this course explores woven textiles as an image-bearing medium through the techniques of tapestry weaving. A project plus a sampler are woven to learn the basic vocabulary of traditional tapestry techniques. Analysis of techniques used by ancient, medieval and contemporary artists helps students explore their application.

TXTL 169  Weaving II
3.00 credits  (4,1.5,0) hrs  15 wks
Prerequisite: TXTL 168 with a minimum C+ grade
This course provides a solid foundation in loom weaving, including pattern drafting and weaving, with an optional use of the computer for drafting and weaving. Students will also explore imagery in weaving through dye techniques and hand-manipulated weave structures. Slide presentations, guest artists and class discussions will explore aesthetic issues, historical and contemporary concerns and social and cultural aspects of weaving.
Note: Prerequisite may be waived by permission of instructor.

TXTL 178  Design II
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: TXTL 158
Elements of 2-D and 3-D design will be explored. Concepts of two-dimensional composing such as grid and other layout structures, creative uses of positive negative space, issues of emphasis and colour theory as well as text orientation with image and image on field will be studied. Three-dimensional issues involving installation and materiality offer a broad perspective of study. Cultural sources for new ideas in design including the student’s own personal references will form the backbone of the course. An optional introduction to computer design and image manipulation will be included. Main projects will be presented first on paper then in textile form.

TXTL 220  Textile Arts for Costumers
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: COST 100, 101, 102, 103, 104, 105, THTR 152, 153, TXTL 120 and 121
This course considers the application of textile arts techniques to the creation of costumes for stage and screen. A wide range of techniques and materials will be discussed. Specific techniques will be explored in class with exercises and projects pertinent to their application to costume creation.

TXTL 230  Professional and Business Skills in Arts and Crafts
3.00 credits  (4,0,0) hrs  15 wks
This resource course introduces the student to the wide variety of choices available to them after graduation from the Textile Arts program. Students may choose course assignments relevant to their interests. The
portfolio is an important segment that each student will complete. The student will learn basic self-management skills and gain a basic understanding of business practices, marketing, financial management and contacts. Students will also learn about different galleries and granting agencies, employment as well as self-employment opportunities, teaching opportunities and studio setups. Contacts and resources are emphasized; practicums may result from participation in this course.

**TXTL 240 3-D Fibre and Mixed Media Constructions**

3.00 credits  (4,0,0) hrs  15 wks

*Prerequisite:* TXTL 168

Students will learn processes from sculpture and fibre/textiles to create 3-D works, installations and performance art pieces. Experimentation with traditional and non-traditional materials and processes will be emphasized.

*Note:* Prerequisite may be waived by permission of instructor.

**TXTL 267 Weaving III**

3.00 credits  (4,1.5,0) hrs  15 wks

*Prerequisite:* TXTL 169 with a minimum C+ grade

This course encourages students to explore techniques with traditional and non-traditional materials for weaving three-dimensional objects. Students will also work with more complex pattern weaves, rug weaving, brocades, transparencies or inlay techniques and combinations of weaving with dye techniques and various after-treatments.

*Note:* Prerequisite may be waived by permission of instructor.

**TXTL 268 Weaving IV**

3.00 credits  (4,1.5,0) hrs  15 wks

*Prerequisite:* TXTL 267

This is a further exploration of techniques and ideas in weaving and/or combinations with other methods of textile constructions. Students will develop a personal focus and necessary techniques for individually designed projects, involving sampling, research and final projects. Techniques can include rug-weaving, advanced multi-harness weaving, supplementary warp/weft, as well as advanced projects in felt, basketry, tapestry and off-loom techniques. Critical discussions will be encouraged in class.

**TXTL 284 Textile Surface Design III**

3.00 credits  (4,1.5,0) hrs  15 wks

*Prerequisite:* TXTL 161 with a minimum C+ grade

This study of screen printing techniques using paper, wax, screen filler and direct emulsion stencils involves a variety of methods for producing a repeat design with different registration possibilities. Direct dyeing and transfer processes with different dyes and pigments will be combined with screening techniques to create compositional imagery.

*Note:* Prerequisite may be waived by permission of instructor.

**TXTL 285 Surface Design IV**

3.00 credits  (4,2,0) hrs  15 wks

*Prerequisite:* TXTL 284

Advanced techniques in new textile processes will be explored. Techniques such as devore, cloque, shibori and combination surface treatments using both chemical mediums and tools will be taught. Students will be encouraged to apply these methods to a number of applications, including home decor, fashion and visual art.

**TXTL 290 Precision Dyeing**
Course Descriptions

3.00 credits  (4,0,0) hrs 15 wks

Prerequisite: TXTL 161 with a minimum C+ grade

This course teaches precision dye methods with a range of synthetic and natural dyes for use with different yarns and fabrics. It provides technical knowledge for the safe use of dyes, how to achieve a colour match and how to create various aged looks for applied situations in film or theatre or for a special project. This course is aimed at establishing independence and self-reliance as a dyer.

Note: Prerequisite may be waived by permission of instructor.

TXTL 300  Directed Studies in Textile Arts I

3.00 credits  (1,6,0) hrs 15 wks

The goal of this course is to enable the student to study and research a textile arts subject area of specific and personal interest under individual faculty guidance and to build on existing knowledge.

TXTL 301  Directed Studies in Textile Arts II

3.00 credits  (1,0,6) hrs 15 wks

The goal of this course is to enable the student to continue the study and research of a subject area in textile arts under individual faculty guidance at a higher level of complexity.

TXTL 330  Advanced Professional and Business Skills in Arts and Crafts

3.00 credits  (4,0,0) hrs 15 wks

Students will receive an overview, resources and information, as well as practical hands-on experience in setting up a self-employed business or professional practice in the arts. They will learn basic self-management practices and gain a basic understanding of business practices, marketing, financial management, legal and copyright issues and contracts. Students will also find out about different galleries and granting agencies. A practicum with an artist, craftsperson, arts organization or business is an integrated part of this course. Students will prepare a major exhibition, a commission or a commercial prototype.

TXTL 340  3-D Fibre and Mixed Media Construction

3.00 credits  (4,0,0) hrs 15 wks

Students will learn processes from sculpture and fibre/textiles to create 3-D works, installations and performance art pieces. Experimentation with traditional and non-traditional materials and processes will be encouraged and incorporated with various other art forms.

TXTL 365  Advanced Tapestry and Non-Woven Fibre Construction

3.00 credits  (4,3,0) hrs 15 wks

This course focuses on tapestry weaving and non-woven-fibre construction. It emphasizes exploring techniques and understanding historical and contemporary roles as an art medium. Students learn about spinning and explore physical properties of various materials used in textiles. Additional processes such as knotting, crochet and knitting can be used as optional processes for projects. Historical, contemporary and cultural aspects that relate to the subjects will be discussed in slide lectures, through PowerPoint presentations or actual pieces and samples. Students learn by working on a series of samples and projects as well as a related research project.

TXTL 366  Advanced Weaving with Colour, Pattern and Texture

3.00 credits  (4,3,0) hrs 15 wks

In this course students will learn loom weaving techniques, with an emphasis on design, colour, texture and pattern. In addition to technical instruction, students will gain an understanding of physical, aesthetic, historical and social aspects of weaving through slide presentations, guest artist presentations and class discussions. This combination of technical learning and conceptual thinking will influence the nature and content of the student's work.
TXTL 367  Advanced Weaving I
3.00 credits  (4,2,0) hrs  15 wks
Students will expand their knowledge of basic weaves though experimental pieces and finished projects. Hand-manipulated structures, such as double weave and brocading, will be explored as well as working with colour through ikat, painted and printed warps. The course emphasizes graphic approaches to weaving; the use of figurative and symbolic imagery or abstract patterning. Both technical skills and personal expression will be developed and traditional and contemporary textiles will be discussed in class and researched.

TXTL 368  Advanced Weaving II
3.00 credits  (4,2,0) hrs  15 wks
Prerequisite: TXTL 367
This is a further exploration of techniques and ideas in weaving and/or combinations with other methods of textile constructions. Students will develop necessary techniques for individually designed projects, involving sampling, research and final projects. Topics can include loom-weaving such as rug-weaving, computer assisted designing for advanced pattern weaving and special techniques designed for 3-D weavings; non-woven techniques include felting, basketry and off-loom techniques. Students will be encouraged to combine weaving with surface design processes and other media.

TXTL 382  Advanced Pattern Design and Shibori
3.00 credits  (4,3,0) hrs  15 wks
This course focuses on pattern design and colour. Students learn a range of printing and dyeing techniques while exploring conventional pattern networks, as well as compositional aspects of design. Exploring pattern and texture on a range of fabrics, students will learn to use both synthetic and natural dyes, including Indigo. Shibori techniques will be learnt and through slide lectures students will have an understanding of Shibori as a historical and cross cultural practice as well as a contemporary art form.

TXTL 383  Advanced Embellishment and Imagery on Fabric
3.00 credits  (4,3,0) hrs  15 wks
In this course students will learn techniques that focus on actual and visual texture. Students will examine a range of hand and machine embellishment techniques, applique, stenciling, photo transfer and starch based resist as a way to develop their own image vocabulary. Through critiques and group discussions, students will learn to look critically at their own work, give positive critical feedback to their peers, and to understand the context of their work within the contemporary Textile Art field.

TXTL 384  Advanced Textile Surface Design I
3.00 credits  (4,2,0) hrs  15 wks
The study of screen printing using paper, wax and direct emulsion stencils involves a variety of methods for producing single images as well as repeat designs with different registration possibilities. Direct dyeing and transfer processes with different dyes and pigments will be combined with screening techniques to create compositional imagery. Depending on previous knowledge, students can propose independent projects to replace certain assignments.

TXTL 385  Advanced Textile Surface Design II
3.00 credits  (4,2,0) hrs  15 wks
Prerequisite: TXTL 384
Advanced techniques in new textile processes will be explored, Techniques such as devore, cloque, shibori and combination surface treatments using both chemical mediums and tools will be taught. Students will be encouraged to apply these methods to a number of applications, including home decor, fashion and visual art.
**Advanced Precision Dyeing**

**TXTL 390**  
3.00 credits  
15 wks  
This course teaches precision dye methods with a range of synthetic and natural dyes for use with different fibres. It provides technical knowledge and safe use of dyes. Students will learn approaches to colour matching and colour shifting and will focus on becoming self reliant and discerning dyers. An independent focus is encouraged.

**Focused Studies in Weaving**

**TXTL 391**  
1.50 credits  
02 wks  
This course will enable students to focus intensively on a specific subject area within Weaving. Topics will vary from year to year and will be selected from the following areas: tapestry, jacquard weaving, complex pattern weaving with surface treatments, spinning, basketry and felting.

**Focused Studies in Surface Design**

**TXTL 392**  
1.50 credits  
02 wks  
This course will enable students to focus intensively on a specific subject area within surface design. Topics will vary from year to year and will be selected from the following areas: printing, dyeing, sewing, hand and machine embroidery, silk-screening, and various surface treatments.

**Open Studio in Textile Art**

**TXTL 393**  
1.50 credits  
02 wks  
Students will work on independent projects that have been approved by faculty. Students will develop a series of samples or a small body of work that will be critiqued weekly by both faculty and peers.

An introduction to the key concepts, language, and issues facing the tourism industry. Trends, market profiles and demographic factors, key industry sectors, tourism geography and key regional products in B.C., tourism's role in community development, social impacts of tourism, transportation, communication, and legal issues in tourism.

The objectives of this course are to examine the existing tourism marketing system in Canada; to develop the student's understanding of Canadian tourism marketing and the basics of consumer marketing; and to enable the student to relate to current aspects of tourism business and how they affect Canadian tourism marketing.

Human resource issues, job analysis, recruitment, interviewing, orientation, training and development, performance management, legislation, and labour-management relations.

Individual behaviour, interpersonal communication skills, decision-making, group dynamics and team building, service management, conflict resolution, negotiation, and giving performance feedback.

Designed to provide future entrepreneurs and managers in the field of tourism an introductory review of the basic accounting and planning skills required for small business operations. This course will also cover basic financial statement analysis for the purpose of providing information to meet the needs of investors, owners and management.

This course will cover all aspects of event management and event marketing: choosing the right event, designing a business (event) plan, event/cause marketing, sponsor proposals, managing the pre-event, event day(s) management, and post event activities. Students will design a new special event and prepare a business plan for that event. The course will also include case studies from existing events.

Adventure tourism products will be examined; economic impact of the industry, selling adventure tourism, identifying markets, packaging, legal liability, organization and structure of the industry, government's role in area and activity management, resource management issues, protecting resource areas, eco-tourism issues, land use planning, and product opportunities.

Using financial and strategic planning techniques, students will develop a comprehensive business plan and financing proposal for a tourism business. This is the major project for the course. In addition, students will complete the study of financial analysis and basic business accounting begun in TOUR 116.
TOUR 131  Tourism Product Development  
3.00 credits  (4,0,0) hrs  15 wks  
With today's intense global competition for tourists combined with the subjective and tangible nature of the tourism experience, operations and destinations are now compelled to analytically and methodically develop appropriate tourism products. This course will examine how to effectively develop, package and position tourism products for success in the market-place.

TOUR 133  Tourism Career Preparation  
3.00 credits  (4,0,0) hrs  15 wks  
This course will provide career counselling, job search coaching, feedback, tips, tools and techniques for tourism educational and career development through one-on-one meetings, class workshops, industry forums, and networking opportunities. Course work will focus on defining and developing skills necessary for the job search process. The course will provide tools and strategies to prepare students to research, apply for, and secure an appropriate placement. Confidence in interview skills and presentation skills will be strengthened through workshop activities. Students will develop a personal career plan to help in identifying workplace opportunities consistent with defined career and educational goals.

TOUR 134  Promotions Management for Tourism and Hospitality  
3.00 credits  (4,0,0) hrs  15 wks  
Prerequisite: TOUR 112

3.00 credits (4,0,0) hrs 15 wks
Prerequisite: REC 152
Students will review principled negotiation, the ethics of environmental stewardship, the environmental legislative regime and provincial resource policy, geographical information system applications, negotiations of land use agreements, co-management approaches, and sustainability issues using case studies.

TOUR 343 Cultural Tourism Management
3.00 credits (4,0,0) hrs 15 wks
This course deals with the management of cultural, heritage, and entertainment tourism. Topics include negotiating agreements with municipalities, planning approaches, sponsorships, protection of heritage properties, museum tourism, and performing arts and visual arts partnerships.

TOUR 344 International Ecotourism
3.00 credits (4,0,0) hrs 15 wks
This comparative approach to eco-tourism in different countries will highlight issues of sustainability, planning, socio-cultural issues, and economic demand.

TOUR 350 Quantitative Methods for Tourism Management
3.00 credits (4,0,0) hrs 15 wks
Prerequisite: REC 149 or TOUR 149 or BCPT 123
Students will be introduced to a variety of quantitative tools used to aid decision-making in the tourism industry. Financial and statistical concepts, methods, and applications will be examined.

TOUR 351 Tourism Consumer Behaviour
3.00 credits (4,0,0) hrs 15 wks
This course examines and evaluates consumer behaviour in the tourism industry. Students will learn key theoretical perspectives and will analyse the relationship between tourist motivation and particular tourism products. They will be able to explain the reasons for variations between market sectors, and will become conversant with recent developments in tourist psychology and tourism consumer behaviour research. Note: Acceptance into the Bachelor of Tourism Management Degree program of study or diploma level Marketing courses or equivalent experience.

TOUR 422 People Management - Human Relations in Tourism
Advanced human resource management skills and professional knowledge for application to the tourism workforce including the best practices of recruitment and selection, motivating and managing performance, compensation and benefits, and employee and labour relations techniques which align with the business strategy of the tourism operation.

**TOUR 423 Tourism Planning and Policy**

3.00 credits  (4,0,0) hrs  15 wks

Use and apply planning and policy knowledge specific to tourism, including planning and policy negotiation skills, advanced policy and planning writing skills, and organization and leadership of planning initiatives.

**TOUR 424 Entrepreneurship in Tourism**

3.00 credits  (0,0,4) hrs  15 wks

*Prerequisite:* TOUR 125 or 261 plus completion of 90 credits towards Bachelor of Tourism Management Degree including TOUR 341 or 441

Advanced capabilities in tourism product development, including innovation within the entrepreneurial process and through existing organizations with the entrepreneurial process.

**TOUR 425 Financial Management for Tourism**

3.00 credits  (4,0,0) hrs  15 wks

*Prerequisite:* TOUR 125 or 261

Applied financial management and planning capabilities, including financial ratios, budgets, pro forma statements, risk management, and working capital management.

**TOUR 440 Graduating Research Topic and Mentorship**

3.00 credits  (0,0,4) hrs  15 wks

*Prerequisite:* Completion of 90 credits towards Bachelor of Tourism Management Degree including ENGL 100 or higher and TOUR 327 or 427

The Graduating Seminar consists of two concurrent parts: a supervised graduating research paper and a structured mentorship program. The graduating paper requires the identification of an important issue or topic, selection of formal methodology, review of the literature, qualitative or quantitative research, analysis of results and final conclusions with comprehensive referencing and a bibliography. The mentorship program enables a one-on-one relationship with a mentor in the tourism industry or in a related field. It exposes each student to a positive role model and broadens each student's awareness of workplace issues and opportunities, in preparation for their transition into the professional workforce.

**Vision**

**VIS 010 Vision: Cognitive Abilities Development**

3.00 credits  (4,0,0) hrs  16 wks

This course is for students struggling with the comprehension, evaluation or analysis of their general academic curriculum. It involves an assessment of their learning abilities followed by a program to strengthen any under-developed areas.
Vision

VISN 010  Cognitive Learning Skills Development Foundation Level
3.00 credits  (4,0,0) hrs  15 wks
This course is designed for students who have difficulty with the comprehension, retention, evaluation or analysis required for success with their general academic program. An assessment is followed by a program to strengthen any under-developed abilities. Students will develop their comprehension, memory and problem solving at the basic, foundational level, and will learn concepts underlying the mathematics and language arts curriculum.

VISN 012  Cognitive Learning Skills Development Strengthening Level
3.00 credits  (4,0,0) hrs  15 wks
Prerequisite: VISN 010
This course is designed for students who have difficulty with more advanced comprehension, retention, evaluation or analysis required for success with their general academic program. Students will strengthen their cognitive abilities in the areas of comprehension, memory and problem solving, and will learn concepts underlying the mathematics and language arts curriculum.

VISN 020  Perceptual Skills Development Foundation Level
1.50 credits  (2,0,0) hrs  15 wks
This course is designed for students who have physically-based perceptual problems affecting their academic success. For example, while the eyes may see, the brain may not necessarily understand what is being looked at. An assessment is undertaken and students are given an individualized program of activities. The activities are progressive in nature. Foundation level activities are undertaken in this course.

VISN 022  Perceptual Skills Development Strengthening Level
1.50 credits  (2,0,0) hrs  15 wks
Prerequisite: VISN 020
This course involves more advanced perceptual skills development activities. Like VISN 020, the prerequisite course, this course is designed for students who have physically-based perceptual problems affecting their academic success. For example, while the eyes may see, the brain may not necessarily understand what is being looked at. An assessment is undertaken and students are given an individualized program of activities. Advanced level activities are undertaken in this course.

VISN 030  Auditory Processing Skill Development
1.50 credits  (2,0,0) hrs  15 wks
Prerequisite: VISN 010 and 020
This course is designed for students who have auditory processing problems affecting their ability to succeed with their general academic curriculum. These problems are identified through the VISN 010 assessment and through observation in VISN 020. This course provides a range of auditory processing exercises geared to strengthening auditory processing abilities.

VISN 040  Preparation for the Language Arts Curriculum
1.50 credits  (2,0,0) hrs  15 wks
This course is designed for students who need direct instruction with the fundamental concepts needed to benefit from language arts instruction. Many students gain the concepts through language arts instruction itself, but many do not. It presents basic linguistic concepts in as concrete a form as possible. It is not a substitute for language arts instruction. This course provides the framework for learning detailed linguistic standards, procedures, and techniques.
Visn 050  Preparation for the Math Curriculum
1.50 credits  (2,0,0) hrs  15 wks
This course is designed for students who begin to flounder when the math curriculum turns from memorization to the broader application of concepts and the understanding of more abstract math. The focus is on developing the cognitive foundations needed and the acquisition of the concepts underlying math skills, not on arithmetic or math skills themselves. The approach is specifically designed for non-semantic learners, but semantic learners can benefit as well.

Visn 060  Memory Skills Development
1.50 credits  (2,0,0) hrs  15 wks
This course is designed for students who have memory problems. Memory is the ability to retrieve previously learned or cognized information. Good cognition does not necessarily mean good memory. Cognition is the ability to take in information, whereas memory is the ability to bring back information. Memory is often assumed to be present, but if it is not, it can cause significant frustrations to both students and instructors. This course is designed to develop memory.

Visn 070  Preparation for Reading
3.00 credits  (4,0,0) hrs  15 wks
This course is not intended as reading instruction. It is designed for those people who have not succeeded with learning to read. Reading instruction rests on presuppositions about students? perceptual skills, cognitive abilities, and conceptual repertoire. This course is designed to help meet these presuppositions so students can be successful with reading instruction.

Wilderness Leadership

Wlp 124  Winter Skills
2.00 credits  (60,0,0) hrs  01 wks
An introductory course developing skills in avalanche safety, terrain and hazard assessment, route finding, winter camping, and shelter building. Competent students may achieve industry standards in avalanche skills.

Wlp 125  Ski Touring
2.00 credits  (60,0,0) hrs  01 wks
Prerequisite: WLP 124 is a prerequisite or co-requisite

Skill sets include anchor construction, rope management, rappelling, climbing and movement techniques, and hazard management.

WLP 129  Rock Climbing II
2.00 credits  (24,0,0) hrs  02 wks
Prerequisite: WLP 128 is a prerequisite or co-requisite
An intermediate level of skill development of rock climbing techniques including rock rescue and introduction to lead climbing.

WLP 130  Rock Rescue Clinic
1.00 credit  (24,0,0) hrs  01 wks
Prerequisite: WLP 128 is a prerequisite or co-requisite
This course emphasizes the practical aspects of technical rock rescue.

WLP 131  Nordic Skiing I
2.00 credits  (48,0,0) hrs  01 wks
A foundation course developing competency in equipment selection and use, waxing, diagonal stride, poling, turns, skating, and telemark techniques.

WLP 132  Nordic Skiing II
2.00 credits  (31.5,0,0) hrs  02 wks
Prerequisite: WLP 131 is a prerequisite or co-requisite
Students will develop and demonstrate competency in skiing and teaching diagonal stride, snow plow turns, double poling, off-set skate, and intermediate telemark. Competent students may achieve industry certification in nordic skiing.

WLP 133  Canoeing I
2.00 credits  (56,0,0) hrs  01 wks
A course in developing leadership skills in lake water canoeing; includes canoe history in Canada, equipment, canoe safety and leadership, tandem and solo rescues, and canoe-tripping standards and practice. Competent students may achieve industry certification for instruction in lake-water canoeing.

WLP 134  Canoeing II
2.00 credits  (54,0,0) hrs  01 wks
Prerequisite: WLP 133 is a prerequisite or co-requisite
Tandem and solo moving water canoeing skills are developed in this course. Content includes theory, strokes, manoeuvres, and rescues. Competent students may achieve industry certification in moving water canoeing.

WLP 135  Rafting I
2.00 credits  (48,0,0) hrs  01 wks
Includes equipment, strokes for oar and paddle boats, raft manoeuvring, and river reading. Competent students may achieve industry certification in rafting.

WLP 136  Rafting II
2.00 credits  (63,0,0) hrs  01 wks
Prerequisite: WLP 135 is a prerequisite or co-requisite
This intensive course is designed to prepare students for the rafting industry. This guide training covers all aspects of rafting in preparation for the provincial guide exams.

WLP 137 Sea Kayaking I
2.00 credits (60,0,0) hrs 01 wks
A progressive introduction to sea kayaking, providing the student with sound kayaking skills while introducing the guiding element. Skill set includes paddling skills, rescue techniques, equipment, navigation, ocean skills, interpretation of the coastal environment, weather and group/leadership skills.

WLP 138 Sea Kayaking II
2.00 credits (60,0,0) hrs 01 wks
Prerequisite: WLP 137 is a prerequisite or co-requisite
An intensive course focusing on each student's ability to make safe leadership decisions, perform surf landings and launches, and provide appropriate client care and instruction. Competent students may achieve industry certification in sea kayaking.

WLP 139 River Kayaking Clinic
1.00 credit (24,0,0) hrs 01 wks
This clinic introduces students to river kayaking equipment, safety procedures, strokes and rolling techniques. Skills will be introduced on flat water and will progress to river paddling.

WLP 140 River Rescue Clinic
1.00 credit (24,0,0) hrs 01 wks
This intensive course is designed to provide students with a solid foundation in river rescue. Competent students may receive industry certification in river rescue.

WLP 141 Telemark Clinic
1.00 credit (24,0,0) hrs 01 wks
Prerequisite: WLP 132 is a prerequisite or co-requisite
Students will develop and demonstrate competency in skiing and teaching basic, intermediate and advanced telemark skills. Competent students may achieve industry certification in telemark skiing.

WLP 142 Sailing
2.00 credits (60,0,0) hrs 01 wks
Basic sailing skills are developed in this course including general seamanship, acting as a competent crew, basic navigational skills, and emergency procedures. Competent students may achieve industry certification in sailing.

WLP 144 Sailing II
2.00 credits (60,0,0) hrs 01 wks
Prerequisite: WLP 142 is a prerequisite or co-requisite
Students will further develop skills in vessel and crew management with an emphasis on navigation, coastal meteorology, boat systems, and health and safety. They will demonstrate safe navigational practices and advance their proficiency in understanding the international symbols and regulations for preventing collisions at sea.

WLP 145 Mountain Biking
2.00 credits (48,0,0) hrs 01 wks
The course provides an awareness of safe guiding practices for leading mountain biking rides and competence at the beginner to intermediate levels. Topics discussed include site selection, teaching materials, demos, progression, skill analysis, biomechanics, teaching points, common errors and corrections, safety tips, and environmental variables.

WLP 147 River Kayak I
2.00 credits (48,0,0) hrs 01 wks
This course introduces students to river kayaking equipment, safety procedures, strokes and rolling techniques.

WLP 148 Snow Boarding
2.00 credits (48,0,0) hrs 01 wks
A course developing leadership skills in snowboarding, including a comprehensive overview of the sport as it relates to snowboard instruction, guiding and leadership.

WLP 151 Interpreting the Wilderness Environment
3.00 credits (4,0,0) hrs 15 wks
This course is designed to enable outdoor leaders to learn interpretation techniques regarding experiential teaching methods. These techniques enable students to interpret the surrounding wilderness environment including weather and the night sky.

WLP 152 Wilderness Leadership Work Practicum
2.00 credits (0,0,35) hrs 03 wks
Prerequisite: CMNS 174, REC 156, 157, 163, 169, WLP 153 and 12 WLP credits
The student will gain practical experience necessary to work effectively in an adventure industry business. The student will have an opportunity to work at a level comparable to that of a non-Work Experience employee of the organization. The student will integrate and consolidate theory and skills developed during the Wilderness Leadership Certificate program.

WLP 153 Guiding Leadership
3.00 credits (60,0,0) hrs 01 wks
This course examines the concepts of leadership and team building and expands on this theme through the exploration of skills and techniques.

Women's Studies

WMST 100 Introduction to Women's Studies
3.00 credits (4,0,0) hrs 15 wks
This course will examine the status and role of women in Canadian society within a global context. Topics include the impact of Women's Studies on traditional academic disciplines, the nature and origins of patriarchal practices, gender role divisions in the family and other social institutions, women and work, reproductive rights, violence, communication/media/art, the social and legal status of women, and issues of power focusing on "race"/ethnicity, class and sexualities.

WMST 102 Political Economy of Women
3.00 credits (4,0,0) hrs 15 wks
This course will examine women's work from the pre-industrial time until today. Topics such as participation in the workplace, inequality in the labour markets, exclusion of household production in the system of
National Accounts, and attempts to measure unpaid work will be covered. The course will also examine the impact of free trade, technology, privatization, and economic restructuring on women. Topics will also include an examination of the effects of the mounting debt and economic crisis on women in the developing countries. Issues of current interest such as the comparable worth movement and the child care industry will be discussed.

**WMST 104 Women’s Fiction**
3.00 credits (4,0,0) hrs 15 wks

*Prerequisite:* Eligibility to register for ENGL 100. See English Diagnostic Test in the Registration section of the College Calendar.

A discussion-oriented course using a feminist analysis intended to broaden the students’ awareness of, and appreciation for, literature produced by women writers with emphasis on contemporary writers.

**WMST 106 Contemporary American Women Writers**
3.00 credits (4,0,0) hrs 15 wks

A discussion-oriented literature course intended to broaden and intensify the student’s awareness of and appreciation of contemporary and recent important American women authors. There will be brief consideration of 19th and early 20th century works, but the focus will be on works published since WWII, including works of the 1990’s. Although the focus will be on plays, stories, novels, and poetry, there will be some exploration of those biographical matters and issues of critical status that mark the rise of women’s writings from a sub-genre to full status acceptance by the best critics today.

**WMST 108 Women and the Law**
3.00 credits (4,0,0) hrs 15 wks

This course explores the history and development of equal rights for women through the lens of the Canadian legal system. Using feminist legal analysis, students will learn about sex discrimination and the interrelationship of it with “race”/ethnicity, sexual orientation and disability.

**WMST 110 Women and Psychology**
3.00 credits (4,0,0) hrs 15 wks

In this course we examine the psychological construction of gender roles, their development in childhood and maintenance in adulthood. The course will examine current research in biology, socialization, personality and mental health, and will include issues of current interest such as sexuality, aging, violence against women, gender relations, and the workplace.

**WMST 113 Women in Politics**
3.00 credits (4,0,0) hrs 15 wks

This introductory course in Women’s Studies will examine women's political participation in the political process from a multidisciplinary feminist format. The course will focus on Canadian examples and encourage students to examine the difficulties that affect women in particular. Students will be encouraged to research possible solutions to increasing women's political participation.

**WMST 115 Women and Geography**
3.00 credits (4,0,0) hrs 15 wks

This course uses a feminist perspective to examine how societal notions of maleness and femaleness shape our built environment and colour our perceptions of the world around us. Gender differences are apparent in how we live, work, travel, and explore. Drawing on geographical topics ranging from our everyday home and work experiences to the trafficking of women across borders, this course explores gender roles and patterns from cultures past and present.

**WMST 122 Women in Anthropology**
In this course the anthropological perspective will be applied to women in different cultures of the world: their role in economic, political, religious, kinship, and expressive systems; exploration of the work of women anthropologists and the effect of theory on understanding women; women's experience in cultures of the world.

WMST 124 Women and Health
3.00 credits (4,0,0) hrs 15 wks
An overview of women's health issues, across differences of race, class, sexuality, ability, and age. Topics include approaches to health care, sexuality and reproduction, and occupational and social issues.

WMST 126 Women and Religion
3.00 credits (4,0,0) hrs 15 wks
This course will examine ideas about and roles of women in the major religious traditions (Judaism, Christianity, Islam, Hinduism and Buddhism) as well as native religions, Wicca and goddess religions. We will look at how women have been shaped by religious traditions and at women as agents of resistance and social change, and as spiritual leaders, past and present.

WMST 130 Women and Art
3.00 credits (4,0,0) hrs 15 wks
This course surveys the history of women's involvement in Western art. The position of women in the visual arts and art history will be discussed and the methodological issues involved in reclaiming the history of women artists explored. Women's role as producers of art will be considered from Antiquity to the 20th century and the social, cultural and economic background of each period will be examined in order to understand the conditions under which these artists worked. The image of women in art will be looked at to reveal the underlying ideologies of each period.

Note: Credit will only be granted for one of AHIS 109 or WMST 130.

WMST 140 Women, Science and Technology
3.00 credits (4,0,0) hrs 15 wks
This course will provide an insight into the role that science and technology play in our society and their impact on the lives of women. Topics will include an historical review of the role women have played in the development of science, investigation of the reasons for the traditionally low participation of women in scientific and technical fields, the relationship between science and gender, and discussion sessions on a variety of topics, such as ecofeminism, ecology and the environment, reproductive technologies, sociobiology, and information technology.

WMST 150 Popular Culture and Gender
3.00 credits (4,0,0) hrs 15 wks
This course will explore the relationship between gender and popular culture using a feminist analysis.

WMST 220 Women and the Past: A Historical Survey
3.00 credits (4,0,0) hrs 15 wks
We will examine the lives of women in the western world from ancient times to 20th century North America. Private lives as well as public and political activities will be studied. Topics will include the role of women in the early Christian church, women in monasticism, women and the family in pre-industrial Europe, the impact of industrialization, pioneers and path-breakers, and the rise and nature of women's movements.
