

SCHOOL OF ANIMATION & VISUAL EFFECTS

TRAIN TO WORK IN FILM, TV, GAMES AND MORE

Capilano University's School of Animation & Visual Effects (AVFX) programs prepare you in the crucial technical skills needed to make an impact in B.C.'s creative industries.

2D ANIMATION & VISUAL DEVELOPMENT DIPLOMA

Develop your drawing and animation skills through courses in character animation, layout, design, concept art, production design, life drawing, storyboarding, and 2D effects animation.

3D ANIMATION FOR FILM & GAMES DIPLOMA

Create and bring virtual characters and worlds to life. Use your innate curiosity to build skills in 3D techniques to follow a lifelong passion for animating, modeling, rigging, lighting, concept art, and entrepreneurship.

VFX FOR FILM, STREAMING & IMMERSIVE MEDIA DIPLOMA

Develop expertise to work in the visual effects, virtual or augmented reality industries. Areas covered include digital compositing, modeling, texturing, lighting, 3D animation, motion capture, and virtual production.

ANIMATION FUNDAMENTALS CITATION

Build your skills to succeed in our 2D or 3D Animation programs. Take courses in animation, design basics, drawing and digital animation. Strengthen your portfolio to apply to the above mentioned 2D and 3D programs.
